(e) *Charges for anti-rabic treatment of dogs*—Cost of vaccine plus in-patient or out-patient charges mentioned above.

Other animals.

Rates will be decided by the Principal or Vice-Principal on admission.

Note.—Classification of operations—major or minor—shall be decided by the Principal. His decision shall be final.

3. The fees mentioned in rule 2 include feeding, nursing and general treatment. In calculating the number of days for which the charge is to be levied the day of admission is charged for as a whole day if the animal is admitted before midday; otherwise no charge shall be made. Similarly the day when an animal is discharged is charged for as a whole day if the animal is discharged after midday; otherwise no charge shall be made. The hours of admission and discharge should be noted in the admission and discharge registers.

This rule is subject to the minimum charge prescribed in rule 2.

4. The charges for animals admitted under the Bengal Cruelty to Animals Act, 1920 (Bengal Act I of 1920), shall be the same as the charges prescribed in rule 2.

5. If an animal detained in the Bengal Veterinary College infirmary under sub-section (1) of section 24 of the Bengal Cruelty to Animals Act, 1920 (Bengal Act I of 1920), cannot be sold under sub-section (3) of the said section and if the officer in charge of the infirmary does not direct the immediate destruction of the animal under sub-section (2) of section 25, or is not empowered to direct such destruction by reason of the operation of the proviso to sub-section (2) of section 25, the officer in charge shall either cause the animal to be sent to the Pinjrapole at Sodepur at the expense of the infirmary or retain it in the infirmary.

6. Animals if not taken away after three notices have been sent, the first being issued for a period of seven days, the second on the eighth day for five days, and the third and final notice per registered post, on the thirteenth day for three days, to the owner to the effect that the patient is to be removed, shall be sold on the seventeenth day to recover hospital charges or disposal of in any other way, thought fit by the Principal, Bengal Veterinary College. The deficit, if any, may be recovered by civil suit at the discretion of the Principal.

7. Horses in class I and class II shall, in each case, be accompanied by a syce, who shall remain with the horse and work under the direction of the House Surgeon. Horses in the other classes shall be similarly attended to if the Principal or Vice-Principal considers it necessary.

8. With regard to feeding, nursing and treatment, all patients shall be looked after with equal care, irrespective of their classification.

9. All accounts must be settled and charges paid before any animal is removed.

10. Owners of animals may visit hospital to see their animals between 10 a.m. and 11 a.m. in the morning and 3 p.m. to 5 p.m. in the afternoon in the day but shall not be allowed to interfere in any way with the treatment of patients.

11. All important operations shall be conducted on patients with the aid of chloroform or other anaesthetic.

12. All animals sent to the hospital for treatment shall receive every care and attention, but no person employed to perform the duties of the hospital or any other person connected with the hospital shall be responsible for any unavoidable accident or death.

13. (a) A motor ambulance for the conveyance of disabled animals to the hospital from within the Glanders area in Calcutta and suburbs under the control of the Principal, Bengal Veterinary College, is available on prepayment of a fee of Rs. 10.

(b) The fee for the use of the motor ambulance attached to the Bengal Veterinary College Hospital in cases other than when the animal is conveyed to the hospital is at the flat rate of Rs. 15 per call for conveyance of animals within the Glanders area in Calcutta and suburbs plus an additional fee of Re. 1 per every hour or part of an hour the ambulance is detained over two hours on the actual work for which it is called, that is to say, not including the journey to and the journey back from, the place the ambulance is required to proceed to. The fee of Rs. 15 is payable in advance. The additional fee for detention will either be realized by the ambulance driver on the spot from the owner of the animal who shall be given a printed receipt in return for the proper fee for which the driver shall be supplied with a book of vouchers; or the same will be realized later.

(c) Exceptions to advance payments under clauses (a) and (b) shall be made in cases of Government departments or corporate bodies, such as the Royal Calcutta Turf Club and Calcutta Corporation and other such bodies who generally pay on receipt of bills only, and also in exceptionally emergent cases under the authority of the Principal only.

(d) The Principal is also empowered—

(i) to send the ambulance on hire in emergent circumstances and without detriment to the normal duties of the College, beyond the Glander's area on receipt of reasonable fees in proportion to the fees prescribed by the Governor of the State for transport of animals;

(ii) to utilise the ambulance for purposes other than bringing animals provided it is free at the time and it economises expenditure of the State Government; and

(iii) to exercise his discretion to remit the fees in cases of owner-less animals picked up from the street or of poor people.

(e) The ambulance fees mentioned in clauses (a) and (b) may be realised by the ambulance driver on furnishing a printed receipt to the owner of the animal. Such fees shall be deposited with the cashier on the next available opportunity after attending calls.

14. Advance of money to cover the fees chargeable under rule 2, for such period as may be fixed by the Principal or Vice-Principal shall be made by the owners at the time of admission of animals for treatment; and further advance shall be made as soon as the former advance is exhausted or about to be exhausted. The Principal or Vice-Principal shall have power to waive advance payment in emergent or exceptional cases. The Principal is authorised to sanction the refund of amounts paid in excess of actual dues.

15. Owners of patients shall be required to supply any special or expensive medicine or drug, or other article, for the use and benefit of their animals, when such supply is necessary in the opinion of the hospital authorities.

16. Cows belonging to the public may be served by the breeding bulls of the Bengal Veterinary College on payment of a fee of Rs. 5 for each natural service.

(Note.—Provision is being made for artificial insemination free of cost.)

17. Horses, ponies, bullocks and buffaloes may be shod at the forge attached to the college hospital at the following rates:—

Horses and ponies.

Class I—Rs. 5 per set per animal.

Class II—Rs. 3 per set per animal.

Class III—Rs. 2 per set per animal.

Bullocks and Buffaloes—Re. 1 per set per animal. The rates for removal of shoes for any class or type of animal shall be half the above rates.

18. For facility of treatment and diagnosis of diseases, X-Ray examination of animals is undertaken at the Bengal Veterinary College Hospital on payment of fees at the following rates:—

Horses.

	Rs.
Horse (in-patient)	8
Horse (out-patient)	8

Cattle.

	Rs.
Cattle (in-patient)	5
Cattle (out-patient)	5

Dogs and cats.

	Rs.
Dogs and cats (in-patient)	5
Dogs and cats (out-patient)	5

Other animals.

Rates to be fixed by the Principal.

Note 1.—For instructional purposes X-Ray photos of animals may be made, free of charge, at the discretion of the Principal, for purposes of special diagnosis during currency of treatment.

Note 2.—X-Ray plant shall not be removed out of the hospital for X-Ray examination.

Note 3.—X-Ray examination of horses sent through the Royal Calcutta Turf Club will be done free of charge so long as their X-Ray plant will be used in this College Hospital provided that the Club agrees to bear the cost of films, etc., required for taking the plate.

19. The Principal may make X-Ray examination, free of charge, of cattle and dog patients when this is found necessary for purposes of treatment and when the owners of such patients are too poor to pay the fees fixed for examination.

20. The fee shall be paid strictly in advance by the parties concerned at whose instance or with whose consent, previously taken, X-Ray examination is made.

21. The following fee is prescribed for the Ultra-violet rays and Infra-red treatment of animals at the Bengal Veterinary College Hospital:—

In and out-patients.

No fee shall be charged for examining cattle and dogs if such animals belong to poor persons.

In other cases—Rs. 5 per course of five exposures or less. The fee will be payable in advance by the parties concerned. Every case of exemption of poor owners of cattle and dogs from payment of the fee shall be attested by the Principal.

22. At the written request of the owner, the animals shall be put to sleep by humane method on payment of Rs. 10 per head for all kinds of animals.

Note 1.—The charges shall always be payable in advance.

Explanation.—The expression “Poor persons” in these rules, means persons whose income is belived to be less than Rs. 50 a month.

Subject: Noting of “L.C.” (abbreviation of Life Certificate) and “B.K.” (Bank) on the pension payment orders.

No. T.M./185.—1st September 1950.—All Treasury Officers and Sub-Treasury Officers in West Bengal are hereby informed that at the instance of this office it has been decided by the Government of West Bengal that the letters “L.C.” (abbreviation of Life Certificate) should be written in the monthly cage of the pension payment orders in all cases where pension is drawn

by an authorised agent of the pensioner furnishing a life certificate. Similarly, letters “B.K.” (Bank) should be written when payment is received through a bank. This will enable the disbursing officer to ascertain at a glance the period of non-attendance in per the pensioner and to send out a call notice of appearance when necessary. It is directed that the procedure indicated above should be followed.

NOTIFICATION.

1947 M.P.—18th August 1950.—In pursu-
ance of sub-rule (4) of rule 15 of the Indian
Electricity Rules, 1937, framed under section 37
of the Indian Electricity Act, 1910 (IX of 1910),
the following advertisement by the High Co-
operative Transport Society, Limited, published
in the *Hindusthan Standard* of the 6th, 7th and
8th August 1950, is published for general infor-
mation.

NOTICE.

It is hereby notified for public information that
the High Co-operative Transport Society Ltd.,
have applied under Rule 11 of the Indian
Electricity Rules, 1937, to the Secretary to the
Government of West Bengal, Commerce and Indus-
tries Department, Calcutta, for the grant of
a license under the Indian Electricity Act, 1910,
to supply of electricity in the town of Contai.
A copy of the Draft License containing the terms
and conditions is appended below:—

1st License—The Contai Electric License, 1950 (District Midnapore).

*for the supply of electrical energy grant-
ed by the Government of West Bengal, here-
after referred to as "the Government" under
the Indian Electricity Act, 1910.*

Under the provisions of the Indian Elec-
tricity Act, 1910 and the Electricity (Supply)
Act, 1948, license is hereby granted to
the High Co-operative Transport Society Ltd.,
Midnapore, to supply electrical energy in
the town of Contai with the powers and upon the terms and
conditions specified below:—

Short title.

This license may be cited as "The Contai
Electric License, 1950".

Interpretations.

The several words, terms and expressions to
be used in this license shall have the meanings
hereunder, and by the Electricity (Supply)
Act, 1948, meanings are assigned shall have in
use the same respective meanings provided
in this license:—

The "Act" shall mean the Indian Elec-
tricity Act, 1910, and any statutory modifications
thereof.

The "Government" shall mean the Govern-
ment of West Bengal.

The expression "the licensee" shall mean
the said Messrs. High Co-operative
Transport Society, Ltd., permitted assigns.

The expression "deposited map" shall
mean the plan of the area of supply hereinafter
mentioned, which has been deposited with the Gov-
ernment in pursuance of the rules under the Act,
and is signed for the purpose of identifica-
tion by the Secretary to the Government in the
Department of Commerce and Industries and by
the licensee.

The term "unit" shall mean the quantity
of electrical energy equivalent to a current of one
ampere flowing under an electromotive
force of one volt during one hour.

The expression "First Annexure", "Second
Annexure", "Third Annexure" and "Fourth
Annexure" shall mean the first, second, third
and fourth annexures to this license, respectively.

(iv) The expression "the commencement of this
license" shall mean the date of the notification by
the Government in the *Calcutta Gazette* by
which this license is granted.

(v) Unless otherwise stated, where roads or
streets are mentioned as forming the boundary or
part of the boundary of any area in this license,
the premises, properties or structures abutting
upon either side of such roads or streets are deemed
to be within the area of supply.

Security.

3. (i) The period within which the licensee
shall show under sub-clause (a) of clause 1 of
the Schedule to the Act that he is in a position
to discharge fully and efficiently the duties and
obligations imposed upon him by the license
throughout the area of supply shall, unless other-
wise ordered by the Government under sub-
clause (b) of sub-section (3) of section 4 of the
Act, be six months from the commencement of
this license.

(ii) Unless otherwise ordered by the Govern-
ment under clause (d) of sub-section (3) of
section 4 of the Act, the sum which the licensee
shall deposit or secure to the satisfaction of the
Government under sub-clause (b) of clause 1 of
the Schedule to the Act, shall be Rs. 10,000 and
such sum shall be so deposited or secured within
thirty days from the commencement of this license.

Provided that if the work proceeds in a manner
satisfactory to the Government, this amount shall
be repaid by the Government to the licensee in
four equal instalments and a final instalment of
payment of interest, if any.

The whole of the amount repaid by Government
shall be used by the licensee for carrying into
effect the works for which the license is granted.

Area of supply.

4. The area above referred to within which the
supply of energy is authorised by the licensee (the
area of supply under the Act) is the whole of the
area, the boundaries of which are described in the
First Annexure and delineated in red colour on
the deposited map.

Situation of the generating station.

5. The licensee shall erect the generating or
the mains receiving stations within the area cover-
ed by the license.

Licensee's works.

6. (A) *Compulsory works.*—(i) The licensee
shall within a period of two years from the date
of grant of this license, provide and instal suitable
and sufficient feeders and distributing mains and
also execute works to the satisfaction of the Gov-
ernment for the purpose of supply of electrical
energy throughout the streets, or parts of streets
named in the Second Annexure and shown in blue
colour on the deposited map, shall erect the
generating station or the main receiving station
mentioned in clause 5 with all machinery and
apparatus necessary for the purpose of giving a
continuous and efficient supply and shall do all
other works necessary for the commencement of
the supply of energy to the consumers.

The works aforesaid shall be in accordance with
the scheme sanctioned and mentioned in the Third
Annexure and with such modification as may be
approved hereafter in writing by the Government.

(ii) At the expiration of each successive period
of six months from the date of the grant of this
license and until the completion of the compulsory
works, the licensee shall submit to the Secretary
to the Government of West Bengal in the Depart-
ment of Commerce and Industries reports, stating
all steps taken and the progress made in carrying
into effect this license.

(B) *Provision of adequate plant and extension of distributing mains.*—Further within twelve months of the receipt of applications and subject to the first proviso of clause VI (i) of the Schedule to the Act, the licensee shall lay down suitable and sufficient additional transmission lines and feeders and distribution mains as may be required to give and supply adequate energy to every consumer within the area, and shall provide and maintain adequate plant, which, in the opinion of the Government, may be considered necessary for regular, constant and sufficient supply of energy to consumers.

Supply of energy.

7. (i) Subject to the provisions of this license, the Act, and the rules, also the Electricity Supply Act (1948), the licensee shall be entitled during the continuance of his license to supply energy within the area of supply for all purposes.

(ii) The supply of energy shall not be commenced until an Electric Inspector to the Government shall have inspected the licensee's works and certified in writing that the supply of energy may commence.

(iii) As soon as may be after the grant of this license and in any case within six months from the grant of this license the licensee shall submit to the Government for approval under sub-section (2) of section 21 of the Act draft "Conditions of Supply" to regulate his relations with persons who are or intend to become consumers.

(iv) After such conditions have been approved by the Government with or without modification the licensee shall not supply energy unless—

(a) the person to whom such supply is to be given shall have tendered to the licensee a requisition duly signed in the form for the time being approved by the Government, and

(b) such person and the licensee shall have executed an agreement in a form approved by the Government.

(c) The amount of all miscellaneous charges, incidental to, and in connection with the supply of energy which the licensee proposes to make against consumers shall be subject to the previous approval of the Government.

(iv) Provided that where all the works have not been completed by the licensee and the licensee nevertheless desires to commence to give supply of energy in a portion or portions of the area of supply, the licensee shall do so only with the express permission of the Government.

Extensions to generating plant, transmission and distributing mains.

8. After the supply of energy has commenced in accordance with clause 7 (i) of this license, no major additions to the generating station, machinery and apparatus, transmission and distribution mains or other works shall be made or orders placed for the same without the previous approval in writing of the Government.

Accounts.

9. (i) Separate and distinct accounts shall be kept, prepared and rendered by the licensee complying in full detail the requirements required by the Act, rules thereunder and the Electricity Supply Act (1948), the working of the undertaking for which this license is granted.

All books of accounts shall at all times be open to the inspection of the Government or of any person authorised by the Government in that behalf.

(ii) The licensee shall submit to the Government annually before the 1st October, in every year, the accounts of the undertaking made up to 31st March of the same year.

Statistics.

10. The licensee shall when called upon to so submit to the Government or an officer appointed in that behalf such statement and as may be considered necessary for the purpose of compiling comprehensive statistics of electricity supply undertakings in the Province.

Hours of supply.

11. The licensee shall not be bound to maintain a supply from 6-30 a.m. to 5 p.m., local time during the months of November, December, January and February, until after three years have elapsed from the date of notification of the grant of this license. During this period and the months the supply may be discontinued daily for ten and half hours, viz., between 6-30 a.m. to 5 p.m., local time. On the expiration of the three years a continuous day and night supply shall be maintained throughout the year.

Method of construction.

12. The feeders, distributing mains and vice connection may be overhead or underground in whole or in part and (subject to the provisions of section 18 of the Act) shall be erected, constructed and maintained in strict conformity with the Act and the rules thereunder and the following provisions:—

(i) The licensee shall not erect overhead mains for use at any pressure higher than medium pressure without the sanction in writing of the Government in each case and subject to conditions and/or limitations as the Government may impose.

(ii) Aerial lines in the vicinity of a building or structure shall be erected to comply with Indian Electricity Rules concerned and there shall an aerial line be at a less distance than 4 feet horizontally and/or 8 feet vertically from any building or structure whether permanent or temporary.

(iii) In narrow lanes, passages or streets where it would not be possible to maintain a horizontal clearance of 4 feet between aerial lines and buildings, underground cables shall be provided and any special method of construction of aerial lines shall have been expressly sanctioned in writing by the Government for any such lane, passage, street and such sanction shall be obtained by the licensee before beginning construction of a special aerial line.

(iv) Where any electric supply lines are to run along the routes of a taboot, temple procession, or similar other religious processions, the supply shall be laid underground or placed at such a height as will allow of the free and safe passage of such processions. In case of dispute, such route heights shall be determined by the District Magistrate to whom the licensee shall refer in running any such lines.

(v) The licensee shall remove or replace at his own expense any aerial line which runs across any street if in the opinion of the Government it is considered necessary to do so.

(vi) For the purpose of rule 68 of the Act, the maximum wind pressure shall be taken as 15 pounds per square foot.

Nature of supply.

13. The system and pressure of supply of electricity shall be adopted for the supply of electricity under this license are as follows:—

(i) Three-phase alternating current, three-wire supply at pressures of 400 volts between phases and 230 volts between each phase and neutral at a frequency of fifty complete cycles per second.

(i) Single phase alternating current, two-wire system, at a pressure of 230 volts, between the line and the neutral conductor at a frequency of fifty complete cycles per second.

(ii) A high pressure alternating current three phase supply at a pressure of 3,000 volts, between the lines at a frequency of fifty cycles per second for feeders and for supply to any large consumers for power purposes.

The pressure stated above shall be as measured at consumer's terminals and shall not vary therebeyond the limits prescribed by the Indian Electricity Rules, 1937, throughout the area of licence.

Provided that the licensee may from time to time with the previous consent in writing of the Government and subject to such limitations and conditions as shall be made in writing by the Government, adopt any other pressures or systems of supply or both for the purpose of this license.

Rates of rates to be charged in respect of supply of energy.

(i) The rates to be charged by the licensee for energy supplied by him shall not exceed those fixed in that behalf in the Fourth Annexure, or in case of a method of charge approved by the Government in accordance with clause (c) of sub-section (3) of section 23 of the Act, such maximum rate the Government may fix on approving the rates.

The rates for sale of electrical energy shall be subject to the provisions of section 57 and the First and Seventh Schedule to the Electricity Supply Act, 1948.

Purchase of undertaking.

(A) *Purchase by local authority or Provincial Government (where the Provincial Electricity Board is not formed).*—(i) The option of purchase given by section 7 of the Act shall be first exercisable on the expiration of twenty years from commencement of this license and thereafter on the expiration of every subsequent period of ten years.

The purchase price payable on the exercise of said option shall be—

The net expenditure on the capital account of the licensee in respect of lands, buildings, works, machinery, mains, apparatus, appliances, fixtures, furniture, vehicles and other like property (including servicable standby plant) owned and used by the licensee for the purposes of the undertaking less the total depreciation thereon calculated [according to the scale of depreciation provided in the table appended to the Seventh Schedule of the Electricity (Supply) Act of 1948].

The percentage of the value of the lands, buildings, works, materials and plant of the licensee referred to in sub-section (i) of section 7 of the Act which shall be added to such value under the second proviso to that section on account of compulsory purchase shall be ten per centum.

The value of the stores, spare parts and loose tools in use or available and suitable for use (for the purposes of the undertaking) at the date of the purposes at such price as may be agreed or failing agreement, as may be determined by arbitration.

In accordance with clause (d) (ii) of sub-section (3) of the Act, it is hereby declared that the power station used or to be used in

connection with the undertaking shall form part of the undertaking for the purpose of purchase under section 5 or section 7, provided that the power station shall not have been abandoned by reason of the operation of clause 16 of this license.

(ii) Not less than two years' notice in writing of any election to purchase the undertaking shall be served upon the licensee by the Government and after such notice shall have been given all extensions and outlays of money debitable to the capital account of the undertaking during the period of such notice shall be subject to the previous approval of the Government.

(B) *Purchase by the Electricity Board.*—In the event of the purchase of the undertaking being made by the Provincial Electricity Board constituted, under the provisions of section 5 of the Electricity (Supply) Act, 1948, the same shall be governed by the respective Schedule of the Electricity (Supply) Act, 1948.

Bulk supply.

16. (i) Should a supply of electrical energy in bulk become available at any future date from any source at a rate not more than the rate at which the licensee is generating at the time and if the Government think it in the interests of development of electricity in that area, so to direct, the licensee shall obtain his supply from such source.

The decision of the Government operation of this clause shall be final.

(ii) The licensee will take from the Provincial Electricity Board, if set up by the Government or from any Government generating station such energy as required for this distribution at any time such Board or the Government is prepared to supply at a rate not more than the rate at which, in the opinion of Electrical Commissioner with the Government of India or the Government, or the Provincial Electricity Board, the licensee is generating at the time of the offer.

If energy is taken as provided above, the licensee shall, if so required, sell to the Electricity Board or to the Government its generating plant at its depreciated book value, or if such Board or Government does not wish to purchase, the licensee will have full discretion to dispose of such plant.

Management expenses and interest on loan.

17. (i) If the license is granted to a limited company, the Government shall have the right from time to time to nominate one *ex-officio* Director on the Board of Directors of such company and the Director so nominated shall be entitled to such remuneration payable by the said company as fixed in the memorandum and Articles of Association of such company in respect of other Directors. The Director so nominated by Government shall not be required to hold any qualification shares, nor shall he be liable to removal or retirement. The Government shall, however, have a right to remove the person so nominated and appoint another person in his place. The Articles of Association of the company shall make suitable provisions on the lines of this clause.

(ii) The licensee shall not enter into any agreement with the Managing Agents, if any, or make any modifications to such agreement already entered into unless with the previous consent in writing of the Government. The Government shall also have the right to examine any agreement between the licensee and the Managing Agents, if any, and to require suitable modifications therein as a condition precedent to Government granting any consent as required by section 9(2) of the Act.

(iii) The rates of remuneration to be paid to the Managing Agents and the expenses of the office of the Managing Agents shall be regulated in accordance with the provisions contained in clause XIII of the Sixth Schedule of the Electricity (Supply) Act of 1948. The rates of remuneration to be paid to the Directors and persons other than the staff employed by the licensee for the actual running of the undertaking and also the rates of interest on loan, whether secured or not, etc., and any changes in such rates shall be subject to the prior approval of Government in each case.

Variations from the Schedule to the Act.

18. In pursuance of clause (f) of sub-section (2) of section 3 of the Act, it is hereby expressly declared that—

(i) Sub-clause (I) of clause VI and sub-clause (I) of clause VIII of the Schedule to the Act shall for the purpose of incorporation in this license be varied by the addition of "except for the months of November, December, January and February when the supply may be discontinued daily for ten and half hours, namely, between 6-30 a.m. and 5 p.m. for a period of three years from the date of notification of the grant of this license" after the expression "continue to supply energy" occurring in sub-clause (I) of clause VI and in sub-clause (I) of clause VIII of the Schedule to the Act.

(ii) Clause IV of the Schedule to the Act shall, for the purpose of incorporation in this license, be varied by the substitution of two years for the period of three years specified in clause IV of the Schedule to the Act.

(iii) The following sentence shall be added between the words "licensee" and "and" at the end of clause (a) of the first proviso to sub-clause (I) of clause VI of the Schedule to the Act:—

"and to comply with the conditions of supply made from time to time with the previous sanction of the Government under section 21(2)".

(iv) Sub-clause (a) of the first proviso to sub-clause (I) of clause VI of the Schedule to the Act shall for the purpose of incorporation in this license be further varied to the following extent, namely, that the licensee shall not be bound to supply energy to any person for any period unless the person requisitioning such supply shall enter into an agreement as required by clause 7 (iv) of this license.

(v) The following sub-clause shall be substituted for clause VI, sub-clause (5), namely:—

"Every requisition under this clause shall be in a form approved by the Government; and copies of the form shall be kept in the office of the licensee and supplied free of charge to any applicant".

(vi) The first proviso to clause XI of the Schedule to the Act shall, for the purpose of incorporation in this license, be varied by the substitution of five years for the period of seven years specified in that proviso.

(vii) The following sub-clause shall be substituted for sub-clause (2) of clause X, namely:—

"(2) Before commencing to supply energy through any distributing main the licensee shall give notice, by public advertisement in such manner as shall be previously approved by the Government, of the method by which he proposes to charge for energy so supplied and the

rates at which such energy will be supplied, and, where the licensee gives such notice, he shall not be entitled to change the method of charging or the rates at which energy will be supplied without giving notice thereof by public advertisement in the manner aforesaid and giving in writing one month's notice or such shorter notice as the Government may deem proper of such change to the local authority or to any person concerned, and to every consumer of energy who is supplied by him from the distributing main".

Securing continuity of supply.

19. It shall be the duty of the licensee to give expression shall for the purpose of this clause clause 20 following be taken to mean and to the licensee, his employees, servants and agents and his permitted assigns) to give the local Magistrate immediate and full information of circumstances in which interruption of the supply may be apprehended as a result of civil commotion or disturbance of the public peace, or any strike or lock-out of the nature specified in section 2 of the Industrial Disputes Act, 1947.

Transfer of Management.

The licensee shall not employ or engage any other party to work his undertaking or to carry out the work of supplying energy under this license except with the previous written consent of the Government wholly or to such extent as the Government may think fit.

Revocation.

20. (i) If the licensee shall in the opinion of the Government have failed to give such information and full information as is required by clause 19 hereof or if at any time any interruption of supply shall occur which in the opinion of the Government is attributable to any wilful or culpable default or neglect on the part of the licensee or which in the opinion of the Government could by the exercise of reasonable care have been prevented by the licensee or if the licensee shall in the opinion of the Government fail to comply with any of the provisions of this license or shall in the opinion of the Government fail to show satisfactory progress during any portion of the period of two years, specified in clause 6 of this license, or if the general direction and control of the licensee shall cease to be in the hands of a person subject of the Indian Union, the license shall be liable to be revoked.

(ii) In the event of the Government revoking the license for any of the causes specified in sub-clause (i), the security deposit of Rs. 10,000 made in accordance with clause 3 may in whole or in part be forfeited as the Government may decide and the decision of the Government as to the revocation and forfeiture shall be final and binding on the licensee.

PRESENT :

BY SAILES CHANDRA CHAKRAVARTI, *Chairman of the Tribunal.*

for the Companies : Sri S. C. Sen, Advocate.

for the B. K. Paul & Co., Ltd. Employees' Union, 102B, Netaji Subhas Road, Calcutta : Sri P. K. Sanyal, Advocate.

Acting under the provisions of sections 7 and 10 of the Industrial Disputes Act, 1947, Government of West Bengal, in the Department of Labour, by their order No. 3672Lab., dated the 6th July 1950, have referred me for adjudication the industrial dispute between Messrs. (1) B. K. Paul & Co., Ltd., (2) B. K. Paul & Co. (Agency), Ltd., (3) B. K. Paul & Co. (Edwards Tonic), Ltd., and (4) B. K. Paul & Co. (Research Laboratory), Ltd., of 1 and 3, Bonefield Lane, Calcutta, and their workmen represented by B. K. Paul & Co., Ltd. Employees' Union, 102B, Netaji Subhas Road, Calcutta, and (2) B. K. Paul & Co. (Research Laboratory), Ltd. P. A. & D. Co. Factory Employees' Union, 20, Bhutnath Paul Road, post office Chugudanga, Calcutta.

The following points have been referred to me for adjudication :—

- (1) Security of service.
- (2) Grades and scales of pay.
- (3) Dearness allowance.
- (4) Designation of the employees.

- (5) Leave and holidays.
- (6) Payment for overtime.
- (7) Promotion.
- (8) Bonus.
- (9) Provident Fund.
- (10) Pension.
- (11) Gratuity.
- (12) Transfer of Sri Hem Ch. Mukherjee.
- (13) Reinstatement of (a) Sri Sudhir Ch. Shyam, (b) Sri Dhananjay Bose, (c) Sri Shibsankar Chatterjee and (d) Sri Balai Chandra Bose.

AWARD.

This is a type of reference where references in respect of numerous concerns have been combined into one. Here separate awards should be made and can be made at different times as we did in the various awards of what is commonly known as the awards of the Mercantile Tribunal.

Of the four firms the following Companies, viz., Messrs. B. K. Paul & Co., Ltd., Messrs. B. K. Paul & Co. (Agency), Ltd., and Messrs. B. K. Paul & Co. (Edwards Tonic), Ltd., have compounded their differences with the employees and a memorandum of agreement has been put in.

There has been no settlement with Messrs. B. K. Paul & Co. (Research Laboratory), Ltd.

There is no difficulty in making awards in respect of the Companies where the differences have been compounded.

So in respect of the three Companies—Messrs. B. K. Paul & Co., Ltd., Messrs. B. K. Paul & Co. (Agency), Ltd., and Messrs. B. K. Paul & Co. (Edwards Tonic), Ltd.—and their employees, I make an award in terms of the agreement a copy of which is made Annexure 1.

S. C. CHAKRAVARTI,

Chairman of the Tribunal

The 17th August 1950.

ANNEXURE 1.

Terms of Agreements between Messrs. Butto Kristo Paul & Co., Ltd., Butto Kristo Paul & Co. (Agency), Ltd., Butto Kristo Paul & Co. (Edward Tonic), Ltd., and their workers.

1. The Company agrees not to make any retrenchment of the staff for one year.

2. In view of the present economic crisis through which the Company is passing the consideration as to the increase of dearness allowance will remain in abeyance.

3. Two more dates to be added to the list of present holidays, and they are "Kojagar Lakshmi Puja" and "Janmastami".

4. Increments and promotions as may be due to the employees in terms of the last Awards made in 1947 and 1948 shall be given immediate effect and the employees shall get from the month of Sraban 1357 B.S. all their salaries and wages as may become due to them in terms of the said Awards from the said month of Sraban 1357 B.S. and all the salary and wages that became due to them from the dates of the enforcement of the said awards up to Asar 1357 B.S. shall be paid in the following manner, viz., the 1st instalment all employees earning not more than Rs. 50 as basic wages shall be paid in the month of Bhadra 1357 B.S. In the 2nd instalment all employees earning more than Rs. 50 but less than Rs. 75 as basic wages shall be paid in the month of Aswin 1357 B.S. In the 3rd instalment all employees earning more than Rs. 75 as basic wages shall be paid in the month of Prahayan 1357 B.S.

5. Provident Fund to be completed within nine months in compliance with law on the subject.

6. No consideration of items 2, 4 and 10.

7. Payment of overtime as per previous Award.

8. Half month's salary and wages as bonus during the Pujas this year.

9. Hem Babu to be replaced in his original post.

10. Sri Sachin Dutta is to be provided with some work.

11. All the four employees discharged, viz., Sudhir Chandra Shyam, Mananjay Bose, Shibsankar Chatterjee and Balai Chandra Bose will be given one month's salary in addition to their respective dues and one month's pay in lieu of notice.

ORDER.

No 4852Lab.—30th August 1950.—Whereas under the Government of Bengal, Labour Department, order No. 3239Lab., dated the 15th June 1950, the industrial dispute between the United Iron and Steel Corporation, Ltd., 119, Grand Trunk Road, Belur, post office Howrah, and 78 workers of Foundry Section and Machine-shop Section of the firm represented by Iron Factory Workers' Union, 3/1, Kali Banerjee Lane, Howrah, was referred for adjudication to Sri S. C. Chakravarti, District Judge;

And whereas the said Sri S. C. Chakravarti, District Judge, has submitted to the State Government his award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of industrial dispute between the United Iron and Steel Corporation, Ltd., 119, Grand Trunk Road, Belur, post office Howrah and 78 workers of the Foundry Section and Machine-shop Section of the firm represented by the Iron Factory Workers' Union, 3/1, Kali Banerjee Lane, Howrah.

PRESENT :

SRI SAILES CHANDRA CHAKRAVARTI, *Chairman of the Tribunal*

For the Company: Sri Rabindra Nath Roy, Manager of the Factory.

For the Union: Sri Hari Pada Majumdar, Secretary.

Acting under sections 7 and 10 of the Industrial Disputes Act, 1947, the Government of West Bengal, Department of Labour, by their order No. 32 Lab., dated the 15th June 1950, referred to me for adjudication the industrial dispute between the United Iron and Steel Corporation, Ltd., 119, Grand Trunk Road, Belur, post office Howrah, and 78 workers of the Foundry Section and Machine-shop Section of the firm represented by the Iron Factory Workers' Union, 3/1, Kali Banerjee Lane, Howrah.

The points for adjudication were as follows:—

- (1) Is the Company justified in issuing of notice, dated the 4th February 1950, proposing employment of 30 workers and forcing unemployment on the rest of the workers of the Foundry Section?
- (2) If so, to what relief are the workers entitled?
- (3) Are the workers of the Foundry and Machine-shop Department (mentioned in the schedule attached to the Reference), rendered unemployed as a result of closure of the Foundry Section entitled to any relief?

AWARD.

This factory had been mainly an iron foundry. For the running of the factory it had to obtain quota of coal and pig iron from the Government. In the month of December 1949 the stock of pig iron became exhausted and there was no prospect of supply in near future. The Management then laid off all the workers. The Company, after this, obtained supply of some pig iron and considered that it could, after abridgment of staff, continue to run for some time. The Company, therefore, recalled thirty of the persons laid off. The Union, however, opposed this. Their contention had been that there should be no discrimination but the whole lot might be called on for work that involved a fresh involuntary unemployment, they were prepared to accept this. The Company had not been agreeable to this. Obviously they thought that that course would be more expensive inasmuch as the supervisory staff would not be discharged or laid off. The matter at this stage came to be handled by the staff of the Labour Commissioner and ultimately came before me for adjudication under the reference quoted above.

Since the thirty men recalled to duty did not join, the Company made arrangements for utilising the quotas through other agencies and had not tried to obtain further quotas. Even if the thirty men now go to join, the company will not be able to give them work now and it cannot be said, if ever afterwards they will be able to find work for them. It is understandable that when once full quotas are not realised, a further attempt at obtaining quotas becomes difficult. In view of the situation, both parties have agreed on me that all the workers laid off on 19th December 1949 and 16th January 1950 be discharged with effect from those dates and they will get the following benefits. To understand the nature of the benefits agreed upon, I should note that in the year 1948 a Contributory Provident Fund was unofficially started and the rules were not registered and no trust deed was executed.

The following benefits will be available. Each will get gratuity at the rate of 15 days' pay for each year of continuous service till the date of lay off. In addition to this each worker will get his own contribution to the Provident Fund.

ORDER.

No. 4859Lab.—30th August 1950.—Whereas under the Government of West Bengal, Labour Department, order No. 2306Lab., dated the 8th May 1950, the industrial dispute between Messrs. Janata Radios, Ltd., Head Office "India House", 6, Madan Street, Calcutta, Factory at 7, Cornfield Road, Ballygunge, Calcutta, and their workmen C/o. Sri J. K. Bhattacharyya, Institute of Radio Technology, 188/2, Bowbazar Street, Calcutta-12, was referred for adjudication to Sri G. Palit, District Judge;

And whereas the said Sri G. Palit, District Judge, has submitted to the State Government his award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

On the matter of an industrial dispute between Messrs. Janata Radios, Ltd., Head Office: "India House", 6, Madan Street, Calcutta, Factory at 7, Cornfield Road, Ballygunge, Calcutta, and their workmen represented by Sri J. K. Bhattacharyya, Institute of Radio Technology, 188/2, Bowbazar Street, Calcutta.

PRESENT:

SRI G. PALIT, *District Judge, Industrial Tribunal.*

For the Union: Sri J. K. Bhattacharyya.

For the Company: Sri N. M. Das Gupta, Pleader.

1 By an order No. 2306Lab., dated the 8th May 1950, the Government of West Bengal had constituted a Tribunal of one Judge under sections 7 and 10 of the Industrial Disputes Act (Act XIV of 1947), and referred the said dispute to me for adjudication.

2. The reference was received here on 10th May 1950. The Union filed written statement on 20th May 1950. The Company filed written objection on 12th June 1950. The issues were framed on 23rd June 1950. The case was taken up for hearing on 19th July 1950 and was concluded on 20th July 1950.

3. The issues as framed by this Tribunal stand as follows:—

- (1) Whether there would be any direction for re-opening the factory which was closed on the 4th February 1950.
- (2) Whether the workmen discharged by notice should be reinstated and paid for the period of unemployment.
- (3) Minimum basic pay.
- (4) Rates of dearness allowance.
- (5) Pay for the holidays, e.g., Mahalaya 1949 and also for 26th December 1949, 2nd January 1950 and 27th January 1950.
- (6) Service amenities regarding free medical aid, overtime pay, etc

AWARD.

Issue No. 1.

Before I deal with these issues specifically I think it worthwhile to place a brief history of the dispute. The Janata Radios, Ltd., is the Company under the managing agency of Messrs. Chhedilal Harinivas dealing in radios, radio parts and accessories. This Company was started on 1st August 1949 roughly with a dozen of workers. They were appointed on probation for a month with a promise of confirmation after expiry of this period. The Union contends that the Management was not as good as their word. They were confirmed in November 1949 after the workers had started agitation for the same. There was also a difference about working hours, about the day of payment and about holidays and leave. The difference came to the head in January 1950. On the 4th February 1950 which was a pay-day there was an altercation between the Management and some of the workers in respect of their grievances. Thereafter a lock-out was declared by the Management with effect from 6th February 1950. The workers waited on the Manager on 7th February 1950 with no result. Thereafter, the Management discharged 9 of the workers with effect from 8th February 1950. These discharged workers approached the Labour Directorate with a list of their demands including the prayer for a reference of the dispute to a Tribunal. Attempts at conciliation through the intervention of the Labour Directorate did not meet with success. Thereafter the matter was referred to this Tribunal for adjudication.

According to the Company, there were 13 workmen when the factory was closed down on 4th February 1950. The workers were appointed at first, on probation for a month, but as they did not prove quite as efficient as they were expected, they could not be confirmed before 1st November 1949. The Company contends that Sri J. K. Bhattacharyya fomented agitation among the workers. There were parleys between the workers and the Management in respect of holidays, leave and other matters. These workers refused to comply even with the working hours as laid down in the Factories Act. They wanted to proceed in their own way ignoring the Manager. The Management brought the matter to the notice of the Labour Commissioner on 21st January 1950. The Management also reported the matter to the

Deputy Commissioner of Police on 30th January 1950. No effective help came from them. On 4th February 1950 the Works Manager was assaulted. In the meantime alarming reports were received by the Management that the factory might be burnt down. Thereafter the Management, upon inquiry, dismissed these 9 workers by a notice, dated 8th February 1950. The factory was burnt down by some miscreants on 21st March 1950. So the Company stands by the step of discharge and lock-out as unavoidable in the circumstances.

I am satisfied from evidence before me that the factory has been burnt down on 21st March 1950. I refer to the police report, Ext. M1, and also the letter marked Ext. N in this connection. That being the position, the question of re-opening the factory with these workers does not arise. Though the loss of 1 lakh of rupees on this head might have been exaggerated, yet I have reasons to think that the radio parts and accessories which were the backbone of the business had been gutted. So I reject the claim under issue.

Issue No. 2.

The 9 workmen who now press for their reinstatement before me were discharged by notice given on the 8th February 1950, as per Annexure I. Now the point is whether this discharge was justified. Following the end of events I am satisfied that the Management had no choice in the matter. In the atmosphere of indiscipline and rowdiness which the workers had set up in the factory, work was almost impossible to carry on. The workers were aggrieved when their confirmation was withheld. Prospect of confirmation was held out to take place some time in September 1949, but it was deferred till the beginning of November 1949. The Company contends that these workers were not confirmed before November as they did not prove quite up to the mark. After all, the deferment of confirmation is not such a serious matter as could justify so much agitation over it. The workers were getting pay all the same during this period.

When the matter of confirmation was thus solved, agitation was started in respect of holidays and leave. The Company signified its willingness to observe holidays and leave as provided for under the Factories Act. In a letter of the General Manager, dated 23rd December 1949, as per Annexure C, it is definitely given out that the holidays would be granted as provided under the Factories Act and the payment of wages should also be made under the said Act. So it is idle for the employees to contend that the Company kept them in doubt and uncertainty about holidays and leave all through. The Management in answer to the claim of holidays on the 24th and 26th December 1949, granted two days' holidays but that on the 24th and 25th December. The Management expressed its inability to grant a holiday on 26th December 1949 because there was a chance of visit by Dr. Shyamasad Mukherji, Member, Industry Department, Government of India, to the factory on that day. The letter as per Annexure B clarifies this position and any room for misunderstanding. But what the workers did on the 26th December? They entered their attendance in the Attendance Register at the factory but stayed away ignoring the letter as per Annexure B. A citation of selected representatives waited on the General Manager on that day. Their conduct proved vexatious to the General Manager (*vide* Annexure C). However, the matter was tided over by the workers giving assurance of observation of discipline and obedience in future (*vide* Annexure D). The discharge order of Sri J. K. Bhattacharyya which was issued was also rescinded. I can never take that this letter as per Annexure

D, was obtained under duress or dictation by the General Manager. If it shows anything, it shows that the workers were genuinely repentant and were prepared to make amends for their past conduct. The workers can hardly be justified for their staying away from the factory on the 26th December in direct defiance of the order of the General Manager.

If the workers really regretted their past conduct, one would naturally expect that they would now be more disciplined than before. But as the subsequent trend of events reveals, they became only more unruly and rowdy than ever before. On 16th January 1950 the Works Manager, Sri J. N. Sen Gupta, wanted to impress upon the workers that they should be punctual in their attendance. What he wanted to enforce was merely the observance of the working hours under the Factories Act. But Sri Sen Gupta was threatened with violence on 17th January 1950 when he came to the factory just to see how the working hours were being observed. He had to lodge complaint with the Bhowanipore police-station as he apprehended actual violence. On 18th January 1950 the General Manager visited the factory. He could not dare come to the factory without some police help. He was greeted with abuses by the workers. The Management finding itself in a desperate plight wrote to the Labour Commissioner on 21st January 1950 as per Annexure E. The people of the Head Office were not permitted to enter into the factory. The workers behaved as they liked. As the situation daily went from bad to worse, the Management reported to the Deputy Commissioner of Police on 30th January 1950. But no help came to this frantic cry. The Works Manager was actually assaulted on the 4th February 1950 when he came to the factory. If after this, the Management closes down the factory on 4th February 1950, can anybody blame it? I find that the Management had no other course open than to declare a lock-out in the circumstances. In this context, the discharge notice was served on the 8th February as per Annexure I. If individual notice had not been served in any particular case, that does not very much matter. It will appear that the apprehension of the Management on the score of safety of the factory was not imaginary. The factory was actually burnt down on 21st March 1950. I do not understand why the police did withhold help in such circumstances when valuable properties were in imminent peril. But that is another matter. Considering the circumstances which led to the discharge of these 9 employees, I am clearly of opinion that the discharge was perfectly justified. So the question of their reinstatement can never arise.

But it will appear from the Annexure I, dated 8th February 1950, that these 9 workers were discharged retrospectively with effect from 4th February 1950. I cannot uphold this portion of the order. The workers are entitled to their wages from 4th February 1950 to 8th February 1950 during which period they must be supposed to have been in employ. As these workers have not been given any written charge and as they have not been given any opportunity to explain their conduct, I do not think I should be justified in denying them wages for the notice period, i.e., for one month from the 8th February 1950. I would never have given this compensation if these workers were discharged after their explanation was taken and separately scrutinised by the Management. This payment must be made to these 9 workers whose names are mentioned in the Appendix, within one month of the award coming into operation. So while I reject the prayer for reinstatement, I allow partial relief in the shape of wages for the period from 4th February 1950 to 8th February 1950 and one month's wages thereafter as compensation, payable within one month of the date of operation of this Award.

Issues Nos. 3, 4, 5 and 6.

These issues are taken up together for the sake of convenience. As these workers have been discharged and as their prayer for reinstatement has been negatived the question of fixation of minimum basic pay and rates of dearness allowance does not, strictly speaking, arise. The question of terminating their service amenities regarding free medical aid, overtime pay, etc., does not, for the same reason, arise for consideration. I give no decision on this head. Regarding the pay for the holidays, viz., Mahalaya 1949 and also for 26th December 1949, 2nd January 1950 and 27th January 1950 I find that the claim is liable to be turned down. The Company has granted holidays to the extent provided for under the Factories Act. If on a particular day they do not choose to declare a holiday, the workers cannot make any grievance on that score. Regarding the claim for overtime pay and wages on holidays, the claim is of the nature of civil liability. No direction is called for on such a head. On referring to the Payment of Wages Register I find that the payment was only delayed but not withheld. I grant no relief under this head.

ORDER.

No. 4915Lab.—1st September 1950.—Whereas under the Government of West Bengal, Labour Department, order No. 1126Lab., dated the 8th March 1950, read with its corrigenda Nos. 1905Lab., 2482Lab. and 2945Lab., dated the 21st April 1950, 16th May 1950 and 3rd June 1950, respectively, industrial disputes which had existed or were apprehended between engineering firms specified in column 1 of the schedule to the said order dated the 8th March 1950, and their workmen represented by the Engineering Workers' Federation, Bengal, 115E, Dhurramtolla Street, Calcutta, the Iron Factory Workers' Union, 3/1, Kali Banerji Lane, Howrah, and other trade unions mentioned against some firms in column 2 of the said schedule and any other registered trade unions as might have been permitted by the Industrial Tribunal hereinafter mentioned to represent workmen of a firm separately for legitimate reasons over the questions relating to (1) dearness allowance and (2) holidays and leave, were referred for adjudication to an Industrial Tribunal consisting of Sri S. N. Modak, I.C.S. (Retd.), Chairman and Sri A. Das Gupta, District Judge, as member;

And whereas during the pendency of the proceedings before the said Tribunal, the Secretary of the Engineering Works of India Employees' Union, of 1, Gouri Bari Lane, Calcutta, on behalf of the workmen of Engineering Works of India, of 20, Ultadanga Road, Calcutta, being at No. 39 of the said schedule, made a complaint in writing before the said Tribunal alleging that the said Company had altered, to the prejudice of the workmen, the conditions of service applicable to them immediately before the commencement of the said proceedings;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Disputes Act as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, made by the Engineering Works of India Employees' Union against the Engineering Works of India, Ltd.

BEFORE THE INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SRI S. N. MODAK, I.C.S. (Retd.), *Chairman.*

SRI A. DAS GUPTA, *District Judge, Member.*

***For the Union:* Sri B. N. Majumdar, Member of the Executive Committee**

***For the Company:* Sri S. K. Asthana, Labour Officer, Sri G. K. Ghosh, Managing Director.**

AWARD.

By Government of West Bengal, Department of Labour, order No. 1126-Ab., dated the 8th March 1950, certain industrial disputes between 64 specified engineering firms including the Engineering Works of India, 20, Itadanga Road, Calcutta (serial No. 39) and their workmen were referred for adjudication to an Industrial Tribunal consisting of ourselves as Chairman and member respectively. The proceedings in connection with that adjudication are still pending before us. During the pendency of these proceedings the Secretary of the Engineering Works of India Employees' Union filed a petition of complaint before us on 19th July 1950 alleging that the authorities of the Engineering Works of India had verbally informed the employees of the concern that the Company was going to close the works for a period of two months from 25th July 1950. We admitted the petition as a complaint under section 33A of the Industrial Disputes Act as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, and issued a notice on the Company to appear on 24th July 1950 and submit reply. Both parties duly appeared on the date fixed and the Managing Director of the Company submitted a statement together with a copy of the relevant notice affirming the fact that the Company had decided to suspend the working of the factory from the 24th July 1950 and the workers and the staff had been informed that they would be paid compensation for period of involuntary unemployment. We explained the legal position to the representatives of the Company with reference to sections 33 and 33A of the Industrial Disputes Act as amended up to date. The Company's representatives promptly realised that they were not entitled to suspend the working of the factory from 24th July 1950 and thus alter, to the prejudice of the workmen concerned in the dispute under adjudication, the conditions of service applicable to them immediately before the commencement of the adjudication proceedings save with the express permission in writing of this Tribunal. At a later stage the Managing Director submitted an application stating that the Company was withdrawing the notice of suspension of work and was separately applying for permission to close the factory. We are satisfied that the provisions of section 33 of the Act were contravened on 24th July 1950 in so far as the working of the factory was actually suspended on that date in pursuance of the Company's notice. The action taken by the company appears to have been due to ignorance of the law. As the notice of suspension of work has been withdrawn and the conditions of service have been promptly restored, we find that there is no further ground for complaint. We direct that the conditions of service regarding payment of wages, etc., shall remain unaltered during the pendency of the original adjudication proceedings, unless the permission sought is granted. We make the award accordingly.

S. N. MODAK, *Chairman,*

A. DAS GUPTA, *Member,*

RESOLUTION No. 1446A.R./R3C-12/50

Calcutta, the 2nd September 1950.

Government accept the proposal of the Superintendent of Census Operations, West Bengal, that any particularly good census work done by Government officials should be brought to the notice of their immediate superiors in order that it may be recognised and placed on record in an appropriate manner. Action in this regard should be taken by the immediate superiors of the officials regarding whose good work a report is made to them by the Superintendent of Census Operations.

Government also hope that local authorities would similarly recognise and place on record any particularly good census work done by their employees whose services may be made available in this connexion and about whose good work a report is made to them by the Superintendent of Census Operations. Government desire that District Officers should request the local authorities accordingly.

As regards non-officials who have done particularly good census work, Government agree with the Superintendent of Census Operations that they may be given certificates in appreciation of their services.

By order of the Governor,
S. N. RAY, Chief Secy.

RESOLUTION No. 2100-IND.

Calcutta, the 31st August 1950.

Read an application, dated the 25th May 1950, from Messrs. India Metal Manufacturing Co., Ltd., of 237Q, Manicktolla Main Road, Calcutta-11, for a loan of Rs. 25,000 only under section 19(I) (a) of the Bengal State Aid to Industries Act, 1931 (Bengal Act III of 1931), for purchase of machinery for increasing the efficiency and output of their firm.

Read also resolution adopted by the Board of Industries, West Bengal, at the meeting held on the 21st December 1949 incorporated in the report submitted with letter No. 4782B.L., dated the 28th June 1950, from the Director of Industries and Secretary, Board of Industries, West Bengal.

ORDER.

Ordered that a loan of Rs. 24,000 only be sanctioned provided that it does not exceed 50 per cent. of the net value of the assets of the firm in the industry after deducting all encumbrances thereon existing at the time when the application was made. The loan is also subject to the following conditions:—

- (1) That the entire amount of loan should be utilised for the purpose of purchasing machinery for increasing the efficiency and output of the firm and at the same time lowering the cost of production;
- (2) a mortgage bond should be executed by Sri Kunja Behari Mukherjee in the form to be drawn up by Government for the purpose;
- (3) that interest should be charged at the rate of 8 per cent. per annum payable with each instalment on the balance of the unpaid principal;
- (4) that if the instalments with interest thereon are paid promptly on the due dates or within seven days thereafter, the interest will be accepted at the reduced rate of 6½ per cent. per annum; and
- (5) that the entire amount of loan with interest thereon should be repaid in ten equal

annual instalments of Rs. 2,400 only each plus interest; the first instalment being repayable on the first anniversary of payment of the loan.

Ordered also that the resolution be published in the *Calcutta Gazette*.

By order of the Governor,
S. K. CHATTERJEE, Secy.

RESOLUTION No. 2113-IND.

Calcutta, the 5th September 1950.

Read an application, dated the 14th November 1949, from Messrs. Guhe and Company, Limited, 48, Pathuriaghata Street, Calcutta, for a loan of Rs. 20,000 since reduced to Rs. 7,000 only under section 19(1)(a) of the Bengal State Aid to Industries Act, 1931 (Bengal Act III of 1931), for development of their Engineering Works.

Read also the resolution adopted by the Board of Industries, West Bengal, at the meeting held on the 17th May 1950, incorporated in the report submitted with letter No. 7328, dated the 16th August 1950, from Director of Industries and Secretary, Board of Industries, West Bengal.

Order.

Ordered that the loan of Rs. 7,000 only be sanctioned provided that it does not exceed 50 per cent. of the net value of the assets of the firm in the industry after deducting all encumbrances thereon existing at the time when the application was made. The loan is also subject to the following conditions:—

- (1) That the entire amount of loan should be utilised for the purpose of development of their Engineering Works located at the above address;
- (2) That a mortgage bond should be executed by Sri Satyabrata Guha, Managing Director of the Company, in the form to be drawn up by Government for the purpose;
- (3) That the loan should be advanced in two instalments of Rs. 4,000 and Rs. 3,000 at an interval of not less than six months—the second instalment of Rs. 3,000 being payable to the applicant giving satisfactory evidence of progress and improvement;
- (4) That interest should be charged at 8 per cent. per annum payable with each instalment on the balance of the unpaid principal;
- (5) That if the instalments with interest thereon are paid promptly or within seven days thereafter, the interest will be accepted at the reduced rate of 6½ per cent. per annum; and
- (6) That the entire amount of loan with interest thereon should be repaid in ten equal annual instalments of Rs. 700 only each plus interest; the first instalment being repayable on the first anniversary of payment of the first instalment of loan.

Ordered also that the resolution be published in the *Calcutta Gazette*.

LABOUR DEPARTMENT

ORDER.

No. 4857Lab.—30th August 1950.—Whereas the Governor is satisfied that the leave rules applicable to workers in the factory of Berapukur

Iron Works, 18, Ramanath Pal Road, Kidderpore, 24-Parganas, provide benefits which in the opinion of the Governor are not less favourable than those for which Chapter VIII of the Factories Act, 1948 (LXIII of 1948), makes provision;

Now, therefore, in exercise of the power conferred by section 84 of the Factories Act, 1948 (LXIII of 1948), and in supersession of the order No. 476Com., dated the 29th January 1947, far as it is applicable to the said Berapukur Iron Works, the Governor is pleased to exempt the said factory from the provisions of sections 79, 80 and 81 of Chapter VIII of the said Act, subject to the following conditions, namely:—

- (a) The leave rules applicable to the workers of the Berapukur Iron Works, 18, Ramanath Pal Road, Kidderpore, 24-Parganas, shall not be altered without the previous permission of the State Government;
- (b) a copy of the said leave rules together with a copy of this order shall be displayed at the main entrance of the said Berapukur Iron Works.

By order of the Governor,
D. S. P. MUKHERJEE, Jt. S.

NOTIFICATIONS.

No. 4794Lab.—28th August 1950.—The following draft rule which, in exercise of the power conferred by sub-section (2) of section 58 of the Factories Act, 1948 (LXIII of 1948), the Governor proposes to make, is published herewith for general information, as required under section 59 of the said Act.

2. The draft will be taken into consideration on or after 1st December 1950, and any objection or suggestion with respect thereto which may be received by the undersigned before that date will be duly considered:—

Draft rule.

The provisions of sub-section (1) of section 58 of the Factories Act, 1948, shall not apply in the case of a factory to workers employed solely on machine plant or process which, in the opinion of the Chief Inspector previously recorded in writing, cannot be stopped for technical reasons, until the time or quality to be produced at one operation is completed.

No. 5153Lab.—8th September 1950.—Whereas there is a public emergency which requires the West Bengal Government Press should be exempted from certain provisions of Chapter VI of the Factories Act, 1948 (LXIII of 1948);

Now, therefore, in exercise of the power conferred by section 5 of the Factories Act, 1948 (LXIII of 1948), the Governor is pleased to exempt the factory being the West Bengal Government Press, Alipore, Calcutta, from the provisions of sections 51, 54, 56 and 63 of Chapter VI of the said Act for a period up to 30th September 1950, subject to the following conditions, namely:—

Conditions.

(1) The exemption granted under this notification shall apply only to those workers who are employed in connection with the work of printing of the Electoral Rolls for election to the Corporation of Calcutta or on any other work whatsoever connected with or incidental to the same.

(2) A copy of this notification shall be displayed on the Notice Board at or near the main entrance of the factory throughout the period during which the notification remains in operation.

No. 5163Lab.—9th September 1950.—Whereas the State Government is satisfied that the public interest requires that the industries mentioned in the schedule below should be declared as public utility services;

Now, therefore, in exercise of the power conferred by proviso to sub-clause (vi) of clause (n) section 2 of the Industrial Disputes Act, 1947 (IV of 1947), the Governor is pleased to declare the industries specified in the schedule below to be public utility services for a further period of 6 months with effect from the 18th September 1950:—

Schedule.

- (1) The Tramway Services in Calcutta and Howrah.
- (2) Cotton Textile Industries in West Bengal.

By order of the Governor,
D. S. P. MUKHERJEE, Jt. Secy.

Land Acquisition NOTIFICATIONS.

24-Parganas.—No. 10072L.A.—5th September 1950.—The following agreement is published under section 42 of the Land Acquisition Act, I 1894, for general information.

By order of the Governor,
S. BANERJEE,
Member, Board of Revenue, and
(*ex-officio*) Secy. to the Govt. of
West Bengal.

Agreement.

MEMORANDUM OF AGREEMENT made this 2nd day September, 1950 between the **BHARAT GLASS WORKS, LTD.**, a Company (Registered under Indian Company's Act, VII of 1913) and having its registered office at Belghuriah, 24-Parganas (hereinafter called the Company) of the one part and the **GOVERNOR** of the State of West Bengal (hereinafter called the GOVERNOR) of the other part.

WHEREAS for the purpose of the construction of glass works' quarters the Company has applied to the Government of West Bengal for the acquisition of land under the provisions of the Land Acquisition Act, 1894, of the piece or parcel of land containing about 5 kathas 14 ch. or thereabout situate in the village of Belghuriah, district 24-Parganas of the State of West Bengal and more particularly described in the Schedule hereto and delineated in plan* hereto annexed.

AND WHEREAS the said Government of West Bengal, being satisfied by an enquiry held under section 40 of the said Act that the proposed acquisition is needed for the aforesaid purpose and that the said work is likely to prove useful and beneficial to the Workers, has consented to the acquisition of the piece or parcel of land hereinbefore described.

AND WHEREAS the said Government of West Bengal has required the Company under the provisions of Section 41 of the abovementioned Act to enter into the agreement with the Governor in the form contained. Now this indenture witnesseth that it is hereby agreed and declared as follows:

On demand the Company shall and will pay to the said Government of West Bengal all and every compensation in respect of the said land acquired, paid or awarded or to be tendered, paid or awarded by the Collector under the Land Acquisition Act, 1894, or by Court to which a reference under Part III of the said Act may be made, or by the Courts to which an Appeal from the award of the said Court may be preferred and all costs, charges and expenses of the proceedings in the said Courts, or otherwise incidental to the acquisition or payable in respect thereof under the provision of the said Act.

On demand made by the said Collector the Company shall and will deposit with the said Collector such sum or sums of money as in his discretion the said Collector may in anticipation estimate to be necessary for the purpose mentioned in the preceding clause.

On payment by the Company of all demands under the foregoing first clause, or, in the discretion of the said Government of West Bengal (or by the Company of all estimated amounts) the said land shall be vested in the Company as provided in the second clause), but not before possession shall have been taken under the provisions of the abovementioned Act, the Governor shall make over possession of the said land to the Company and shall execute and do all such acts and deeds as may be necessary and proper for effectually vesting the same in the Company.

4. The said land shall be held by the Company for the purposes of such works as is hereinbefore mentioned and without the sanction in writing of the said Government of West Bengal first had and obtained for no other purposes whatsoever.

5. The said land shall be covered and levelled for construction of work or works and construction shall be completed within 2 years (and fully equipped in all respects ready for use) within four years from the date on which possession of the said land shall have been given to the Company.

6. Should the said works not be completed (and fully equipped in all respects ready for use) within the period stated in the last preceding clause or within such further period as in its discretion may be prescribed or allowed by the said Government of West Bengal or should the said land at any time thereafter cease for a period of twelve consecutive months, to be held and used or cease to be required for the purpose or purposes provided for in the foregoing fourth clause then and in any such case, the said Government may summarily re-enter upon and take possession of the said land together with all buildings thereon, whether such buildings were erected before or after transfer of the land to the Company, and thereupon the interest of the Company in the said land and buildings shall absolutely cease and determine.

7. On taking such possession the said Government may sell or otherwise deal with the said land and buildings as it may think proper.

(1) Should the said Government sell the land with the buildings the said Government after deducting the expenses incurred in connection with said taking possession and with such sale shall pay the proceeds to the Company.

(2) Should the said Government decide not to sell the land and buildings, the said Government shall retain the said land and buildings thereon in which case the Governor shall repay to the Company the market value as on the day of re-entry of all the buildings erected by the Company and all sums received from the Company in respect of all and every compensation as provided in the foregoing first clause (less the statutory allowance of 15 per cent., and less any amount received on account of trees and buildings which are not in existence at the time of resumption), but will not repay any sums paid and received on account of costs, charges and expenses.

(3) Should the said Government decide to sell the buildings only upon such sale, the Governor shall after deducting the expenses of taking possession and selling, pay the balance of the proceeds of sale to the Company together with the sum received from the company in respect of the compensation for the land (less the statutory allowance of 15 per cent. and less any amount received from the Company on account of trees and buildings which are not in existence at the time of resumption), but will not repay any sum paid and received on account of costs, charges and expenses.

8. The public shall be ultimately benefited by being able to use all kinds of glass articles of daily necessity manufactured locally by the Company's workers living in a healthy sanitary condition thus contributing to the efficient and better production.

Printed but may be inspected in the office of the Land Acquisition Officer, Alipore.

The Company shall give regular and systematic free training to 2 (two) Bengalee apprentices to be nominated by the Director of Industries, West Bengal, or such other officer as may be selected by Government for the purpose every year. The duration of training for each apprentice shall be one year and during such apprenticeship they shall each receive an allowance of Rs. 35 per month. The first batch of 2 apprentices shall be admitted within 3 months from the date on which the Company is given possession of the land.

9. Should any dispute or difference arise touching or concerning the subject matter of this agreement or any covenant clause or thing herein contained the same shall be referred to the said Government of West Bengal and the opinion and decision of the said Government upon such dispute or difference shall be final and conclusive and binding on the parties hereto.

LABOUR DEPARTMENT

ORDER.

No. 5138Lab.—7th September 1950.—Whereas under the Government of West Bengal, Labour Department, order No. 3584Lab., dated the 30th June 1950, the industrial dispute between Messrs. Shree Shew Sakti Oil Mills, Ltd., factory at 153, Upper Circular Road, and office at 14, Netaji Subhas Road, Calcutta, and their employees represented by Shree Shew Sakti Oil Mills Mazdoor Congress, 138/2, Harrison Road, Calcutta, was referred for adjudication to Sri S. C. Chakravarti, District Judge;

And whereas the said Sri S. C. Chakravarti, District Judge, has submitted to the State Government his award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

the matter of industrial dispute between Messrs. Shree Shew Sakti Oil Mills, Ltd., factory at 153, Upper Circular Road, and office at 14, Netaji Subhas Road, Calcutta, and their employees represented by Shree Shew Sakti Oil Mills Mazdoor Congress, 138/2, Harrison Road, Calcutta.

PRESENT :

SRI SAILES-CHANDRA CHAKRAVARTI,

Chairman of the Tribunal.

Actual Appearance :—

For the Union : Sri Satyendra Lal Shome, Secretary of the Union.

For the Company: Sri S. C. Sen, Advocate, and Sri N. Das Gupta, Pleader.

Acting under sections 7 and 10 of the Industrial Disputes Act, 1947, the Government of West Bengal, Department of Labour, by their order No. 3584Lab., dated the 30th June 1950, referred to me for adjudication the industrial dispute between Messrs. Shree Shew Sakti Oil Mills, Ltd., factory at 153, Upper Circular Road, and office at 14, Netaji Subhas Road, Calcutta, and their employees represented by Shree Shew Sakti Oil Mills Mazdoor Congress, 138/2, Harrison Road, Calcutta.

AWARD.

The reference was received by me on 4th July 1950 and notices were issued to the parties fixing 14th July 1950 for submission of statements. Both parties entered appearance on 14th July 1950 and the Secretary of the Union took time till 21st July 1950 for filing statement. On 21st July 1950 the Secretary of the Union again applied for time. He was directed to file statement on 28th July 1950. On 28th July 1950 the Secretary of the Union again applied for, and was granted, time till 11th August 1950 for filing statement. The Union did not appear on 11th August 1950.

I have waited till this day with the idea that the party should not suffer in default due to any accident. I have allowed sufficient margin. Since there has been no statement by the Union, I award that no dispute exists.

S. C. CHAKRAVARTI,

Chairman of the Tribunal.

14th 23rd August 1950.

By order of the Governor,
D. S. P. MUKHERJEE, Jt. Secy.

ORDER.

No. 4908Lab.—1st September 1950.—Whereas under the Government of West Bengal, Labour Department, order No. 2458Lab., dated the 15th May 1950, the industrial dispute between Messrs. Alexandra Jute Mills, Limited, Jagatdal, 24-Parganas, and their workmen represented by the General Secretary, Barrackpore Subdivision Chatkal Mazdoor Union, Jagatdal, 24-Parganas, in connection with the termination of services of Dr J. N. Mukherjee, was referred for adjudication to Sri A. Das Gupta, District Judge;

And whereas the said Sri A. Das Gupta, District Judge, has submitted to the State Government his award on the said industrial dispute:

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of reference No. 2458Lab., dated the 15th May 1950, of the Government of West Bengal, Labour Department, and in the matter of an industrial dispute between Messrs. Alexandra Jute Mills, Limited, Jagatdal, 24-Parganas, and their workmen represented by the General Secretary, Barrackpore Subdivision Chatkal Mazdoor Union, Jagatdal, 24-Parganas, in connection with the termination of services of Dr. J. N. Mukherjee.

PRESENT: SRI A. DAS GUPTA, *District Judge.*

For the Company: Sri S. C. Sen, Advocate, with Sri J. K. Ghosh, Pleader of Messrs. Orr, Dignam & Co., Solicitors.

For the Union: Sri P. K. Sanyal and Sri K. B. Mukherjee, Advocates, instructed by Sri Nikhil Ranjan Roy, Vice-President of the Union

AWARD.

It is admitted that in January 1943, Dr. J. N. Mukherjee was appointed by Messrs. Begg Dunlop & Co., Ltd., a medical officer of the Craig Jute Mills on probation, from where he was transferred to the Waverly Jute Mills and then to the Alliance Jute Mills and was ultimately made a permanent doctor of the Alexandra Jute Mills on and from 1st November 1946. All these jute mills were under the management of Messrs. Begg Dunlop & Co., Ltd., and in October 1947 the management of the mills under Messrs. Begg Dunlop & Co., Ltd., was transferred to Messrs. McLeod & Co., Ltd. On the 12th May 1949 three specific charges were brought against Dr. Mukherjee and he was called upon to show cause within 24 hours of the receipt of the charge-sheet why he should not be dismissed, discharged or otherwise punished for the offences of which he might be found guilty. Annexure A to the Company's written statement is the charge-sheet. Pending enquiry he was immediately placed under suspension. In the charge-sheet reference was made to warnings alleged to have been given to the doctor on previous occasions. The doctor answered the charges in writing on 15th May 1949. The answers are Annexure B to the Company's written statement. The matter was taken up to the Labour Commissioner for conciliation.

is an amicable settlement in the presence of the Labour Commissioner and the Subdivisional Magistrate, Barrackpore, and it was agreed that the charges against Dr. Mukherjee would be withdrawn by the Manager and Dr. Mukherjee would be reinstated in his post without loss of pay or service, he would get full pay for the period of suspension. He was to apply for six months' leave with full average pay and allowances. In pursuance of the terms of settlement Dr. Mukherjee applied on the 16th May 1949 for six months' leave with full average pay and allowances. The leave was granted with effect from the 18th May 1949. The leave was to expire on 18th November 1949. Before the expiry of leave, the management terminated his services by a letter, dated 10th November 1949. By this letter the management proposed to give the doctor leave with pay till the 1st of November and thereafter one month's pay in lieu of notice of termination of his services with the Company. Annexure I' to the Company's written statement is the letter of discharge. The following points are for adjudication:—

- (1) Has this Tribunal jurisdiction to direct reinstatement of Dr. Mukherjee who has been discharged and not dismissed?
- (2) Is Dr. Mukherjee entitled to be reinstated? If so, on what terms?

I take up both the points together. For a clear understanding of the facts as presented before me, I quote below the charges brought against Dr. Mukherjee on the 12th May 1949 and Dr. Mukherjee's reply thereto.

"Charge Sheet.

You are to show cause within 24 hours why you should not be dismissed, charged or otherwise punished for any of the following offences of which you may be found guilty:—

(a) Willful disobedience of a reasonable order of the Manager, in that on 4th May 1949 at 4-30 p.m. you received a message from the Mill Manager through a durwan asking you to call and see the Mill Manager at his office. In receipt of the message you told the durwan that you were not going to the Manager and went away in the direction of the coolie lines.

(b) Conduct subversive of discipline, in that on 10th May 1949 the Manager found you in the Alexandra Mill Labour Office advising the bobbin cleaners not to obey the orders of the Mill Manager which were to take half off in the middle of the week and to work on Saturday afternoons in order to clean up the department. You advised the bobbin cleaners not to obey the order of the Manager.

(c) Habitual late attendance. On 10th September 1948 Mr. C. B. Chatterjee, the senior Manager, spoke to you about your unpunctuality and directed you to observe strictly the hours of work laid down by the Company. In spite of this the Manager's diary shows that you were not present in the mill on a large number of occasions when you should have been.

In the above three instances of misconduct followed on a warning which was received on the 11th February 1940 for taking an active part in a disturbance within the mill and a letter, dated 6th May 1949, from the Chairman of the Directors of McLeod & Co., Ltd., in which instances of unsatisfactory behaviours were mentioned and in which the Chairman of the Directors stated that unless you obeyed the instructions of the Mill Manager disciplinary action would have to be taken against you.

Manager,
Alexandra Jute Mills, Limited."

"Reply to the charge-sheet."

A surprisingly malicious charge-sheet. This is carrying the strangely fictitious charges against me inasmuch as all the three charges levelled against me are in every way without any foundation whatsoever. The following statement of authentic facts will be more than sufficient to prove the falsity of all the charges:—

Charge No. 1.—The message came to me when I was running to attend a severely wounded worker in the coolie lines whose condition was very grave. As a Medical Officer I had to go to save the dying patient first a 5 minutes' delay would mean her death and this is well known to the Manager himself.

Charge No. 2 is a concocted one as the Barrackpore Subdivision Chatkal Mazdoor Union itself deals with the case and only it is competent enough to answer this charge which has been forcibly thrust upon me.

Charge No. 3 is a false story concocted by the Manager to conceal his own fault which he has been committing now and committed in the past by making a wholly false report against me to Mr. C. B. Miller. I was and am always very particular about my duties and can verily assert that nothing on earth can I be blamed for.

It is wholly unjust and illegal to defame a respectable old man like me by charging me with such charges which can in no way be materialised and so I strongly object to this and record a strong note of protest.

I rightly demand the withdrawal of this false charge-sheet immediately and wait to see it so done."

The terms of the amicable settlement were put into writing by the Labor Adviser of the Company Mr. C. Weale in his notes sent to Mr. Walker Managing Director. The relevant extracts are quoted below:—

"I attended a meeting in the office of the Labour Commissioner the morning to discuss the case of Dr. J. N. Mukherjee of the Alexandra Ju Mills. Present were Mr. S. K. Haldar, Labour Commissioner, M. Banerjee, Subdivisional Officer, Barrackpore, Mr. A. K. Mukherjee, Labor Officer, Jagatdal, Sri Romesh Sarkar of the Barrackpore Subdivision Chatkal Mazdoor Union, Dr. J. N. Mukherjee and myself.

It was decided that the charges against Dr. Mukherjee would be withdrawn by the Manager and that Dr. Mukherjee would be reinstated in his post without loss of pay or service, i.e., he will get full pay for the period of suspension. Dr. Mukherjee has now sent in an application for 6 months' leave on full pay and allowances. I have assured him that the leave will be given."

The charges brought against Dr. Mukherjee were thus dropped and are no longer alive. In the letter of discharge which is Annexure F to the Company's written statement no reasons were assigned as to why he was being discharged. He was discharged as the Company could no longer offer him any employment and as the Company had no further use for his services. In paragraph 4 of the Company's written statement the Company mentioned some of the broad points of misconduct of which Dr. Mukherjee is said to have been found guilty from time to time. It has been alleged that as warnings verbal and in writing on different occasions were of no effect, the Company drew up a charge-sheet against him on 12th May 1949. The broad items of misconduct which obviously related to the period prior to the charge-sheet were that the doctor had been found (1) neglecting his duties and unpunctual in attendance; (2) flouting the lawful orders of the management; (3) act

a way which was subversive of discipline in the whole mill; (4) using his dispensary as a meeting place either of the Works Committee or of the Union members; and (5) giving such activities precedence over serious mill accidents. Besides a number of complaints accusing Dr. Mukherjee of malpractices are alleged to have been received by the management. In paragraph 6 of the written statement of the Company it was suggested that the charges brought against Dr. Mukherjee were not dropped for all times to come; but that the charges could be revived at any subsequent time. I note below the relevant extract from the written statement:—

“The Labour Commissioner impressed upon the Company that owing to the political tension in the country it was desirable to consider the matter in a calm atmosphere and at a suitable time. He therefore suggested that Dr. J. N. Mukherjee should be on leave for six months and on expiry of six months the matter may be considered in a calm atmosphere by the Company. Accordingly, the Company agreed to this proposal and withdrew the charge-sheet.”

I may mention in this connection that I have gone through the record of the Labour Commissioner very minutely and I do not find that under the terms of settlement, the Company reserved their right to revive the charges for consideration in a calm atmosphere at any subsequent time. This was even suggested in the notes of Mr. C. Weale to the Managing Director Mr. Walker. It was specifically mentioned in the notes of Mr. C. Weale that Dr. Mukherjee would be reinstated in his post without loss of pay or services. At the amicable settlement the Labour Commissioner, the Subdivisional Magistrate of Barrackpore, Mr. A. K. Mukherjee, Labour Adviser, Jagatdal, Mr. C. Weale, Labour Adviser of the Company, Sri Animesh Sarkar of the Barrackpore Subdivisional Chatkal Mazdoor Union and Dr. Mukherjee were present. Dr. Mukherjee and Ramesh Sarkar have been examined in this case. It was suggested to these witnesses that under the terms of settlement Dr. Mukherjee was to be discharged on expiry of leave. They denied this suggestion. No suggestion was thrown out to either of these two witnesses that the Company was allowed to reserve their right to revive the charges and to reconsider them in a calm atmosphere at any subsequent time. The Company took no steps to examine either the Labour Commissioner or the Subdivisional Magistrate, Barrackpore. Most of the Company's representatives who were present during the amicable settlement are said to have gone to England. In any case there is no evidence on the side of the Company to corroborate the written statement that under the terms of the amicable settlement the Company reserved their right to revive the charges against Dr. Mukherjee and to consider them at any subsequent time. When there is a contemporaneous record of the terms of settlement, the parties thereto are by law debarred from adding to the contemporaneous record. Apart from the legal bar under the Indian Evidence Act, in the absence of any evidence to the contrary, my definite finding shall be that the Company's suggestion on this point is only an afterthought.

I may in this connection reproduce paragraph 10 of the Company's written statement:—

“The change in atmosphere consequent upon the removal of Dr. Mukherjee from the mill was most prominent. The relations between the workers and the management improved a great deal as also the attendance of the workers at the Mill dispensary signifying a return of confidence in the Company's Medical Officer. This further convinced the Company the reasons upon which they based their former decision to dispense with the services of Dr. Mukherjee still hold good. Reports were received about the satisfactory movements and conduct of Dr. J. N. Mukherjee. The Com-

pany was therefore convinced that in the interest of maintenance of discipline in the factory, maintenance of good relations between the workers and the management and also in the interest of the welfare of the workers it will not be possible for the Company to retain Dr. J. N. Mukherjee in their service. Consequently on the expiry of six months' leave period his services were dispensed with."

As regards the allegations about the improvement of the relations between the workers and the management and the attendance of the workers at the mill dispensary, and unsatisfactory movement and conduct of Dr. Mukherjee after expiry of his leave, there is no evidence worth the name. There is no definite evidence about the state of things during Dr. Mukherjee's time and during the period Dr. Mukherjee was on leave. The Company have examined two witnesses Mr. Stewart Cargill and Mr. Ralph Morrison. Neither of these two witnesses was present at the settlement. The reasons for discharge of Dr. Mukherjee as stated by Mr. Ralph Morrison were that Dr. Mukherjee would commence the same labour trouble as previously; that the Company believed that there would be no change in Dr. Mukherjee's attitude and that if Dr. Mukherjee was allowed to join the position of the Manager would become untenable; and that the relation between labour and management had improved considerably during the employ of the temporary doctor appointed during the absence of Dr. Mukherjee. Mr. Morrison adds that the management felt that it was improper for a man of position which Dr. Mukherjee held in the Company to hold an executive position in the Union. Both Mr. Stewart Cargill and Mr. Ralph Morrison talked about some instances of misconduct prior to the charge-sheet.

In the sworn statement of Dr. Mukherjee the charges have been explained. The explanations stand un rebutted. In any case when the charge had been withdrawn and Dr. Mukherjee had been reinstated, the charge cannot be revived. Some specific instances of malpractices and disobedience to the Manager's order were suggested to Dr. Mukherjee in his cross examination. About holding meetings in the dispensary Dr. Mukherjee admits that meetings of the Works Committee were held in the dispensary for some time and that under the direction of the Chairman, namely the Manager of the mill, and his sworn testimony is that no other meeting was held in the dispensary, and that no meeting can be held within the mill compound without the permission of the Manager. These statements also stand un rebutted. Exhibit E series may be referred to in this connection. Dr. Mukherjee took fees from three workers, Somai, Shamlal and Makhan. They appear to have reported this to the Manager. The complaints were shown to Dr. Mukherjee, and Dr. Mukherjee's sworn testimony is that he realised Rs. 5 from Makhan for attending him at his residences where he was given an injection for cholera. Dr. Mukherjee offered to refund the money to the Manager but the Manager said that it was alright. He was apparently satisfied with the explanation of Dr. Mukherjee. The sworn testimony of Dr. Mukherjee is that the Company do not supply injection for venereal diseases and he took fees from Shamlal and Somai for giving injection for venereal diseases. Apparently the Manager must have been satisfied with this explanation. The instances of misconduct on which evidence has been led before me were all prior to the charges. Most of the charges are covered by the charge-sheet and the charges having been withdrawn the instances of misconduct cannot be made grounds for further punishment. Of those which are not covered by the charge-sheet, some appear to have been accounted for to the satisfaction of the Manager. If there was an instance for which no explanation had been offered must be deemed to have been condoned because no steps were taken against Dr. Mukherjee for such

instances of misconduct. Dr. Mukherjee is said to have taken a leading and active part in a demonstration of the workers on the 3rd February 1949. Referring to this incident the management wrote to Dr. Mukherjee on the 14th February 1949 warning him that a repetition of this conduct on the part of the doctor would compel the Company to take disciplinary action against him. Exhibit A is the letter. Exhibit B is the copy of the letter written by Dr. Mukherjee in reply. The matter was not proceeded with further. Obviously if Dr. Mukherjee had been at fault, his fault was condoned. No action was requisitioned. If there had been anything wrong on the part of the workers, the police would have reported so. Police report has not been placed before me. In the letter of 11th February, the workers were accused of confining the Manager, senior Labour Officer, mill clerks and office clerks and causing a partial stoppage of the mill during the morning period and complete closure of the mill during the afternoon period of work. Dr. Mukherjee in his reply denied that any officer had been confined as alleged and specifically stated that the stoppage of work was due to the Manager's refusal to supply steam. The reply of Dr. Mukherjee does not appear to have been refuted. In the charge-sheet a letter, dated 6th May 1949, was referred to in which the Chairman of the Directors of the McLeod & Co., Ltd., warned Dr. Mukherjee that disciplinary action would be taken against him if he would not obey the instruction of the Manager. The letter is Exhibit C. Exhibit D is the copy of the reply of Dr. Mukherjee to this letter. The matter appears to have been dropped there. Either the reply of Dr. Mukherjee was considered satisfactory or the lapses of Dr. Mukherjee, if any, were condoned.

I have discussed all the relevant facts placed before me. All the instances of misconduct on which evidence was led before me were prior to the charge-sheet. They were either explained away by Dr. Mukherjee to the satisfaction of the management or were condoned. The charges brought against him were withdrawn and he was reinstated and was granted leave for six months. There could not be nor was there any fresh instance of misconduct in between the period of withdrawal of the charges and the grant of leave of Dr. Mukherjee. Having discussed the facts of the case at length I shall now discuss the law.

Industrial Tribunals have been clothed by the Industrial Disputes Act, 1947 with unlimited powers to direct reinstatement. The question was left up to the Hon'ble Federal Court and the matter has been set at rest by the recent decision by the Hon'ble Federal Court. Although there is nothing in the Act to limit the jurisdiction of Industrial Tribunals in any way, the majority of the Judges of the Tribunals interfered with the employers' decision and action and directed reinstatement when an employer was found to have been wrongfully discharged by way of victimisation or as an unfair labour practice. Most of the Judges refused to interfere where the dismissals were found to have been on grounds other than victimisation and unfair labour practice either on the ground of expediency or on account of restricted view about the jurisdiction of the Industrial Tribunals. I do not propose to discuss whether an Industrial Tribunal is justified to interfere with all cases of wrongful dismissals not connected with victimisation or unfair labour practice. It has become almost a convention with the Industrial Tribunals to intervene and to direct reinstatement whenever dismissal of a workman is found to have been connected, though not openly, by victimisation or unfair labour practice. The terms "victimisation" and "unfair labour practice" have not been defined anywhere in the Industrial Disputes Act. The amended Trade Unions Act enumerates some instances of unfair labour practice. Those are in connection with trade unions. Cases enumerated in the amended Trade

Unions Act cannot be an exhaustive list of "unfair labour practices". "Victimisation" has been defined in an award given by Jonab Niwaj Muhammad in the case of *Mazdoor Hargaoon vs. Arjun Sugar Mill* as whatever injuries or illegality affects an employee. In the case of Coimbatore Cement Work, the adjudicator Sri C. R. Krishnaram has defined the term as the taking of some action prejudicial to the workers on some pretext other than the real reason. In my opinion any order made in bad faith with an ulterior motive, arbitrarily or with harshness, is an instance of unfair labour practice. Some of the adjudicators appear to have taken a restricted view of the term "unfair labour practice". I need not enumerate instances of unfair labour practice. It is now settled that Industrial Tribunals have jurisdiction to direct reinstatement of any dismissed employees if such dismissal is prompted by unfair labour practice or a spirit of victimisation.

Two preliminary objections have been raised in this case on behalf of the employees. The first objection is that Dr. Mukherjee is not a workman within the meaning of the Industrial Disputes Act, 1947, and that the Union cannot be permitted to canvass on his behalf before the Industrial Tribunal. In support of this contention reference has been made to the award for the joint Steamer Companies published in the *Calcutta Gazette*, dated the 22nd September 1949. I may mention that the award was given by me. The principle which I laid down in the said award is not applicable here, because the facts of the case were quite different from the facts of the present case. An industrial dispute has been defined to mean any dispute or difference between employers and employers, or between employers and workmen, or between workmen and workmen which is connected with the employment or non-employment or the terms of employment or with the conditions of labour, of any person. "Workman" has been defined to mean any person employed (including an apprentice) in any industry to do any skilled or unskilled, manual or clerical work for hire or reward and includes for the purposes of any proceedings under the Industrial Disputes Act in relation to an industrial dispute, a workman discharged during that dispute. Assuming that doctors are not workmen within the meaning of the term as defined in the Industrial Disputes Act, "any person" in the definition of "industrial dispute" seems to be sufficiently elastic to include a doctor. Even assuming that Dr. Mukherjee was not a workman he was not an officer for he was not clothed with any of the management functions, as was found in the case of Mr. Platts, an officer of the Joint Steamer Companies. In the interests of the industry I observed in the award for the Joint Steamer Companies that a member of the supervisory staff who is clothed with some of the management functions should not be permitted to join a union of workmen and such union should not be permitted to canvass for the officer. That is one of the grounds on which I dismissed the case of Mr. Platts. The other ground was that the grievance of Mr. Platts was not identified with the workmen. The demand was not for the benefit of the workmen and non-compliance with the demand could not be made the grievance of the workmen. I may be permitted to quote below the principle on this point which I laid down in the award for the Joint Steamer Companies:—

"It is clear from the definition that there cannot be any industrial dispute between an employer and an employee who is not an workman or, in other words, who is an officer. The workmen or their Union may demand employment or unemployment of an officer as a dispute between the employers and the workmen, or in other words, the workmen or their Union can make such a demand for an officer only when it is a dispute of the workmen. The demand must be identified with the workmen before the

are entitled to canvass it. The demand must be for the benefit of the workmen and the workmen must have made non-compliance with the demand on their own grievance. Unless this condition is fulfilled, the workmen or their Union has no right to canvass a demand which concerns an officer. In the present case, the reinstatement of Mr. Platts cannot be in the interests of the workmen. The workmen did not make the discharge of Mr. Platts a grievance of their own. It is only because Mr. Platts became a member of the Union and requested the Union to canvass the demand of his own on his behalf and in his interests, the Union took up the cause. Discharge of officers by employers is not always a grievance of the workmen and hence not a dispute or difference between employers and workmen. It may be so under certain circumstances, but those circumstances are not present here. The whole object of the Industrial Disputes Act is to settle disputes between employers and employers, employers and workmen and workmen and workmen. The Act does not provide for settlement of any dispute between employers and employees other than workmen. All disputes raised by workmen cannot be industrial disputes. To entertain a dispute raised by workmen as an industrial dispute, the real test is whether it is a genuine dispute of the workmen and whether it affects the workmen."

It is thus clear that the grounds on which I rejected the case of Mr. Platts are not present here. Dr. Mukherjee was not entrusted with any of the management functions as Mr. Platts was. Mr. Platts became a member of the Union only to have his case canvassed by the Union. But Dr. Mukherjee is an active member of the Union from almost its inception. The workers were interested in him so much so that they would not allow Dr. Mukherjee to go on leave according to the terms of the settlement following the charges formulated against him. He was a representative of the workmen in the Works Committee and was a staunch fighter for the interests of the workmen. I accordingly hold that the demand for reinstatement of Dr. Mukherjee is in the interests of the workmen. The workmen have identified themselves with the grievance of Dr. Mukherjee. Thus there is no legal bar for the Union of the workmen canvassing reinstatement of Dr. Mukherjee. The principles which are applicable in a case of reinstatement of a workman shall also be applicable here. Dr. Mukherjee is entitled to be reinstated, provided his dismissal appears to have been prompted by unfair labour practice or a spirit of victimisation.

It has already been found that whatever misconduct Dr. Mukherjee was guilty of was prior to the charge-sheet framed against him. The instances of misconduct were either covered by the charges brought against him or had been explained away to the satisfaction of the Manager. There was no fresh instance of misconduct. Offence once condoned cannot be made a ground for dismissal, but when an employee commits a new offence, his past offences which have been condoned may be taken into account in assessing the punishment. But Dr. Mukherjee has not been charged with any new offence. Necessarily a question arises why Dr. Mukherjee was dismissed. No satisfactory explanation could be offered by the employer except that Dr. Mukherjee had been connected with the labour taking an active part in their activities. It may be mentioned in this connection that Dr. Mukherjee's candidature for membership of the Works Committee was turned down by the management. The Government had to be moved on this point and the Government direction was that Dr. Mukherjee would be one of the workers' representatives in the Works Committee. It has been contended on behalf of the employers that their objection was that Dr. Mukherjee was not a workman. He might not have been a workman but he was not an officer having any interest that might clash with that of the workers.

Another objection was placed before me that it was a case of discharge and not a case of dismissal, and that as such the present case is outside the jurisdiction of the Tribunal. The word "non-employment" in the definition of the "industrial dispute" is sufficiently elastic to include all cases of termination of service. If any employee is discharged on a charge of misconduct or even arbitrarily it is a case of dismissal, although management may be reluctant to call it so. Change of name cannot alter the real nature and character of the action. In such cases of termination of service, whether it be called a discharge or a dismissal, the Industrial Tribunal can assume jurisdiction under the Industrial Disputes Act, 1949, to investigate into the case and to direct reinstatement if a case of victimisation or unfair labour practice is made out. The mere fact that the management calls it a discharge and offers to pay the aggrieved employee one month's wage in lieu of notice and his provident fund money and other dues available to him under the prevalent terms and conditions of service under the management, the jurisdiction of the Tribunal is not ousted. Sometimes such a course is adopted by the management with the ulterior motive to take out the case out of the jurisdiction of the Industrial Tribunal. This itself is an instance of unfair labour practice. I may hardly repeat that the Industrial Tribunal has jurisdiction to investigate into all cases of termination of service by way of discharge or dismissal or reinstatement and to direct reinstatement whenever the termination of service appears to have been improperly made. But as a matter of convention and practice, Industrial Tribunals have consistently refused to intervene unless there is victimisation and unfair labour practice on the part of the management.

In deciding what the immediate cause of Dr. Mukherjee's discharge was and whether such a discharge was prompted by a spirit of victimisation and unfair labour practice, the following facts must be taken into account—

(1) All instances of misconduct were prior to the charge-sheet which had already been withdrawn; and most of these were either covered by the charges brought against Dr. Mukherjee and the other appear to have been explained away to the satisfaction of the management.

(2) There was no fresh instance of misconduct on the part of Dr. Mukherjee.

(3) Even if there had been any instances of misconduct which were neither explained away nor were covered by the charges, no fresh charge-sheet was drawn up against Dr. Mukherjee, and no opportunity was given him to defend himself against any charge based on such misconduct.

This point is based on the principle of natural justice. The principle of natural justice is an equitable principle and equity demands this principle to be followed even in domestic tribunals.

(4) Dr. Mukherjee was an active member of the Union fighting for the workmen. It is clear from paragraph 10 of the Company's statement to which I have already made a reference and from the evidence of Mr. Ralph Morrison that Dr. Mukherjee was discharged on account of his association with the workers and their union. But nothing has been suggested if the workers had been violent at any time, if Dr. Mukherjee had instigated the workers to be violent or has Dr. Mukherjee ever acted unconstitutionally and exceeded the legal provisions.

On a careful consideration of the facts and circumstances of the case I direct that Dr. Mukherjee be reinstated without any loss of pay and allowances and service. He shall be paid full salary and all allowances that were available to him at the time when his services were terminated less any

amount that has already been paid for the period beginning from the date on which his services were terminated till the date on which he is reinstated. He shall also be entitled to any increments of salary, if any has been due under the existing terms and conditions of service during this period. This period shall be considered as leave on full pay and shall not be deducted from the leave which is either due to him or may accrue in future. In the interests of Dr. Mukherjee and the management I recommend that Dr. Mukherjee may be transferred to any other mills under the management of Messrs. McLeod & Co., Ltd., without any pecuniary loss to him. If he is transferred to any other mill, his total service up to the date of his reinstatement shall be taken into account in assessing the benefits available to him under the terms and conditions of service and his new appointment on transfer shall be deemed to be in continuity of the service already put in. The arrear dues of Dr. Mukherjee shall be paid to him within a month from the date on which the award comes into force.

A. DAS GUPTA, *Judge*.

The 22nd August 1950.

By order of the Governor,
D. S. P. MUKHERJEE, *Jt. Secy.*

ORDER.

No. 4926Lab.—2nd September 1950.—Whereas under the Government of West Bengal, Labour Department, order No. 32Lab., dated the 5th January 1950, the industrial dispute between Victoria Glass Works of Ghusury, Howrah, and their workmen represented by the Howrah District Glass Factory Workers' Union, 1, Bazar Lane, Bally Bazar, Howrah, was referred for adjudication to Sri A. Das Gupta, District Judge;

And whereas the said Sri A. Das Gupta, District Judge, has submitted to the State Government his award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of reference No. 32Lab., dated the 5th January 1950, of the Government of West Bengal, Labour Department, and in the matter of an industrial dispute between Victoria Glass Works of Ghusury, Howrah, and their workmen represented by the Howrah District Glass Factory Workers' Union, 1, Bazar Lane, Bally Bazar, Howrah.

PRESENT: SRI A. DAS GUPTA, *District Judge*.

For the Company: Sri S. C. Sen, Advocate and Sri N. M. Das Gupta, Pleader, assisted by the officials of the Company.

For the Union: Sri P. K. Sanyal, Advocate, assisted by Sri Tarak Banerji, Secretary of the Union.

AWARD.

The following points were raised:—

- (1) Basic Pay—Grades and scales.
- (2) Dearness allowance.
- (3) Bonus.

- (4) Retiring benefit.
- (5) Leave.
- (6) Maternity benefit.
- (7) Cheap canteen.
- (8) Arrangements of drinking water, latrine and washing.
- (9) Medical facilities.
- (10) Free quarters.
- (11) Service conditions—
 - (a) Appointment.
 - (b) Permanency.
 - (c) Involuntary unemployment.
 - (d) Retrenchment and dismissal.
- (12) Reinstatement of 18 workers mentioned in paragraph 5 of the Union's written statement or compensation.
- (13) Legality of the reference.

Point No. 13.—Legality of the reference.

I take up the last point first. This point was decided as a preliminary objection on 20th February 1950. Order No. 8 of the order-sheet may be referred to in this connection. I do not propose to reproduce the order over again. My decision was that the reference is good in law. The contention of the Company is overruled.

Point No. 12.—Reinstatement of 18 workers mentioned in paragraph 5 of the Union's written statement or compensation.

After the evidence on this point was closed, the Company informed me through Sri S. C. Sen, Advocate, that the Company would take in each and every discharged workman mentioned in the Union's written statement who would apply directly to the Company (neither through the Tribunal nor through the Labour Commissioner nor through the Union) praying for reinstatement by 5th June 1950. The Union agreed to these terms and these terms were immediately recorded in the order-sheet (*vide* order No. 13, dated 29th May 1950).

Points Nos. 1 and 2.—Basic Pay—Grades and scales and dearness allowance.

The Company have not pleaded any financial inability. The Company have been paying wages to different workers without any separate dearness allowance or in other words, the total emoluments are made up of basic wages and dearness allowance. Nothing has been suggested as to what percentage of the total emoluments is dearness allowance. In the absence of any previous history of the wage-structure, it is not possible to separate the basic wage and dearness allowance, and the Company have not demanded such separation. The consolidated rate is to the advantage of the workers, for, gratuity, provident fund contribution and bonus will have to be calculated on the consolidated amount, for any deduction on account of dearness allowance for the purpose of calculation of these benefits will be only arbitrary. The fact that the workers will get some additional benefit because their dearness allowance has been consolidated with basic wages must be taken into account in revising the existing wage structure. Even if we consider this aspect of the existing wage structure, the wage-scales for most of the workers are too low. Nothing has been said by any party if the

Company have any fixed rates of increment, and in the absence of any suggestion I presume that the existing rates of increment are not fixed and are entirely discretionary.

A survey of the glass industry in West Bengal clearly indicates that it has not as yet reached that perfection which may totally dispense with foreign import. It shall be the duty of the workers to speed up production so that the prices of finished goods are cheap enough to exclude foreign import, and at the same time to improve the quality so that the finished goods of this province may stand comparison with imported foreign goods. We may increase the wages of workers without regard to the quality and quantity of production, but this will not benefit the workers in the long run. To secure a lasting benefit, the workers should strain themselves to improve the quality and quantity of production. This will bring in improvement in the service condition as a matter of course. Linking increments with production has a salutary effect both on the workers and on the industry. Any scheme of automatic increments is likely to encourage lethargy and indolence but as no materials have been placed before me to enable me to work out a scheme for linking wages and increments with production, I shall have to lay down a scheme of periodical increment. To counteract the evil effect of such a scheme I propose to place some efficiency bars.

Because of the fact that price of glass products must be kept under control with a view to compete with imported goods the wages of workers in glass industry are not always according to the accepted concepts of minimum wage and fair wage. According to the experts' estimate Rs. 30 is considered as the minimum basic wage of an unskilled worker and Rs. 30 as dearness allowance at a cost of living index 300 to 310. The wage must be fixed against the background of an economic condition of the country and the industry as a whole, and prevailing rates of wages for comparable occupation of the locality. The cost of living have abnormally gone up. This affords only an external standard for fixing minimum wage, but in practice, this is tempered by other considerations which should form the background. The idea is that in view of the low national income per capita each and every man should make some sacrifice. It may also be remembered that every rise in cost of living index cannot be compensated by an industry which produces goods of human necessity. The test is how far the industry has been benefited by the rise.

I have discussed the economic position of the industry as a whole in relation to foreign competition. I append to this award a comparative chart of the total emoluments for workers of all categories employed by the present and some other glass factories. This is Annexure A.

Considering all these facts I lay down the following grades and scales:—

Designation.	Grades and scales.	Adjustments.
Durwan	.. Rs. 50—1—55—E. B.—1—60 ..	The existing employees shall be placed at the stage next above their respective wages.
Drivers	.. Rs. 90—2—100—E. B.—3—130	
Fireman	.. Rs. 3-8 per day to Rs. 4-1 per day—E. B. Rs. 4-4. Annual increment at Rs. 1-6 per day or the existing rate of increment, whichever is higher.	
Fire Cooly	.. Rs. 1-12—A. 1—Rs. 2—E. B.—Rs. 2-4.	The existing employees shall be pulled up to Rs. 1-12 per day and those who are now getting Rs. 1-12 shall get Rs. 1-13.
Coal Cooly	.. Rs. 1-9 per day	.. The existing staff shall be given the minimum of Rs. 1-9.

Designation.	Grades and scales.	Adjustments.
Packer (gunny and straw)—		
Male ..	Rs. 1-10—A. 1—Rs. 1-14— E. B.—A. 1—Rs. 2-2.	All members of the existing staff of these categories shall be placed at the stage in their respective grades next above their existing wage. In no case the workers shall get less than the minima prescribed for their respective grades.
Female ..	Rs. 1-6—A. 1—Rs. 1-10	
Packer (paper)—		
Male ..	Rs. 1-9—A. 1—Rs. 1-11	No change.
Female ..	Rs. 1-5—A. 1—Rs. 1-9	
Lineman ..	Rs. 1-12—A. 1-3—Rs. 2-1— E. B.—As. 1-6—Rs. 2-7.	Each worker shall be placed at the stage in his respective grade just above his existing wages.
Cooly—		
Lorry ..	Rs. 1-9—A. 1—Rs. 1-11	
Mixing ..	Rs. 1-9—A. 1—Rs. 1-11	
Blowing ..	Rs. 1-9—A. 1—Rs. 1-11	
General ..	Rs. 1-8	The existing worker shall get an increment of Rs. 5.
Grinding—		
Grinder (female)	Rs. 1-6—A. 1—Rs. 1-8	
Grinder (male)	Rs. 1-14—(fixed)	
Dutyman ..	Rs. 3-8—As. 3—Rs. 5—E. B.— As. 4—Rs. 6.	
Blower ..	Rs. 5—As. 2—Rs. 6	Workers shall be placed in their respective grades at a stage next above their existing wages, and in no case any worker shall get less than the minimum fixed for their respective grades. Fitter and Blacksmith shall get an increment of Rs. 5.
Machineman ..	Rs. 2-12—As. 1-3—Rs. 3-8-6— E. B.—As. 1-6—Rs. 4.	
Helper ..	Rs. 2-10—As. 1-3—Rs. 2-15— E. B.—As. 1-6—Rs. 35—E. B.— As. 1-6—Rs. 3-14.	
Neckmaker ..	Rs. 3-4—As. 1-3—Rs. 3-11-6— E. B.—As. 1-6—Rs. 4.	
Lineman ..	Rs. 2-12—As. 1-6—Rs. 3-8	
Babbler ..	Rs. 2—As. 1-3—Rs. 2-15—E. B.— As. 1-6—Rs. 3-8.	Workers shall be placed in their respective grades at a stage next above their existing wages, and in no case any worker shall get less than the minimum fixed for their respective grades. Fitter and Blacksmith shall get an increment of Rs. 5.
Blowingman ..	Rs. 1-10—A. 1—Rs. 1-12	
Mixingman ..	Rs. 85 per mensem (fixed)	
Turner ..	Rs. 90—2—100—E. B.—3—115	
Fitter ..	Rs. 85 (fixed)	
Blacksmith ..	Rs. 60 (fixed)	Workers shall be placed in their respective grades at a stage next above their existing wages, and in no case any worker shall get less than the minimum fixed for their respective grades. Fitter and Blacksmith shall get an increment of Rs. 5.
Helper ..	Rs. 1-9 per day—As. 1-6—Rs. 1-15 per day.	

I do not award any separate dearness allowance. The new rates shall come into effect from the date when the award comes into force and the award for the next increment shall be counted from that date.

Point No. 3.—Bonus.

I have substantially raised the wages of the workers. The workers would wait and see how these increments react on the financial resources of the industry. To add to the burden likely to be increased by the increment in wages, a scheme of Contributory Provident Fund will also be introduced. This will also add to the existing burden. Considering all these facts and circumstances I do not propose to enlarge upon the existing practice of the company about bonus. The existing practice shall continue.

Point No. 4.—Retiring benefit.

I direct that a Contributory Provident Fund shall immediately be started with contribution on either side equivalent to $6\frac{1}{2}$ per cent. of the monthly wages of the permanent workers. I recommend that the rule shall conform to the Model Rules framed by the Government for industrial workers as far as possible. For the period anterior to the institution of a Provident Fund directed the worker shall get as gratuity half month's wages for every completed year of service subject to a maximum of 15 months. For calculation, the wages just before enforcement of this award shall be the basis. This shall be paid to the workers in the same way as the employers' contribution to the Provident Fund are payable according to the Model Rules framed by the Government, and shall be payable with the Provident Fund money, provided such Provident Fund is started before the service of any particular employee is terminated by retirement, death, ill-health, retrenchment, resignation or otherwise. In case of voluntary resignation except on ground of health the qualifying service for such gratuity shall be 15 years.

Point No. 5.—Leave.

Privilege leave as prescribed by the Factories Act.

Festival and National holidays.—Eight days in a year to be selected in consultation with the Union.

Casual leave.—Five days in a year, non-cumulative.

Sick leave.—Fourteen days for each year of service cumulative up to 6 months in the entire service. Sick leave shall be granted on production of medical certificate from a registered medical practitioner. If the Company has any reason to suspect this certificate, it will be at liberty to satisfy itself about the illness of a particular worker by having the worker examined by its own doctor.

Points Nos. 6 to 8.—Maternity benefit, cheap canteen and arrangements of drinking water, latrine and washing.

The Company are directed to strictly follow the provisions of the Maternity Benefit Act and the Indian Factories Act on these matters.

Point No. 9.—Medical facilities.

The Company have some arrangements. I do not propose to enlarge on such arrangements except that whenever any worker is injured while working or contracts any illness peculiar to the industry, the Company shall arrange for the treatment of such a worker and shall pay the entire cost of treatment.

Point No. 10.—Free quarters.

The Company have some godowns and pucca rooms which the workers use on payment of proper and usual rent. It has been settled that the responsibility for housing all workmen in urban areas cannot be left to the employers only, and that the problem may be successfully tackled only by concerted efforts of the Government and the employers. A substantial

burden has been cast upon the financial resources of the Company by the increment of wages and by introduction of a scheme of retiring benefits.] do not propose, in the interests of the industry, to add further burdens. The Union's demand on this point is accordingly rejected.

Point No. 11.—Service conditions—(a) Appointment, (b) Permanency, (c) Involuntary unemployment, (d) Retrenchment and dismissal.

(a) Appointment.

The demand of the Union is that every appointment shall be made in consultation with the Union. This demand is rejected. The employer shall be the sole judge to decide whether the qualification of a particular worker will satisfy their requirements.

(b) Permanency.

All workers shall be on probation for six months in the first instance. They shall be confirmed after six months' probation, provided they are found fit by the employers. If found unfit, the period of probation may be extended, provided both employers and the workers concerned agree.

(c) Involuntary unemployment.

I lay down the following Rules:—

(1) Compensation shall be paid to workmen for short time involuntary unemployment due to stoppage of work beyond the employers' control except where closures of factories or of department are due to special Government orders, and where closures have been made with adequate notice to the workers.

(2) Such compensation shall be 50 per cent. of the basic wages and dearness allowance of the daily workers laid off.

(3) In the case of a piece-rater, the rate of wages should be taken to be the average wages of the preceding seven days during which the worker actually worked.

(4) The duration of the benefits should be one month in each half year from January to June and July to December respectively.

(5) The involuntary unemployment benefit will not qualify the worker for bonuses determined by reference to earnings for the period.

(6) Workers liable to be retrenched on account of closures of a department for *bona fide* trade reasons but laid off by agreement only to be absorbed in another department shall not be entitled to any benefit under this rule.

(7) The period of such involuntary unemployment shall not be considered as a break in the service. Past services of the workers shall be taken into account, the period of unemployment being considered as leave.

This rule is considered as sufficient compensation for those workers who are although liable to be retrenched on account of closure of a department are laid off only for a short period to be absorbed in some other department.

(8) To qualify for the benefit a worker must answer to a Muster Roll on a day at his usual place of his employment, or with the permission of the employers at any other place.

(9) A worker will be ineligible for the benefit if he unreasonably refuses to work even of a different sort in his usual factory or by transfer from one department to another in the same undertakings.

(10) The scheme will not affect the right of the employer to discharge a worker, or the right of the employee to discharge himself with due notice according to law and the prevailing rules of service.

(d) *Retrenchment and dismissal.*

I lay down the following rules:—

(1) A written charge shall be framed against the employee in fault and shall be handed over to him specifying the facts on which the charge is based in good time to enable him to prepare his defence.

(2) Then a date shall be fixed for enquiry sufficiently ahead with due notice to the employee concerned. An opportunity should be given to him to defend himself either by himself or by an official of the Union or by a *bona fide* lawyer. He should be given facilities to examine and cross-examine the witnesses.

(3) If the charge is disproved, no punishment shall be inflicted upon him except where the enquiring officer entertains a grave doubt about the honesty of the worker in which case he may be warned or discharged with usual notice and with usual compensation. If the charge is proved the employee shall be given such punishment as the offence proved justifies.

(4) The employee concerned may appeal against the recommendation of the head of the department who holds the enquiry both on merit and punishment to the local head, who shall pass the final orders after hearing the employee concerned, and examining the materials on the record. In cases of punishment previous record if any and other extenuating circumstances shall be taken into account.

(5) Before an employee is awarded extreme punishment of dismissal, employers should consider whether a lighter punishment would have been sufficient in the circumstances of the case.

In case of grave misconduct and dishonesty affecting the interests of the industry, an employee may be suspended pending enquiry; but in no case before the specific charge is framed against him in writing. If he is acquitted of the charge, he shall be reinstated with full wages and other benefits he would have been entitled to during the period of suspension.

In matters of *bona fide* retrenchment "last come first go" shall be the guiding rule. Deviation from this accepted principle is permissible in consideration of comparative efficiency of the employees, their conduct and other factors. The Union demands that there should not be any retrenchment. It has not disputed the sufficiency of the notice or compensation which the companies allow to a retrenched worker. Retrenchment is a necessary incident of all industries and for *bona fide* trade reasons when retrenchment is called for, Tribunals should not interfere, for any such interference may lead to irremediable loss to the industry, and may ultimately affect the whole body of workers. The Standing Orders shall be amended in the light of the directions given in this award on different points.

At the time of fresh appointments, retrenched employees shall get the same preference, other things being equal. It must be noted that in re-employing retrenched employees it is only efficiency and ability that counts and not the principle "last come first go".

ORDER.

No. 5116Lab.—7th September 1950.—Whereas under the Government of West Bengal, Labour Department, order No. 837Lab., dated the 19th March 1948, as amended by orders Nos. 2202Lab., dated the 2nd July 1948, and 4608Lab., dated the 10th August 1949, the industrial dispute between the Grand Hotel of Chowringhee Road, Calcutta, and their employees represented by the Grand Hotel Employees' Union, 26, Neogipukur Lane, Calcutta was referred for adjudication to Sri P. R. Mukherjee, District Judge;

And whereas the said Sri P. R. Mukherjee, District Judge, has submitted to the State Government his award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an industrial dispute between the Management of the Grand Hotel, Chowringhee Road, Calcutta, and their employees represented by the Grand Hotel Employees' Union of 26, Neogipuku Lane, Calcutta.

PRESENT :

SRI P. R. MUKHERJEE, *Chairman, Industrial Tribunal.*

For the Company: Sri G. P. Kar, Bar.-at-Law, instructed by Sri M. I. Jhunhunwala.

For the Union: Sri J. Pandey, Secretary of the Union.

AWARD.

This dispute was originally referred to Sri S. K. Sen, I.C.S., who services being no longer available it had been referred to Sri S. K. Halder, I.C.S., for adjudication. The services of Sri S. K. Halder also being no longer available, the dispute was referred to me for adjudication by the Government of West Bengal by an order No. 4608Lab., dated Calcutta, 10th September 1949.

The case of the Union is that the Company is about 50 years old and a prosperous one. In 1947 more than 50 per cent. of the workers (senior staff and junior staff) were retrenched and very strong sense of discontent as regards the terms and condition of service prevailed when the work started Union for collective bargaining. The Company, it is alleged, did not look upon the birth of the Union with favour and tried to handicap workers in many ways.

The Union on 1st July 1948 formulated a charter of demands. The Company according to Union started victimisation and is maintaining sympathetic and vindictive attitude towards the workers. The Union prays for recognition of the Union, security of service, fixation of scale of pay, gradation, dearness allowance, city allowance and other privileges.

The Management in reply states that until the second world war started the business of Grand Hotel was a losing concern. The business of the Grand Hotel being hotel business, the income thereof was always fluctuating

Regarding discharge of workers, the Management states that after the end of the great war and with the departure of Military Officers, business of the Grand Hotel started falling gradually. So at the end of the year 1947 was decided to retrench the staff over and above the usual seasonal retrenchment that takes place every year.

Regarding scales of pay and emoluments the Management submits that each member of the junior staff, i.e., butlers, boys, sweepers, bearers get all their meals of the day free of cost; over and above the members of the junior staff get heavy tips. The junior staff are also housed within the hotel compound and the durwans get residential quarters at Moft Lane.

ISSUES.

1. Existence of an industrial dispute between the Management of the Grand Hotel and its employees and jurisdiction of the Tribunal to go into the demands raised by the Union's written statement.
2. Recognition of the Grand Hotel Employees' Union.
3. Conditions of service—
 - (a) Probationary period.
 - (b) Mode of discharge, retrenchment, dismissal or other punishment.
4. Minimum basic pay and scales of pay for different categories of workers.
5. Dearness allowance for different categories of workers.
6. (a) Free quarters or house rent allowance.
(b) City allowance.
(c) Night allowance.
(d) Distribution of service or tip-charges.
7. Retiring benefits—Contributory Provident Fund, gratuity, pension.
8. Compensatory bonus for war years and general annual bonus.
9. Leave and holidays.
10. Working hours and overtime: break duty system.
11. Medical facilities.
12. Other amenities—
 - (a) Free tiffin and meals during duty hours.
 - (b) Education allowance for children and for technical training of diligent workers.
 - (c) Rest and recreation centres.
 - (d) Provision of urinals and lavatory for workers.
13. Reinstatement of the workmen mentioned in paragraphs 11, 14, 23, 24, 25 of Union's written statement.
14. Condonation of break of service of D. B. Dutta.

No. 1.—Existence of an industrial dispute between the Management of the Grand Hotel and its employees and jurisdiction of the Tribunal to go into the demands raised by the Union's written statement.

In the contention of the Management, that the Tribunal has no jurisdiction to adjudicate disputes of the hotel employees, the matter went up to

the Hon'ble High Court which decided that the Tribunal has full jurisdiction to entertain a dispute amongst hotel employees. So the issue is answered accordingly.

Issue No. 2.—Recognition of the Grand Hotel Employees' Union.

The prayer for recognition of a Union is strictly speaking not an industrial dispute. It has been held by almost all the Calcutta Tribunals that this is not an industrial dispute.

Issue No. 3.—Conditions of service—(a) Probationary period, (b) Mode of discharge, retrenchment, dismissal or other punishment.

It was urged by the Union that an employee is to be made permanent after 3 months' employment. The Union also wanted some rules to be framed. On hearing both the parties I order that the Management should maintain a panel of temporary workers who should be on probation for 3 months and be absorbed in permanent vacancy only (1) if his service is satisfactory and (2) if there is vacancy in the same cadre. This rule shall not apply to the employees who work on daily basis.

Regarding discharge, dismissal and other punishment the Management should hand over a copy of the charge to a delinquent employee and ask him to explain the conduct and give an opportunity to defend him before disciplinary action is taken. In case of first offence of light nature ordinarily a strong warning or fine may be resorted to. Dismissals should be made in case of offences involving serious moral turpitude or gross insubordination.

Issues Nos. 4 and 5.—Minimum basic pay and scales of pay for different categories of workers and dearness allowance for different categories of workers.

I divide the workers under the following categories:—

Unskilled.

Helper, Helper in Kitchen, Pantryman, Utensil Cleaner, Rice Picker, Kulaighar, Waiter, Trolley-boy, Telegu Boy, Bar Cooly, Guide, Store Cool, Mosalchi, L. P. Waiter, Bearer, Assistant Butler, Sweeper, Bell Boy, Porter, Durwan.

Semi-skilled.

Butler, Staff Cook, Barman, Bank Durwan, Liftman, Boiler Cool, Assistant Mistri, Boiler-man, Mason, Washerman.

Skilled.

Cook, Confectionery Assistant, Ice Factory Mistri, Tailor, Sorter, Iron Couch Mistri, Electric Mate, Pump Attendant, Pipe and Gas Attendant, Carpenter, Raj Mistri, Key Maker, Head Mistri, Key Mistri, P. Attendant, Washing Hydro-machineman, Calendar Machineman.

I suppose the list is exhaustive, but if any class of workers is left out the Management will classify under one of the three heads according to nature of the job, and also with reference to the award given in the case of the Great Eastern Hotel as far as possible. I fix the following scales of pay for the different categories.

Unskilled—Rs. 30—1—35.

Semi-skilled—Rs. 35—1—50.

Skilled—Rs. 50—1—81.

Dearness allowance shall be Rs. 30 in each and all of the above categories. there be any employee who is below 16 years of age, he shall get 75 per cent. of the basic salary of the above grades and 75 per cent. of the dearness allowance.

The Company in some case allow both the meals and in some case allow one meal. I assess the value of each principal meal at Rs. 12-8. The value of two principal meals would be Rs. 25. It is further provided in the award that both the employers and the employees will have option to pay or demand the dearness allowance in cash in lieu of meals supplied by the management.

In hotels, the practice of tips is prevalent and the Company in their statement submitted to me the amount of tips received by each employee. The tips are of two kinds—those that are paid by the Company to the workers after realising the sum from customers and those received direct from customers by the employees. So far as the amount of tips shown to have been received direct from the customers is concerned, and as shown in the schedule the Union objected to the amount saying that the amount is exaggerated. I had been to the hotel and verified on examining some dozen attendants on the spot. It was a mid-day and I found that almost all the workers had already by that time earned no less than Re. 1 and in some cases they had already pocketed amount varying from Rs. 2 to Rs. 3. So far as the workers of Palm Court, Casanova and Princes Restaurant within the hotel are concerned, they stated that they earned on the average Rs. 2 to Rs. 6 per night. The statement shown by the Company is, therefore, accepted as true, as in my opinion the value of tips shown in the schedule is easily the minimum and not maximum.

I direct that from the amount of dearness allowance fixed by me deduction could be made of the value of meals as also of the amount shown as earned tips. After making this deduction surpluses if any shall be paid as cash dearness allowance. If it appears that the value of meals and tips exceed Rs. 30 then no dearness allowance should be paid, and the excess amount shall be treated as extra allowance rather than basic pay. It is further directed that in no case the total emolument as shown under the annexure shall be reduced by the Management.

It is to be noted that for the purpose of gratuity and Provident Fund, maximum amount of salary as per grade shown under heads skilled, semi-skilled and unskilled should be standard even if the amount be in excess on account of addition of tips.

sue No. 6.—(a) Free quarters or house rent allowance, (b) city allowance, (c) night allowance, and (d) distribution of service or tip-charges.

The Union demanded free quarters or house rent at the rate of 15 per cent. of the pay or Rs. 50. The Management provides quarters for the junior staff as well as for watch and ward department and with regard to senior staff, the working hours have been so arranged that there is no necessity for making any provision for quarters and the Management tells that matters have been taken into consideration while making the basic salary of the senior staff. The employees of the lower grade get free boarding and lodging. They also get medical facilities and get bonus. The claim for these allowances is not justified and as such rejected.

The tips collected by the Management are proportionately distributed amongst the employees. Regarding distribution of service or tip charges, I am not inclined to make any order.

Issue No. 7.—Retiring benefits—Contributory Provident Fund, Gratuity and Pension.

It is now well settled that one kind of retiring benefit may be allowed. I understand that with regard to the senior staff the Management has started in July, 1949, a scheme of Provident Fund. With regard to junior staff the Management states that the very nature of hotel business and seasonal fluctuations of employment resulting in termination of employment makes it impossible to run a Provident Fund. There is obviously some difficulty in introducing Provident Fund amongst hotel employees of the lower grade for it has its slack season when many of the employees are not wanted and they of their own accord go on leave by rotation and the workers themselves decide which of the particular worker will go on such rotation leave. After the workers who have been on rotation leave rejoin the next batch of workers who will go on rotation leave will be selected by the workers themselves. So it is not possible to order introduction of Provident Fund. Moreover there are employees on daily rates in some departments the number whereof also varies from time to time. So in a hotel we have got a floating number of employees and if Provident Fund is to be introduced according to the principle of justice and equity these people must necessarily be excluded. This is likely to create great discontent and discord. So instead of bringing industrial peace it will prove a veritable apple of discord. After giving the matter my best consideration I am of opinion that gratuity is the only kind of retiring benefit and that most profitably be introduced in this concern. Provision of the system of gratuity shall be as follows:—

- (1) On retirement after continuous service for not less than fifteen years—Gratuity at the rate of half a month's basic wages for each completed year of service, subject to a maximum of fifteen months' basic wages.
- (2) On retirement before completing fifteen years' service by reason of superannuation on medical grounds or owing to any other sufficient cause approved by the employer in this behalf—Gratuity at the rate of half a month's basic wages for each completed year of service.
- (3) On death—Gratuity at the rate of half a month's basic wages for each completed year of service (payable to the employee's nominee or nominees or heirs), subject to a maximum of fifteen months' basic wages.
- (4) The basis of calculating gratuity shall be the average basic wages not including overtime wages or any allowances, bonuses or other benefits, during the last twelve months of service on full wages.
- (5) No employee will be entitled to gratuity unless he puts in three years' continuous service.

Claim of pension or Provident Fund is therefore rejected.

Issue No. 8.—Compensatory bonus for war years and general annual bonus

The Management gives annual bonus which is usually one month's basic salary. The Union demands 3 months' basic pay of the workers or 25 per cent. of gross profit whichever is higher. This claim is fantastic. The Management should continue to pay bonus to the tune of one month's basic salary and may grant more at its discretion. The claim for past bonus for war years is rejected.

Issue No. 9.—Leave and holidays.

With regard to this item on hearing both the parties I am inclined to introduce the same terms of my award in the case of Great Eastern Hotel which runs as follows:

“With regard to leave, the Management states that each employee is given 15 days’ privilege leave, over and above the senior staff gets a further 5 days’ sick leave on full pay. The Union demands (a) one month’s privilege leave with full pay, (b) 15 days’ casual leave with full pay, (c) 6 months’ sick leave—3 months’ with full pay and 3 months’ with half pay, (d) all gazetted holidays, (e) half Saturday and full Sunday. Regarding gazetted holidays, half days on Saturday and full days on Sunday I must say that the prayer is rather fantastic, for a hotel business which calls for all-round services during the year cannot be managed if such leave is allowed. Regarding leave and holidays, I think the decision of the award of Mr. P. K. Sarkar in the case of Messrs. A. Firpo, Limited, may reasonably be adopted. I direct that all categories of staff should get 7 days’ casual leave in a year with full pay; 15 days’ privilege leave with full pay should be considered equitable and this should be allowed to be accumulated for two years. All categories of staff should get this privilege leave. For the factory staff, this will include the 10 days’ holidays under the Factories Act. I further direct that the Company should grant 15 days’ sick leave which is at present being enjoyed by the senior staff in a year on full pay to all categories of employees, and that such leave should be sanctioned on production of medical certificate either from the Medical Officer of the Company or from any other registered medical practitioner.”

Issue No. 10.—Working hours and overtime: break duty system.

The Union demanded that the working hours on week days should be from 10 a.m. to 5 p.m. including one hour’s rest for tiffin and on Saturdays from 10 a.m. to 2 p.m. without recess (for clerical staff of the general office). Working hours for others, e.g., clerical staff of other department and junior staff of all the departments should be 42 hours in a week having a break for day and a half in each week.

On hearing both the parties I am inclined to hold that the working hours of all the employees of the hotel business cannot be regulated in the way suggested by the Union. I also find that the number of hours worked in the hotel is in no way excess to the hours of work allowed under the law.

The members of the junior staff have break duty in between breakfast, lunch and dinner of the residents or other customers. The duty amongst the members of the junior staff is thus arranged. They are to work from 10 a.m. to 9-30 a.m. and then from 12 noon to 2-30 p.m. and again from 5 p.m. to 10 p.m.

Some of the workmen are employed to do the night work and form a class by themselves and are paid higher basic salary than those who are employed during the day to do similar work. I do not like that there should be any change in the existing system.

Issue No. 11.—Medical facilities.

The Union demanded free medical advice and free medicines for the workers and their dependants at the expense of the Management.

The Management submits that they keep a part-time doctor for giving medical assistance to the employees if and whenever necessary.

I do not think any further concession can be allowed.

Issue No. 12.—Other amenities—(a) Free tiffin and meals during duty hours, (b) education allowance for children and for technical training of diligent workers, (c) rest and recreation centres, and (d) provision of urinals and lavatory for workers.

The Union demanded free tiffin to all workers and square meals to the workers when they are on duty free of charge. In this hotel each member of the junior staff, i.e., butlers, boys, sweepers and bearers, etc., get all their meals of the day free of cost. This will appear from the menus which will show that besides principal meals, tea is given to the employees free of cost twice a day. Management will have option to give cash value in lieu of meals.

Education allowance for children and for technical training of diligent workers.

The Union demanded education allowance for the children of the poor employees and also provision for technical training for diligent workers. The prayer is rejected as it is a fantastic demand to ask a hotel to provide for these facilities which will impose heavy burden on the establishment.

Rest and recreation centres.

The Management has every sympathy for rest and recreation and welfare scheme and is willing to support the organisation of the employees for such centres. As space in the hotel is limited, it is not possible for the Management to arrange such a centre within the precincts of the hotel. I make no adjudication on the point but leave the matter to the discretion of the hotel authorities, who will, I hope, help the Union if they start any recreation centre.

Provision of urinals and lavatory for workers.

It was complained that the lavatory and urinal arrangement for the workers is insufficient. This point was not much pressed during hearing. The prayer is rejected.

Issue No. 13.—Reinstatement of the workmen mentioned in paragraphs 11, 14, 23, 24, 25 of Union's written statement.

At the time of the hearing only one T. Gomes, Jagadish Chandra Band and Santosh Kumar Saha have been examined. Others did not come forward nor their case had been seriously pressed. I shall take up the case of each of these workers separately. According to the Union all of these workers were discharged for their Union activities. But the fact is not at all established. Mr. Brett, the General Manager, says that he does not know if there was any Union at all. Moreover except Jagadish none of these workers speaks anything about the Union activities. I shall first deal with the case of T. Gomes. He says he was in service for two years in staff kitchen and he was discharged without any charge-sheet or warning. The letter produced by him, however, shows that it was a case of retrenchment. From the evidence by Mr. Brett, General Manager, it is evident that the hotel which was more than fully occupied during the time of the last great war, was gradually losing customers since 1946 and they had to retrench the staff out of necessity. During the war, the Military Department of the Government of India requisitioned the hotel and this was staffed by Military Officers. Obviously after the great war the foreigners gradually sailed away and so the case of retrenchment *prima facie* is true. I see no reason to interfere in the case of Gomes.

Santosh Kumar Saha.

He says that he had been victimised for Union activity. He says that he was an active member of the Union but cannot say when the Union had been registered. The evidence of Mr. Brett, the General Manager, shows that the hotel was gradually losing customers and that the staff had to be retrenched out of necessity. I cannot believe that Saha had been dismissed for Union activity.

Jagadish Chandra Banik.

He says that he was all on a sudden discharged and he found the discharge notice on his table after he came back from lunch. He says that he had gone to the Manager with the charter of demands and that is the reason why he had been discharged. He also produces a certificate of good conduct from one Mr. Hahn. As against this the General Manager Mr. Brett on oath says that Jagadish used to come late every day and on several times he had been warned and later on transferred to the Accounts Department where he refused to go. Reading between the lines of evidence I am inclined to think that he had been discharged for misconduct. Regarding the certificate of good conduct Mr. Brett says that Mr. Hahn had got no authority on behalf of the Management to grant certificate and that it is only he, the General Manager, who can give the certificate of good conduct.

Issue No. 14.—Condonation of break of service of D. B. Dutta.

Regarding break of service of D. B. Dutta I leave the matter out of adjudication here as his case will be considered in the second reference of the Grand Hotel.

Chairman, Industrial Tribunal.

ing to the West Bengal Fire Service:

Provided that—

- (i) Special type of horns, preferably special
mechanically or electrically operated "P"
clarion bells not used by other motor
vehicles, shall be used to give audible
warning, and the same shall be rung con-
tinuously when the vehicle is proceeding
to fire or other emergency, to ensure safety
of other users of the road;
- (ii) the vehicles shall be well equipped with
signalling devices. In making the
signals specified in the Eleventh Schedule
to the Act, the driver shall give reasonable
warning of his intentions to other users
of the road before actually putting them
into effect;
- (iii) the driver of the vehicle shall keep as much
to the left of the road as is consistent with
the safety of the pedestrian and the
vehicle shall not be driven on the footpath
reserved for pedestrians. When the road
is sufficiently broad, the vehicle shall not
cross the centre line unless circumstances
demand so or the vehicle is intended to
turn for other sides;
- (iv) the driver of the vehicle shall obey traffic
signals but policemen controlling traffic
shall give such vehicles top priority for
movement; and
- (v) the vehicle shall not be driven at a speed
in excess of the speed allowable for other
motor vehicles except when proceeding to
a fire, in which case the driver shall take
adequate steps to ensure the safety of
other users of the road."

Judicial

NOTIFICATION.

No. 5743J.—6th September 1950.—In exercise of the power conferred by section 12 of the Calcutta Sheriff's Act, 1948 (West Bengal Act XXX of 1948), the Governor is pleased to make the following rules for carrying into effect the purposes of the said Act in regard to those functions of the Sheriff which are discharged under the administrative control of the State Government, namely:—

1. (1) These rules may be called the Calcutta Sheriff's Rules, 1950.

(2) They shall come into force on the 20th day of December 1950.

2. In these rules, unless there is anything repugnant in the subject or context,—

(1) "Deputy Sheriff" means the Deputy Sheriff of Calcutta;

(2) "High Court" means the High Court in Calcutta;

(3) "Sheriff" means the Sheriff of Calcutta;

(4) "the Act" means the Calcutta Sheriff's Act, 1948 (West Bengal Act XXX of 1948);

(5) "the Bank" means the Reserve Bank of India; and

(6) "year" means a calendar year.

3. The Sheriff shall receive an honorarium of Rs. 2,000 a year.

4. (1) The Deputy Sheriff shall be a wholetime officer appointed by the State Government after consultation with the Chief Justice of the High Court.

(2) No person shall be appointed as Deputy Sheriff unless—

(i) he is a barrister, advocate or attorney of the High Court of not less than seven years' standing; and

(ii) he has attained the age of thirty-five years but has not exceeded the age of forty years.

(3) The Deputy Sheriff shall receive such salary per month in the scale of Rs. 600—25—800 and such allowances, if any, as may be determined by the State Government: Provided that nothing in this sub-rule shall prevent the Deputy Sheriff from receiving any fees ordinarily received by him for functioning as the Marshall of the Vice-Admiralty Court.

(4) The post of the Deputy Sheriff shall be included in the West Bengal General Service, and in the matter of his appointment, conduct, discipline and other conditions of service, the general rules applicable to West Bengal General Service posts shall apply subject to those rules.

5. (1) The Sheriff shall be the head of the office of the Sheriff and shall, subject to the provisions of Article 309 of the Constitution of India, appoint all officers and servants (other than the Deputy Sheriff) of his office and regulate their conduct and discipline.

(2) The Deputy Sheriff may perform any of the functions of the Sheriff and shall perform such functions as the Sheriff may from time to time by any general or special order in writing delegate to him; and subject to the control and supervision of the Sheriff, the Deputy Sheriff shall be responsible for the efficient management and smooth working of the office of the Sheriff, and shall be the drawing and disbursing officer in respect of the staff and the contingency bills of the Sheriff's office.

6. On the 20th December, 1950, or as soon thereafter as possible, the balance as on the closing of the account on the 19th December, 1950, standing at the credit of Sheriff's Account No. II shall be deposited into a personal ledger account of the Sheriff with the Bank entitled "Account of the Sheriff of Calcutta". The Sheriff as well as the Deputy Sheriff shall be entitled to operate this account.

7. (1) On and from the date of coming into operation of these rules—

(a) all fees payable to the Sheriff, and all poundages other than disputed poundages and poundages on writs of possession, shall, not later than the next open day following the date of receipt, be credited to the Government in the Reserve Bank of India under the head "XXI—Administration of Justice—Miscellaneous fees and fines—Other miscellaneous fees and fines" under intimation to the Accountant-General of West Bengal;

(b) all fees payable to Sheriff's officers and servants, and all disputed poundages and poundages on writs of possession shall, not later than the next open day following the date of receipt, be credited into the "Account of the Sheriff of Calcutta" described in rule No. 6, and be subsequently dealt with as prescribed in sub-rule (3); and

(c) all charges payable to the Sheriff and his officers and servants, e.g., wages of temporary guards put in charge of attached property, advertisement charges, subsistence allowances for arrested judgment-debtors, etc., and all monies received under any warrant of arrest or attachment and all monies realised by sale or otherwise from the property of any judgment-debtor shall, not later than the next open day following the date of receipt or realisation, be credited into the "Account of the Sheriff of Calcutta" described in rule No. 6.

(2) All repayments out of the account of the Sheriff of Calcutta shall be made by means of cheque drawn upon the Bank, except petty refunds up to Rs. 20 which may be made in cash from the permanent advance.

(3) All disputed poundages in Sheriff's Account No. II just before the date of coming into operation of these rules, and all fees and poundages mentioned in sub-rule (1)(b) above, shall on disposal of any claims for repayment in respect thereof, be credited to Government in the manner described in clause (a) of sub-rule (1). The accounts shall be examined at the end of each month in order to ascertain what items are ripe for such credit to Government, and such credit shall be made in the fortnight next following each month.

(4) Separate accounts shall be maintained in respect of—

- (i) all fees and poundages mentioned in clause (a) of sub-rule (1),
- (ii) all fees and poundages mentioned in clause (b) of sub-rule (1), and
- (iii) all charges and suitor's monies mentioned in clause (c) of sub-rule (1). A general cash book shall also be maintained showing daily receipts and repayments.

(5) There shall be a permanent advance of Rs. 200 in charge of the Deputy Sheriff for contingent expenditure and petty refunds and the permanent advance shall be recouped from time to time.

8. Within one month of the date on which these rules come into force, the Trustees of "the Sheriff's Pension Fund" shall credit to the Government in the Reserve Bank of India under the head "XXI—Administration of Justice—Miscellaneous fees and fines—Other miscellaneous fees and fines" under intimation to the Accountant-General of West Bengal the balance standing at the credit of the fund.

9. All jewels, ornaments and other valuable articles of a like nature when brought to the Court shall be entered in a register maintained in the Sheriff's office and shall be deposited in the Reserve Bank of India.

10. (1) At the end of every year, a statement of accounts of the Sheriff's office showing total receipts and total disbursements during the year and the balance in hand or in the Bank at the end of such year shall be prepared and submitted to the State Government.

(2) The accounts of the Sheriff's office shall be audited every year by the Accountant-General of West Bengal or by such member of his staff as he may depute in this behalf.

(3) All books of accounts, registers and papers which may be required for conducting audit shall with the least possible delay be produced before the auditor.

(4) A report on the audit of accounts of each year shall be furnished by the Accountant-General of West Bengal to the Sheriff, the High Court and the State Government.

(5) The replies of the Sheriff to the objections raised in the audit report shall be furnished by him in triplicate to the Accountant-General of West Bengal, who shall forward two copies of the same with his further remarks thereon to the Secretary to the Government of West Bengal in the Judicial Department for final orders.

By order of the Governor,
S. K. SEN, Secy.

IRRIGATION AND WATERWAYS DEPARTMENT

NOTIFICATIONS.

No. 12-I.—18th September 1950.—In exercise of the powers conferred by sections 78 and 99 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), the Governor is pleased to make the following rules and schedule rates and appendices for the supply of water from the Putrangi canal in the district of Midnapore.

A draft of these rules was published in the *Calcutta Gazette Extraordinary* of the 17th August 1950 under notification No. 8-I, dated the 9th August 1950:—

RULES AND RATES.

Leases for a term of years.

1. The country served by the canals shall be mapped out into blocks of convenient size in accordance with the features of the ground, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officer under the guidance and control of the Divisional Canal Officer.

2. Each block determined as above shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officer. The blocks shall also be marked on maps to be maintained by the same officer.

3. Leases for not more than six years may be granted for the whole irrigable area of a block or for definite parts of a block under the following conditions:—

I. Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently a separate lease may be granted for each part.

II. All leases within one block shall be so granted that they may expire on the same date.

III. No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, unless a channel exists, which, in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4. The Superintending Engineer shall fix from time to time the gross area for which and the limits of the canal within which, leases for a term of years may be granted.

5. Maps of all villages in which lands have been brought under lease for a term of years, or in which there is any possibility of such leases being granted, shall be kept in the Subdivisional Canal Office. These maps to be at scale 32"=1 mile when such are available and elsewhere at scale 16"=1 mile. ●

6. The preliminary application for a lease for a term of years, either new or renewal, may be of an informal nature, but it must be in writing. It may be presented and shall be received either at the Subdivisional or Sectional Canal Office; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block, and that it can be irrigated, shall at once inform the Divisional Canal Officer giving such particulars as the officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval the Subdivisional Canal Officer shall proceed to make the detailed assessment. The lands to be brought under lease shall be indicated on a copy of the map referred to in rule 5.

7. The Subdivisional Canal Officer on receipt of the application shall depute an amin to prepare the khasra or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and khasra. Should the survey map and khasra not be available, the amin shall make a sketch map, and shall measure the areas of the holdings with a chain or measuring-rod.

8. When the amin has completed the khasra he shall forward it to the Subdivisional Canal Officer who shall forward it to the Divisional Canal Officer for approval.

9. As soon as the khasra has been approved by the Divisional Canal Officer, he shall return it to the Subdivisional Canal Officer endorsed with his signature in token of approval.

The Subdivisional Canal Officer shall then prepare a khatian or abstract of the khasra, and shall have the form of application given as Appendix No. II to these rules, filled up and signed or marked by each of the applicants, in the presence of two witnesses.

When the application has been completely signed, the Subdivisional Canal Officer shall send it to the Divisional Canal Officer, by whom the permit for formal approval of the lease shall be signed and issued in the form given as Appendix No. III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer through his Sectional Officer. The Divisional Canal Officer shall return the application to the Subdivisional Canal Officer with a copy of the permit for record.

10. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that some of them decline to sign the application, the Subdivisional Canal Officer shall report the matter to the Divisional Canal Officer and the Subdivisional Canal Officer shall hold a local enquiry recording the statements of the persons who decline to sign and record his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign, or whether the lease shall be declined. The Divisional Canal Officer may grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desired to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reasons for granting the lease shall be recorded.

Covering Leases.

11. Applicants for a lease for a term of years who may require water are the lease has been concluded can obtain a supply on tendering an application for a covering lease in the form given as Appendix No. II to these rules. This application shall be signed in the presence of the tahsildar of some other responsible officer nominated for the purpose by the Divisional Canal Officer. The signatures shall be those of the leading cultivators in the block in question and they shall represent holders of not less than 75 per cent. of the irrigable land within the block.

As soon as the Subdivisional Canal Officer receives the application duly filled, he shall issue a permit in the form given as Appendix No. IV to these rules, and shall at once supply water.

Season Leases.

12. Applications for water to irrigate spring rice or other crops between 16th November and 15th June may be presented at the Subdivisional Canal Office or to the Sectional Officer. They shall be in the form given as Appendix No. V to these rules.

In the applications the areas for which water is required shall be specified and the rate shall be charged on those areas for which water is actually used as determined by measurement.

The permit in the form given as Appendix VI to these rules shall be issued by the Subdivisional Canal Officer if he is able to supply the water.

Supply of water.

13. The Divisional Canal Officer shall control the supply of water throughout the Division in his charge.

14. No water shall be supplied to any lands except such as have been brought under a lease for a term of years or for the season, or to such as are provided for by a covering lease.

15. Under the forms of irrigation lease in use, no specific supply of water is promised; but the undertaking is to give such a supply to each leasee as may be necessary for the lands leased. The supply shall be given, if necessary, may be required for the proper cultivation of the crops under irrigation, according to the exigencies of the season.

16. The Divisional Canal Officer may give the required supply by rotation, should this be advisable for the efficient working of the canals in his charge. In such a case, he is required to give the lessees written notice informing them of the periods when they will be supplied with water.

Collection of water-rates.

17. The rates due for water supplied shall be collected by the Divisional Canal Officer or other officer in charge of the Revenue Division, Midnapore, through his staff of tahsildars and peons. All khatians or demand statements shall be signed by the Divisional Canal Officer or other officer in charge of the Revenue Division after scrutiny in his office.

18. At the time of preparation of the khatian in the Subdivisional Canal Office each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. This extract shall be furnished in such form as may from time to time be approved by the Subdivisional Canal Officer for the purpose.

19. Each person on paying the sum due from him shall be given a receipt in the form prescribed for the purpose.

20. For the purposes of account of control over establishment, and of general administration, the Divisional Canal Officer or other officer in charge of the Revenue Division is in the position of an Executive Engineer in charge of a Division, and is directly subordinate to the Superintending Engineer. In regard to any proceedings taken under the Public Demand Recovery Act, 1913 (Bengal Act III of 1913), the Divisional Canal Officer is subject to the control of the Collector of the district.

Unauthorized use of water and waste of water.

21. Should it be necessary to take action under the provisions of sections 79 and 80 of the Act, proceedings shall be instituted only under the direct and special order of the Divisional Canal Officer. The primary record of the facts regarding the unauthorized use or the waste of water shall be made by the Subdivisional Canal Officer and his subordinates. The parties whom it is proposed to assess shall be informed in writing, and shall be called on to show cause why they should not be assessed. The record of their statements shall be made by the Divisional or by the Subdivisional Canal Officer. The Divisional Canal Officer shall consider the facts and statements recorded, and shall, in deciding the case, give his reasons for or against assessment, both as regards the facts and as regards the law; and he shall determine the rate to be charged subject to the provision in the schedule of rates attached to these rules.

22. Should the Divisional Canal Officer decide on making an assessment he shall have the assessment paper prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him, and an abstract of the demand or khat shall be sent to the officer in charge of the Revenue Division, who shall proceed to recover the sums assessed. The period of one month within which an appeal may be presented to the Collector under section 91 of the Act shall be computed from the date on which the statement of the charge may be furnished to the person assessed, which date shall be endorsed on

23. No proceedings shall be instituted if the unauthorized use or waste of water have occurred through the act or neglect of a Canal Officer or a subordinate officer employed on the canal. During the irrigation of autumn rice, the passing on of surplus water from leased to unleased fields is not an unauthorized use of water.

Complaints and Applications.

24. All complaints or applications with respect to the supply of water to defective drainage, and generally with respect to the administration of the canal, shall be received on presentation at either divisional or sub-divisional canal offices.

Complaints and applications received by a Divisional Canal Officer may be transferred to his Subdivisional Canal Officer for disposal at his discretion.

Any such complaints or applications, if presented to the Sectional Canal Officer or to his staff, shall be returned endorsed with instructions as to the proper office at which to present them. If received by post, they shall be once forwarded to the Divisional or Subdivisional Canal Officer.

25. Complaints or applications with respect to corrections of the assessment with respect to the actions of the amins in assessing and with respect to the actions of the tahsildars and other staff employed in collections, shall be received at the office of the Divisional Canal Officer or other officer in charge of the Revenue Division.

26. Receipts in the prescribed form shall be given at all offices for complaints or applications presented. The receipt of all complaints and applications shall be recorded in registers to be kept for that purpose.

27. The officer receiving the complaint or application shall either make personal enquiry into the matter or he shall nominate in writing some responsible person to hold the enquiry.

28. The orders passed on all complaints or applications shall be in writing, and a copy of every order shall be furnished to the complainant applicant.

The copy of order may be sent by post (registered), if this is convenient.

The period within which an appeal may be presented under section 91 of the Act shall be computed from the date on which the copy of the order received by the person.

29. When an appeal to the Collector is from the order of a Subdivisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record on them such remarks as he may think fit, provided that he does not thereby detain the proceedings.

In all cases in which an appeal against an assessment is preferred to the Collector, that officer may, if he thinks fit, direct that the collection of rates be suspended till the appeal is heard.

30. The Divisional Canal Officer may revise the proceedings of his Subdivisional Canal Officers and the Superintending Engineer may call for and revise the proceedings of all officers under his control.

Remissions and alterations of demand.

31. Whenever the crop on land entitled to a supply of water suffers material injury from an insufficient supply of water, or from any interruption in the supply of water, remission of the rate due on such crop shall be made by the Divisional Canal Officer, provided that the person claiming remission shall have applied for such not less than fifteen days before the sowing of the crop.

32. On the occasion of lands being brought under a lease for a term of years, the Divisional Canal Officer may remit the rates for the first season on those fields which from the nature of the cultivation then obtaining, or for other causes, have not, in that season, derived any benefit from the supply of canal water.

33. Should the crop on lands under lease for a term of years suffer material injury from excess of water due to deficient drainage, the Divisional Canal Officer may grant remission of the rates due on such lands in whole or in part, provided that the person asking for remission shall have applied at least fifteen days before the reaping of the crop.

34. Revisions of the assessment required in consequence of land under lease being left uncultivated or of land being appropriated for purposes other than cultivation shall be made under the orders of the Divisional Canal Officer.

35. Revisions of the assessment required in consequence of incorrect entries of the names of occupants of lands under lease or of incorrect entries of areas or amounts in the assessment papers, or required by changes in the occupation of lands, shall be made under the orders of the Divisional Canal Officer or other officer in charge of the Revenue Division, provided that no change involving any increase or decrease in the total area under lease for a term of years shall be made without the concurrence of the Divisional Canal Officer.

36. Remissions of water-rates on account of injury to the crops caused by inundation, by blight, by storms or by any extraordinary cause shall not be allowed under the special orders of the State Government.

Irrecoverable demands.

37. The Superintending Engineer may sanction the writing off of the demands which are reported, after due enquiry by the Divisional Canal Officer or other officer in charge of the Revenue Division, as irrecoverable owing to the poverty of the defaulter or of his successors in case of his death or owing to the defaulter having absconded.

Cultivators' Representatives.

38. Whenever the preliminary application for a lease for a term of years has been approved by the Divisional Canal Officer, the officer in charge of the Revenue Division shall, with concurrence of the Subdivisional Canal Officer, select as representative of the cultivators a suitable person or persons who shall generally be acceptable to the cultivators and who shall each have a direct interest in the land for which the lease is executed.

39. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

- (i) In the preparation of applications for leases.
- (ii) In the measurement of irrigated lands.
- (iii) In recording the names of the occupiers of the holdings.
- (iv) In receiving demand statements and distributing to the cultivators the individual notices of assessment.
- (v) In attending, when required, at enquiries into complaints.
- (vi) In reporting to the Circle Officer any changes in the occupiers of lands under lease.
- (vii) In assisting the tahsildar in collecting rates.

40. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or in their own cultivation, which may lie within the boundaries of the leased area subject to a total limit of 3 per cent. of the area assessed. The Divisional Canal Officer

her officer in charge of the Revenue Division may disallow in whole or in part this free irrigation, and may recover the rates which would otherwise have been payable in whole or in part if the assistance specified in rule 39 had not been efficiently rendered. The reasons for such disallowance shall be recorded in writing.

1. The Divisional Canal Officer shall maintain in his office a register containing a record of the names of all representatives and of the areas of irrigation allowed to each.

2. Applicants for season leases shall be required to nominate one of their number who must have a substantial interest in the land to be irrigated as their representative. The representative so nominated shall perform the same duties as stated in rule 39 and shall receive remuneration on the same scale as in rule 40.

Power to decline or cancel leases.

43. Should it be proved, after due enquiry, that the supply of water in any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Engineer to direct that the lease shall be cancelled with effect from the 16th of June next following. The order to cancel a lease shall be passed before the 1st April of the year in which it is to take effect.

44. The Superintending Engineer may give directions to the Divisional Canal Officer to decline applications for irrigation leases of lands in villages where there has been persistent difficulty in realising the water-rates, until arrears have been paid.

He may further suspend, or altogether cancel, any lease for a term of years, if on the 1st June of any year water-rates to the extent of half the demand for one year are in arrears. Previous notice of intention to put this rule in force shall be given not later than the 15th April preceding.

Miscellaneous.

45. Tanks may be supplied with canal-water without charge, when water can be made available without injury to the cultivation dependent on the canal, under the following conditions:—

- (a) That the water is to be exclusively used for domestic purposes, or for watering cattle,
- (b) That a channel exists through which water can pass without waste.
- (c) That the water shall only be supplied on the written order of the Subdivisional Canal Officer.
- (d) That any new outlet or sluice which may be required to allow of the supply being given shall be provided at the cost of the persons who ask for the water.
- (e) That the supply of water may be stopped at any time if it is found that it is being misused.

(f) Except when a public right-of-way exists, no person shall, without permission expressed in writing of the Divisional or Subdivisional Canal Officer, pass himself, or cause any animal or vehicle to pass, on or across the works, banks or channels of a canal, or drainage work which is part of the canal system except by means of such bridges, fords and ferries as may have been provided for the purpose.

Any person who, after due warning, commits a breach of this rule may be proceeded against under clause (9) of section 93 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876).

47. The use of any part of the banks or berms of any canal, drainage work which is part of the canal system, or flood embankment which is subject to the provisions of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), as a place for answering the calls of nature, is prohibited. Any person who, after due warning, commits a breach of this rule may be proceeded against under clause (9) of section 93 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876).

48. Should water be required for purposes other than irrigation it may be supplied, when available, at a rate of two rupees per 10,000 cubic feet of water.

49. No officer employed on the canals, unless especially exempted by the State Government from the operation of this rule, shall have any interest in the distribution of water from any of the canals or purchase or bid for Government property sold thereon either in his own name or in the name of another, or jointly, or in shares with others.

No. 134.—18th September 1950.—In exercise of the powers conferred by sections 78 and 99 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), the Governor is pleased to make the following rules and schedule rates and appendices for the supply of water from the Rukni and Kulai canals in the district of Bankura.

A draft of these rules and rates was published in the *Calcutta Gazette* extraordinary of the 17th August 1950 under notification No. 9-1, dated 9th August 1950:—

RULES AND RATES.

Leases for a term of years.

1. The country served by the canals shall be mapped out into blocks of convenient size in accordance with the features of the ground, natural or artificial. So far as may be practicable, the blocks shall be separated by drainage lines. This shall be done by the Subdivisional Canal Officer under the guidance and control of the Divisional Canal Officer.

2. Each block determined as above shall be numbered and recorded with its gross and irrigable areas in registers to be maintained by the Subdivisional Canal Officer. The blocks shall also be marked on maps to be maintained by the same officer.

3. Leases for not more than six years may be granted for the whole irrigable area of a block or for definite parts of a block under the following conditions:—

- I. Ordinarily the whole irrigable area of any village so far as situated within the block must be included in the lease. If the lands of a village within the block are divisible into two or more distinct parts which can be irrigated independently a separate lease may be granted for each part.
- II. All leases within one block shall be so granted that they may expire on the same date.
- III. No lease shall be granted when the supply of water must of necessity be delivered across an unleased area, unless a channel exists, which, in the opinion of the Subdivisional Canal Officer, will deliver water without waste across the unleased area.

4. The Superintending Engineer shall fix from time to time the gross area for which and the limits of the canal within which, leases for a term of years may be granted.

5. Maps of all villages in which lands have been brought under lease for a term of years, or in which there is any possibility of such leases being granted, shall be kept in the Subdivisional Canal Office. These maps to be at a scale of 32" = 1 mile when such are available and elsewhere at a scale of 16" = 1 mile.

6. The preliminary application for a lease for a term of years, either for a new lease or for renewal, may be of an informal nature, but it must be in writing. It may be presented and shall be received either at the Subdivisional or Sectional Canal Office; in the latter case the Sectional Officer shall forward it immediately to the Subdivisional Canal Officer. The Subdivisional Canal Officer, as soon as he has, by personal enquiry or by an enquiry made by the Sectional Officer, satisfied himself that the land in question constitutes a definite block or a definite part of a block, and that it can be irrigated, shall inform the Divisional Canal Officer giving such particulars as that

officer may direct, and shall ask his formal approval to the lease being proceeded with. On receipt of such approval the Subdivisional Canal Officer shall proceed to make the detailed assessment. The lands to be brought under lease shall be indicated on a copy of the map referred to in rule 5.

7. The Subdivisional Canal Officer on receipt of the application shall depute an amin to prepare the khasra or detailed assessment paper. This shall be done on the ground with the aid of the revenue survey map and the khasra. Should the survey map and khasra not be available, the amin shall make a sketch map, and shall measure the areas of the holdings with a chain or measuring-rod.

8. When the amin has completed the khasra he shall forward it to the Subdivisional Canal Officer who shall forward it to the Divisional Canal Officer for approval.

9. As soon as the khasra has been approved by the Divisional Canal Officer, he shall return it to the Subdivisional Canal Officer endorsed with his signature in token of approval.

The Subdivisional Canal Officer shall then prepare a khatian or abstract of the khasra, and shall have the form of application given as Appendix No. II to these rules, filled up and signed or marked by each of the applicants in the presence of two witnesses.

When the application has been completely signed, the Subdivisional Canal Officer shall send it to the Divisional Canal Officer, by whom the permit or formal approval of the lease shall be signed and issued in the form given as Appendix No. III to these rules. The permit shall be made over to the representative of the cultivators by the Subdivisional Canal Officer through his Sectional Officer. The Divisional Canal Officer shall return the application to the Subdivisional Canal Officer with a copy of the permit for record.

10. Should it happen that the cultivators of the block proposed for lease are not unanimous, and that some of them decline to sign the application, the Subdivisional Canal Officer shall report the matter to the Divisional Canal Officer and the Subdivisional Canal Officer shall hold a local enquiry recording the statements of the persons who decline to sign and recording his personal opinion on the reasons given. He shall then send a report to the Divisional Canal Officer, who shall decide whether the lease may be accepted excluding the fields in the occupation of the persons who decline to sign, or whether the lease shall be declined. The Divisional Canal Officer may grant a lease when not less than 95 per cent. of the net irrigable area of the block has been signed for. In particular cases should it be desired to grant a lease even though an area larger than 5 per cent. of the block has not been signed for, this may be done on the written order of the Superintending Engineer. The reasons for granting the lease shall be recorded.

Covering Leases.

11. Applicants for a lease for a term of years who may require water before the lease has been concluded can obtain a supply on tendering an application for a covering lease in the form given as Appendix No. IV to these rules. This application shall be signed in the presence of the tahsildar or of some other responsible officer nominated for the purpose by the Subdivisional Canal Officer. The signatures shall be those of the leading cultivators in the block in question and they shall represent holders of not less than 75 per cent. of the irrigable land within the block.

As soon as the Subdivisional Canal Officer receives the application duly signed, he shall issue a permit in the form given as Appendix No. IV to these rules, and shall at once supply water.

Season Leases.

12. Applications for water to irrigate spring rice or other crops between 16th November and 15th June may be presented at the Subdivisional Office or to the Sectional Officer. They shall be in the form given as Appendix No. V to these rules.

In the applications the areas for which water is required shall be specified the rate shall be charged on those areas for which water is actually used determined by measurement.

The permit in the form given as Appendix No. VI to these rules shall be issued by the Subdivisional Canal Officer if he is able to supply the water.

Supply of water.

13. The Divisional Canal Officer shall control the supply of water throughout the Division in his charge.

14. No water shall be supplied to any lands except such as have been bought under a lease for a term of years or for the season, or to such as provided for by a covering lease.

15. Under the forms of irrigation lease in use, no specific supply of water is promised; but the undertaking is to give such a supply to each lessee as may be necessary for the lands leased. The supply shall be given, may be required for the proper cultivation of the crops under irrigation, according to the exigencies of the season.

16. The Divisional Canal Officer may give the required supply by regulation, should this be advisable for the efficient working of the canals in his charge. In such a case, he is required to give the lessees written notice informing them of the periods when they will be supplied with water.

Collection of water-rates.

17. The rates due for water supplied shall be collected by the Divisional Canal Officer or other officer in charge of the Revenue Division through his staff of tahsildars and peons. All khatians or demand statements shall be signed by the Divisional Canal Officer or other officer in charge of the Revenue Division after scrutiny in his office.

18. At the time of preparation of the khatian in the Subdivisional Canal Office each person assessed shall be furnished with an extract from the assessment paper, showing the particulars of the charge against him. The extract shall be furnished in such form as may from time to time be approved by the Subdivisional Canal Officer for the purpose.

19. Each person on paying the sum due from him shall be given a receipt in the form prescribed for the purpose.

20. For the purposes of account of control over establishment, and of general administration, the Divisional Canal Officer or other officer in charge of the Revenue Division is in the position of an Executive Engineer in charge of a Division, and is directly subordinate to the Superintending Engineer. In regard to any proceedings taken under the Public Demands Recovery Act, 1913 (Bengal Act III of 1913), the Divisional Canal Officer is subject to the control of the Collector of the district.

Unauthorized use of water and waste of water.

21. Should it be necessary to take action under the provisions of sections 79 and 80 of the Act, proceedings shall be instituted only under the direct and special order of the Divisional Canal Officer. The primary record of the facts regarding the unauthorized use or the waste of water shall be made by the Subdivisional Canal Officer and his subordinates. The parties whom it is proposed to assess shall be informed in writing, and shall be called on to show cause why they should not be assessed. The record of their statements shall be made by the Divisional or by the Subdivisional Canal Officer. The Divisional Canal Officer shall consider the facts and statements recorded, and shall, in deciding the case, give his reasons for or against assessment, both as regards the facts and as regards the law; and he shall determine the rate to be charged subject to the provision in the schedule of rates attached to these rules.

22. Should the Divisional Canal Officer decide on making an assessment, he shall have the assessment paper prepared by the Subdivisional Canal Officer and his staff. Each person assessed shall be furnished with a statement of the charge against him, and an abstract of the demand or khatian shall be sent to the officer in charge of the Revenue Division, who shall proceed to recover the sums assessed. The period of one month within which an appeal may be presented to the Collector under section 91 of the Act shall be computed from the date on which the statement of the charge may be furnished to the person assessed, which date shall be endorsed on it.

23. No proceedings shall be instituted if the unauthorized use or the waste of water have occurred through the act or neglect of a Canal Officer or a subordinate officer employed on the canal. During the irrigation of autumn rice, the passing on of surplus water from leased to unleased fields is not an unauthorized use of water.

Complaints and Applications.

24. All complaints or applications with respect to the supply of water to defective drainage, and generally with respect to the administration of the canal, shall be received on presentation at either divisional or sub-divisional canal offices.

Complaints and applications received by a Divisional Canal Officer may be transferred to his Subdivisional Canal Officer for disposal at his discretion.

Any such complaints or applications, if presented to the Sectional Canal Officer or to his staff, shall be returned endorsed with instructions as to the proper office at which to present them. If received by post, they shall be at once forwarded to the Divisional or Subdivisional Canal Officer.

25. Complaints or applications with respect to corrections of the assessment with respect to the actions of the amins in assessing and with respect to the actions of the tahsildars and other staff employed in collections shall be received at the office of the Divisional Canal Officer or other officer in charge of the Revenue Division.

26. Receipts in the prescribed form shall be given at all offices for complaints or applications presented. The receipt of all complaints and applications shall be recorded in registers to be kept for that purpose.

27. The officer receiving the complaint or application shall either make a personal enquiry into the matter or he shall nominate in writing some responsible person to hold the enquiry.

28. The orders passed on all complaints or applications shall be in writing, and a copy of every order shall be furnished to the complainant applicant.

The copy of order may be sent by post (registered), if this is convenient.

The period within which an appeal may be presented under section 91 of the Act shall be computed from the date on which the copy of the order received by the person.

29. When an appeal to the Collector is from the order of a Subdivisional Canal Officer, the proceedings shall be called for through the Divisional Canal Officer, who may record on them such remarks as he may think fit, provided that he does not thereby detain the proceedings.

In all cases in which an appeal against an assessment is preferred to the Collector, that officer may, if he thinks fit, direct that the collection of water-rates be suspended till the appeal is heard.

30. The Divisional Canal Officer may revise the proceedings of his Subdivisional Canal Officers and the Superintending Engineer may call for and revise the proceedings of all officers under his control.

Remissions and alterations of demand.

31. Whenever the crop on land entitled to a supply of water suffers material injury from an insufficient supply of water, or from any interruption in the supply of water, remission of the rate due on such crop shall be granted by the Divisional Canal Officer, provided that the person claiming remission shall have applied for such not less than fifteen days before the sowing of the crop.

32. On the occasion of lands being brought under a lease for a term of years, the Divisional Canal Officer may remit the rates for the first season on those fields which from the nature of the cultivation then obtaining, or on other causes, have not, in that season, derived any benefit from the supply of canal water.

33. Should the crop on lands under lease for a term of years suffer material injury from excess of water due to deficient drainage, the Divisional Canal Officer may grant remission of the rates due on such lands in whole or in part, provided that the person asking for remission shall have applied at least fifteen days before the reaping of the crop.

34. Revisions of the assessment required in consequence of land under lease being left uncultivated or of land being appropriated for purposes other than cultivation shall be made under the orders of the Divisional Canal Officer.

35. Revisions of the assessment required in consequence of incorrect entries of the names of occupants of lands under lease or of incorrect entries of areas or amounts in the assessment papers, or required by changes in the occupation of lands shall be made under the orders of the Divisional Canal Officer or other officer in charge of the Revenue Division, provided that no change involving any increase or decrease in the total area under lease for a term of years shall be made without the concurrence of the Divisional Canal Officer.

36. Remissions of water-rates on account of injury to the crops caused by inundation, by blight, by storms or by any extraordinary cause shall only be allowed under the special orders of the State Government.

Irrecoverable demands.

37. The Superintending Engineer may sanction the writing-off of the demands which are reported, after due enquiry by the Divisional Canal Officer or other officer in charge of the Revenue Division, as irrecoverable owing to the poverty of the defaulter or of his successors in case of his death or owing to the defaulter having absconded.

Cultivators' Representatives.

38. Whenever the preliminary application for a lease for a term of years has been approved by the Divisional Canal Officer, the officer in charge of the Revenue Division shall, with concurrence of the Subdivisional Canal Officer, select as representative of the cultivators a suitable person or persons who shall generally be acceptable to the cultivators and who shall each have a direct interest in the land for which the lease is executed.

39. The person or persons so selected shall be required to give assistance to the Canal Officers in respect of the following matters:—

- (i) In the preparation of applications for leases.
- (ii) In the measurement of irrigated lands.
- (iii) In recording the names of the occupiers of the holdings.
- (iv) In receiving demand statements and distributing to the cultivators the individual notices of assessment.
- (v) In attending, when required, at enquiries into complaints.
- (vi) In reporting to the Circle Officer any changes in the occupancy of lands under lease.
- (vii) In assisting the tahsildar in collecting rates.

40. For such assistance the cultivators' representative or representatives shall be entitled to free irrigation of the lands in his or in their own occupation, which may lie within the boundaries of the leased area subject to a total limit of 3 per cent. of the area assessed. The Divisional Canal Officer or other officer in charge of the Revenue Division may disallow in whole or in part this free irrigation, and may recover the rates which would otherwise have been payable in whole or in part if the assistance specified in rule 39 has not been efficiently rendered. The reasons for such disallowance shall be recorded in writing.

41. The Divisional Canal Officer shall maintain in his office a register containing a record of the names of all representatives and of the areas of free irrigation allowed to each.

42. Applicants for season leases shall be required to nominate one of their number who must have a substantial interest in the land to be irrigated as their representative. The representative so nominated shall perform the same duties as stated in rule 39 and shall receive remuneration on the same scale as in rule 40.

Power to decline or cancel leases.

43. Should it be proved, after due enquiry, that the supply of water given to any leased area is habitually wasted or used for the irrigation of lands not under lease, it shall be competent for the Superintending Engineer to direct that the lease shall be cancelled with effect from the 16th of June next following. The order to cancel a lease shall be passed before the 1st of April of the year in which it is to take effect.

44. The Superintending Engineer may give directions to the Divisional Officer to decline applications for irrigation leases of lands in villages where there has been persistent difficulty in realising the water-rates, until arrears have been paid.

He may further suspend, or altogether cancel, any lease for a term of years, if on the 1st June of any year water-rates to the extent of half the demand for one year are in arrears. Previous notice of intention to put this rule in force shall be given not later than the 15th April preceding.

Miscellaneous.

45. Tanks may be supplied with canal-water without charge, when water can be made available without injury to the cultivation dependent on the canal, under the following conditions:—

- (i) That the water is to be exclusively used for domestic purposes, or for watering cattle.
- (ii) That a channel exists through which water can pass without waste.
- (iii) That the water shall only be supplied on the written order of the Subdivisional Canal Officer.
- (iv) That any new outlet or sluice which may be required to allow of the supply being given shall be provided at the cost of the persons who ask for the water.
- (v) That the supply of water may be stopped at any time if it is found that it is being misused.

46. Except when a public right-of-way exists, no person shall, without a permission expressed in writing of the Divisional or Subdivisional Canal Officer, pass himself, or cause any animal or vehicle to pass, on or across any of the works, banks or channels of a canal, or drainage work which is part of the canal system except by means of such bridges, fords and ferries as may have been provided for the purpose.

Any person who, after due warning, commits a breach of this rule may be proceeded against under clause (9) of section 93 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876).

47. The use of any part of the banks or berms of any canal, drainage work which is part of the canal system, or flood embankment which is subject to the provisions of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876), as a place for answering the calls of nature, is prohibited. Any person who, after due warning, commits a breach of this rule may be proceeded against under clause (9) of section 93 of the Bengal Irrigation Act, 1876 (Bengal Act III of 1876).

48. Should water be required for purposes other than irrigation it may be supplied, when available, at a rate of two rupees per 10,000 cubic feet of water.

49. No officer employed on the canals, unless especially exempted by the State Government from the operation of this rule, shall have any interest in the distribution of water from any of the canals or purchase or bid for any Government property sold thereon either in his own name or in the name of another, or jointly, or in shares with others.

Schedule of rates for water supplied from the Rukni and Kulai Irrigation Canals.

- For water supplied on a lease for a term of years—
 Supply given from 16th June to 15th November of each year Rs. 6 per acre per season.
- The rate is due in two equal instalments on the 1st of January and the 1st of February of each year: Provided that when the sum payable by any lessee is less than Rs. 20 the whole amount shall be due on the 1st of January in each year.
- For water supplied on a covering lease to irrigate lands for which a preliminary application for a lease for a term of years has been received and failing the completion of the same Rs. 6-8 per acre.
- Supply given from the date of covering lease to 15th November of that year. The rate is due as in the case of a lease for a term of years.
- For water supplied on a season lease for the irrigation of any crops between 16th November and 15th June Rs. 6-8 per acre
- The rate is payable on 1st June following.
- For the unauthorised use of water or for the waste of water such rate may be charged as may be determined by the Divisional Canal Officer under rule 21, subject to a maximum of Rs. 7½ per acre. Such rate shall be due on presentation of the notice of assessment to the person assessed.

ORDERS.

No. 2139M.P.—12th September 1950.—In exercise of the powers conferred by section 51 of the Electricity Act, 1910 (IX of 1910), the Governor is pleased to confer on the Calcutta Electric Supply Corporation, Ltd., licensees of the Calcutta and District Consolidated Electric License, 1946, for the purpose of laying an underground service cable in the private common area leading to premises No. 31, R. K. Ghosal Kasha, Dhakuria, 24-Parganas, from the overhead distributor on R. K. Ghosal Kasha, Dhakuria, 24-Parganas, to the said premises, situated within the area of supply of the Corporation and for repairing the same when necessary, the powers which the Corporation possesses under sections 10 to 19 of the Telegraph Act (XIII of 1885), with reference to the placing of telegraph lines and posts for the purposes of a telegraph established and maintained by the Central Government or to be used by the Central Government or to be used by the Corporation. The exercise of the powers conferred by the said Act is subject to the provisions of the Telegraph Act of 1885.

No. 2144M.P.—13th September 1950.—Whereas Sri Hari Sadhan Ghose and Sri Balai Chandra Chatterjee have entered into an agreement with the Calcutta Electric Supply Corporation, Limited, licensees of the Calcutta and District Consolidated Electric License, 1946, for taking from the said Licensees, the supply of energy at the premises of said Hari Sadhan Ghose and Balai Chandra Chatterjee at Shibtolla Lane, Sheoraphuli, situated outside the area of supply of the said Licensees;

And whereas the said premises are not situated within the area of supply of any other Licensee;

Now, therefore, in exercise of the power conferred by section 27 of the Indian Electricity Act, 1910 (IX of 1910), the Governor is pleased to authorise the said Licensees to supply energy to the said Hari Sadhan Ghose and Balai Chandra Chatterjee at Shibtolla Lane, Sheoraphuli, in the district of Hooghly and to lay down or place electric supply lines for that purpose subject to the following conditions and restrictions, namely:—

The authority hereby conferred shall—

- (a) remain in force until—
- (i) the area of supply of the said Licensees is extended so as to include within its limits, the said premises at Shibtolla Lane, Sheoraphuli; or
- (ii) a license is granted to any other person whose area of supply includes the said premises within its boundaries and such person is in a position to supply energy to the said premises; or
- (iii) any transmission or distribution system for supplying energy outside such area of supply is established by or on behalf of the State Government; enabling energy to be supplied at the said premises without such authority;
- (b) be subject to the restrictions referred to in the third proviso to section 27 hereinbefore mentioned.

This authority is not in lieu of the permission required under the West Bengal Electricity (Emergency Powers) Act, 1948 (West Bengal Act XVII of 1948).

By order of the Governor,
S. C. DAS GUPTA, Dy. Secy.

NOTIFICATIONS.

No. 2138M.P.—12th September 1950.—In pursuance of sub-rule (4) of rule 15 of the Indian Electricity Rules, 1937, framed under section 37 of the Indian Electricity Act, 1910 (IX of 1910), the following advertisement by Sri H. L. Das, applicant for the Jamuria Electric License, 1950, published in the *Amrita Bazar Patrika* of 24th, 25th and 26th January 1950, is published for general information.

All objections which may be received by the State Government on or before 15th November 1950 from any person, company or local authority with reference thereto shall be duly considered by the State Government:—

NOTICE.

It is hereby notified for public information that Sri H. L. Das has applied under rule 11 of the Indian Electricity Rules, 1937, to the Secretary to the Government of West Bengal, Commerce and Industries Department, Calcutta, for the grant of license under the Indian Electricity Act, 1910,

for supply of electricity in Jamuria Town. A copy of the draft license containing the terms and conditions is appended below:—

DRAFT LICENSE.

The Jamuria Electric License, 1950.

License for the supply of electrical energy granted by the Government of West Bengal under the Indian Electricity Act, 1910.

License is hereby granted to Sri H. L. Dna of Asansol Electric Supply Co., Ltd., Asansol, to supply electrical energy in the area, with the powers and upon the terms and conditions as specified below:—

1. **Short title.**—The license may be cited as "The Jamuria Electric License, 1950."

2. **Interpretation.**—The several words, terms and expression, to which by the Indian Electricity Act, 1910, or any statutory modifications thereof or by the rules thereunder meanings are assigned, shall have in this license the same respective meanings, provided that in this license—

(a) The "Act" shall mean the Indian Electricity Act, 1910, and any statutory modifications thereof. (b) The expression "the licensee" shall mean and include the said Sri H. L. Dna and his permitted assigns. (c) The expression "deposited map" shall mean the plan of the area of supply hereinafter specified which has been deposited with the Government of West Bengal in pursuance of the rules under the Act, which plan is signed for the purpose of identification by the Secretary to the Government of West Bengal in the Commerce Department, and by the applicant Sri H. L. Dna. (d) The term "unit" shall mean the quantity of energy equivalent to a current of one thousand amperes flowing under an electromotive force of one volt during one hour.

3. **Security.**—The period within which under clause 1 (b) of the schedule to the Act the licensee shall deposit or secure such sum as therein mentioned, and the sum so to be deposited or secured shall, unless otherwise ordered by the Government under the clause, be six months from the notification of the grant of the license and Rs. 5,000 respectively.

4. **Area of supply.**—The area above referred to within which the supply of energy is authorised by this license (the area of supply under the Act) is the whole of the area with boundaries as follows:—

North—By latitude 23°44' N. from longitude 87°3' E. to longitude 87°5' E. and a straight line in South-East direction to crossing of longitude 87°7' E. and latitude 23°43' N. East—By longitude 87°7' E. from latitude 23°43' to latitude 23°41' N. South—By latitude 23°41' from longitude 87°7' E. to 87°6' and then a straight line in North-West direction to crossing of longitude 87°4' and latitude 23°42' and thence by latitude 23°42' E. West—By longitude 87°3' from latitude 23°42' E. to 23°44'. The boundaries whereof are delineated on the deposited map by a heavy red line.

5. **Situation of generating station.**—(a) The licensee shall not erect the generating station either inside or outside the area of supply without the previous sanction of the Government of West Bengal. (b) The licensee will take a supply of energy in bulk from the Associated Power Co., Ltd., for distribution within the area of supply and will erect the necessary transformer station or transformer stations within the area of supply.

6. **Purpose of supply.**—Subject to the provisions of this license and the Act and the rules thereunder, the licensee shall be entitled during the continuance of this license to supply energy within the area of supply for all purposes except in cases where the supply to any one consumer shall exceed 100,000 units per annum without the previous consent in writing of the bulk supply company.

7. **Compulsory works.**—The works to be executed to the satisfaction of the Government under clause IV of the schedule to the Act are the following, namely:—(a) The licensee shall, within one and-a-half years from the date of the license being granted, lay down suitable and sufficient feeders and distributing mains and also erect works to the satisfaction of the Government for the purpose of supplying electrical energy throughout the streets set out in the annexure to the license, shall erect the transformer station and transformer stations mentioned in clause 5 and machinery and apparatus necessary for the purpose of giving a continuous and efficient supply and shall do all other works necessary for the commencement of the supply of energy to consumers. The licensee shall commence to execute the works aforesaid within six months from commencement of the license, and shall complete the same within one and-a-half years from commencement of the license. (b) At the expiration of each successive period of six months from the commencement of this license until the completion of the compulsory works, the licensee shall submit to the Secretary to the Government of West Bengal in the Commerce Department a statement specifying all steps taken and the progress in carrying into effect this license.

8. Commencement of supply of energy.

The supply of energy shall not be commenced until (a) the Electric Inspector to Government shall have inspected the works and certify in writing that the supply of energy may commence (b) the licensee's conditions of supply shall have been approved by the Local Government and the amount of all miscellaneous charges made to or in connection with the supply to consumers and which the licensee proposes to make to consumers or prospective consumers shall have been so approved. (2) The licensee shall not supply energy to any consumer or undertake incidental to any such supply for a prospective consumer until—(a) such prospective consumer shall have tendered to the licensee a requisition duly signed in the form to be approved by the Local Government and such prospective consumer and the licensee shall have executed an agreement in a form approved to be approved by the Local Government.

9. **Accounts.**—Separate and distinct accounts shall be kept by the licensee showing in detail, as required by the Indian Electricity Rules and rules thereunder and the Electricity Supply Act, 1948, the working of the electrical undertaking for which this license is granted.

10. **Nature of supply.**—Energy will be taken in bulk from the Associated Power Co., Ltd., by a three phase alternating current at a pressure of 110 volts between phases at a frequency of 50 cycles per second to the licensee's sub-station or stations within the area of supply and the nature of supply for distribution by the licensee shall be as follows:—

Distribution.—A three phase 4 wire 50 cycle alternating current system at declared pressure of 400 volts between phases and 230 volts between any one phase and neutral. The pressures above shall be as measured at consumers' terminals and shall be uniform, within the limits prescribed by the Indian Electricity Rules, 1922, throughout the area of supply: Provided always that the licensee shall be lawful for the Government from time to time to issue, with due regard to the interests involved and to the commercial prospects of the undertaking, regulations dealing with the systems of supply or to authorise other systems of supply to be adopted for the purpose of the license: Provided also that the licensee shall from time to time, with the previous consent in writing of the Government of West Bengal, submit to such modifications and conditions as

prescribed in writing by the Government, except any other system of supply for the purpose of this license.

1. **Method of construction.**—The feeders, distributing mains and service connections may be overhead or underground in whole or in part, and shall be erected, constructed and maintained by the licensee in conformity with the Act, the rules thereunder and the following provisions:—(a) The licensee shall not use overhead mains carrying any higher pressure than medium pressure without the sanction in writing of the Government of West Bengal in each case subject to such conditions or limitations as the Government of West Bengal may impose. (b) The conductor of an aerial line shall be at a least distance of 4 feet horizontally and 8 feet vertically from any building or structure whether permanent or temporary. (c) In narrow lanes where it is not possible to maintain a horizontal clearance of 4 feet between the aerial lines and buildings or structures, underground cables shall be used, or alternatively, a special method of construction of aerial lines to be approved of in writing under section 18(I) of the Act.

2. **Limits of price to be charged in respect of supply of energy.**—The prices to be charged by the licensee for energy supplied by him shall not exceed the following maxima, namely:—

Rate A—Domestic and business purposes.—

(i) Domestic and business purposes for lights and all types of table, ceiling, exhaust and circulating fans—As. 6-6 per unit, subject to a minimum charge of Rs. 36 per annum per kilowatt.

(ii) Domestic purposes for lift and pump motors, where the rating of such motor does not exceed H.P.—As. 4-6 per unit, subject to a minimum charge of Rs. 30 per annum per rated B.H.P.

(iii) Domestic purposes for lift and pump motors, where the rating of such motor exceeds H.P.—As. 3-6 per unit, subject to a minimum charge of Rs. 30 per rated B.H.P.

(iv) Business purposes for lift and pump motors—As. 3 per unit subject to a minimum charge of Rs. 36 per rated B.H.P.

(v) Domestic and business purposes for heating devices (heaters, cookers, irons, etc.) fans, refrigerators, air-conditioning apparatus and all other domestic appliances not mentioned in (i) to (iv)—As. 3-6 per unit. (d) All other domestic and business purposes not covered by any other rate—As. 4-6 per unit.

Rate B—Unmetered supply.—Lights on connection system for roadside stalls and bazar shops only, and used for not more than six hours daily from sunset, provided that the wattage of each lamp does not exceed 40 watts and the total number of lamps in one shop does not exceed two—As. 2 per month for each installation.

Rate C—Public amusements purposes.—Cinema-graph and for all such public amusement purposes As. 5-6 per unit, subject to a monthly consumption of above 500 units.

Rate D—Battery charging and Electrolysis.—As. 4-6 per unit.

Rate E—Industrial purposes.—(i) For each installation having motors the aggregate rated horsepower of which does not exceed 4 H.P.—As. 3-6 per unit plus Rs. 4 per month per rated H.P. of all the motors installed. (ii) Exceeds 4 H.P. but not exceeds 15 H.P.—As. 3 per unit plus Rs. 4 per month per rated B.H.P. of all the motors installed. (iii) Exceeds 15 but not exceeds 50 H.P.—As. 2-9 per unit plus Rs. 4 per month per rated B.H.P. of all the motors installed. Provided that if the consumption per unit exceeds 30 units per rated B.H.P. of all the motors installed and if the motor or motors are not run between the hours of 5 p.m. and midnight, no standing charge (Rs. 4 per rated H.P. of all the motors installed) will be levied.

Rate F—Large industrial and/or bulk supply purposes.—(i) if the maximum demand exceeds 30 K.W. but not 500 K.W.—As. 2 per unit plus Rs. 4 per month per rated B.H.P. of all the motors installed. Condition as Rate E.

Rate G—Street lighting.—As. 4-6 per unit. A rebate of pice six per unit metered will be allowed to all the consumers, provided the monthly bills of the company are paid in the company's office on or before the due date specified in the bills. *Note.*—When the minimum charge specified in clause 12, sub-clause A (a)(i), A (a) (ii), A (b)(i) and A (b) (ii) is levied then no other charge for energy consumed shall be made.

(c) In the case of method of charge approved by the Government in accordance with section 23, sub-sections (3) and (4) of the Act, the rates shall be such as the Government may fix on approving the matter.

13. **Purchase of undertaking.**—(a) The option of the purchase given by section 7, sub-section (I) of the Act shall be first exercisable on the expiration of 50 years from the date of notification of the grant of this license and thereafter on the expiration of every subsequent period of 20 years, and the terms of such purchase shall be determined, in case of difference or dispute, by arbitration as provided by section 7, sub-section (I) of the Act. The percentage of the value to be determined in accordance with and for the purpose of section 7 (I) of the Act of lands, buildings, works, materials and plants of the licensees therein mentioned to be added under the second proviso of that sub-section to such value on account of compulsory purchase shall be 20 per cent. (b) In accordance with section 3, sub-section (2), clause (d) (ii) of the Act, it is hereby declared that the transformer station or transformer stations to be used in connection with the undertaking shall form part of the undertaking for the purpose of purchase under section 5 or section 7. (c) During the period of notice prescribed in section 7 (4) of the Act, all extensions and outlays of money debitable to the capital account of the licensee shall be subject to the previous approval of the Government.

14. **Transfer of license.**—Within five years from the date of the grant of this license, the licensee shall not seek to transfer, assign, charge or otherwise deal with or dispose of this license with a view to obtaining monetary or any other consideration in excess of that expended by him in obtaining the license together with any other preliminary expenses incurred thereby. Full particulars setting out in detail the amounts expended and also those expected to be obtained shall be submitted to Government by the licensee when any application is made for the disposal of this license.

15. **Variations from the schedule to the Act.**—In pursuance of clause (f) of sub-section (2) of section 3 of the Act it is hereby expressly declared that—(a) The following sub-clause shall be substituted for clause VI, sub-clause (5), namely:—“Every requisition under this clause shall be in a form approved by the Local Government; and copies of the form shall be kept in the office of the licensee and supplied free of charge to any applicant.” (b) The following sub-clause shall be substituted for clause X, sub-clause (2), namely:—“Before commencing to supply energy through any distributing main the licensee shall give notice, by public advertisement in such manner as shall be previously approved by the Local Government, of the method by which he proposes to charge for energy so supplied and the rates at which such energy will be supplied; and, where the licensee has given such notice, he shall not be entitled to change the method of charging or the rates at which energy will be supplied without giving notice thereof by public advertisement in the manner aforesaid and giving not less than one month's notice in writing of such change to the

Local Government and to the local authority, if any, concerned, and to every consumer of energy who is supplied by him from such distributing main." (c) Clause IV of the schedule to the Act shall, for the purposes of incorporation in this license, be varied by the substitution of one and-a-half years for the period of three years specified in clause IV of the schedule to the Act.

16. **Securing continuity of supply.**—If it shall come to the knowledge of the licensee (which expression shall for the purpose of this clause and clause 17 immediately following be taken to mean and include the licensee, his employees, servants and agents and his permitted assigns) that any civil commotion or disturbance of the public peace or any strike or lock-out of the nature specified in section 15 of the Trades Disputes Act, 1929, likely to result in the interruption of supply of energy from the power station or to consumers has commenced or is presently apprehended by the licensee then the licensee or some one on his behalf shall give to the District Magistrate or to a Magistrate near the licensee's power station, immediate and full information with regard thereto.

17. **Revocation.**—(a) If the licensee shall in the opinion of Government have failed to give such immediate and full information as is required in clause 16 hereof or if at any time any interruption of the supply shall occur which in the opinion of Government is attributable to any wilful or preventable default or neglect on the part of the licensee or if the licensee shall in the opinion of Government fail to comply with any of the provisions of any of the clauses of this license or shall in the opinion of Government fail to show satisfactory progress during any portion of the period of one and-a-half years specified in clause 7 of this license or if the general direction and control of the licensee shall cease to be in the hands of Indian subjects, the license may be revoked. (b) In the event of Government revoking the license for any of the causes specified in this clause the security deposit of Rs. 5,000 made in accordance with clause 3, may in whole or part be forfeited to Government as Government may decide and the decision of Government as to both revocation and forfeiture shall be final and binding on the licensee.

ORDER.

Supersession of the Garbhawanpur union board police-station Amta in the Uluberia sub-division of the Howrah district under sec 56(1)(b) of the Bengal Village Self-Government Act, 1919.

No. 12841.S.-G.—8th September 1950.—When I am of opinion after considering the views of District Magistrate and the district board, that the union board named above is not competent to perform and had persistently made default in performance of the duties imposed upon it by the Village Self-Government Act for the reasons that

- (i) it has persistently made default in passing of the Budget, an important duty of the union board,
- (ii) it is persistently defaulting in the performance of other duties and the members failing to attend meetings of the board for a long time;

Now, therefore, in exercise of the powers and section 56(1)(b) of the Bengal Village Self-Government Act, acting with the approval of the Government, I supersede the Garbhawanpur union board for a period of one year with effect from the date of this order.

I further direct that under section 57(b) (c) of the Bengal Village Self-Government Act, 1919, that during the period of supersession powers and duties of the said union board be exercised and performed by the said gentleman and that all property vested in the union board shall, during that period, vest in the said gentleman in the same manner and to the same extent as it vested in the union board during supersession:—

Sri Prandhan Roy.

2. The draft will be taken into consideration on or after the 1st November 1950, and any objection or suggestion received by the undersigned before that date, through the Deputy Commissioner, Jalpaiguri, will be duly considered:—

DRAFT BY-LAWS.

Appointment and duties of the Registering Officer.

1. Every cycle-rickshaw in the Jalpaiguri Municipality shall be registered annually by the Registering Officer appointed for the hackney-carriages. The Registering Officer shall keep a separate register for cycle-rickshaws in which he shall enter the class and number assigned to every such rickshaw.

Qualifications and duties of bearers.

2. Every person applying for a bearer's license shall be required to satisfy the Registering Officer—

- (a) that he knows how to drive and control a rickshaw, is in all respects a fit person for such employment, has good vision and is free from any bodily infirmity;
- (b) that he is well acquainted with the roads, localities and places of business and interest in and around the municipal area of Jalpaiguri;
- (c) that he has a thorough knowledge of the list of fares and table of distances prepared by the Commissioners of the Jalpaiguri Municipality;
- (d) that he knows the rules of the road and the signals used by the bearers and drivers of vehicles and by the Traffic Police;
- (e) that he is acquainted with the language generally in use in the municipal area;
- (f) that he is not less than 18 years or more than 50 years of age.

3. There shall be affixed to each license, in such manner as the Commissioners of the municipality may prescribe, the thumb mark or signature of the bearer as the case may be and also his photograph. A duplicate copy of the photograph of the bearer shall be attached to the application for the license.

4. Every bearer of a cycle-rickshaw shall carry with him, and shall produce, his license when called upon to do so by any Magistrate, Commissioner of the municipality, License Inspector, police officer or other person authorised by the Commissioners of the municipality.

5. No bearer shall drive a cycle-rickshaw other than the one specified in the license.

6. Racing among the cycle-rickshaw bearers on a road shall be punishable with fine up to Rs. 10 for the first offence and up to Rs. 20 for each succeeding offence and also with cancellation of the license of the offending bearer.

7. Every bearer of a cycle-rickshaw who—

- (a) uses insulting or abusive language or gesture during employment.
- (b) refuses to give way (when he reasonably and conveniently may do so) to any other carriage,
- (c) wilfully obstructs or hinders the driver of any other carriage in taking up or setting down any passenger into or from such other carriage,
- (d) demands or takes more than the proper fare to which he is legally entitled,
- (e) being hired by time or distance, before he has been discharged by the hirer, wilfully deserts from the hiring,
- (f) disobeys any direction given by a police officer for the regulation of traffic and the control of carriages on the stands,
- (g) leaves his rickshaw unattended in any street or public place,
- (h) allows his rickshaw to be used by any person for the purpose of soliciting any other person to immorality,

shall be liable to a fine of Rs. 10 for the first offence and Rs. 20 for any subsequent offence and also to cancellation of license.

Uniforms.

8. The clothing of the bearers and attendants shall be clean.

Description of rickshaws.

9. Every cycle-rickshaw shall conform to the following conditions:—
- (a) The wheels shall be strong, sound and pneumatic rubber-tyred so as to run true and without rattling or wobbling.
 - (b) The spring, mudguards and axles shall be in perfect order and the hood and apron shall be made of strong leather or waterproof cloth and shall be so fitted as to protect the passengers from the sun and the rain.
 - (c) The cushions shall be clean and in good condition.
 - (d) The rickshaw shall have a good pair of lamps. Each lamp shall have a red glass window in the back and shall be so placed that the light from the window is visible from a point ten yards in rear of the centre of the vehicle.
 - (e) The brakes and mudguards shall be painted white and there shall be fitted a red reflector on the back.
 - (f) One bell of pattern approved by the Commissioners of the municipality shall be carried by a rickshaw bearer and no other alarm device shall be carried or used.
10. The bearer of a cycle-rickshaw shall not sound the bell for any purpose other than that of ensuring safety in traffic and shall not sound it continuously.

Division of cycle-rickshaws into classes.

11. (1) Cycle-rickshaw shall be divided into two classes—
- (i) for carrying passengers with or without luggages—
 - (a) one-seater; and
 - (b) two-seater; and
 - (ii) for carrying goods exclusively.
- (2) After inspection of each cycle-rickshaw the Commissioners shall determine as to whether any rickshaw falls within sub-clause (a) or (b) of clause (i) of paragraph (1) and a certificate to that effect shall be kept affixed to the rickshaw concerned.
- (3) Every cycle-rickshaw shall be distinctly marked on its panels and on the inside with the registered number, the figures to be not less than eight inches in height, which shall be re-painted every year.
12. Fees shall be paid to the Commissioners of the Jalpaiguri Municipality in accordance with the following items and scale:—

Land Acquisition NOTIFICATIONS.

24-Parganas.—No. 10632L.A.—18th September 1950.—The following agreement is published under section 42 of the Land Acquisition Act, I of 1894, for general information.

By order of the Governor,

S. BANERJEE,

Member, Board of Revenue, and
Secy. to the Govt. of West
Bengal (*ex-officio*).

Agreement.

MEMORANDUM OF AGREEMENT made this 16th day of September, One thousand nine hundred and fifty BETWEEN THE BENGAL CHEMICAL & PHARMACEUTICAL WORKS LIMITED a Company registered under the Indian Companies Act (Act VII of 1913) and having its registered office at No. 94 Chittaranjan Avenue Calcutta (hereinafter called the Company) of the One Part and THE GOVERNOR OF THE STATE OF WEST BENGAL (hereinafter called the Governor) of the Other Part.

WHEREAS for the purpose of the extension of factory and workers' quarters the Company has applied to the Government of West Bengal for the acquisition under the provisions of the Land Acquisition Act, 1894, of the piece or parcel of land containing 14.44 acres or thereabout situate in the village of Panihati in the district of 24-Parganas and more particularly described in the schedule hereto and delineated in the plan* hereto annexed.

AND WHEREAS the said Government of West Bengal, being satisfied by an enquiry held under Section 40 of the said Act that the proposed acquisition is needed for the aforesaid purpose and that the said work is likely to prove useful to the public, has consented to acquire on behalf of the Company the piece or parcel of land hereinbefore described.

AND WHEREAS the said Government of West Bengal has required the Company under the provisions of Section 41 of the abovementioned Act to enter into the agreement with the Governor hereinafter contained. Now this indenture witnesseth that it is hereby agreed and declared as follows:—

1. On demand the Company shall and will pay to the said Government of West Bengal all and every compensation in respect of the said land tendered, paid or awarded or to be tendered, paid or awarded by the Collector under the Land Acquisition Act, 1894, or by Court to which a reference under Part III of the said Act may be made, or by the Court or Courts to which an appeal from the award of the said Court may be preferred and all costs, charges and expenses of the proceedings in the aforesaid Courts, or otherwise incidental to the proposed acquisition or payable in respect thereof under the provisions of the said Act.

2. On demand made by the said Collector the obligations of the Company under the last preceding clause not being thereby limited, the Company shall and will deposit with the said Collector such sum or sums of money as in his discretion the said Collector may in anticipation estimate to be necessary for the purposes mentioned in the last preceding clause.

3. On payment by the Company of all demands under the foregoing first clause, or in the discretion of the said Government of West Bengal (on deposit by the Company of all estimated amounts as provided in the second clause) but not before possession shall have been taken under the provisions of the abovementioned Act, the Government of West Bengal shall make over possession of the said land to the Company and shall execute and do all such acts and deeds as may be necessary and proper for effectual vesting the same in the Company.

4. The said land shall be held by the Company for the purposes of such works as is hereinbefore mentioned and without the sanction in writing of the said Government of West Bengal first had and obtained for no other purpose whatsoever.

5. The said works shall be completed (and fully equipped in all respects ready for use) within five years from the date on which possession of the said land shall have been given to the Company.

6. Should the said works not be completed (and fully equipped in all respects ready for use) within the period stated in the last preceding clause or within such further period as in its discretion may be prescribed or allowed by the said Government of West Bengal or should the said land at any time thereafter cease for a period of twelve consecutive months, to be held and used or cease to be required for the purpose or purposes provided for in the foregoing fourth clause the and in any such case, the said Government may summarily re-enter upon and take possession of the said land together with all buildings thereon whether such buildings were erected before or after transfer of the land to the Company and thereupon the interest of the Company in the said land and buildings shall absolutely cease and determine.

7. On taking such possession the said Government may sell or otherwise deal with the said land and buildings as it may think proper.

(i) Should the said Government sell the land with the buildings the said Government after deducting the expenses incurred in connection with the said taking of possession and with such sale shall pay the proceeds to the Company.

(ii) Should the said Government decide not to sell the land and buildings, the said Government shall retain the said land and buildings thereon in which case the Governor shall repay to the Company market value as on the day of re-entry of all the buildings erected by the Company and all sums received from the Company in respect of all and every compensation as provided in the foregoing first clause (less the statutory allowance of 15 per cent. and less any amount received on account of trees and buildings which are not in existence at the time of resumption) but will not repay any sums paid and received on account of costs, charges and expenses.

(iii) Should the said Government decide to sell the buildings only upon such sale the Governor after deducting the expenses of taking possession and selling, pay balance of the proceeds of sale to the Company, together with the sum received from the Company in respect of the compensation for the land (less the statutory allowance of 15 per cent. and less any amount received from the Company on account of trees and buildings which are not in existence at the time of resumption) but will not repay any sums paid and received on account of costs, charges and expenses.

*Not printed but may be inspected in the office of the Special Land Acquisition Officer, 24-Parganas.

The public shall be entitled to use the works on the following terms:—

- (i) The Company shall take in four apprentices every year for the next five years on such terms and conditions as may be settled in discussion with the Director of Industries, West Bengal.
- (ii) The Company shall give preference to apprentices to absorb them on completion of their training against future vacancies to be subsequently filled up.
- (iii) The Company will give facilities to deboused persons to shift to C.S. Plots Nos. 2888, 2889, 2890, 2886 & 2887 belonging to the Company in the same village (total area approx. 0.41 of an acre of land) subject to their agreeing with the Company to reasonable terms of rent and other conditions of tenancy.
- (iv) The Company will give facilities for free medical treatment to the ousted persons and their children in their out-door dispensary along with the other members of the public of the locality.

Should any dispute or difference arise touching or concerning the subject matter of this agreement or any covenant clause or thing herein contained the same shall be referred to the said Government of West Bengal and the opinion and decision of the said Government upon such dispute or difference shall be final and conclusive and binding on the parties hereto.

The Schedule above referred to.

NOTIFICATIONS.

Subject:—Introduction of "Government of India Insurance" stamps in place of the "Government of India Insurance Agent Licence Fee" stamps.

No. TM/187.—9th September 1950.—In continuation of this office circular letter No. TM11/174, dated 17th December 1946, a copy of letter No. 45-I.L(1)/50, dated 17th August 1950, from the Controller of Insurance, Government of India, is circulated herewith for the information and guidance of all Treasury Officers in West Bengal including the Treasury Officer, Calcutta Collectorate.

[Dy. TM-1202, dated 21st August 1950, Ble. TM/23 of 1939-40—Vol II.]

Copy of letter No. 45-I.L(1)/50, dated 17th August 1950, from the Controller of Insurance, Government of India.

I have to refer to the Insurance (Amendment) Act, 1950, and to the final amendments to the Insurance Rules, 1939, which will be published in the *Gazette of India* shortly, and to say that it is proposed to print new stamps to be designated as "Government of India Insurance" stamps of the denominations of Re. 1 and Rs. 2, 5, 10 and 25 for payment of fees in respect of the various purposes mentioned in the Insurance Rules, 1939, as amended. As the stocks of the existing "Government of India Insurance Agent Licence Fee" stamps may be lying unused with the various insurers, their branch offices, etc., the Treasuries and the Controller of Stamps and as the existing "Government of India Insurance Agent Licence Fee" stamps can make up Rs. 5 (two stamps of Rs. 1-8 each and 2 stamps of Re. 1 each), which is the fee required for obtaining or renewing a licence to act as an insurance agent for three years, under section 42 of the Insurance Act, 1938, as amended by the Insurance (Amendment) Act, 1950, it has been decided that there will be no objection to using the existing "Government of India Insurance Agent Licence Fee" stamps even after the 1st September 1950 whether the new stamps of rupees five are or are not available on or after the 1st September 1950.

Subject:—Preservation of sub-vouchers for Rs. 25 and below.

No. TM/188.—11th September 1950.—It has come to the notice of Government that although S.R.236(2) of the Treasury Rules, Bengal, Volume I, prescribes that unless it is distinctly provided otherwise by any rule or order, no sub-voucher may be destroyed until after a lapse of three years, certain drawing and disbursing officers had destroyed all the sub-vouchers below Rs. 25 on the

assumption that in terms of certificate No. 1 issued on the form of contingent bill, they had discretion to determine whether such vouchers may be preserved or destroyed. As per S.R. 245 (2) *ibid* sub-vouchers for Rs. 25 and below are not required to be sent to the Accountant-General, all the drawing and disbursing officers of the Government of West Bengal under the audit control of this office are hereby directed to preserve such sub-vouchers for a period of three years or until they are audited locally by the officers of this office whichever date is earlier.

[Government of West Bengal, Finance Department, Audit Branch memorandum No. 3638/F/F/1B/15(84)/50, dated 17th August 1950, Dy. G.B.3292/TM-1205Ble.TM/16 of 1950.]

Subject:—Submission of receipted chalangis to the Union Excise Department.

No. TM/189.—12th September 1950.—Attention of all Treasury Officers in West Bengal invited to this office circular letter No. TM, dated 26th April 1948, forwarding advance copies of corrections to rules 583 and 585 and of F.T.R.52-A of the Central Government Compilation of the Treasury Rules, Volumes I and II, respectively. It has been reported by the Accounts Officer, Union Excise, Calcutta, that copies of receipted chalangis relating to the Union Excise Department together with a list of such chalangis are not being received by him in weekly batches, viz., on the 8th, 15th, 22nd and last day of each month as required by the constituted rules. It is hereby directed that in this respect should be strictly observed.

LABOUR DEPARTMENT

ORDER.

No. 5334Lab.—16th September 1950 —Whereas under the Government of West Bengal, Labour Department, order No. 3678Lab., dated the 6th July 1950, the industrial dispute between Messrs. West End Watch Company, 16, Old Court House Street, Calcutta, and their employees represented by West End Watch Company's Employees' Association, 55, Serpentine Lane, Calcutta-12, regarding the matters specified in the schedule to the said order, was referred for adjudication to Sri S. C. Chakravarty, District Judge;

And whereas the said Sri S. C. Chakravarty, District Judge, has submitted to the State Government his award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

the matter of an industrial dispute between Messrs. West End Watch Company, 16, Old Court House Street, Calcutta, and their employees represented by the West End Watch Company's Employees' Association, 55, Serpentine Lane, Calcutta-12.

PRESENT: SRI SAILES CHANDRA CHAKRAVARTY,
Chairman of the Tribunal.

for the Company: Sri D. N. Basu, Advocate, instructed by Mr. F. E. Kummer, Manager of the Company.

for the Union: Sri P. K. Sanyal, Advocate.

Acting under sections 7 and 10 of the Industrial Disputes Act, Government of West Bengal, Department of Labour, by their order No. 3678Lab., dated the 6th July 1950, referred to me for adjudication the industrial dispute between Messrs. West End Watch Company, 16, Old Court House Street, Calcutta, and their employees represented by West End Watch Company, Employees' Association, 55, Serpentine Lane, Calcutta, regarding the proposed retrenchment of fifteen employees of the Company.

AWARD.

In this case the Company wanted to retrench the fifteen men listed in the annexure on the ground of paucity of work. There was this proposal pending for a long time, but at the solicitation of the workmen this was put into operation. In the meantime a dispute about the employees' wages and other conditions was referred for adjudication to Sri S. N. Modak and he made an award which came into operation on 11th of May 1950. At this award the employees agreed to accept the terms and conditions of the award of the employees at their Head Office at Bombay. Soon after this the Company wanted to carry out the proposal of retrenchment which had long been kept in abeyance and gave notice terminating the services of fifteen men with effect from the end of June 1950. The notice was given on 24th of May 1950. This notice gave rise to a further dispute which was referred to the Labour Commissioner and the latter, in course

of conciliation, pointed out to the employers that the termination of services of these people on the last day of June was a contravention of the Industrial Disputes Act which laid down that there should be no retrenchment within two months of the publication of the award. The Company felt overpowered by this opinion and suffered the workmen to remain there till the middle of July. During the fifteen days of July the men had been there and the Company gave them some work which they executed. It may be that the quantity of work given to them was not up to what they should or could have done. On 6th of July 1950, this reference was made to me to consider the retrenchment of these fifteen men. The Company actually ceased to give them work or, in effect, terminated their service with effect from 15th of July.

On behalf of the employees Sri Sanyal made a submission that he would give up all claims against the Company if the latter would pay the salary and dearness allowance for a month and two months' wages in lieu of gratuity, or employers' contribution to the Provident Fund.

On behalf of the Company it has been urged that the Bombay rule which by agreement have been made applicable here under the award do not provide for payment of employers' share of contribution unless there be at least ten years of service. I have gone through the rules which in my opinion do not cover cases of retrenchment. The rules speak of "retirement" which means termination at the desire of the employee or under rules of service. These do not cover cases of retrenchment where the employee is not at fault and he does not like to terminate his employment.

Let me, however, take a very practical view of the matter and consider if the Company would be liable for this amount or a larger amount if the matter be allowed to drift in a legalistic way.

The Company gave notice terminating the services with effect from the end of June. The Company felt overpowered by the legal opinion of the Labour Officer and waived the notice and allowed the employees to work till 15th of July. No fresh notice terminating their services was given. The employees can claim pay and dearness allowance for a month in lieu of notice.

I shall, however, proceed on a different ground. This reference was made to me on 6th July 1950. Act XLVIII of 1950 (Industrial Disputes Appellate Tribunal Act, 1950) came into operation from 20th May 1950. By this Act the old section 33 of the Industrial Disputes Act of 1947 has been replaced by a new section which requires that there should be no change in condition of service or no employee shall be discharged or dismissed except with the permission of the Tribunal in writing. By section 33A, it has been provided that the Tribunal will adjudicate on the matter when an application is made. No application under section 33A has been made but there is no time limit for such an application which is inevitable. Violation of present section 33 of the Act is in the nature of contempt of the Tribunal cannot and should not skip over the matter. The inevitable order would be one of reinstatement. If I decide in favour of the Company about the necessity of retrenchment the process will be to repair the contempt by reinstatement and then discharge them after giving notice. This will involve giving to the employees sums which they are likely to get if they give up the claims. Each of the employees has put in two years of service. In the circumstances I award and validate the retrenchment with effect from 16th July 1950 with this condition that each will get three months' basic salary. This will be inclusive of the claims for gratuity, employer's contribution to the Provident Fund and any salary for the notice period.

his will be in addition to any unpaid wages or dearness allowance accruing before 16th July 1950 and the employees' contribution to the Provident Fund. After these payments are made, the employees shall have no further claim whatsoever against the Company.

This award will not apply to Sri A. K. Dutt who has got better employment elsewhere. So far as he is concerned, he will only get his own contribution to the Provident Fund.

I do not award dearness allowance for one month as claimed because I find that the retrenchment long overdue had not been carried out to the benefit of the employees.

The salary shall be calculated on the basis of the Bombay scales as provided for in the last award.

S. C. CHAKRAVARTY,
Chairman of the Tribunal.

ORDER.

No 5335Lab.—16th September 1950.—Whereas under the Government of West Bengal, Labour Department, order No. 1126Lab., dated the 8th March 1950, read with its corrigenda Nos. 1905Lab., 2482Lab., 2945Lab., 3157Lab., dated the 21st April 1950, 16th May 1950, 3rd June 1950 and 12th June 1950, respectively, the industrial disputes which had existed were apprehended between the engineering firms specified in column 1 of the schedule to the said order, dated the 8th March 1950, and their workmen represented by the Engineering Workers' Federation, Bengal, 1, Dharamtola Street, Calcutta, the Iron Factory Workers' Union, 3/1, Banerjee Lane, Howrah, and the trade unions mentioned against some of the firms in column 2 of the said schedule and any other registered trade unions might have been permitted by the Industrial Tribunal hereinafter mentioned to represent workmen of any firm separately for legitimate reasons over the questions relating to (1) dearness allowance and (2) holiday and leave, were referred for adjudication to an Industrial Tribunal consisting of Sri S. N. Modak, I.C.S. (Retired), as Chairman and Sri A. Gupta, District Judge, as member;

And whereas during the pendency of proceedings before the said Tribunal, the Hindusthan Development Corporation Engineering Mazdoor Union, of 24, Bondel Road, Ballygunj, Calcutta, on behalf of eight workmen mentioned in the award referred to hereinafter, of the Hindusthan Development Corporation, Ltd., of 4, Chittaranjan Avenue, Calcutta, being No 27 of the said schedule, made a complaint in writing before the said Tribunal alleging that the said Company had altered, to the prejudice of the said workmen, the conditions of service applicable to them immediately before the said proceedings;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has acted upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto:—

ANNEXURE.

In the matter of reference No. 1126Lab., dated the 8th March 1950, of the Government of West Bengal, Labour Department and in the matter of a complaint under section 33A of the Industrial Disputes Act, 1947, as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, relating to a matter of suspension of seven workmen and transfer from the Factory Office to the Head Office of one workman Hindusthan Development Corporation, Ltd. (Engineering Works No. 1, Tiljala), Calcutta, represented by the Hindusthan Development Corporation Engineering Mazdoor Union.

BEFORE THE INDUSTRIAL TRIBUNAL, WEST BENGAL

PRESENT:

SRI S. N. MODAK, I.C.S. (Retd.), *Chairman.*

SRI A. DAS GUPTA, *District Judge, Member.*

For the Union: Sri T. P. Lahiri, Pleader, Sri Jatin Chakrabarti, President.

For the Company: Sri S. M. Basu, Solicitor, Dr. J. K. Bose of the Engineering Association, Sri N. Sen, Law Officer.

AWARD.

The present application, dated 5th July 1950, has been filed by the Union under section 33A of the Industrial Disputes Act, 1947, as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, complaining that on 28th June 1950, the Manager of the Engineering Factory No. 1, the Hindusthan Development Corporation, Ltd., suspended seven workmen, Dibakar Singh, Gouranga Mahanti, Makhan Kar, Maguni Parai, K. L. Shaw, Ananta Shaw and Madhusudan Mohanty, and transferred from factory office to the head office, one workman Ram Krishna Das Guha. This action of the Manager is said to have followed a brief interview between the Manager on the one side and the Vice-President, Organising Secretary and Assistant Secretary of the Union when the latter approached the Manager to represent a case of the workers. It is noted that a major tribunal was constituted (with Sri S. N. Modak as Chairman and Sri A. Das Gupta as member) by order No. 1126Lab., dated 8th March 1950, to adjudicate upon the disputes about dearness allowance and leave and holidays in 64 engineering firms, of which the present was one, being serial No. 27 in the list appended to the order of reference. The adjudication proceedings are still pending.

2. The written reply of the Company was received by the Tribunal on 26th July 1950. Previous to the reply, the Company filed an application under section 33 of the Industrial Disputes Act, 1947, as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, praying for permission to dismiss seventeen workmen including the seven mentioned in the petition of complaint of the Union under section 33A who had been suspended. This application was received on 21st July 1950. This will be separately dealt with.

3. The Company denies the allegations of the Union and its reply in effect is that the workmen were guilty of major misdemeanour and the order of suspension was passed only as a security measure. About the transfer of Ram Krisna Das Gupta, the Company states that such transfers which were necessary for office administration were not unprecedented and the transfer of Ram Krisna was not connected with the incident of June 1950 and was not even taken by Ram Krisna as a punishment.

4. At the hearing, the Union did not press the case of Ram Krisna. We are thus to confine our decision to the suspension of the other seven workmen. It may be noted that the Company did not apply for permission from the Tribunal for suspending the seven workmen who were obviously kept under suspension during pendency of the adjudication proceedings instituted in pursuance of reference No. 1126Lab., dated the 8th March 1950, of the Government of West Bengal, Labour Department. The only grounds for determination are:—

- (1) Has the Company contravened the provisions of section 33 of the Industrial Disputes Act, 1947, as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950?
- (2) If so, to what relief are the workmen entitled?

A preliminary objection has been raised on behalf of the Company that the order of suspension of the seven workmen as a security measure during pendency of adjudication proceedings is not hit by section 33. In deciding this preliminary point, we need not enter into the merits of the case. The amended section 33 runs thus:—

"During the pendency of any conciliation proceedings or proceedings before a Tribunal in respect of any industrial dispute, no employer shall—

- (a) alter, to the prejudice of the workmen concerned in such dispute, the conditions of service applicable to them immediately before the commencement of such proceedings; or
- (b) discharge or punish, whether by dismissal or otherwise, any workman concerned in such dispute,

without the express permission in writing of the Conciliation Officer, or Tribunal, as the case may be."

It may be noted that in sub-section (a) the word "workmen" has been used while in sub-section (b) the word appears in the singular number. Evidently the intention of the Legislature appears to have been to use the word "workmen" in sub-section (a) in the collective sense and the words "workman" in sub-section (b) in the singular or individual sense. The mere fact that one or more workmen individually have been denied privileges or benefits available to the workmen in general under the existing terms and conditions of service in an industry, cannot be construed as a change in the conditions of service. It is only when such privileges or benefits are denied to the workmen taken collectively that the inference that the conditions of service have been changed. This has not happened in the present case. If some workmen are denied the privileges and benefits available under the existing terms and conditions of service, the presumption is that at least those workmen have been denied such privileges and benefits by way of punishment. This presumption is rebuttable on the facts and circumstances of each case, the Tribunal has to decide whether such denial was connected with any punishment or was for other reasons. Our definite finding therefore is that the suspension of the seven workmen pending enquiry is not hit by sub-section (a) of the amended section 33.

6. Section 33, sub-section (b), may be analysed thus. During pendency of any conciliation proceedings or proceedings before a Tribunal in respect of any industrial dispute, no employer shall (i) discharge (ii) punish, whether by dismissal or otherwise, any workman concerned in such dispute, save with the express permission in writing of the Tribunal.

Any termination of service of a workman whether by way of retirement or otherwise without the express permission of the Tribunal, during the pendency of adjudication proceedings, is hit by clause (i). But suspension is not termination of service and hence not discharge. The present case is not therefore hit by clause (i). We are to enquire whether suspension of the seven workmen amounted to punishment. The ordinary dictionary meaning of the word "punish" is "to cause (offender) to suffer for offence", "to inflict penalty on (offender)", "to inflict penalty for offence" (Concise Oxford Dictionary, Third Edition). "Punishment" has been defined in the Law Lexicon by P. R. Aiyar (Ed. 1940) as "penalty for the transgression of the law". Thus the word "punish" presupposes or signifies some offence committed by the man who is punished. An action of the employer to the detriment of a workman's interest is not punishment, so long as no offence is found to have been committed by the workman. This action of the employer may be the subject-matter of an investigation as to whether it amounted to any unfair labour practice or not. We are not here concerned with that question. It is sufficient for the purpose of the present enquiry to say that the action of the employer in respect of a workman, however detrimental to the interest of the workman, is not hit by clause (ii), so long as the workman is not found to have committed an offence or in other words so long as the action of the employer is not looked upon by a man of ordinary prudence, as punishment. In the present case, the seven workmen were not found guilty of any offence when they were suspended. They were suspended pending investigation as to whether the workmen had committed any offence. So long as the investigation is not concluded, it cannot be said that the workmen committed an offence. Such orders of suspension are generally made when there is a grave suspicion against a workman that he has committed an offence coming under the category of "major misdemeanour". Such an order is taken as a security measure or a precautionary measure in the interest of the industry or in the interest of the employees in general. A policy of such measures has generally been adopted in all Government and Government departments and in industrial concerns.

"Suspension" is a substantive punishment under certain circumstances. In any case, when it is a substantive punishment, it follows some offence found to have been committed by the workman who is placed under suspension. It has been suggested that if the wages are held up during the period of suspension the suspension amounts to punishment. We do not subscribe to this view, for even if the wages are held up, the essential elements of punishment are absent in an order of suspension pending enquiry as to whether a workman has committed an offence. In a case of substantive punishment, the wages are permanently withheld. But not so in a case of suspension as a security measure. In a case of the latter type, the wages are held up, but they would be paid if the workman is found innocent. Payment may be refused if he is found guilty, so long as a definite decision is not taken about the act of the employee. An order of suspension pending enquiry cannot be called punishment. In the present case, the employer's contention is that no decision has yet been taken about the wages of the seven workmen during the period of suspension. In fact, we could understand during the hearing that the employer offered wages up to the end of June 1950, although the order of sus-

was to take effect immediately after the incident. We are therefore definitely of opinion that the order of suspension of the seven workmen in the present case did not amount to punishment and is not hit by clause (a) of sub-section (b) of the amended section 33. This was only a security measure or precautionary measure taken in the interest of the industry itself or its employees in general. Experience tells us that such measures are sometimes called for immediately after an incident and any delay, however small, may defeat the purpose for which such measures are intended. To get the written permission of the Conciliation Officer, Board or Tribunal, means some delay. No Conciliation Officer, Board or Tribunal, is likely to issue any order without notice to and without hearing all concerned. Such delay is likely to frustrate the object of the security measure. Having considered the law in the light of all the circumstances discussed above, we are definitely of opinion that the order of suspension of the seven workmen as a security measure is not hit either by sub-section (a) or by sub-section (b) of section 33 of the Industrial Disputes Act, 1947, as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, and no previous permission in writing of the Tribunal is necessary for the adoption of such security measures by way of suspension. We find under the particular circumstances of the case that the provisions of section 33 have not been contravened, and the present complaint under section 33A is untenable.

In the result we hold that none of the workmen mentioned in the petition of complaint purporting to be under section 33A of the Industrial Disputes Act is entitled to any relief under the particular circumstances of the case. We give our award accordingly.

ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Disputes Act made by two employees named Nalini Chakrabarty and Brojobilash Das against the Bengal Electric Lamp Works, Ltd.

AWARD.

This matter has arisen out of a petition of complaint made by two employees named Nalini Chakrabarty and Brojobilash Das against the Bengal Electric Lamp Works, Ltd., 190-C, Rash Behari Avenue, Calcutta (Serial No. 9) which is one of the 64 engineering firms concerned in the industrial disputes between such firms and their workmen which have been referred to us for adjudication by Government of West Bengal order No. 1126Lab., dated the 8th March 1950. The petition of complaint dated the 26th July 1950. The adjudication proceedings arising out of the reference mentioned above are still pending before us. The case of the employees is that their services were dispensed with from 7th July 1950 by way of retrenchment and in so far as the adjudication proceedings were still pending at the time, the Company contravened the provisions of section 33 of the Industrial Disputes Act, no permission in writing of the Tribunal having been sought or granted. The case of the Company is in brief as follows: The Company anticipated wider industrialisation of the country in the light of different reports and recommendations made by authoritative bodies and went on increasing the production. The Company imported and installed new machinery and the equipment reached a capacity of producing about 60 lacs of electric bulbs per year. The Company went on increasing its labour force progressively with the increase in production. It was, however, realised in the early months of the current year that the policy of increasing production could not be maintained

of the large stock of products which had been accumulating. It is stated that about the months of May and June 1950 the accumulated stock came more than 20 lacs as against a much smaller quantity in previous years. It is explained that this state of things was due to increased production by the indigenous electric lamp manufacturing concerns, increased imports of electric lamps from abroad and loss of markets owing to the situation of India and its consequences. The Company has explained that under these circumstances when the stock of manufactured products was showing an enormous increase, and there was no outlet for the accumulated stock being sold in the near future the production policy had to be changed to the interest of the trade and consequently the labour force which was being progressively increased along with the increase in production had to be curtailed. In pursuance of this policy of curtailing the labour force in conformity with the decrease in production, 41 workers had to be retrenched on or about the 7th July 1950 and the two complainants happened to belong to the group of 41. The Company has submitted that the retrenchment was legitimate and the act of discharge was justified. It is not however denied by the Company that the discharge took place during the pendency of the adjudication proceedings and no permission in writing of the Tribunal was sought or granted.

2 We have heard this case (Case No. 3 of 1950 under section 33A) along with Case No. 4 of 1950 under section 33A which has arisen out of a similar complaint made by one Niranjana Chakraborty. We have recorded the evidence of all the three persons. In the evidence which we have recorded these employees tried to make out a case of victimisation. They stated in their evidence that they held meetings with the intention of forming a union though no union was actually formed and the authorities of the Company having somehow come to know of the activities of these persons decided to discharge them owing to their trade union activities. We do not think there is much substance in the version of so-called trade union activities, and we are satisfied that this is not a case of victimisation, and the Company did not commit itself to any unfair labour practice, so far as this aspect is concerned. The only question before us is whether the retrenchment of 41 persons including the three persons concerned in the two cases before us was justified. Our attention has been drawn on behalf of the Company to an extract from the report of the Electrical Machinery and Equipment Panel on the development of Electrical Industries, Government of India, Department of Industries and Supplies, and to certain recommendations made by the Development Committee for electrical cables, wires, lamps, storage batteries, etc., and also to the minutes of the first meeting of the D. G. I. & S. Development Committee for light electrical industries held on the 30th June 1949, and various statistical figures have been placed before us. We are satisfied that the Company had reasons to be optimistic about the possibilities of the electrical lamp industry in the light of the very hopeful picture drawn in different authoritative reports and recommendations, and the Company naturally decided to increase the production to a much higher level and to that end imported new machinery with the idea of raising the production figures to about 60 lacs of electric bulbs per year. The hopes entertained in the initial stages however were not fulfilled presumably owing to much increased production by the indigenous concerns and also increased imports from other countries, and the eventual contraction of the markets brought about by causes political and economic. Under these circumstances the Company had no alternative but to reduce its labour force in accordance with the policy of reducing the level of production in the light of the large accumulation of stocks unsold. The Company has now decided not to produce more than 36 lacs in a year against 42½ lacs actually produced during the year from April 1949 to

March 1950. From the figures made available to us it appears that the average number of workers employed in the work of production of electric bulbs during the 12 months from April 1949 to March 1950 was 403, and the number of workers employed in March 1950 was 410. In the written statement the Company has made a reference to the employment of an average number of 524 workers between the years 1949-50. It has been explained during the hearing that this number 524 actually refers to the number of workers employed not only in the electric lamp manufacturing section but also in other sections concerning machine tools, fans, etc. We see no reasons for rejecting the chart of labour strength submitted to us by the Company showing the strength of the labour force employed in the electrical lamp manufacturing section, and we are satisfied about the correctness of the statement that the labour strength with which we are concerned was 410 in March 1950. If the level of production has to be reduced from 42½ lacs to 36 lacs, the proportionate reduction of the labour strength from the average of 403 during 1949-50 or from the figure 410 in March 1950 would be appreciably more than 41, which is the figure of retrenchment with which we are concerned. This being the position we are satisfied that the retrenchment was justified.

3. The Company however took the wrong step of effecting the retrenchment early in July 1950 during the pendency of the adjudication proceedings before this Tribunal, without seeking or securing the permission in writing of the Tribunal. We hold that the Company thus contravened the provisions of section 33 of the Industrial Disputes Act, and the action taken by it was illegal. At the outset of the hearing the learned advocate for the employees concerned contended that this Tribunal should set aside the order of discharge and direct reinstatement with compensation without going into the facts and circumstances, because the Company's action was obviously illegal. We do not agree that such an order should be passed under section 33A of the Industrial Disputes Act simply because the Company's action is held to be illegal, and we are of opinion that the provision of section 33A contemplate that a full enquiry into the facts and circumstances leading to the discharge should be made by the Tribunal and the subject-matter of the complaint should be duly adjudicated upon as if it were a dispute referred to the Tribunal and the Tribunal should in due course submit its award to the appropriate Government. We have therefore held the enquiry into all the facts and circumstances relating to the justification or otherwise of the action taken by the Company apart from the question of its illegality.

4. The next question is what relief the two complainants Nald Chakrabarty and Brojobilash Das are entitled to. They have asked for reinstatement and compensation. Although the action taken by the Company was illegal, we have found the act of discharge to have been justified from other points of view, and we are not disposed to direct reinstatement in this case. The only question is what amount of compensation will be allowed. Each of the two complainants has served the Company for less than one year, and they appear to have been appointed at a time when production was reaching its peak level. Their services were found to be no longer necessary and they were discharged, they being surplus to the actual requirements. We cannot, however, refrain from taking serious notice of the fact that the Company committed itself to an illegal act contravening the provisions of section 33 of the Industrial Disputes Act. Under these circumstances we hold that some compensation must be paid to the employees concerned, and such compensation should be assessed at a scale higher than what it might otherwise have been. It appears that the

total emolument earned by each of the employees was Rs. 44-8 per month. We direct that each of the complainants Nalini Chakrabarty and Brojo-bilash Das shall be paid compensation to the extent of Rs. 89, and they shall also be paid the amount, if any, to their credit in the Provident Fund, covered by their own contributions and also those made by the Company. It is further directed that the amount thus calculated be paid to each of the complainants within two weeks from the date on which the award becomes enforceable.

AWARD.

This matter has arisen out of a petition of complaint, dated the 11th August 1950, made by an employee named Niranjana Chakrabarty against the Bengal Electric Lamp Works, Ltd., 190C, Rash Behari Avenue, Calcutta (serial No. 9) which is one of the 64 engineering firms concerned in the industrial disputes between such firms and their workmen which have been referred to us for adjudication by Government of West Bengal order No. 1126Lab., dated the 8th March 1950. The adjudication proceedings arising out of the reference mentioned above are still pending before us. The case of the employee is that his services were dispensed with from 7th July 1950 by way of retrenchment and in so far as the adjudication proceedings were still pending at the time, the Company contravened the provisions of section 33 of the Industrial Disputes Act, no permission in writing of the Tribunal having been sought or granted. It is not necessary for us to go into the details of this case, as we have heard this case which is Case No. 4 of 1950 under section 33A along with another case, viz., Case No. 3 of 1950 under section 33A relating to two other employees named Nalini Chakrabarty and Brojobilash Das against the same Company. Both the cases have arisen under practically the same circumstances, and evidence on behalf of the employees in the two cases was adduced in the same hearing, the substance of the evidence being more or less the same. The Company's case was exactly the same in the two cases. For the reasons discussed by us in our award in connection with Case No. 3 of 1950 under section 33A started on the complaint of Nalini Chakrabarty and Brojobilash Das, we come to the conclusion that the discharge in respect of Niranjana Chakrabarty was justified, but the Company committed itself to an illegality by contravening the provisions of section 33 of the Industrial Disputes Act in so far as it did not seek or secure the permission in writing of the Tribunal during the pendency of the adjudication proceedings. We have decided to give our directions in the present case on the same lines as in the other case. It appears that the total emolument earned by Niranjana Chakrabarty was Rs. 44-8 per month and he served the Company for less than one year. We direct that Niranjana Chakrabarty shall be paid compensation to the extent of Rs. 89 and he shall also be paid the amount, if any, to his credit.

the Provident Fund covered by his own contribution and also that made the Company. It is further directed that the amount thus calculated paid to the complainant Niranjana Chakrabarty within two weeks from the date on which the award becomes enforceable.

ORDER.

No. 5362Lab.—18th September 1950.—Whereas under the Government of West Bengal, Labour Department, order No. 2805Lab., dated the 29th May 1950, the industrial dispute between Messrs. Rampooria Cotton Mills, Ltd., Serampore, Hooghly (Managing Agents, Messrs. Hazareemull Heeralal, 148, Cotton Street, Calcutta), and their workmen represented by Rampooria Cotton Mills Workers' Union, 230, Grand Trunk Road, Rishra, Hooghly, was referred for adjudication to Sri S. N. Modak, I.C.S. (retired), District Judge;

And whereas the said Sri S. N. Modak, I.C.S. (retired), District Judge, has submitted to the State Government his award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

in the matter of an industrial dispute between Rampooria Cotton Mills, Ltd., Serampore, Hooghly, and their workmen represented by Rampooria Cotton Mills Workers' Union regarding the discharge of four workmen, Sarat Kumar Shaw and others.

BEFORE THE INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT: SRI S. N. MODAK, J.C.S. (RETD.), *Chairman.*

or the Union: Sri P. K. Sanyal, Advocate.

or the Company: Sri H. N. Sanyal, Counsel, Sri A. N. Roy, Counsel, and Sri S. Sen, Solicitor.

AWARD.

By Government of West Bengal, Department of Labour, order No. 2805-Lab., dated the 29th May 1950, this industrial dispute between Messrs. Rampooria Cotton Mills, Ltd., Serampore, Hooghly (Managing Messrs. Messrs. Hazareemull Heeralall, 148, Cotton Street, Calcutta), and their workmen represented by Rampooria Cotton Mills Workers' Union, 230, Grand Trunk Road, post office Rishra, Hooghly, regarding the matters specified in the schedule appended to the order, viz., the questions of reinstatement and compensation arising out of the discharge of four workmen, viz., Sarat Kumar Shaw, Khagendra Nath Dutta, Nathoni Prosad and Panchu Gopal Chatterjee, has been referred to me as an industrial tribunal for adjudication. The issues as set forth in the schedule appended to the order of reference are as follows:—

- (1) Were Khagendra Nath Dutta of the Weaving Department and Nathoni Prosad of the Spinning Department forced to sign a voluntary discharge certificate? If so, are they entitled to reinstatement and/or any other compensation?
- (2) Was Panchu Gopal Chatterjee of the Finishing Department wrongfully dismissed? If so, is he entitled to reinstatement and/or any other compensation?
- (3) Was Sarat Kumar Shaw, Overhauling Fitter, wrongfully dismissed for his trade union activities? If so, is he entitled to reinstatement and/or any other compensation?

2. As the hearing began it was submitted on behalf of the Union that Khagendra Nath Dutta, Nathoni Prosad and Panchu Gopal Chatterjee had been taken back in service by the Company since after the commencement of the present adjudication proceedings, and it was conceded on behalf of the Union that Khagendra Nath Dutta and Nathoni Prosad were still in service of the Company, and the Union did not wish to press their case. As regards Panchu Gopal Chatterjee it was represented on behalf of the Company that he also still continued to be in the service of the Company, and thereupon the learned advocate for the Union informed the Tribunal that he did not wish, under the circumstances, to press the case of Panchu Gopal also. This being the position, the Tribunal proceeded on the basis that there was no subsisting industrial dispute in respect of Khagendra Nath Dutta, Nathoni Prosad and Panchu Gopal Chatterjee, and it was necessary only to hear the case regarding Sarat Kumar Shaw. The case regarding Sarat Kumar Shaw as put forward by the Union is that the Management directed his discharge on 15th April 1950 with an alleged motive alleging that he was fomenting communal trouble, but in reality intending to get rid of Sarat Kumar Shaw who was Secretary of the Union and thus to damage the cause of the Union itself. The Company on the other hand put forward certain items of irregular or undesirable conduct of Sarat Kumar Shaw on previous occasions and asserted that before the date of his discharge Sarat Kumar was found spreading communal feeling among the workers and trying to excite one section of the workers against another. After hearing the case in part on 5th September 1950 the Tribunal adjourned the hearing to 8th September 1950 for taking the evidence of witnesses whom the parties might wish to examine. On 7th September 1950 a joint petition of settlement signed by both parties was submitted before the Tribunal. The petition of settlement is reproduced below:—

Sri S. N. Modak, I.C.S. (Retd.), Tribunal, appointed under the Industrial Disputes Act, 1947.

In the matter of an industrial dispute between Messrs. Rampooria Cotton Mills, Ltd., and their workmen represented by Rampooria Cotton Mills Workers' Union.

The humble petition of the abovenamed parties

RESPECTFULLY SHEWETH :—

That it appears that the movement of the workman Sri Sarat Kumar, Secretary of the abovenamed Union, gave rise to some misunderstanding in the minds of the Management.

That the said Sri Sarat Kumar Shaw has expressed his regret for the aforesaid misunderstanding in the minds of the Management.

That the Management has now accepted the position and being satisfied as to the innocence of the said Sri Sarat Kumar Shaw has settled the dispute between the parties on the following terms, viz. :—

- a) that Sri Sarat Kumar Shaw is reinstated from the date of his discharge, i.e., to say from the 15th of April 1950 to his former post and service;
- b) that the wages with dearness allowance due to the said Sri Sarat Kumar Shaw from the said 15th of April 1950 up to the date of his rejoining as mentioned below shall be paid by the abovenamed Company within seven days from the date hereof by way of compensation;
- c) that the said Sri Sarat Kumar Shaw shall attend to his duties on and from the 11th day of September 1950.

Our petitioners humbly pray that the Tribunal may be pleased to pass an award in terms of the abovenamed settlement.

And your petitioners as in duty bound shall ever pray.

50.

(Sd.) Sarat Kumar Shaw, Secretary,
by P. K. Sanyal, Advocate for the workman.

Rampooria Cotton Mills, Ltd., by
(Sd.) Babubhai, Manager,
(Sd.) Dutta Sen, Attorney for the mills."

As regards Khagendra Nath Dutta, Nathoni Prosad and Panchu Chatterjee, I find that there is no subsisting industrial dispute, and I make my award accordingly. As regards Sarat Kumar Shaw I find that the terms of settlement as incorporated in the joint petition submitted on 11th September 1950 are fair and proper and I make my award by directing that the terms of settlement in respect of Sarat Kumar Shaw be given effect to by both parties.

S. N. MODAK,
Chairman, Industrial Tribunal.

11th September 1950.

By order of the Governor,
D. S. P. MUKHERJEE, Jt. Secy.

ORDER.

No. 2370Lab. 28th September 1950.—Whereas under the Government of West Bengal, Labour Department, order No. 2370Lab., dated the 11th May 1950, the Industrial Dispute between Messrs. Pioneer Match Factory, 16, Dum Dum Road, Dum Dum, 24-Parganas, Head Office: 11, Sovaram Basack Street, Calcutta, and their workmen represented by Pioneer Match Factory Employees' Union, 17/1, Shyamnagar Road, post office Dum Dum, 24-Parganas, regarding the matters specified in the schedule to the said order, was referred for adjudication to Sri S. C. Chakravarty, District Judge;

And whereas the said Sri S. C. Chakravarty, District Judge, submitted to the State Government his award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of Industrial Dispute between Messrs. Pioneer Match Factory, 16, Dum Dum Road, Dum Dum, 24-Parganas, Head Office: 11, Sovaram Basack Street, Calcutta, and their workmen represented by Pioneer Match Factory Employees' Union, 17/1, Shyamnagar Road, post office Dum Dum, 24-Parganas.

PRESENT: SRI SAILES CHANDRA CHAKRAVARTY, *Chairman of Tribunal.*

For the Company: Sri S. K. Basu, Counsel, instructed by Messrs P. Himatsingka & Co., Attorneys-at-Law, Sri M. L. Benani, Proprietor and Sri L. N. Nathani, Manager.

For the Union: Sri Sib Nath Banerjee, M.L.A., and Sri Narayan Gupta.

Acting under sections 7 and 10 of the Industrial Disputes Act, Government of West Bengal, Department of Labour, by their order No. 2370 dated the 11th May 1950, referred to me for adjudication the industrial dispute between Messrs. Pioneer Match Factory, 16, Dum Dum Road, Dum Dum, 24-Parganas, Head Office: 11, Sovaram Basack Street, Calcutta, and their workmen represented by Pioneer Match Factory Employees' Union, 17/1, Shyamnagar Road, post office Dum Dum, 24-Parganas.

The demands of the Union are set out in Appendix A to this award. The points for adjudication are:—

- (1) Reinstatement of Suresh Chandra Ghosh.
- (2) Wages for the lock-out period.
- (3) Cancellation of order of transfer of Sri Haran Chandra Sen and Sri Profulla Kumar Singha.
- (4) Basic pay and rates of increment.
- (5) Dearness allowance.
- (6) Leave.
- (7) Provident Fund.
- (8) Procedure of discharge and recruitment.

AWARD.

Point 1.—Reinstatement of Suresh Chandra Ghosh.

The matter has been settled out of Court and the dispute has been ~~drawn~~ ^{settled}.

Point 2.—Wages for the lock-out period.

On 30th January 1950, after working hours, a notice of dismissal was served on Suresh Chandra Ghosh. The Union protested against this and threatened the employers with a pen-down strike for 31st January 1950. ~~there was a pen-down strike or tool-down strike~~, the Company declared lock-out with effect from 1st February 1950. The lock-out was lifted on February 1950. The Company refused to pay wages for this lock-out period. Now the question is whether the demand of the Union for the wages for the lock-out period is justified. The lock-out is the sequence of tool-down strike and it is necessary to consider, firstly, whether a tool-down strike is justified and, secondly, whether, in the situation, this was the only course left to the employees.

Now about the first part. "Strike" in its general sense implies a dispute between the employer and the employee in the course of which there is a concerted suspension of employment.

There are three essential characteristics in a strike—

- (1) The existence of relationship of the employer and the employee.
- (2) The existence of a dispute and utilization by labour of the weapon of concerted refusal to continue to work as the method of persuading or coercing compliance with the workmen's demand.
- (3) The current legal view is that during the continuance of the strike, the relationship of the employer and the employee does not altogether cease but remains in what may be described "in a state of suspended animation" or, as some authors have put it, "in a state of belligerent suspension".

It follows from the third clause listed above that during the continuance of the strike the working man has no right to stay in the factory premises. The permit to entry and to stay is for an employee to work. When the intent is absent and the relationship of the employer and the employee remains in a state of suspended animation, the working man has no right to stay there. The sit-down strike has been held in American Courts to be illegal invasion on owner's plants and properties. This conclusion was arrived at by the Courts in U. S. A. as following from the concepts of strike itself and not from any rule or statutory prohibition.

The invasion being illegal, the parties committing this bring themselves under the penal laws of the country according to the degree of tumult occasioned.

The admonitions against stay-in strike in *Lipton's case* given by Sri C. Banerjee (*Extraordinary Calcutta Gazette*, dated the 12th May 1949) have been appropriate and pertinent.

Now about the second part, viz., whether the strike was inevitable. After the passing of the Industrial Disputes Act and the establishment of elaborate machinery for settlement of labour disputes, it cannot be said that any strike was justifiable.

So the tool-down strike must be condemned on both the points. After this, if a tool-down strike is staged and there is a refusal on the part of the employees to work, the employers cannot but close down the shop and say it would be reopened only when the workmen would be agreeable to work. When there was that assurance the factory was reopened. In my opinion, the employees are not entitled to pay for the lock-out period.

Point 3.—Cancellation of order of transfer of Sri Haran Chandra Sen and Sri Profulla Kumar Singha.

There has been a retransfer and the point has not been pressed for adjudication.

Points 4 and 5.—Basic pay and rate of increment and dearness allowance.

The adjudication on wages in small match factories present considerable difficulties. At first the logs of wood are sawed in pieces which are then peeled in a machine to sheets of different thickness. These sheets are then examined and arranged. These are then sent to different machines where sticks are made and sheets are cut to pieces for the boxes. These sheets are turned into match boxes in different automatic machines. The sticks made are rolled. They are arranged in a machine and then fixed in boards which are then dipped first in paraffin and then in chemicals. After these become dry they are removed from the boards and arranged. These are then counted and put into boxes. The boxes have to be examined before to see if they are in order.

More hands are required but less toil and skill. Much of this handling is eliminated in big factories where more automatic machines are in use.

On account of absence of toil and skill in many stages, females, adolescent men and boys are engaged. The employment of such person is not only justified but is a necessity.

The firm is not making profits for some years. The accounts can be accepted as correct because the production is being daily checked by the Central Excise authorities and actually the stocks are kept in their custody.

In 1941 and earlier more men were employed and the workers were mostly on piece rate. The concern made some profit.

In later times many of the workers who had been piece-rater before became time-raters. The present position is that there has been a great fall in per capita production. The peeling department holds the key position. I had been to the factory and complaints were made that the other departments were not fed properly. Looking to the fact that the peeling department holds the key position and also noting the fact that there has been a drastic reduction in production in that department, the conclusion is inevitable that unless this key position be revived, it will not be possible to make any improvement in wages.

This basic difficulty has been appreciated by the Union and I have been much impressed by the spirit of accommodation and eagerness displayed by the representatives of the Union to come to an arrangement by which production can be improved. The Union representatives have agreed that all piece-raters, who since 1941 became time-raters, should revert back to the old position.

I am projecting a scheme and this should be given a trial for one year. After lapse of one year the production and wages should be examined in the light of the finances and, if necessary, the matter should again come to tribunal for readjustment.

In Appendix B I set out the jobs which from the time of the enforcement of this award shall be piece-rating jobs. In column 1 the name of a job has been specified and in column 2 the rates.

I think I should describe here the process by which the rates have been arrived at.

The rates of wages and piece rates were a little higher in 1941 than in 1939. So far as piece rates were concerned, we decided to give at least 1 per cent. increase over the 1941 rates, provided that the rates shall be at least a little higher than the present rates. The real difficulty arose with those piece-raters who since 1941 had become time-raters. They could not be induced to become piece-raters unless they found in the scheme that their emoluments did not fall. They in fairness can demand this. The production in 1941 was very high and the Union claimed that calculation on these figures would be unfair. We therefore took up the production figures of the first part of 1939. We found out the average per man production in a given unit of time. Then we calculated what would be the emoluments at that unit of time at the present pay after giving some increase. The result has been found by dividing the money with the production in a given unit of time. Thus if the workers can maintain the average production of 1939, they will earn more than what they are earning now. If the production is increased, earnings will also increase. The process of finding out piece rates had been a very laborious process and at times tiring but all persons were enthused with the idea of doing a service to the industry and to the workmen.

Then a question of prestige and vanity arose in respect of the monthly rated workers who are being converted to piece-raters and this has been resolved in the parties in this way. The names of monthly rated workers who are converted to piece-raters shall continue to remain on the rolls of the monthly rated men but their emoluments shall be calculated and paid on the basis of piece rates fixed under this award. I agree to this.

There should be no distinction between piece-raters and time-raters if the question of payment of bonus arises. The question of bonus is not an issue before me.

Then arises the cases of daily mazdoors. The daily emoluments for the adult shall be Rs. 1-12 and for an adolescent Rs. 1-4.

I have fixed total emoluments and as roughly 100 per cent. rise over the 1941 scale has been granted, I award that 50 per cent. of the total emoluments shall be dearness allowance for each worker.

There are two mistries, one getting Rs. 130 and the other getting Rs. 98. The minimum for the Watch and Ward staff is Rs. 50 which is the lowest for mazdoors. The minimum for a lorry driver is Rs. 120. In my opinion, the total emoluments do not call for any interference. In cases where the total emoluments do not exceed Rs. 100, Rs. 25 shall be treated as dearness allowance and in other cases Rs. 30. The balance shall be treated as basic pay.

Now I come to the cases of some persons who are engaged in quasi-regularising jobs. They are:—

- (1) Sri Kshitish Chandra Gupta—Rs. 95.
- (2) Sri Prafulla Kumar Singh—Rs. 94.

(3) Sri Amarendra Nath Sen—Rs. 57.

(4) Sri Haren Chandra Sen—Rs. 55.

(5) Sri Anil Kumar Bose—Rs. 60.

They are all non-Matriculates and except Anil Bose each has quite a long period of service. For this class I fix dearness allowance at Rs. 25 and the minimum pay Rs. 40. Kshitish Gupta and Prafulla Singh be each given an increment of Rs. 2.

Now about the two office clerks—

Sri Apurba Lal Chakravarti—Rs. 80.

Sri Samir Bose—Rs. 60.

They are both Matriculates. In their cases, also the dearness allowance shall be Rs. 25 and the minimum pay shall be Rs. 45. Apurba Chakravarti shall get an increment of Rs. 5.

Since piece rate system has been introduced, there should be some safeguards about their earnings in some eventualities.

Earnings may fall short on account of any of the three conditions, (i) Failure of the machinery, (ii) Non-supply of materials and (iii) Failure of the workers to execute work up to the basis.

(i) *Failure of the machinery.*—This is a calamity common to the workers and to the Management. It is just and proper that the loss should be shared by both. I award that in case of breakdown or failure of machinery the workers shall get half of the total average emoluments for the day.

(ii) *Non-supply of materials.*—Here the Management can arrange for regular supply. A surplus supply may be stored for future. It is not expected that more men than can be fed should be kept in service. In case of short supply the minimum guaranteed amount shall be two-thirds of the total average emoluments for each day. If on account of chronic short supply there be a surplus of men, retrenchment must be effected. It, however, to avoid retrenchment all the workers concerned agree to do away with the minimum guaranteed system, it will be permissible for the Management to accept that.

(iii) *Failure of the workers to work up to the basis.*—I am not prepared to guarantee any premium for indolence.

I have said before that there are some key departments where increased production will greatly improve the quantity of work available for the workmen. One such is the Stick Peeling Department. It appears that the average in January and February 1941 had been 2½ forms per hour. If there be 10 per cent. increase in per hour production, the excess portion of 10 per cent. shall be paid at a rate 50 per cent. above the normal rate given in the annexure. If there be a further rise of 10 per cent., the further excess of 10 per cent. shall be paid at double the normal rate.

Another is the Frame Filling Department. The maximum production has been 2½ garris per hour. If there be 10 per cent. increase in hour production, the excess of 10 per cent. shall be paid at a rate 50 per cent. in excess of the present rate. If there be a further rise of 10 per cent., the excess shall be paid at double the ordinary rate.

The unit of time shall be either a day or week, whichever is more beneficial to the workers.

These are similar to Taylorism in U. S. A. or Stakhanov Movement in Soviet Union.

This increases the cost of production to some extent and is not therefore added to other departments. I confine it only to those departments where, if production is increased, the other departments will get the benefit.

Point 6.—Leave.

There shall be six ordinary festive holidays and two special festival days on 15th August and 26th January. In addition to the statutory leave, there shall be 15 days' sick or casual leave on pay.

Point 7.—Provident Fund.

This is a small concern and both parties have agreed that a system of gratuity be substituted for Provident Fund.

The retiral gratuity shall be at the rate of $\frac{1}{2}$ month's basic wages for each year of continuous service subject to a maximum of 15 months' wages. Retiral age shall be 55. Extension may be granted when agreed to by employer and the employee concerned.

For the purpose of calculation of gratuity of piece-rated workers, the average of the last 12 months shall be taken.

Previous to 1941, this was a partnership firm. There was a suit in Court and the partnership was dissolved and the present owners got the machines and started the factory as their own concern. The present firm cannot be made liable for gratuity for any period before they became a firm. Therefore service from 1941 will only be counted for the purposes of gratuity.

Gratuity shall be paid in case of dismissal for misconduct or when service does not exceed 3 years. When service exceeds 3 years but does not exceed 6 years, 50 per cent. of the gratuity shall be payable. When service exceeds 6 years but does not exceed 9 years, 75 per cent. of the gratuity shall be payable. Full amount of gratuity shall be payable when service exceeds 9 years. Full amount of gratuity shall be payable when a worker who has served for at least 3 years is retrenched for no fault of his own or dies.

Point 8.—Procedure of discharge and recruitment.

In case of retrenchment the principle of "Last come, first go" shall be applied subject to cases with exceptional abilities. This shall be confined to department by department. No worker shall be dismissed unless he is given an opportunity to explain the charge against him and his representatives are considered.

The Union demands that in matters of recruitment preference should be given in the following order: (1) discharged or retrenched employees, (2) relations of the employees, at present working or retired, (3) evacuees, through Employment Exchange, (4) others.

By general recommendations are made for suitable retrenched staffs to be engaged.

APPENDIX A.**The Pioneer Match Factory Employees' Union.***Memorandum of Demands.*

1. The basic pay of all the unskilled labourers should be Rs. 30 minimum per month.
2. The basic pay of all the semi-skilled labourers should be Rs. 40 minimum per month.
3. The basic pay of all the skilled labourers should be Rs. 70 minimum per month.
4. Dearness allowance of the above 1, 2 and 3 categories should be as follows:—
 For Rs. 30 per month—Rs. 25 per month.
 Over Rs. 30 up to Rs. 100 at 5 annas per rupee with a minimum Rs. 25 per month.
 Rs. 100 and upwards at 3 annas per rupee with a minimum of Rs. 75 per month.
5. Annual increment of the—
 Unskilled labourers should be at 2 annas per rupee.
 Semi-skilled labourers should be at 3 annas per rupee.

S. C. CHAKRAVARTY,
 Chairman of the Tribunal.

1 September 1950.

By order of the Governor,
 D. S. P. MUKHERJEE, Jt. Secy.

ORDER.

No. 5364Lab.—18th September 1950.—Whereas under the Government of West Bengal, Labour Department, order No. 3262Lab., dated the 16 June 1950, the industrial dispute between Messrs. J. D. Jones & Co., Ltd. 8, Netaji Subhas Road, C/5, Clive Buildings, Calcutta, and the employees in connection with the case of Sri Amarendra Nath Roy, villa Mowrigram, Roypara, P. O. Andulmouri, district Howrah, regarding a matter specified in the schedule thereto was referred for adjudication to G. Palit, District Judge;

And whereas the said Sri G. Palit, District Judge, has submitted to the State Government his award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an industrial dispute between Messrs. J. D. Jones & Co. Ltd., 8, Netaji Subhas Road, C/5, Clive Buildings, Calcutta, and the employees in connection with the case of Sri Amarendra Nath Roy, villa Mowrigram, Roypara, P. O. Andulmouri, district Howrah.

PRESENT:

SRI G. PALIT, *District Judge, Industrial Tribunal.*

Present for the employee: Sri Prodyot Banerji, Advocate.

Present for the Company: Sri Charu Chandra Bosu, Solicitor.

By an order No. 3262Lab., dated the 16th June 1950, the Government of West Bengal constituted a Tribunal of one Judge under sections 7 and 10 of the Industrial Disputes Act (Act XIV of 1947) and referred the dispute to me for adjudication.

2. The reference was received on 19th June 1950. The employee filed a written statement on 30th June 1950. The Company filed its written objection on 10th July 1950. The case was taken up for hearing on 11 August 1950 and concluded on that day. The issue was contained in the schedule of the aforesaid reference. It stands as follows:—

Whether the dismissal of Sri Amarendra Nath Roy was justified? If not, to what relief he is entitled?

AWARD.

According to the version of the employee, it appears that he was taken into service as far back as 2nd February 1947. The Company changed hands in February 1947 and Sri Ramprasad Bajoria, a Marwari, happened to have purchased the Company's interest. There was some trouble between the Company and its employees which culminated in an order in reference to a Tribunal. The dispute was settled by the award of the Tribunal published in the *Calcutta Gazette*, dated the 4th August 1947. The trouble, however, did not end with the award. There was an agitation on the part of the employees for implementation of the terms of the award. The Company at first set its face against the move but later on entered into an agreement with the employees by which the aforesaid award was to a certain extent, modified. The present employee was summarily dismissed

22nd March 1950. He alleges to have appended the signature by way of final settlement of the claim by receiving 22 days' pay of March under res. He now claims 5 months' pay as gratuity, one month's salary as due on the 31st March 1950 and one month's pay in lieu of notice.

The Company resists the claim of the employee on the ground that he was summarily dismissed because of misconduct and negligence. As the award is not retrospective, the claim for gratuity is liable to fail.

(On going through the evidence I find that the Company is not quite consistent in the matter of charge against this employee. Before the Reconciliation Officer, the representative of the Company is said to have stated that this employee Sri Amarendra Nath told others not to sell goods for this Company as they harassed some other parties (*vide* the report of the Reconciliation Officer). In the written statement of the Company, the charge of misconduct and negligence has been made but that again has been left to stand by itself. No specific facts have been given out supporting the charge. In the evidence before me Sri Debidas, the present Accountant and Office Superintendent, states that Sri Amarendra Nath quarrelled with him several times and often spent time outside. He was thrice reprimanded for this. He further says that one Banoarilal told the Directors that the employee Sri Amarendra Nath gave out to him the prices at which goods were sold to other customers. If this be the gravamen of the charge, I must say that it is absolutely frivolous. If the customary prices which certain goods were sold, are told to a prospective buyer, that hardly does not amount to giving out secrets of the Company or its affairs. This Banoarilal should have been examined before me. Neither the Director been examined. So I am asked to rely entirely on the evidence of a person who stands uncorroborated and who bears admitted prejudice against this employee. In support of the charge of negligence the letters, Exts. A—C, have been placed before me. I got in evidence that Sri Amarendra Nath had often been required to attend the Customs Income-Tax Department in connection with his duties. So he must sometimes be absent from the office now and then. Regarding his inefficiency in accounts-keeping I must say that the charge can hardly be sustained. His accounts are audited by competent firms of auditors. The employee states that his work was appreciated by the auditors. This is not challenged. This is rather supported by the fact that when he was discharged by the Company, he was provided with, perhaps, a better job in the firm of Messrs J. Atherton & Co. on the recommendation of the auditor who audited the accounts of this Company. So taking a total view, I am satisfied that the Company wanted to get rid of this man any how. He has been given a bad name just as a dog is given, if it is sought to be hanged. I find that the discharge of this employee was unjustified.

Now the point is what relief he is entitled to in the circumstances. It is not a case for reinstatement. The employee does not want it. Neither does the issue cover it specifically. I do not for a moment question the legal right of the employer to discharge its employee. But when the discharge is wrongful and is arbitrary, the Company cannot be absolved from the liability to pay compensation to the extent called for by the circumstances. In this case the employee should have been given written notice. He evidently got no opportunity to explain matters. He has put 10 years of service and is a permanent employee on a fairly high salary of Rs. 220 per month. So his claim for one month's salary in lieu of notice is perfectly in order. I uphold the said claim. His acceptance of 22 days' pay does not preclude his present claim. It can never operate as a bar.

Regarding the claim of bonus of one month's salary, he is entitled to have it under the admitted agreement, marked Ext. 2 which modified the award. In paragraph 3 of the said admitted agreement bonuses are allowed twice a year amounting to one month's basic salary payable during the Pujas and during the closing of accounts, i.e., on the 31st March every year. Here it is contended that the employee was discharged on 22nd March 1950 and therefore he cannot have the bonus payable on the 31st March 1950. I have already found that the employee was discharged wrongfully without notice. He asserts that he was discharged only to deprive him of the bonus. He is certainly entitled to a notice of one month to have his service terminated. So he must be supposed, to all intents and purposes to have been in employ till 22nd April 1950. In this view he is entitled to claim bonus amounting to one month's basic salary. So I uphold his claim of Rs. 220 on the score of bonus.

Regarding the claim of 5 months' salary on the score of gratuity, I find that the claim cannot be sustained. In the award placed before me I find that the Company had no scheme about gratuity. It is the Tribunal which laid down a gratuity scheme. The Tribunal did not make it retrospective. In the absence of an express term giving an award retrospective effect, it can never have such effect. Thus the claim to gratuity must rest on the period of service put in after the award. So the employee in the present case cannot succeed in his claim on the score of gratuity as he has not put in more than 3 years of service since the date of this award. So his claim on this score fails.

Hence the employee is entitled to have Rs. 440, half on the score of one month's pay in lieu of notice and half to the extent of one month's basic salary on the score of bonus and none on the score of gratuity. The amount is made payable within one month of the award coming into operation.

Before parting with this case, I must note that no objection on the score of jurisdiction of this Tribunal has been raised in the written objections of the parties nor mooted during the trial. Neither is it mentioned in the issue contained in the order of reference. So I do not decide on this point.

G. PALIT, *District Judge*

Factory Employees' Union, 20, Bhutnath Paul Road, P.

Ghugudanga, Calcutta, was referred for adjudication to Sri S. C. Chakravarti, District Judge:

And whereas the said Sri S. C. Chakravarti, District Judge, has submitted to the State Government his award on the said industrial dispute; Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased to publish the said award as shown in the annexure hereto;

ANNEXURE.

The matter of industrial dispute between (1) Messrs. B. K. Paul & Co., Ltd., (2) Messrs. B. K. Paul & Co. (Agency), Ltd., (3) Messrs. B. K. Paul & Co. (Edwards Tonic), Ltd., and (4) Messrs. B. K. Paul & Co. (Research Laboratory), Ltd., of 1 and 3, Bonfield Lane, Calcutta, and their workmen represented by (1) B. K. Paul & Co., Ltd., Employees' Union, 102-B, Netaji Subhas Road, Calcutta, and (2) B. K. Paul & Co. (Research Laboratory), Ltd., P. A. & D. Co. Factory Employees' Union, 20, Bhutnath Paul Road, P. O. Ghugudanga, Calcutta.

PRESENT:

SRI SAILESH CHANDRA CHAKRAVARTI,
Chairman of the Tribunal.

Messrs. B. K. Paul & Co. (Research Laboratory), Ltd. : Sri S. C. Sen, Advocate.

B. K. Paul & Co. (Research Laboratory), Ltd., P. A. & D. Co. Factory Employees' Union : Sri D. L. Sen Gupta, Advocate, assisted by Sri Swadesh Gupta, Secretary of the Union.

Coming under the provisions of sections 7 and 10 of the Industrial Disputes Act, 1947, Government of West Bengal, in the Department of Labour, by their order No. 3672Lab., dated the 6th July 1950, have referred to me for adjudication the industrial dispute between Messrs. (1) B. K. Paul & Co., Ltd., (2) B. K. Paul & Co. (Agency), Ltd., (3) B. K. Paul & Co. (Edwards Tonic), Ltd., and (4) B. K. Paul & Co. (Research Laboratory), Ltd., of 1 and 3, Bonfield Lane, Calcutta, and their workmen represented by (1) B. K. Paul & Co., Ltd., Employees' Union, 102-B, Netaji Subhas Road, Calcutta, and (2) B. K. Paul & Co. (Research Laboratory), Ltd., P. A. & D. Co. Factory Employees' Union, 20, Bhutnath Paul Road, P. O. Ghugudanga, Calcutta.

The following points have been referred to me for adjudication:—

NOTIFICATIONS.

Subject:—Exemption from tax—Assessment of Salaries of persons, formerly employed in Part B States, but now employed by Central Government.

No. TM/191.—20th September 1950.—Attention of all Treasury Officers in West Bengal, the Drawing and Disbursing Officers of the Central Government under the audit control of this office is invited to notification No. TM/191 dated 15th June 1950, on the subject noted above published at page 1810 of the *Calcutta Gazette* dated 29th June 1950. The following addition should be made at the end of the notification above:—

“As stated above, where there was no rate of tax in force in the State before the 1st April 1947, the rate should be the Saurashtra rates”.

[Government of India, Ministry of Finance (Revenue Division), Letter No. 57-St.(Int.)-49, dated 4th August 1950. Dy. India 3674/1345. No. TM/11-2 of 49-50.]

Subject:—Annual Establishment Returns.

TM/192.—20th September 1950.—Attention heads of offices of the Government of West Bengal as well as of the Central Government under audit control of this office, is drawn to paragraph 114 of the Bengal Audit Manual and the thereunder as inserted by correction slip 40, dated 31st January 1941, as also to paragraph 105 *ibid.* read with clause (f) to Article 62 C.A.C., Volume I (Note to Article 119 of General Financial Rules, Volume I, as also in Appendix 7 to the General Financial Rules, Volume II), under which Annual Establishment Returns in respect of men holding temporary vetted posts in superior pensionable service and temporary sanctions are required to be sent to the Audit Office. It has been noticed that such Returns in respect of the personnel mentioned above are not, in many cases, submitted on to this office. It is, therefore, requested that Returns due for this year which have not been sent should be sent to this office immediately and in future they should invariably be sent to this office along with the Returns for permanent men not later than the 15th of May next year.

Notes and orders filed in Ble. TM/18-16 (1)

Set-off of refunds under the Bengal Agricultural Income-tax Act, 1944.

TM 193.—25th September 1950.—It has been brought to notice of this office that the procedure to be followed in making payment of agricultural income-tax and also in the set-off of refunds is not clearly understood by Treasury Officers. All Treasury Officers in Bengal and the Manager, Reserve Bank of India, Calcutta, are accordingly informed hereby that the procedure followed in the case of refunds of agricultural income-tax under the Indian Income-tax Act, 1922, will apply *mutatis mutandis* in the case of set-off of refunds under the Bengal Agricultural Income-tax Act, 1944, as well. In the case of set-off of refunds the amount of refund to be shown by the Treasury Officer as a refund in the list of payments, the same being shown simultaneously as ordinary tax receipt schedule.

DEPARTMENT OF LAND AND LAND REVENUE

Land Acquisition

NOTIFICATION.

Hooghly.—No. 10700L.A.—20th September 1950.—The following agreement is published under section 42 of the Land Acquisition Act, I of 1894 for general information.

By order of the Governor,

S. BANERJEE,

Member, Board of Revenue, and Secy to the Govt. of West Bengal (ex-officio)

Agreement.

MEMORANDUM OF AGREEMENT made this 19th day of September, One Thousand Nine Hundred and Fifty between THE DUNLOP RUBBER COMPANY (INDIA), LIMITED, a Company incorporated under the Indian Companies Act, 1913, having its registered office at 57B, Free School Street Calcutta, and having a Factory at Sahaganj in the district of Hooghly (hereinafter called the "COMPANY") of the one part and GOVERNOR of the STATE OF WEST BENGAL (hereinafter called the "GOVERNOR") of the other part.

WHEREAS for the purpose of the provision of amenities for the employees of the Company and also for the erection of employees' quarters in connection with the Factory Development Plans, the Company have applied to the Government of West Bengal for the acquisition under the provisions of the Land Acquisition Act I of 1894 of the piece and parcel of land containing 1.479 acres of thereabout situate in the village of Keota in the district of Hooghly and more particularly described in the schedule hereto and delineated in the plan hereunto annexed:

AND WHEREAS the said Government of West Bengal being satisfied by an enquiry held under section 40 of the said Act that the proposed acquisition is needed for the aforesaid purposes and that the said works are likely to prove useful to the public has consented to acquire on behalf of the Company the piece or parcel of land hereunder described:

AND WHEREAS the said Government of West Bengal has required the Company under the provisions of section 41 of the abovementioned Act to enter into the agreement with the Governor hereinafter contained:

NOW THIS INDENTURE WITNESSETH that the Company hereby agreed and declared as follows:—

1. On demand the Company shall and will to the said Government of West Bengal all compensation in respect of the said land tendered, paid or awarded or to be tendered, paid or awarded by the Collector under the Land Acquisition Act, 1894, or by court to which reference under Part III of the said Act may be made or by the court or courts to which an appeal from the award of the said court may be preferred and all costs, charges and expenses of the proceedings in the aforesaid courts, or otherwise incident to the proposed acquisition or payable in respect thereof under the provisions of the said Act.

2. On demand made by the said Collector the Company shall and will deposit with the said Collector a sum or sums of money as in his discretion the Collector may in anticipation estimate to be necessary for the purposes mentioned in the preceding clause.

*Not printed but may be inspected in the office of the Special Land Acquisition Collector, Hooghly.

3. On payment by the Company of all demands under the foregoing first clause, or in the discretion of the said Government of West Bengal (on deposit of the Company of all estimated amounts as provided in the second clause), but not before possession shall have been taken under the provisions of the abovementioned Act, the Governor shall make over possession of the said land to the Company and shall execute and do all such acts and deeds as may be necessary and proper for effectually bringing the same in the Company.

4. The said land shall be held by the Company for the purposes of such undertakings as are hereinbefore mentioned and without the sanction in writing of the said Government of West Bengal shall not be had and obtained for no other purpose whatever.

5. All the said purposes shall be completed within three years from the date on which possession of the said land shall have been given to the Company.

6. Should the said purposes be not completed within the period stated in the last preceding clause or within such further period as in its discretion may be prescribed or allowed by the said Government of West Bengal, or should the said land at any time thereafter cease for a period of 12 consecutive months to be held and used or cease to be required for the purpose or purposes provided for in the foregoing fourth clause, then and in any such case the said Government may summarily re-enter upon and take possession of the said land together with all buildings thereon whether such buildings were erected before or after the transfer of the land to the Company, and upon the interest of the Company in the said

land and buildings shall absolutely cease and determine.

7. On taking such possession the said Government may sell or otherwise deal with the said land and buildings as it may think proper.

(i) Should the said Government sell the land with the building, the said Government after deducting the expenses incurred in connection with the said taking of possession and with such sale shall pay the proceeds to the Company.

(ii) Should the said Government decide not to sell the land and buildings, the said Government shall retain the said land and buildings thereon, in which case the Governor shall repay to the Company the market value as on the day of re-entry of all the buildings erected by the Company and all sums received from the Company in respect of all and every compensation as provided in the foregoing first clause (less the statutory allowance of 15 per cent. and less any amount received on account of trees and buildings which are not in existence at the time of resumption) but will not repay any sums paid and received on account of costs, charges and expenses.

(iii) Should the said Government decide to sell the buildings only upon such sale, the Governor shall after deducting the expenses of taking possession and selling, pay the balance of the proceeds of sale to the Company, together with the sum received from the Company in respect of the compensation for the land (less the statutory allowance of 15 per cent. and less any amount received from the Company on account of trees and buildings which are not in existence at the time of resumption) but will not repay any sum paid and received on account of costs, charges and expenses.

particulars of the award was published on 3rd July 1948. The award of the Union discloses that there were differences between the Union of the Management, chiefly concerning the implementation of the award of the Major Engineering Industries Tribunal. It appears that the Union gave notice on the Company on 5th November 1949 intimating that the workers would go on strike unless some demands mentioned in the notice were met. The demands included, amongst other items, the claim for bonus for the previous years. Conciliation proceedings were immediately started by the Assistant Labour Commissioner, Howrah, and as a result of joint sittings conferences all the disputes except that over the claim of bonus were settled by an amicable compromise on 3rd December 1949. It was agreed that the Company, which was a proprietorship concern, would submit its accounts for 1954 and 1955 B.S. within a fortnight whereafter the dispute over the claim of bonus would be settled on a review of the financial condition of the Company. The Company did not produce its accounts even during the three months. The Labour Directorate having failed to effect any

ORDER.

5711Lab.—28th September 1950.—Whereas under the Government of West Bengal, Labour Department, order No. 1762Lab., dated the 11th April 1950, the industrial dispute between Messrs. Attas Iron Foundry, 171, Grand Trunk Road, Howrah, and their workmen, represented by the Iron Factories Workers' Union, 3/1, Kali Banerji Lane, Howrah, over the question of bonus for 1949, was referred for adjudication to Sri M. C. Banerji, District Judge;

and whereas the said Sri M. C. Banerji, District Judge, has submitted to the State Government his award on the said industrial dispute;

now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

PRESENT: SRI MATISH CHANDRA BANERJI,
District Judge, Tribunal.

Industrial dispute between Messrs. Attas Iron Foundry, 171, Grand Trunk Road, Howrah, and their employees represented by the Iron Factories Workers' Union, 3/1, Kali Banerji Lane, Howrah.

The Government of West Bengal in the Department of Labour by an order No. 1762Lab., dated 11th April 1950, referred, under sections 7 and 17 of the Industrial Disputes Act, 1947 (Act XIV of 1947), the industrial dispute over the question of bonus for 1949 between Messrs. Attas Iron Foundry, 171, Grand Trunk Road, Howrah, and their workmen represented by the Iron Factories Workers' Union, 3/1, Kali Banerji Lane, Howrah, for adjudication.

Notices were issued on both parties and they filed written statements.

The Company carry on the business of an iron foundry of considerable size employing more than 350 workmen. They manufacture iron pans, water pipes and runners of umbrellas. The workmen of the factory owe allegiance to the Iron Factories Workers' Union of Howrah. The Company is a party to the proceedings before the Major Engineering Industries Tribunal, whose award was published on 3rd July 1948. The written statement of the Union discloses that there were differences between the Union and the Management, chiefly concerning the implementation of the award of the Major Engineering Industries Tribunal. It appears that the Union served a notice on the Company on 5th November 1949 intimating that the workmen would go on strike unless some demands mentioned in the notice were met. The demands included, amongst other items, the claim for bonus for the previous years. Conciliation proceedings were immediately started before the Assistant Labour Commissioner, Howrah, and as a result of joint conciliation conferences all the disputes except that over the claim of bonus for 1949 were settled by an amicable compromise on 3rd December 1949. It was agreed that the Company, which was a proprietorship concern, would submit its accounts for 1354 and 1355 B.S. within a fortnight whereafter the dispute over the claim of bonus would be settled on a review of the financial condition of the Company. The Company did not produce its accounts even during the three months. The Labour Directorate having failed to effect any

settlement on the question of bonus, submitted a report to the Government under section 12(4) of the Act and the matter was thereafter referred to the Tribunal for adjudication by this Tribunal.

The Company in its written statement opposed the claim of bonus on the ground that no such bonus was ever paid to the workmen of the factory and the claim was not also justified by the financial condition of the Company.

Appearances for the parties were as follows:—

For the Union: Sri Haripada Majumdar, Secretary of the Union

For the Company: Sri M. L. Atta, one of the proprietors of the Company assisted by Sri C. R. Banerji.

The issue framed was as follows:—

- (1) Are the workmen entitled to get bonus for the year 1949?

Decision.

Issue No. 1.—It appears from the statement of the parties at the hearing, that there are about 300 manual workers and 30 clerical and supervisory staff in the factory. The Union's case is that the Company pays the clerical and supervisory staff bonus twice a year at the rate of one month's pay each—once at the time of the Pujas and again at Chaitra Sankranti, and the Union, therefore, claims bonus for the other section of the workmen, the manual workers of the factory. It is claimed that no discrimination should be made in the matter of payment of bonus. The Union, therefore, claimed for all workers of the factory, one-twelfth of the total emolument earned by them during 1949, as bonus for that year.

The written statement of the Company explains the alleged payment of bonus to the clerical and supervisory staff as follows:—

"It is not a fact that we give bonus twice a year to our clerical and supervisory staff. Our clerical and supervisory staff work on 'No Work, No Pay' basis. They do not get any paid leave. To compensate this they get 2½ days' pay for each completed month of work put in by them. Further, they reside in our place and they work at the time of Pujas in our house and for this we give them some consideration varying from Rs. 10 to Rs. 20 per head. This has got nothing to do with the workers of the foundry. These practices have been followed since the inception of the factory 40 years back." It is thus admitted in the written statement of the Company that it was also admitted by the representatives of the Company at the time of the hearing, that the clerical and supervisory staff are allowed 2½ days' pay for each completed month of work which they named as "Dharati". It was explained that these clerical and supervisory staff do not get any paid leave beyond this pay for 2½ days for each completed month of service. The award of the Major Engineering Industries Tribunal allowed a total period of 22 days' leave with full pay to the employees of all categories of workmen in the industry, including the clerical and supervisory staff. The Company's representatives admitted before me that after the introduction of the system of leave according to the award of the Major Engineering Industries Tribunal, the clerical and supervisory staff are allowed an allowance of 2½ days' pay for each completed month of service exclusive of the period of leave of 22 days. There is, therefore, no manner of doubt that the Company is granting to the clerical and supervisory staff a payment of the nature of bonus, although this payment originated as a compensation of leave pay.

The Company opposed the claim of bonus on the following grounds:—

- (1) The bonus was never given before.
- (2) The clerical and supervisory staff get a payment of 2½ days' pay for each completed month of work put in by them as they work on "No Work, No Pay" basis.
- (3) Financial condition of the Company is very, very bad since the partition of Bengal.
- (4) Though the Major Engineering Industries Tribunal did not give any increment to the moulders who work on piece-rate system, the Company granted them sufficient increment in their rates. This has considerably increased their earnings.
- (5) There are hundreds of foundries engaged in manufacturing the materials the Company are producing. Their cost of production is much lower compared to that of this Company, as they have either not been brought under the purview of the Major Engineering Industries Tribunal's award or they have not given effect to the award. The Company is therefore underquoted and ousted from the market. Any further burden on the Company would seriously jeopardise the working of the foundry. The industry has reached a point where it cannot bear any further burden.
- (6) The profit in the relevant year is definitely lower than that in the previous year. Hence the demand is unjust and untenable.

As to the ground No. 4, the Major Engineering Industries Tribunal fixed minimum wages of workmen of only the unskilled and semi-skilled categories. Moulders in this Company are skilled workmen. The learned Tribunal did not fix any minimum wage for the skilled or the highly skilled worker as it did not consider it proper or convenient to do so, but directed that suitable increase should be given in the pay of the skilled and highly skilled workers by the employers in view of the increase in the pay of the unskilled and semi-skilled workers, in consultation with the workers, after the publication of the award. This increment to the moulders is given by the Company in accordance with the directions in the award of the Major Engineering Industries Tribunal.

The second ground has already been discussed above and it clearly shows that the clerical and supervisory staff are getting a payment of the nature of bonus every year.

The Company have repeated the plea in the first, third and the sixth grounds that it was in a bad financial condition and further that its profit in 1949 was lower than that in 1948. It is a proprietorship concern. No balance sheet is prepared. The learned Conciliation Officer allowed the Company sufficient opportunity for producing the accounts for 1954 and 1955 B.S. These accounts have not been filed even before the Tribunal. The plea on the ground of financial incapacity is, therefore, not available to the Company, as it has neglected to produce its own account papers to substantiate it.

The fifth ground that there are other foundries engaged in manufacturing similar products who have not implemented the award of the Major Engineering Industries Tribunal and were, therefore, at an advantageous position, is not of much substance.

I do not find that there is any ground for the Company not granting any bonus to the workmen of the factory while a substantial bonus is being paid every year to the clerical and supervisory staff.

In view of the circumstances of the case, however, it is awarded that Company shall pay a bonus equivalent to one week's basic pay to all workmen of the factory, who worked in the factory for more than 60 days in 1949, by way of bonus for that year. This direction shall not apply to the supervisory staff who have already got a payment in the nature of bonus. The payment of the bonus ordered in this award shall be made within four weeks of the date on which this award comes into operation.

Judge, Industrial Tribunal

Mines and Power

ORDERS.

No. 2276M.P.—29th September 1950.—Whereas Messrs. Dragon Engineering Works have entered into an agreement with the Calcutta Electric Supply Corporation, Limited, licensees of the Calcutta and District Consolidated Electric License, 1946, for taking from the said licensees, the supply of energy at the premises of Messrs. Dragon Engineering Works at Monsatala Lane, North Bantra, in the district of Howrah, situated outside the area of supply of the said licensees;

And whereas the said premises are not situated within the area of supply of any other licensee;

Now, therefore, in exercise of the power conferred by section 27 of the Indian Electricity Act, 1910 (IX of 1910), the Governor is pleased to authorise the said licensees to supply energy to the said Messrs. Dragon Engineering Works at Monsatala Lane, North Bantra, in the district of Howrah, for industrial purposes and to lay down or place electric supply lines for that purpose subject to the following conditions and restrictions, namely:—

The authority hereby conferred shall—

(a) remain in force until—

(i) the area of supply of the said licensees is extended so as to include within its limits the said premises of Messrs. Dragon Engineering Works at Monsatala Lane, North Bantra, in the district of Howrah; or

(ii) a license is granted to any other person whose area of supply includes the said premises within its boundaries and such person is in a position to supply energy to the said premises; or

(iii) any transmission or distribution system for supplying energy outside such area of supply is established by or on behalf of the State Government;

enabling energy to be supplied at the said premises without such authority;

(b) be subject to the restrictions referred to in the third proviso to section 27 hereinbefore mentioned.

This authority is not in lieu of the permission required under the West Bengal Electricity (Emergency Powers) Act, 1948 (West Bengal Act XVII of 1948).

No. 2281M.P.—29th September 1950.—Whereas in the opinion of the State Government there is likelihood of any surplus electrical energy being available in the area of supply of the Midnapur Electric Supply Company during a period 31st May 1951 next following the date of publication of this order in the Official Gazette;

And whereas it is necessary that the consumption of electrical energy should be reduced some industrial consumers in the said area supply;

Now, therefore, in exercise of the power conferred by section 3 of the West Bengal Electricity (Emergency Powers) Act, 1948 (West Bengal Act XVII of 1948), the Governor is pleased to require the industrial consumer specified in column 1 of the schedule below to reduce the consumption of electrical energy in the manner specified in column 3 of the said schedule during the said period:—

Kamarhatty, 24-Parganas, in connection with the dismissal of Sri Shyam Lall Das was referred for adjudication to Sri S. C. Chakravarti, District Judge;

And whereas the said Sri S. C. Chakravarti, District Judge, has submitted to the State Government his award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased by to publish the said award as shown in the annexure hereto.

ANNEXURE.

the matter of an industrial dispute between Agarpara Kutir Silpa Pratisthan, P. O. Kamarhatty, 24-Parganas, and their workers as represented by Agarpara Kutir Silpa Sramik Union, Agarpara, P. O. Kamarhatty, 24-Parganas, in connection with the dismissal of Shyam Lall Das.

PRESENT:

SRI SAILES CHANDRA CHAKRAVARTI,
Chairman of the Tribunal.

the Company: Sri D. N. Chatterjee, Manager.

the Union: Sri Sukumar Bakshi, Assistant Secretary, Agarpara Kutir Silpa Mazdoor Union.

Coming under sections 7 and 10 of the Industrial Disputes Act, 1947, Government of West Bengal (Department of Labour), by their order 4779Lab., dated the 28th August 1950, referred to me for adjudication industrial dispute between Agarpara Kutir Silpa Pratisthan, P. O. Kamarhatty, 24-Parganas, and their workers as represented by Agarpara Kutir Silpa Sramik Union, Agarpara, P. O. Kamarhatty, 24-Parganas, in connection with the dismissal of an employee, viz., Shyam Lall Das.

AWARD.

reference has been unfortunate because of an incident of which management had no notice. The Labour Commissioner reported to Government on 30th June 1950 for reference of the dispute to a tribunal. Management, on 28th August 1950, referred the dispute to a tribunal with the following points:—

Is the dismissal of Sri Shyam Lall Das justified?

If not, whether he is entitled to reinstatement with full compensation for the whole period of his unemployment.

The second point is dependent on the first. The question is one of reinstatement. On receipt of the reference notices were issued and then it came to my notice that Shyam Lall Das died on 4th August 1950. The

reference fails on this ground. Shyam Lall died childless leaving a wife only. During conciliation proceedings the employer refused to reinstate the deceased but agreed to pay gratuity for 6 years of service, though a small amount was offered. The employer did not want to go back on the offer because of the death but both parties requested me to arbitrate on the amount. The deceased had been a piece-rate worker with a minimum guaranteed income of Rs. 30. He earned about Rs. 70 a month. Looking to this, I fixed Rs. 220 as gratuity which was agreed to by the parties. Rs. 30 was owing to the deceased as unpaid salary. The two together amount to Rs. 250. This amount has already been paid to the widow. The receipt has been shown to me and the Union representative and reported the fact of payment to me.

In the circumstances, I award that no dispute now exists.

Chairman of the Tribunal

Award.

The following points have been referred for adjudication:—

- (1) Whether the period of closure with effect from 25th November 1949 should be treated as that of involuntary unemployment for the workmen and, if so, what emoluments should be paid to the workmen for the said period.
- (2) Whether the mills should be directed to be reopened.
- (3) The amount of compensation the workmen are entitled to get in case the mills are closed down indefinitely.
- (4) Whether the workmen are entitled to bonus for the years 1948 and 1949.
- (5) Whether the workmen should be paid their Provident Fund contributions along with the mills' share of contribution and interest.
- (6) Whether the workmen should be taken in and treated as on continuous service when the mills reopen.
- (7) If the mills reopen, what notice should be given to the workmen.
- (8) Whether the workmen should be given conveyance charges for going home.
- (9) What time should be allowed to the workmen for vacating the quarters.
- (10) When should the dues of the workmen be paid in full.
- (11) Whether Sri Lal Mohan Mandal, Assistant Secretary of the Union, should be reinstated and entitled to the same benefits of compensation, etc., as other workmen.
- (12) Whether service certificates should be given to the workmen.

nt No. 11—Reinstatement of Lal Mohan Mandal with compensation.

take up point No. 11 first. Lal Mohan Mandal was a worker of the Engineering Department of Shree Hanuman Cotton Mills Co., having been discharged on 5th October 1949. At the relevant time he is said to have been the Assistant Secretary of the Union. The Union complains that Lal Mohan was discharged for his union activities. This is denied by the Management.

Badan and Giasuddin were workers of the mills. Badan was a mistry and Giasuddin was a tenter. They were previously important members of the Union. Badan was promoted to a higher post and Giasuddin was promoted to the post of a mistry in the place of Badan. According to the Union, Giasuddin was made a clerk. This is denied by the Manager. The Union has also named one Madan Mohan Mandal who is at present the Assistant Secretary of the Union. We get from him that Badan was not allotted any office. His duty was to watch the workers' work. In any case Badan had a position. We are not concerned whether he was made a clerk or a superior or a head mistry. These promotions of Badan and Giasuddin are said to have excited the other workers of the mill who were also members of the Union. After promotion Badan and Giasuddin were expelled from the mill. At about 10-30 a.m. on 12th September 1949 a meeting was called of the "A" shift workers and it was resolved that Badan and Giasuddin be turned out of the mills unless they work in their respective original positions. In pursuance to this resolution Lal Mohan saw the Manager and demanded of him to demote Badan and Giasuddin or to turn them out as the other workers did not want them. The Manager wanted the demand to be put in writing. Lal Mohan, as Assistant Secretary of the Union, placed

in writing before the Manager the demand of the workers as per resolution passed on 12th September 1949 within the mill premises. Annexure D is the Company's written statement is the demand of the workers. With waiting for the Manager's order, the workers took up the law in their hands. The entire "A" shift workers, numbering 700 to 800, made *golmal*. They wanted to drive out Badan and Giasuddin. Badan was a bit too late had not the courage to enter the mills when he saw *golmal*. Giasuddin was assaulted and some of the workers who did not want Giasuddin to die removed him to the mill dispensary. After receipt of letter of Lal Mohan, the Manager reported the incident to the Secretary of the Union. This letter is Annexure D1 to the Company's written statement. This is dated 13th September 1949. Lal Mohan was immediately placed under suspension. After receipt of this letter the President of the Union wrote to the Manager on the 19th September 1949 supporting action of Lal Mohan on the ground that he had only expressed the view of the workers. There was a negotiation between the President of the Union and the Manager of the mills and it was agreed that Lal Mohan, Badan and Giasuddin would join their respective works simultaneously. Lal Mohan joined his work on the 5th October but Giasuddin and Badan were not allowed to return to their duty. After working for one day Lal Mohan did not turn up. It is clear that Lal Mohan was the only office-bearer of the Union present at the meeting held on 12th September 1949. There is no suggestion that any other important office-bearer was present at the meeting. Lal Mohan was a spokesman for the workers. He also represented the demands of the workers in writing before the Manager. If on the facts the Manager believed that Lal Mohan was the leader of the movement cannot be blamed. Such incidents can by no means be encouraged. I am really sorry to find that the President of the Union and the Secretary of the Union who happens to be a member of the Bar are trying to advocate the case of Lal Mohan. They should have written to the Manager describing the incident and expressing regret for what had happened. The less I discuss the point, the better.

In the award of the Cotton Textile Tribunal published under Government notification No. 2956Lab., dated 21st October 1948, a provision was made for promotion of workers. The workers demanded some provision for promotion of workers. The provision is "promotion will depend on firstly, on efficiency and, secondly, on seniority. No vacancy in any post shall be filled up by an outsider so long as a workman already in service is not incapable of filling up the post." We get from the evidence of Madan Mohan Mondal that in the past Tarini and Satish had such promotions. They were made clerks. But the witness does not know where they were workers before. The witness himself was a doffer boy. He was promoted to the post of a tenter. The next post is section man. Giasuddin was a mistry. Both Badan and Giasuddin were senior men to the witness Madan Mohan as also to Lal Mohan. Nothing has been pointed out to me that the action of the management amounted to discrimination. It has not been suggested that more senior workers with more efficiency or more efficient workers of the same standing had been superseded. The promotion of Badan and Giasuddin cannot but be upheld. The workers had no justification to make a grievance for the promotion of Badan and Giasuddin. In any view of the case the incident of 12th September cannot by no means be supported. I cannot persuade myself to put a premium upon such riotous conduct of the workers. The management was perfectly justified to suspend Lal Mohan as a leader of the movement pending enquiry. This was not a punishment but was only a security or a precautionary measure. After negotiation with the President of the Union he was allowed to resume work on the distinct understanding that Badan

suddin would also be permitted by the workers to resume their respective duties. But Badan and Giasuddin were not allowed to resume their duties. It was undoubtedly a most unfair practice on the part of the workers the Union was highly unjustified in their attempt to support the action Lal Mohan instead of decrying the incident and passing a resolution against the workers including Lal Mohan who were responsible for the incident. After the negotiation the suspension was not subsisting. But Mohan did not himself turn out. Lal Mohan has not been examined in his case. He has been wilfully withheld for reasons best known to the Union. In any view of the case I am not inclined to direct his reinstatement or to allow him any compensation.

Items 1, 2 and 3—Reopening of the mills and compensation to workers if the mills are reopened as also if the closure of mills continues for any indefinite period.

These three points are inter-related and for the sake of convenience I bring them up together. A short history may be necessary for a clear understanding of the position. The Union's grievance is that the neighbouring mill, namely, the Bowreah Cotton Mills Co., Ltd., and other Cotton Mills in West Bengal declared bonus for 1947 as directed in the award issued under Government notification No. 2956Lab., dated the 21st August 1948, of the Government of West Bengal, Labour Department, while Hanuman Cotton Mills Co. kept silent. The Union placed a charter of demands before the management by a letter, dated 28th January 1949, in which bonus was an item. There were negotiations between the management of the mills and the Union and the management is said to have assured the Union that it would be in a position to declare the result of bonus by the Nabami day, the 31st March 1949, by which time the accounts for the current financial year of the Company were expected to be completed. However, with a view to give some financial assistance to the workers, the management had allowed the workers pay for 10 days against 15 days' sick leave, although the workers did not take any leave (Annexure 1 to the Union's written statement). As the management did not make any declaration about bonus as assured, the Union issued to the management a notice, dated 19th April 1949, to inform it that the workers would strike work with effect from 2nd May 1949. The matter was taken up by the Union to the Labour Commissioner. At the intervention of the Assistant Labour Commissioner, Howrah, a joint conference of the management and the Union was held on 6th May 1949, and at the joint conference the Manager, as appears from the notes of the Conciliation Officer in the file of the Assistant Labour Commissioner, made it clear that by a rough estimate, there was no bonus in the year 1947. He, however, assured the Conciliation Officer that the matter would be reconsidered after the accumulated stock of 1,249 bales of cotton had been lifted and that attempts would be made to pay the workers a considerable amount as bonus. He could not give any idea about the amount and without consulting the proprietors. He, however, agreed to give an intimation after 15 days. The delay in completing the accounts of the relevant year was also explained. The Union does not appear to have questioned the explanation. The strike notice was withdrawn at the request of the Assistant Labour Commissioner and on the assurance of the Manager to consider the demand of the workers for bonus. Negotiations between the management and the Union on the question of bonus were arranged. The management wrote to the Union's Secretary on 19th May 1949 complaining low production. The reasons as alleged by the management are:—

1) That "A" shift tenters of Roving Department have slowed down production by running the frames on half belt. This is said to have reduced production by 50 per cent.

(2) That some of the tenters are passing the roves in singles produ waste on empty bobbins. This is said to have hampered production gre and lowered the test of yarn. It was made clear in this letter that the r were running at a great loss and a warning was held out that if this sta things would continue, management might be compelled to close down mills and that the Textile Commissioner had already been approached permission to close down the mills (Annexure 7 to Union's written s ment). The Union appears to have complained about a fall in the w of the Roving Department as also the Reeling Department. In the re dated 30th May 1949, the Manager stated that these workers were I raters and that their piece rates were settled in consultation with the U in accordance with the direction given in the award. It was made c that fall in the wages was due to fall in production, although the rates recently been increased. In this letter the Manager pointed out to Union by actual figures of production from August 1948 to April 1949 efficiency had gone down by more than 50 per cent. The specific insta of negligence referred to in the letter, dated 19th May 1949, were repea The Secretary of the Union was requested to advise the workers accordin The Secretary was also requested to advise the men of the Reeling Dep ment to see that yarn was properly reeled and hanks contained the requ number of thread. It may be mentioned in this connection that on : April 1949 the management wrote to the Textile Commissioner for per sion to close the mills. A copy of the letter was forwarded to the Assis Labour Commissioner, Howrah. In this letter the management sough give a picture of the real position of the mills. The mills were said to : been running at a loss of about Rs. 30,000 a month, and all their stores been hypothecated to banks. The reasons were (1) inability to purc cotton at controlled rates. To keep the mills running the mills hac purchase at higher rates; (2) reduction of price of yarn at a time when price should have been increased; (3) a heavy rise in the price of coal, stc transport costs and wages of the workers; (4) fall in the demands of y in Bihar and Bengal. Bombay yarn of several mills was reported to : been decontrolled and was expected to come down to Bengal. The U wrote to the management on 25th May 1950 reiterating its claim for be to the workers. In this letter, the Union asserted that accumulated stoc yarn was the production of April 1949 only (Annexure 8 to the Un written statement). But nothing was suggested against the charge of management about inefficiency and negligence of the workers leading wastes, lowering the strength of yarn and fall in the production. On 26th May 1949, management wrote to the Assistant Labour Commis to inform him that the Company was not in a position to declare be unless and until the accumulated stock of yarn had been lifted. By letter the management attempted to give the same picture of its finan position as was conveyed to the Textile Commissioner by the letter, d 23rd April 1949. In this letter negligence and inefficiency of the wor leading to a fall in the production was mentioned to be one of the grea of the financial hardship of the mills. Liquid cash in the hands of management had been exhausted and the limit of overdraft from banks been exceeded. From the Labour Commissioner's file we find that on May 1949 and 2nd July 1949 there were howlings in the mill premises of workers who were not attending the mills. The Union's Secretary app to have been informed of this. In the letter of the 30th May 1949 to : I have already referred the management complained to the Secretary of Union that most of the workers have been wasting time in loitering an chatting, and it was pointed out that it was not possible, in the pre conditions, to keep the mills running.

On 17th June 1949 the management issued a notice that on account heavy accumulation of yarn and low production it was impossible for

management to run the mills and that the mills would be closed down on from 18th July 1949 until the position improved. Thereupon the on Secretary wrote to the Assistant Labour Commissioner on 22nd June 1949 to inform him about the hardship that would be caused by the contemplated closure of the mills. The Union claims all dues, bonus, compensation for closing the mills in addition to the terminal compensation under the Act. Towards the end of this letter the Secretary of the Union stated: "In conclusion I am surprised to see that the crisis has been created neither by the workers nor by the owners but the Government due to its repugnant policy in not lifting up the bales stacked in the godown for months together. The workers at first served the strike notice on the management for bonus, but they had to call it off when they realised the actual situation. But the Government instead of avoiding this crisis rather helped it to come to such a state of close down."

Therefore I hope you will kindly take up this matter immediately, to avert an undesirable situation, as I have already told, will be created. It will be solely due to Government's deliberate negligence and dilatory action. This was followed by a letter, dated 13th July 1949, in which the Union's Secretary accused the Government of indifference and callousness and held the Government responsible for the miserable plight with which the workers were threatened.

Considering the hardship the workers would be put to, the management, in a view to give a chance to the workers to improve production postponed the closure of the mills to 1st August 1949 by a notice, dated 15th July 1949. The closure was postponed at the request of the President of the Union. In the notice of postponement it was made clear that the Manager hoped that the workers would appreciate this gesture on the part of the management in the interests of the labour, industry and country, would do their best so that production of the mills was efficiently maintained so that the loss to the industry was suffering be minimised.

We find from the Labour Commissioner's file that on 8th July 1949 the management wrote to the Labour Commissioner a letter in which the manager attempted to give a picture of the conditions of the mills. It was stated that the Textile Commissioner who was the chief authority regarding sale of yarn had failed to clear the accumulated stock lying in the godown of the mills, that this stock had been increasing every month, that cotton bales had been hypothecated to banks for advances, and that this had created a burden of about Rs. 1,00,000 in the shape of interest and insurance charges to the loss in production on account of non-availability of cotton at controlled rates. It was made clear in this letter that the management had no intention to close down the mills, but as the creditor had been pressing for their dues, the Manager prayed that recommendations might be made by the Government either for an early disposal of the accumulated stock of yarn or for an advance against the stock.

The mills were not closed down on 1st August 1949 as notified on 15th July 1949. In the meantime the mills got an indication that the Government would allow relaxation of sale of accumulated stock of yarn. It was in consideration of this indication and partly on account of the pressure of the departmental mistries to show better production and efficient working, management by a notice, dated 30th July 1949, postponed the closure to 1st September 1949.

In a letter, dated 21st September 1949, the Union again demanded bonus. It was only in this letter for the first time that the Union refuted the charges of inefficiency of the workers. The President stated: "Regarding the efficiency of the workers, it is understood that plants and machineries of

your mill are very old and cotton used is of much inferior quality. Over machineries of all the departments are not properly cleansed. The reply of the General Manager of the mills which was dated 7th October 1949 was: "You are probably aware that this mill was put up some in 1898 and the same machinery have been working very satisfactorily to 1943 before your Union came into existence. This mill has maintained its quality of yarn by using similar cotton throughout since the time the mills have come into the hands of present proprietors. You were interested to know that the production at our Victoria Cotton Mills, which is 10 years older than Shree Hanuman Cotton Mills is much higher. Efficiency can only be maintained provided the workers take interest in their jobs." The workers were said to have changed the hank meters for *paris* during their working hours. The interest of the industry is undoubtedly an equal responsibility of the workers. It was not clear in the Union's letter as to whether any defect in the machinery was allowed to continue on account of the negligence of the management or whether it was the duty of the workers to cleanse the machinery properly and regul-

On 25th October 1949 the management issued a notice closing the mills *sine die* on and from 25th November 1949, on the ground that production had not improved, that the mills had been running at a loss, that the mills had no further finance to purchase cotton and to meet liabilities for working. The mills were actually closed down on and from 25th November 1949.

After the final notice of its closure, the Secretary of the Union replied to the Assistant Labour Commissioner, Howrah, and the Minister, Industry and Supply, Government of India, New Delhi, complaining that the management contemplated closing of the mills on untenable grounds (*vide* Annexures 18 and 22 to the Union's written statement). Most of the charges levelled against the management in this letter have been pleaded in the written statement of the Union. Charges which were not pleaded in the written statement need not be gone into simply on the ground that the management had no opportunity to meet those charges. It is presumed that those charges have been abandoned as untenable. A copy of the letter addressed to the Assistant Labour Commissioner, Howrah, by the Secretary of the Union (Annexure 18) appears to have been forwarded to the management. The management's reply to these charges mentioned in the letter is Annexure 21 to the Union's written statement, dated 16th November 1949. I shall discuss these letters so far as they are relevant for the purpose of this enquiry.

The most important point in this case is to decide whether the closure of the mills was justified and whether an Industrial Tribunal has jurisdiction to direct reopening of the mills. In my opinion, when the proprietors of an industry want to close down the industry, an Industrial Tribunal has no jurisdiction to prevent the closure of the industry, specially where the closure is not prompted by any spirit of victimization or unfair labour practice affecting the workers adversely. In proper cases the Industrial Tribunal has undoubtedly jurisdiction to compensate the workers according to the circumstances of each case. It may be noted that so far back as on the 7th August 1947 the management of the Shree Hanuman Cotton Mills Company intimated to the Textile Commissioner, Bombay, about its contemplation to close Shree Hanuman Cotton Mills Company and Victoria Cotton Mills which were under the same management on the grounds that the two mills had been incurring loss for the past two years. The loss was alleged to have been due to the rise in the price of coal, non-availability of essential stores such as card clothing, rise in the wage rates, import

foreign yarn, inefficiency and negligence of workers resulting in low production and general rise in the cost of production (*vide* Annexure J5 to the company's written statement). Shree Hanuman Cotton Mills Company and the Victoria Cotton Mills are the only two mills in West Bengal which exclusively spin yarn. A reference was constantly made by the Union to the privileges said to have been given to the workers of the Bowreah Cotton Mills Co., Ltd. The contention of the management is that the mills are running at a loss. It has not been pointed out to me that the position of any exclusively Spinning Mills or the Spinning Department of a composite mill is better. From the award of the Cotton Textile Tribunal published under order No. 2956Lab. of the 21st August 1948 of the Government of West Bengal, Labour Department, we find that at the time when the award was given there were three exclusively Spinning Mills. These were Shree Hanuman Cotton Mills, Sri Radha Krishna Cotton Mills No. 1 and Victoria Cotton Mills. In a letter, dated 23rd April 1949, to the Textile Commissioner, Bombay, the management stated that Shree Radha Krishna and Shree Radhesham Cotton Mills had already closed. This was not disputed by the Union at the hearing. At the instance of the Union, a set of interrogatories was issued to the management of the Bowreah Cotton Mills Company, one of the points was: whether any profit was available from the yarn production department. The reply was "no". It may be mentioned here that in a composite mill the loss of the Spinning Department may be recouped in the Weaving Department, for the yarn produced by such mills is entirely consumed in the Weaving Department without any surplus being left for sale in the market. Thus it is clear that the management of Shree Hanuman Cotton Mills Company have not taken any unusual plea. The main grounds on which the mills have been closed down are (1) accumulation of stock, (2) low production, (3) increasing loss, (4) want of finance, and (5) non-availability of cotton, specially at controlled rates.

Accumulation of stock.—From the papers placed before me as also from the papers in the file of the Labour Commissioner including letters addressed by the management to the Textile Commissioner, Bombay, Regional Deputy Director of Textile (Consumption), Calcutta, and the Labour Commissioner, it is found that stock of yarn up to April 1949 was 1,249 bales. The monthly production increased the stock gradually, and there was no disposal. The stock was 1,324 bales on 31st May 1949, 2,500 bales on 17th June 1949, and 3,000 bales on 30th June 1949. Under the Cotton Control Order, the Textile Commissioner, Bombay, is to nominate buyers and to arrange payment and lifting of yarn. The management appears to have repeatedly written to the Textile Commissioner for permission to have free sale of cotton yarn. It was made clear in those letters that the management was unable to meet the liabilities due to creditors for supply of stores who had threatened with legal steps. In all these letters the management appears to have placed his financial position and to have prayed either for speedy disposal of the stock or for permission for free sale both inside and outside Indian Dominion or for export to Nepal, East Pakistan or for an advance against the accumulated stock. Letters were also written to the Regional Deputy Director of Textile and Labour Commissioner for recommendations that the management might be eased of the difficult position it was in and might keep the mills running and avoid the contemplated closure of the mills. It was made clear in these letters that it was not possible for the management to find out buyers who would keep open their offer until receipt of sanction from the Textile Commissioner. Besides no one was willing to purchase unless he was permitted to sell in the normal trade channel without Government's interference. It was also made clear in these letters that the accumulation of yarn stock was adding to the loss which the mills had been incurring for various other reasons. The stores were

hypothecated to the Bank of India and Commercial Bank. Accumulation of stock means a loss of one lakh of rupees per annum on account of interest and insurance charges. In July 1949, the Government of West Bengal permitted the mills to sell their surplus yarn through their own nominee. But as regards allotment of yarn to other provinces the proper authority was to be the Textile Commissioner. The order of the Textile Directorate, Government of West Bengal, was conveyed by letter No. 36541, dated 25th July 1949, of the Government of West Bengal, Labour Department (Annexure B to the Union's written statement). This permission related to the production on and from 1st August 1949. This enabled the management to run the mills for two months. The management was still pressing the Textile Commissioner for an early disposal of the accumulated stock up to July 1949. The stock of yarn on 11th February 1950 was 1,335 bales. Out of which only 13 bales were the production after July 1949 and the balance up to July 1949. Even after the closure of the mills the management wrote to the Director of Textile, Government of West Bengal, for arranging disposal of the accumulated stock still lying in the godown of the mills. Before I enter into the question as to the reason of the delay in lifting the cotton yarn I may point out that the delay in lifting adversely affects the industry in various ways. (1) The money is blocked and it is difficult to find money to keep the mills running by regular payment of wages and purchase of cotton and stores. (2) Insurance charges for yarn have got to be paid till it is disposed of. This unnecessarily adds to the cost of management. (3) Where the industry is running on loans, the interest unnecessarily increases and adds to the cost of management. (4) On account of any unusual delay in lifting the yarn, it is liable to be damaged by moisture of the godown and white ants. If to avoid this, bundles are shifted from place to place and packings are changed, unnecessary cost will be incurred which will likewise go to inflate the costs of management. (5) Yarn is produced according to the demand at the time of production. If it is not disposed of promptly the particular class or count of yarn may be out of date and may not have any demand in near future. (6) Large accumulation of yarn often raises a suspicion about the quality in the minds of buyers and thus scare away buyers. It has been urged on behalf of the Union that the yarn of Shree Hanuman Cotton Mills Company could not be speedily lifted on the ground that the yarn was of the worst type. The whole blame has been laid upon the management. It has been alleged that the management used the worst type of cotton and that the mixing was absolutely bad. I shall discuss this point later. But the delay in lifting the yarn does not by itself lead to any conclusion that the cotton used was bad or the mixing was bad. This is proved by the fact that when the mills were permitted to sell every month their monthly production very little was left. It is clear from Annexures K series, L series and M series and C₁ and C₂ to the Company's written statement that the yarn of Shree Hanuman Cotton Mills Company had a fair market in Nepal, Hongkong, Chowk, Madras, Cuttack, Khurda Road, Ponduru, Coconada Port, Paderapuram, East Godavari, and Sambalpur. Quotations about the price of the particular brand of cotton yarn produced by Shree Hanuman Cotton Mills Company are also to be found in the "Daily Commodity Quotations" of Hongkong and in fact the particular brand had high appreciation in Hongkong and Nepal. This will be found in Annexures C₁ and C₂ to the Company's written statement. This fact alone goes to corroborate the contention of the Company that the delay in lifting the yarn was due to reasons other than bad quality. I have already mentioned that accumulation of stock scare away customers on some suspicion against the quality of the yarn without any enquiry being made whether such suspicion has any basis. Secondly accumulation of yarn may reduce its strength and

heavily accumulation of yarn which is produced to meet the current demand may be out of date if the yarn is not disposed of promptly.

Since relaxation of the rules for sale of the accumulated stock of yarn of the Shree Hanuman Cotton Mills Company, a substantial progress appears to have been made in clearing the stock. From the accounts of yarn as on 11th February 1950 appended to the letter, dated 14th February 1950, addressed to the Director of Textile, Government of West Bengal, it is clear that the yarn produced from the month of August was almost entirely disposed of and that out of the old stock only yarn of 14s, 17s, 18s and 26s counts could not be disposed of. Out of the production anterior to July 1949, only 6 bales of 14s counts and 7 bales of 20s counts were still in stock on 11th February 1949. The management appears to have clearly stated in the letter, dated 23rd April 1949, addressed to the Textile Commissioner to which I have already referred that there had been a heavy fall in the demand of yarn in West Bengal and Bihar. In the letters, dated 31st May 1949 and 30th June 1949, addressed respectively to the Textile Commissioner and the Regional Deputy Director of Production, the management made it clear that although it was trying to find out buyers, no one was willing to keep open the offer until receipt of sanction from the Textile Commissioner and that none was willing to purchase yarn unless they were permitted to sell it in the normal trade channel without Government's interference. This was possibly because the particular kind of yarn might have no market and the price might be reduced if the yarn was not promptly disposed of. In the letters, dated 2nd September 1949 and 3rd September 1949, addressed to the Textile Commissioner, the management specifically pointed out that yarn manufactured in a particular period according to the then demand became out of date and lost its market if it was not promptly disposed of; and that heavy accumulation of yarn was liable to damage by moisture of the godown. In a letter, dated 12th July 1949, addressed to the Regional Director of Production (Annexure H1 to the Company's written statement), it was urged by the management that any accumulation of yarn by itself made buyers scarce. All these letters could be found in the file of the Labour Commissioner to which the parties have referred.

It was urged by the Union that the heavy accumulation of yarn was due to the facts that cotton used by the mills was of the worst quality and mixing was of the worst type. Reference was made to the letters of the Regional Deputy Director of Production on this point. These are Annexures G₁ and G₂ to the Company's written statement. It has further been urged by the Union that bad cotton, bad mixing together with inefficient management and bad conditions of machinery and irregular supply of electric energy also accounted for the low production which the management appears to have complained of in its letters to the Textile Commissioner, Labour Commissioner and Deputy Director of Textile and it along with these factors which were mainly responsible for the low production it must be considered the psychological reaction of the workers who had been denied bonus and were not given ration regularly and had not been denied the usual quota prevalent in the neighbouring jute and cotton mills as contributing to some extent to the low production. The charges levelled against the management in the letter dated 21st June 1949 to the Regional Deputy Director of Production were: (1) Strength of yarn was not up to the standard and was not uniform. (2) Weight of laps was not uniform. The management was advised to set right the Pedal Regulation Motions and Lap Stop Motion in the finisher scutcher. (3) Opening of cotton was quite insufficient. Worn out parts of machineries had not been replaced. (4) Bale Breaker was old and had not all the leather flaps.

(5) Engine speed was irregular. (6) The machineries were not kept clean. In the letter of the Regional Deputy Director of Textile production, dated 19th November 1949 (Annexure G₁ to the Company's written statement), it was stated that thelea strength of the yarn was not up to mark and was not uniform. The management was advised to use the right type of cotton in mixing for increasing the strength of yarn. Suggestion was given to use larger percentage of Bijoy, LSS, 4F and Cambodia for 20s. count C.P.₁ C.P.₂ for 10s. count and Bengal with less percentage of soft waste for 6s. count, and to replace the hand-driving by tape-driving in the Ring Frames, and three roller system to be replaced by four-roller system or by any other high Draft system.

The Company's reply to the charges is that the same quality of cotton was being used since 1945 and that if the low production was due to bad cotton and bad mixing there was absolutely no ground for production to fall down abnormally in 1949. Annexure F series will show at a glance the class of cotton used and consumption of cotton since 1945. In reply to the suggestions of the Regional Deputy Director of Production, the management pointed out in his letter, dated 12th January 1950, that production must be according to current demands, and that when the demands were for 6s, 10s. and 20s. counts the mills had been given a permit to purchase 3,600 bales of cotton from Central Provinces and Bihar. For these counts according to the suggestion of the Regional Deputy Director of Production classes of cotton required were Bengal, C.P.₁ and 4F. Under the permit the mills could have purchased only the class of cotton known as C.P.₁. The mills should not certainly produce yarn which was not in the demand at the time nor could it produce more than what was expected to be its contribution to the demand of a particular brand. The mills would have thus been compelled to concentrate its attention to production of 10s. In a letter, dated 12th July 1949, to the Regional Deputy Director of Production, the management appears to have pointed out that LSS cotton was not available and that if the right type of cotton was mixed, the cost of production would much exceed the controlled price of yarn. In these circumstances it was not possible to have an ideal mixing prescribed by authorities. Besides, from the facts discussed, it is clear that there was no scope for a industry to make the choice of cotton. It must either purchase or take to purchase from a particular locality to which its permit relates. Supply of a particular brand of cotton does not depend upon the choice of the management of any cotton textile industry but upon the availability of otherwise of the particular brand in the market. The presumption is that the management does not generally use bad materials and bad accessories if it can only help. The very fact that the management was able to dispose of almost all the production from August 1949 and some of the counts of the old stock according to the then demand clearly indicates that quality of the yarn produced in Shree Hanuman Cotton Mills Company was not inferior to that of any other mills. It, therefore, follows that if the cotton used and the mixing were not according to the standard prescribed by authority, no mill could attain the ideal standard which the authorities demand. About the suggestion for replacement of old machines entirely or in part, the reply of the management was: "Your suggestion for replacement of band drive to tape drive and change of three-roller system to that of four-roller, is highly appreciated. You are aware that mill has to be closed due to financial stringency and it will be a pleasure to comply with your suggestion as soon as the Government comes forward with an advance or the subsidy of the required finance to help a deserving and developing industry which is the only spinning mill in Bengal. Besides, the Government make available the equipment and machineries to meet your suggestions.

"If we are permitted to give our humble opinion, we may mention here that the whole plant beginning from prime mover, mixing and up to spinning needs replacement and as soon as this replacement is done and labour play their part in full, the quality of production will definitely improve in the highest possible standard. But partial replacement only in spinning section may not be of any result." In reply to the suggestion of the Regional Deputy Director of Production for use of the proper cotton, the management asked him to make available the required quantity of each type of cotton for yarn to be spun. The Union appears to have filed before the Assistant Labour Commissioner, Howrah, a list of machineries said to have been lying in the mills without repairs. This list was filed on 9th November 1949. And the Union appears to have complained to the Hon'ble Minister of Industry and Supply, Government of India, about the bad condition of machineries in the mills. The letter is dated 29th November 1949 (Annexures 18 and 22 to the Union's written statement). I may in this connection refer to a letter of the management, addressed to the Secretary of the Union on 2nd July 1949, that the workers had broken bobbins and spare parts of machines. No reply appears to have been sent to the Union to this letter. This letter will be found in the file of the Labour Commissioner. The answers to the charges of the Union about the negligence of the management about proper repairs of the machines of the mills were embodied in the letter addressed by the management on 7th October 1949 and 16th November 1949, respectively, to the President and Secretary of the Union. These are annexures 16 and 21 in Union's written statement. "You are probably aware that this mill was put up sometime 1898 and the same machinery have been working very satisfactorily up to 1943 before your Union came into existence. This mill has maintained its quality of yarn by using similar cotton throughout since the time the mills have come into the hands of present proprietors. You will be interested to know that the production at our Victoria Cotton Mills which is 10 years older than Shree Hanuman Cotton Mills is much higher. The efficiency can only be maintained provided the workers take interest in their jobs instead of changing the hank meters and sell pan, *biris* during their working hours. It is a matter of regret that you are forgetting the interest of industry which is equally your responsibility." "As regards the point raised in your letter of the 9th November regarding the defects in some of the machineries mentioned therein, the undersigned has only to point out that all the defects mentioned therein are due to the wear and tear of the mill and are reparable and for purposes of repairs and maintenance, special shift consisting of workers like Mistries, Machine Attenders, Utters, Roller Coverers, etc., are employed in the mill for putting them right for day to day working, and the required parts and stores are also regularly issued to the departments against their requisitions. Workers themselves instead of taking proper care for the machinery have been carelessly causing breakages to the machinery, parts, etc., which has been reported to you several times in the past and without any good result." The workers cannot shirk the responsibility of proper maintenance of the machineries and regular cleansing.

It appears that on 23rd September 1949 the Spinning Master reported to the Engineering Department that the electric supply in the mills was insufficient. The generator was out of order and it was set aright. This is clear from Annexure I to the Company's written statement. About the engine the General Manager wrote to the Secretary of the Union that on account of the age of the engine, the speed sometimes went down but that the average speed was between 53 and 55 which was almost normal. He added: "The calculated cotton consumption on 100 per cent. efficiency for 100 count at 53 engine revolution per minute comes to 10.1oz. per spindle

and the calculated 100 per cent. production for 10s even for the lowest engine revolutions come to 9.2oz. per spindle whereas the production actually received is about 5.6 which is only about 50 per cent. efficiency." (Annexure A to the Union's written statement.) In fact if the stock of yarn is not readily cleared and if the accumulation is allowed to stand for a long time, it is indeed difficult to find fund for regular repairs of machineries.

About the inefficiency of the management, the Union's case is that the Spinning Master and the Engineer were not passed hands and that the Manager seldom visited the mills. The Company asserts that the Spinning Master and the Engineer, although not passed hands, have acquired considerable efficiency by practical training and experience and were not inferior in efficiency to any passed hands of any mill and that the Manager visits the mill daily. In this connection the management invites my attention to the production figure from 1945 and urges that under the same staff and using the same cotton the same set of workers consumed more cotton per spindle in the past. In the absence of sufficient materials, I cannot persuade myself to take the Union's charges against the efficiency of the management at its face value.

Then I take up the charges against the management in provoking the workers by denying or delaying the privileges and benefits available to the workers of neighbouring industries and by giving promotion to undeserving workers Badan and Giasuddin and discharging Lal Mohan. About bonus there was delay, but it cannot be disputed that the delay was beyond the control of the management. The mills were incurring loss and the loss was on the increase from year to year. I shall presently discuss the factors responsible for the loss. Along with this, must be considered the facts that there had been accumulations of stock blocking thereby a good portion of the working capital. This led to the Company to exhaust all its financial resources while creditors who had supplied the stores but could not be paid in time had been threatening with civil suits. The Company did declare some bonus for 1947 which was undoubtedly a very insignificant sum. The mills did not declare any dividend and had no liquid money in hand and had no source left for tapping for the purpose of payment of bonus. Bonus was linked with dividend under the award of the Cotton Textile Tribunal. So long as there was no profit sufficient to enable the management to declare dividend, the workers were not entitled to any bonus under the award. The profit earned during the year was Rs. 9,578-14-10 and there were about 1,700 workers besides clerks and other supervisory staff, the annual salary of whom amounted to about Rs. 1,98,656-9. From the amount of profit a portion must be set apart to meet the income-tax demand. A good portion should have also been set apart for carrying on the necessary repairs of the machineries. Thus, if these deductions were made, there would have been a very insignificant amount left for distribution among the partners and workers. It has not been suggested that according to the principle laid down in the award the workers were entitled to more than what they were offered by the management. The Union constantly referred to Bowreah Cotton Mills. This is a composite mill. It also did not earn any profit in the Spinning Department. But composite mills stand on different footings. The loss in the Spinning Department may be compensated by profit in the Weaving Department. This was not possible for exclusively Spinning Mills. Bowreah Cotton Mill declared bonus according to the principle laid down in the award. It earned some profit, out of which it was possible for the management to give the workers some substantial bonus. This was not possible for Shree Hanuman Cotton Mills Company. The workers should not have been unreasonable. The position to which the mills had been reduced was beyond the control of the management, and it may be

inted out that there is ample evidence that the wilful negligence of the
rkers was no less responsible for this position.

As regards regular supply of ration and increment thereof according to
quantity available to workers of neighbouring industries it is clear
m Annexures E series to the Company's written statement that the
nagement did all in its powers to improve the condition of the workers
this respect. If the workers had suffered in any way, the management
s not responsible. As regards the promotion of Giasuddin and Badan
l action taken against Lal Mohan, I have discussed the entire fact under
int No. 11 and I do not find anything wrong so far as the management
s concerned. The psychological reaction of the workers which the Union
s forward as an answer to the charge of the management against their
ful negligence and idleness had no justification.

Low production.—Now I come to the question of production. Produc-
1 of yarn is usually measured by the consumption of cotton. From 1946
1949, it appears that Bengal, Omrashort, Omralong and P. A. medium
long brands of cotton were used. The annual consumption of cotton
the year 1946 was 8,679 bales, 1947—9,328 bales, 1948—8,114 bales, and
9 up to November—6,465 bales. The average daily consumption per
ndle varied from month to month. I give below the highest and lowest
re from 1945-49:—

Year.	Highest.	Lowest.
1945	.. 12·8	9·8
1946	.. 12·8	7
1947	.. 7·9	4·5
1948	.. 7	4·5
1949	.. 6	3·7

Production of yarn was also varied from month to month in a year.
hest and lowest monthly figure in pounds are given below:—

Year.	Highest.	Lowest.	Remark.
1946	.. 277,542	202,810	
1947	.. 304,228	194,943	In only one month the production was below 200,000.
1948	.. 290,151	188,858	Ditto.
1949	.. 246,870	161,445	In 6 months out of 11 months the produc- tion was below 200,000.

The following figures will show at a glance the weekly consumption of
on towards the latter part of 1949:—

Week ending,	Consumption. Bales.
10th September 1949 160
13th October 1949 165
12th November 1949 175

There was a slight increment in the production, in pursuance to the
rance of the workers and the mistries which prompted the management
ostpone closure of the mills from time to time. We find that the mills
24,000 spindles and worked for two shifts. Consumption per week to
efficiency should have been 324·5 bales, or 2·7 pounds per spindle per
k of 8 hours a day (calculated on the assumption that one bale is equal

to 400 pounds). All these figures are to be found in Annexures F series to the Company's written statement. In a letter to the Textile Commissioner, dated 9th October 1949, figures were given about the production from August 1948 to July 1949, and for the months of August and September 1949. According to these figures, consumption of cotton per spindle was 60 pounds for the 12 months beginning from August 1948 and 11 pounds for the next two months. It was clearly stated in these letters that this fall in the production would lead to a loss of nearly Rs. 50,000 per month. If we eliminate the constant factor, the irresistible inference is that wilful negligence, idleness and inefficiency of the workers were to a great extent responsible for this fall, if not entirely.

Loss.—The next point for consideration is the allegation of the management about loss. The Company has filed copies of balance-sheet. The following figures from these balance-sheets will be relevant:—

		Rs.	a.	p.	
Profit up to 30th March 1947	..	22,81,396	6	10	On 6th April 1949, the Company had outstanding liabilities on account of loans and goods supplied as also another account amounting to 16 lacs
Profit up to 16th April 1948	..	9,578	14	10	
	Total	22,90,975	5	8	
Loss up to 6th April 1949	..	68,718	12	8	
	Balance	22,22,256	9	0	

The management complained in almost all letters addressed to the Textile Commissioner, Labour Commissioner and Regional Deputy Director of Production that cotton was not available at controlled rates. The permit of the Textile Commissioner is said to have been only an aid to facilitate transport. The Textile Commissioner only fixes the quota and the zone where the purchase has got to be made. The mill-owners have to purchase cotton in the open market within the zone specified in the permit, granted by the Textile Commissioner. With a view to keep the mills running the management is said to have been purchasing cotton at a rate much higher than the controlled rate of cotton. The price of coal and stores had gone up and there had been an increase in the wages of the workers. Management appears to have explained the position in his letter to the Textile Commissioner dated 23rd April 1949, Annexure G₂ to the Company's written statement. By actual calculation the management showed that unless and until the price of yarn was increased Shree Hanuman Cotton Mills Company would incur a monthly loss of Rs. 30,000. This was also mentioned in the letter of the management addressed to the Assistant Labour Commissioner Howrah, dated 26th May 1949 (Annexure 9 to the Union's written statement). In the letter, dated 9th October 1949, to the Textile Commissioner the management tried to impress that in view of the abnormally low production of yarn on account of wilful negligence and inefficiency of the worker this loss would increase to Rs. 50,000 a month. These letters will be found in the Labour Commissioner's file and I have already referred to them. To this must be added the loss that is likely to be incurred if the yarn is not promptly lifted. The yarn is said to have been hypothecated to banks to advance at an interest. It is also insured. So long as the yarn is not lifted, the mills have to pay interest for the advance as also the insurance charges. This is estimated by the management at Rs. 1,00,000. The Labour Commissioner appears to have been informed of the position by letter dated 8th July 1949 which is to be found in the file of the Assistant Labour Commissioner. In the letter, dated 2nd September 1949, to the Textile Commissioner, the management appears to have stated that the monthly loss on account of interest on advance and insurance charge would be about Rs. 10,000. The figure has been given on a rough calculation. The discrepancy about the figures in the letters dated 8th July 1949 and 2nd

September 1949 addressed to the Labour Commissioner and the Textile Commissioner, is not very material. I have also pointed out that accumulated yarn is liable to entail further loss. I need not discuss those points over again.

I may in this connection refer to an account based on an extract from the report of the Indian Tariff Board on the cotton yarn and cloth price, Bombay, 1948, appointed by the Government of India as per resolution No. 88(T)-Tax-1/47, dated 17th November 1947, of the Ministry of Industry and Supply, Government of India. For production of 20s yarn in the mill with 24,000 spindles per day of 8 hours, taking consumption of cotton at 20 oz. per spindle as fixed by the Tariff Board the daily loss is Rs. 3,248-3 or Rs. 9,41,974-6 per year of 290 working days. If two shifts are worked the loss would be double. It has been amply proved that Shree Hanuman Cotton Mills Company has been running at a considerable loss. Out of the profits that might be left out of the accumulated profits of past years, a good portion would go to make up the loss, 1949 and to make payments to employees on account of Provident Fund, gratuity, etc.

Finance — About finance the management appears to have brought to the notice of the authorities that its stores of cotton and yarn had been hypothecated to banks for advance, the limit whereof had already been exceeded, and that all resources had been exhausted and creditors were threatening the management with civil suits. Finance of an industry owned by private individuals does not mean whatever money those private individuals have. It cannot be expected that individual proprietors would spend all they have had till the last farthing is exhausted for an industry before it is closed down. By finance of an industry it is meant what has been ear-marked by the proprietors for running the industry or where no such sum has been ear-marked, the amount normally spent per year for the industry. We cannot expect any individual owner of an industry to spend his last farthing for the industry before it is closed down. We cannot expect an individual owner of an industry to forbear from running any other profitable industry or from acquiring personal properties so long as such acquisitions are not made with the finance of the first mentioned industry. The Union alleges that the proprietors of Shree Hanuman Cotton Mills Company acquired considerable properties, started new industries and sent its Manager to England. Nothing has been shown that the costs incurred by the proprietors on these accounts were met from the fund of Shree Hanuman Cotton Mills Company. His contention of the Union has no substance at all. On the other hand we find that the management of Shree Hanuman Cotton Mills Company appears to have attempted to place the correct financial position of the industry before the Textile Commissioner, Labour Commissioner and the Regional Deputy Director of Production and to have appealed to them either for Government subsidy or for an advance against the accumulated stock of yarn. No such assistance was available. A perusal of the file of the Assistant Labour Commissioner will amply prove that the creditors of the mills were even threatening the management with civil suits for their dues.

Shortage of cotton and non-availability of cotton at controlled rates: — The Company has filed two extracts from the newspapers to show that on account of shortage of cotton three textile mills at Kanpur have recently been hard-hit for want of cotton, one employing about 1,500 workers was completely closed down. Two others have reduced their shifts from 3 to 2 affecting thereby about 6,000 workers, another mill at Ahmedabad employing about 1,400 workers has also been closed down for shortage of cotton. Twenty-five textile mills in the province of Bombay, out of which 14 were in Ahmedabad appear to have given notice for closure in the month of January 1950 for want of raw cotton. The present Company applied for a

permit for cotton supply on 12th October 1949. Reminders had to be given from time to time. In the application the management indicated that the monthly requirements of Shree Hanuman Cotton Mills Company were 1,352 bales. It was also indicated the requirements of different brands of cotton required for 6s, 10s and 20s counts of yarn which the management intended to manufacture. The requirements were:—

From these applications and reminders we find the following figure about the stock of cotton in bales:—

The statement about the stock of cotton on 25th November 1949 shows that 59 bales of Upland and C. P. Cambodia brands of cotton were also in the stock on 25th November 1949. We are not aware how these bales were procured. By a letter, dated 18th November 1949, the management was informed that a quota of 3,600 bales had been allotted to Shree Hanuman Cotton Mills Company from Central Provinces and Berar. The Company did not accept the cotton, firstly, on the ground that it had no advance to make the purchase, secondly, because the Company was not agreeable to purchase any cotton unless it was available at the controlled rate, thirdly, because the cotton allotted to the Company was hardly sufficient for 11 months, or for one week in a month for 12 months, and fourthly, on ground that only cotton suitable for 10s yarn would be available from zones of Central Provinces and Berar which will lead most of the spindles to remain idle. If the Company is not agreeable to undertake the risk of a similar situation in near future in case cotton was not available in sufficient quantity, the Company cannot be blamed. The stock of yarn that was with the Company on 25th November 1949 was hardly sufficient for continuation of the mills for a week. 289F and LSS yarn was required for 26s, 30s yarn which the Company had then no contemplation to produce on ground that these counts had lost their market. I have carefully considered all the grounds which were placed before me by the Company to justify closure and I find that any of these grounds taken individually justifies closure. This Tribunal has no jurisdiction to compel the proprietors of an industry to run an industry at a loss simply to appease the workers.

It may be mentioned here that the workers did not stop their obstructive tactics with the closure of the mills. The proprietors have an iron foundry closed by. It is a distinct industry and is not in any way connected with Shree Hanuman Cotton Mills Company. In the Iron Foundry, power is generated by Diesel engine. In the Cotton Mills the power is generated by steam engine. No new workers have been engaged in the Iron Foundry. Boiler of the mills is necessary for pumping both for the Cotton

Mills and the Iron Foundry and has got to be kept running under the Insurance Rules. Under the Port Rules light at the Jetty has got to be kept burning and under the Insurance Rules the fire pumps to be kept on steam day and night. The Company is agreeable to supply water and light in the quarters of the workers provided the pipes and lines were in good condition. We find from the Annexures A series to the Company's written statement that the workers were obstructing clerks who were to settle accounts and to prepare statements required by the Government and Textile Commissioner, obstructing general khalasis and sarder and coolies for delivery of the accumulated yarn bales, obstructing oilers, fitters and other workers required for greasing and lubricating and maintaining machines, threatening manchees of boats loaded with loose yarn and cotton, obstructing works in the boiler and the electric department which were essential services for light and water, obstructing lifting of ration from boats and opening ration shops, and threatening to loot ration shops. The Union had nothing to say on the allegations contained in the Annexures A series. It appears that the secretary was informed from time to time of these obstructive tactics of the workers. I have carefully considered the facts and circumstances and probabilities of the case and I do not persuade myself to issue any direction to the management to reopen the mills. At the hearing I was given to understand that the management had no contemplation to reopen the mills in the near future. The compensation prescribed for involuntary unemployment is meant for short-term unemployment. When there is no possibility of the mills being reopened in near future it cannot be taken as a case of involuntary unemployment. Besides the closure was effected with one month's notice. In the circumstances of the case employees must be deemed to have been discharged. Their position is similar to that of retrenched workers. They are accordingly entitled to the entire subscription in the Provident Fund with interest with an equal amount as contribution of the employers, together with the gratuity prescribed under the award of the Cotton Textile Tribunal for the period of service of each employee uncovered by the Provident Fund Scheme. In view of the financial position of the Company I cannot grant any extra compensation to the workers, specially because they appear to have taken up obstructive tactics and to have acted against the interest of the industry for at least sometime both before and after the closure of the mills.

Point No. 4—Bonus for 1948-49.

The balance-sheet for 1948-49 shows that the Company incurred loss during the year. As the co-sharers or partners were not entitled to any dividend for the year, no bonus, which was linked in the award with dividend, is due to the workers for the year 1948. The balance-sheet for the year 1949-50 has not as yet been completed I leave the question about bonus for the year 1949 open. This may be reagitated immediately after the accounts are settled for the year 1949-50. I direct that the management do expedite the matter and settle the accounts within a month from the date of enforcement of this award. If any bonus is payable to the employees this must be paid simultaneously with the declaration as directed above.

Point No. 5—Provident Fund Contribution.

I have already mentioned that the employees discharged on the closure of the mills with effect from 25th November 1949 shall get their own subscriptions to the Provident Fund with interest together with an equal contribution of the employers. They shall get also the gratuity at the rates prescribed in the award of the Cotton Textile Tribunal for the period anterior to the introduction of the Provident Fund Scheme by the Company.

This must be paid within 15 days from the date of enforcement of the award.

Point No. 6—Reappointment of the workmen, and continuity of service of the workmen on reopening of the mills.

This question does not arise. However, I direct that if the mills are reopened, preference shall be given to the discharged workers according to efficiency and seniority.

Point No. 7—Requisite notice for reopening the mills.

This question also does not arise. If the mills are reopened, at least 15 days' clear notice shall be given to the Secretary of the Union.

Point No. 8—Conveyance charges for going home.

Considering the plight to which the workers have been reduced by the closure of the mills I recommend that those workers who were discharged on account of the closure of the mills on 25th September 1949 may be paid two weeks' basic wages to cover their passage for returning home. For calculation of this benefit to the piece raters their earnings less dearness allowance for the last four weeks, may be taken into account. The compensation payable to the piece raters shall be calculated at the average of the earnings for the last four weeks as indicated above.

Point No. 9—Vacating quarters.

The quarters of the mills shall be vacated if not vacated already within a week from the date of enforcement of this award. It may be understood that no employees who have been discharged on the closure of the mills and have vacated the quarters shall not re-occupy so long as they are not re-employed except with the permission of the proprietors.

Point No. 10—Time-limit for the payment of dues of the employees under this award.

Whenever I have directed payment of any benefit to the workmen I have already fixed the time-limit.

Point No. 12—Service Certificate.

I recommend that the management be pleased to grant certificates to the workmen according to their respective service records and conduct.

ANNEXURE A.

To

THE TRIBUNAL UNDER INDUSTRIAL DISPUTES ACT
(SRI A. T. DAS GUPTA, DISTRICT JUDGE.)

In the matter of an industrial dispute between Messrs. Bhadani Brothers Limited, and their employees represented by Bhadani Brothers Employees' Union.

Petition of Compromise.

The humble petition of the parties named above

MOST RESPECTFULLY SHEWETH :—

1. That the dispute pending before the Tribunal is compromise between the parties on terms and conditions mentioned below —

(a) That the Company agrees to pay compensation to the persons named in the Schedule of reference as follows :—

- (1) Sri H. K. Santra, Accounts Clerk—2 months' salary including dearness allowance.
- (2) Sri S. R. Ghosh, Accounts Clerk—2 months' salary including dearness allowance.
- (3) Sri S. N. Chakravarty, Accounts Clerk—2 months' salary including dearness allowance.
- (4) Sri S. S. Roy, Accounts Clerk—2 months' salary including dearness allowance.
- (5) Sri R. N. Gupta, Accounts Clerk—1 month's salary including dearness allowance.
- (6) Sri M. P. Kumar, Stenographer—1 month's salary including dearness allowance.

(b) That the Company shall take back in employment Sri M. P. K. Stenographer, and 2 other persons under reference immediately in their seniority in the Company's service or its sister concern. ORDER.

6727Lab.—29th September 1950.—Whereas under the Government of West Bengal, Labour Department, order No. 3234Lab., dated the 15th 1950, the industrial dispute between Messrs. Syndicate Press, 8, Bala Lane, Calcutta, and their employees in connection with the case of Bala Chandra Mukherji of 22, Nayan Chand Dutta Street, Calcutta, and Bala Chandra Kumar of 40/D, Wellington Street, Calcutta, was referred for adjudication to Sri P. R. Mukherji, District Judge;

and whereas the said Sri P. R. Mukherji, District Judge, has submitted to the State Government his award on the said industrial dispute;

and, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of an industrial dispute between Messrs. Syndicate Press, Jackson Lane, Calcutta, and their employees in connection with cases of Sri Balai Chandra Mukherji of 22, Nayan Chandra Dutta, Calcutta, and Sri Balai Chandra Kumar of 40/D, Wellington, Calcutta.

PRESENT:

SRI P. R. MUKHERJI, Judge, Industrial Tribunal.

For the Company: Sri Sunil Kumar Dhar, Pleader, Sri Patesh Kumar, Manager.

For the Employees: Sri Benoy Krishna Haldar, Pleader.

AWARD.

The above dispute was referred to me for adjudication under section 10 of the Industrial Disputes Act and both of them appeared and presented their viewpoints.

The present dispute arose over the discharge of the employees of Messrs. Syndicate Press.

- (1) Balai Chandra Mukherji, and
- (2) Balai Chandra Kumar.

of Messrs. Syndicate Press.

Sri Balai Chandra Mukherji in his petition stated that he has been serving with the above firm from the last week of December 1949. The Company was very irregular in the payment of salary of the staff and he demanded his dues by several *tags*, the Company got annoyed and discharged him without notice from the 21st March 1950. His dues are in arrears. The applicant now prays for the arrear dues as a month's pay in lieu of notice.

Sri Balai Chandra Kumar also was similarly discharged by the Company without any notice on the same day Balai Chandra Mukherji was discharged. The Company did not give any notice and on the 21st March 1950 asked the petitioner not to come from the next day. The petitioner asked for salary for the month of December 1949 and for 21 days of the month of March 1950. He also prays for compensation for three months.

The Company stated that so far as Balai Chandra Kumar is concerned he was very much irregular in attendance and had wilfully disobeyed the lawful and reasonable order of his superior officer and is guilty of insubordination—the petitioner being in the habit of using abusive remarks against his superior officers.

Regarding Balai Chandra Mukherji, the Company's case is that he was a habitual absentee and that he was guilty of persistent misconduct and deliberate negligence for which he was entitled to no notice, and has been rightly dismissed.

ISSUES.

- (1) Has the Tribunal jurisdiction in the matter?
- (2) Is the petitioner entitled to any compensation or relief? If so, how much?

Issue No. 1.

so far as the question of jurisdiction is concerned, it was argued that the actual nature of the dispute had not been specified by the Government's order of reference and as such the Tribunal was not competent to go into the question. This objection seems to be of little value. The order of reference makes it clear that the dispute of these two employees exists and it is not necessary to further specify the dispute. The dispute has been judicially referred by both the employees before the Labour Commissioner and the report of the Conciliation Officer had been attached with the Government order of reference. This shows the precise nature of the dispute, it also shows that the dispute had existed from before over which there was an agitation and the dispute is not for the first time brought before the Tribunal. Moreover, there is no provision in the Industrial Disputes Act by which the dispute has been directed to be specifically defined in details in the order of reference. It was next contended that the dispute being over the payment of wages for back-out periods, is not an industrial dispute. The definition of "industrial dispute" in the Industrial Disputes Act is unqualified and it includes any kind of dispute or difference between the employers and their workmen. The payment of wages for back-out periods is an industrial dispute. This has been held by the Federal Court in the case of *Shammagar Jute Mill vs. S. N. Modak* (another reported in I F.J., Vol. 1, p. 126). I hold therefore that the present case is quite cognisable by the Industrial Tribunal.

Issue No. 2.

Both the employees have been discharged on the same day without any notice. Both of them claimed arrear wages with compensation. I shall now take up the case of these two employees separately.

(1) *Balai Chandra Mukherji.*

The case is that he was never paid regularly his salary, and he made a complaint which obviously annoyed the employer. That regular payments were not made is admitted by the management and they were apparently looking-out to drive this employee at the earliest possible opportunity. Secondly the arrear wages have not been paid. This he is entitled to receive from the management. Regarding compensation in lieu of notice, objections have been raised by the management. In the first place, it is stated that notice had been given, but no proof of one month's notice having been produced before me. I hold therefore that this employee was discharged without proper notice. It was next contended that no notice is necessary in view of the fact that this man was guilty of persistent misconduct and deliberate negligence. The misconduct complained of is one of habitual negligence. The Manager of the Press deposed that he spread suspicion amongst the workers and held meetings. No evidence of causing disaffection or of holding meetings is proved. Regarding habitual attendance, it is clear that the management had waived it for some time and that cannot be treated as a serious misconduct. The law on the subject is that to justify a dismissal, the master may rely on any real misconduct of the servant whenever it may have taken place so long as it has been waived. If, however, after full knowledge of the misconduct the master elects to retain the servant in service, he cannot afterwards treat as of itself a breach justifying dismissal (*Boston Deep Sea Fishing Co. vs. Ansell*, 1888, 39 Ch. D. 339; also *Hanley vs. Pease* and others 1915, 1 K.B., 698 at p. 705). So it is clear that dismissal in this case was unjustified. Whatever that might be, the applicant does not claim compensation in this case but only one month's salary as compensation in lieu of notice.

In *George vs. Davies*, 1911, 2KB., 445, it is stated thus—a contract of service as a domestic servant in the absence of agreement to the contrary, is terminable at any time by one calendar month's notice or by payment of one calendar month's wages, and it is also terminable at the end of the first month by notice given at or before the end of the first month.

The management has pleaded that notice may be dispensed with in a case of misconduct. No such misconduct justifying dismissal was all proved. Fortunately for the management, this employee had prayed for reinstatement. Had he done so, I would have had no hesitation in reinstating him, for there was no sufficient cause justifying dismissal in this case. In any case the applicant is entitled to compensation prayed. Therefore the applicant is entitled to arrear wages plus salary for one month as compensation in lieu of notice.

(2) *Balai Chandra Kumar.*

Regarding this employee, the complaint is that he was habitually in attendance and further that he refused to carry out the orders of Manager and filthily abused the proprietors. Admittedly this worker is much *tagids* for the payment of wages as the management was habitually negligent in the payment of wages; so these two workers proved veritable thorns to the management. It is now stated that this employee was in the habit of using insulting remarks against his superior officer. I am reluctant to believe this statement for no management would tolerate a worker who is in the habit of gross insubordination and abusive to a superior officer. This is apparently an afterthought. No charges drawn, no warning recorded in any book. Even assuming that the employee was in the habit of insulting his superior officers, it is clear the master elected to continue him in the service. According to the law he will be held to have waived the right of dismissal without notice (Phillips *vs.* Foxall—1872-L.R. 7, Q.B. 666). Reading the evidence it is clear that there is no misconduct on the part of this worker so as to justify his dismissal. I must say that this man also had been unceremoniously discharged. Surely therefore he is entitled to legal compensation.

The employee demanded payment for the month of December 1949 and 21 days for the month of March 1950. He is entitled to this arrear compensation of Rs. 100 which is equivalent to one month's salary.

I, therefore, make an

AWARD

That Balai Chandra Mukherji will get the arrear salary at the rate of Rs. 75 per month for 21 days of March plus Rs. 75 being the amount of compensation;

That Balai Chandra Kumar will get arrear salary at the rate of Rs. 100 per month for the month of December 1949 and for 21 days of the month of March plus Rs. 100 as compensation.

ORDER.

No. 5728Lab.—29th September 1950.—Whereas under the Government of West Bengal, Labour Department, order No. 2544Lab., dated the 19th May 1950, the industrial dispute between Messrs. Kohinoor Rubber Works, 46/6, Canal East Road, Calcutta, and their workmen represented by Kohinoor Rubber Works Mazdoor Union, 125-B, Raja Dinendra Street, Calcutta, now 47-A, Rash Behari Avenue, Calcutta, regarding the matter specified in the schedule thereto was referred for adjudication to Sri S. N. Modak, I.C.S. (Retired);

And whereas the said Sri S. N. Modak, I.C.S. (Retired), has submitted the State Government his award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

the matter of an industrial dispute between Kohinoor Rubber Works and their workmen represented by Kohinoor Rubber Works Mazdoor Union regarding the question of paid holidays on 26th and 27th January 1950.

BEFORE THE INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT :

SRI S. N. MODAK, I.C.S. (RETD.), *Chairman.*

For the Union : Sri S. Chanda, Vice-President.

For the Company : Sri N. M. Chaudhuri, Jonab M. A. Sobhan.

AWARD.

By Government of West Bengal, Department of Labour, order No. 2544Lab., dated the 19th May 1950, this industrial dispute between Kohinoor Rubber Works, 46/6, Canal East Road, Calcutta, and their workmen represented by Kohinoor Rubber Works Mazdoor Union, formerly at 125-B, Raja Dinendra Street, Calcutta, and now at 47A, Rash Behari Avenue, Calcutta, regarding the question of paid holidays on the 26th and 27th January 1950 has been referred to me as an industrial Tribunal for adjudication. The facts are that on the occasion of the inauguration of the Republic of India on the 26th and 27th January 1950 which were declared public holidays by the Government, the Company closed the concern on these two days but did not pay any wages to the workers. The demand made by the Union is that holidays for the two days in question having been declared and observed by the Company without having consulted the workers in advance, the Company should have regarded the two days as paid holidays and should have paid wages to the workers for those two days although no work was done. The case of the Company as presented before this Tribunal is in brief on the following lines. The Company has never had any custom of paid holidays even for religious festival holidays. On the occasion of the inauguration of the Republic of India the Company thought fit to close the concern on the 26th and 27th January 1950 in response to the general desire of the people of the country and to the request of the Government to industrial concerns to observe the two days as holidays. The

Company has not been in an economically prosperous condition for some time and cannot afford to treat the two days in question as paid holidays. Observance of paid holidays on the occasion in question would not be consistent with the general practice of not pursuing any policy of paid holidays at all. The only issue to be decided in this case is whether the Company should be directed to regard the 26th and 27th January 1950 as paid holidays and to pay wages to the workers for those two days.

2. The main contention on the side of the Company is that no paid holidays were allowed by this Company on any previous occasion except in respect of religious festivals, and the Company should not be compelled to pay wages for the two holidays which the Company observed along with other people of the country on the occasion of the inauguration of the Republic of India. I have examined the books and pay sheets relating to the years 1948, 1949 and 1950 with reference to certain entries picked out at random and have satisfied myself that there has been no system of paid holidays even in respect of religious festivals. The Company evidently closed the concern on the 26th and 27th January 1950 which were being observed as national holidays, without any idea that wages would have to be paid for the two days though no work was done. The Government indeed expressed a request to different industrial concerns in the country to observe the two days as national festival holidays, but the request involved the idea of paid holidays. The request did not imply any compulsion, but whoever responded to the request would be expected to act without detriment to the interest of the workers. That is undoubtedly the reason why the request for the closing of concerns on the two days was associated with the idea of paid holidays. The workers under the present Company were given two extra holidays on the footing that they would be deprived of their wages which they could otherwise get an opportunity of earning by doing work. The sudden declaration of two days' holidays on the present occasion was somewhat detrimental to the interest of the workers from this point of view. At the same time the Company appears to have been under the impression that whatever might be the number of holidays declared there could be no question of paying wages for such holidays as there had been no system of paid holidays so far. Another aspect to be taken into consideration is that this concern has not been in a very prosperous condition for some time past, particularly owing to communal difficulties which arose in the early part of the current year. I further gather that most of the workers who were in service about 26th and 27th January 1950 have since migrated to West Bengal and many of them have not returned. Considering all aspects of the question it seems to me that it would be fair and proper to direct the Company to pay wages for only one day, viz., the 26th January 1950, to its employees who were on the rolls of the Company up to the preceding day and who normally worked under the Company both before and after the 26th and the 27th January 1950. I direct the Company and make an award accordingly. It is further directed that the amounts payable on this award be paid to the respective employees within two weeks from the date on which the award becomes enforceable.

NOTIFICATIONS.

Subject:—Modification of travelling allowance rules relating to railway mileage as a result of revision of classification on railways.

No. T.M./195—28th September 1950.—In continuation of this office notification No. T.M./952, dated the 23rd November 1949, published at page 2088 of Part I of the *Calcutta Gazette*, dated 1st December 1949, a copy of Government of India, Ministry of Finance office memorandum No. F.5-(128)-Est. IV/48, dated the 20th June 1950, on the subject noted above, is reproduced below for the information and guidance of all concerned:—

"In modification of this Ministry's office memorandum No. F.5(128)-Est. IV/48, dated the 16th November 1949, the undersigned is directed to say that, with effect from the 1st July 1950, Government servants of the First, Second, Third and Fourth Grades will be entitled to classes of accommodation for rail journeys as detailed below:—

Grade.	Class of accommodation.
(a) (i) A Government servant of the First Grade.	First class or the highest class if there is no First class.
(ii) A Government servant of the Second Grade belonging to the I. A. S., the I. P. S. or to a Central Service, Class I.	
(b) A Government servant of the Second Grade not included in (a) (ii) above.	Second class.
(c) A Government servant of the Third Grade.	Intermediate class.
(d) A Government servant of the Fourth Grade.	Third class.

The decision contained in paragraph 3 of this Ministry's office memorandum No. F.5(128)-Est. IV/48, dated the 11th December 1948, will continue to remain in force. Government servants mentioned in clause (a)(ii) above will draw the incidental fares for rail journeys, daily allowance and mileage allowance at the rate admissible to Government servants mentioned in clause (b)."

2. It has also been decided by the Government of India, Ministry of Finance, that cases not covered by orders contained in that Ministry office memorandum No. F.5(128)-Est. IV/48, dated the 30th June 1950, should be regulated in accordance with the relevant provisions of Supplementary Rules 34 and 37.

[Government of India, Finance Department letter No. D.8478-E-IV/50, dated 1st September 1950.]

Subject:—Contingent expenditure of rent, rates and taxes on private buildings used for office-cum-residential accommodation.

No. T.M./194.—28th September 1950.—A copy of letter No. Fl(13)EG-1/50, dated 3rd August 1950, from the Government of India, Ministry of Finance, on the subject indicated above is circulated herewith for information and guidance of all Central Heads of Departments under the audit of this office.

"The Accountant-General, Central Revenues, has brought to the notice of this Ministry that information is not generally available in the Central Audit as to whether a portion of the private buildings hired by the Government of India for accommodation of Central Government offices is used for residential purposes and as such it is difficult for the audit authorities to watch the recoveries to be made on this account. To ensure, therefore, that such recoveries are duly made in all the cases, it is considered that the following certificate should be attached to contingent bills preferring claims for rents, electricity and other connected charges:—

Certified that the amount drawn on account of rent, rates and taxes in Contingent Bill No., dated the....., was actually paid to the parties concerned, and no portion of this expenditure is recoverable from portion of the expenditure recoverable from the any source.

Government servant mentioned below

has been recovered.

The undersigned is, therefore, directed to request all the Ministries to issue suitable instructions to the officers subordinate to them so that the abovementioned certificate is invariably furnished together with the contingent bills preferring claims of the nature referred to above."

S. K. SARKAR,

Deputy Accountant-General.

Mines and Power

ORDERS.

No. 2318M.P.—4th October 1950.—In exercise of the power conferred by section 51 of the Indian Electricity Act, 1910 (IX of 1910), the Governor is pleased to confer on the Calcutta Electric Supply Corporation, Limited, Licensees of the Calcutta and District Consolidated Electric License, 1946, for the purposes of laying an underground cable in the private common passage leading in premises Nos. 27/B, 27/E and 27/F, Baram Mazumdar Street, Calcutta, from the existing underground distributor in Baram Mazumdar Street to the said premises situated in the area of supply of the said Corporation for repairing the same when necessity arises, powers which the Telegraph Authority possesses under sections 10 to 19 of the Indian Telegraph Act, 1885 (XIII of 1885), with respect to the placing of telegraph lines and posts for the purposes of a telegraph established or maintained by the Central Government or to be so established or maintained. The exercise of the powers hereby conferred is subject to the provisions of the said Indian Telegraph Act, 1885.

No. 2427M.P.—5th October 1950.—Whereas Aswini Kumar Mondal has entered into an agreement with the Calcutta Electric Supply Corporation, Limited, Licensees of the Calcutta and District Consolidated Electric License, 1946, for the supply of electricity at the premises of said Aswini Kumar Mondal at Monsatala Lane, Uttar Bantra, situated outside the area of supply of the said Corporation;

and whereas the said premises are not situated in the area of supply of any other licensee;

and, therefore, in exercise of the power conferred by section 27 of the Indian Electricity Act, 1910 (IX of 1910), the Governor is pleased to authorise the said licensees to supply energy to the said Aswini Kumar Mondal at Monsatala Lane, Uttar Bantra, in the district of Howrah, and to lay down or place electric supply lines for that purpose subject to the following conditions and restrictions, namely:—

(a) the authority hereby conferred shall—

(i) remain in force until—

(1) the area of supply of the said licensees is extended so as to include within its limits, the said premises at Monsatala Lane, Uttar Bantra; or

(2) a license is granted to any other person whose area of supply includes the said

premises within its boundaries and such person is in a position to supply energy to the said premises; or

(iii) any transmission or distribution system for supplying energy outside such area of supply is established by or on behalf of the State Government, enabling energy to be supplied at the said premises without such authority;

(b) be subject to the restrictions referred to in the third proviso to section 27 hereinbefore mentioned.

This authority is not in lieu of the permission required under the West Bengal Electricity (Emergency Powers) Act, 1948 (West Bengal Act XVII of 1948).

No. 2349M.P.—6th October 1950.—Whereas in the opinion of the Governor there is no likelihood of any surplus electrical energy being available in the area of supply of the Bankura Electric Supply Company during the period ending on the 31st May 1951;

And whereas it is necessary that the consumption of electrical energy should be reduced by some industrial consumers in the said area of supply;

Now, therefore, in exercise of the power conferred by section 3 of the West Bengal Electricity (Emergency Powers) Act, 1948 (West Bengal Act XVII of 1948), the Governor is pleased to require the industrial consumers specified in column 1 of the schedule below to reduce their consumption of electrical energy in the manner specified in column 3 of the said schedule during the said period.

Schedule.

LABOUR DEPARTMENT

ORDER.

No. 5832Lab.—4th October 1950.—Whereas under the Government of West Bengal, Labour Department, order No. 2768Lab., dated the 10th August 1948, the industrial dispute between the Eastern Paper Mills Ltd., 10, British Indian Street, Calcutta, and their workmen represented by the Eastern Paper Mills Workers' Union, 8/1A, Gurudas Datta Garden Lane, Ultadanga, Calcutta, was referred for adjudication to Sri M. C. Banerji, District Judge.

And whereas the said Sri M. C. Banerji, District Judge, has submitted to the State Government his award on the said industrial dispute;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

Industrial Tribunal, Calcutta.

PRESENT: SRI MATISH CHANDRA BANERJI, *District Judge,*
Tribunal.

Industrial dispute between the Eastern Paper Mills Ltd., 10, British Indian Street, Calcutta, and their workmen represented by the Eastern Paper Mills Workers' Union, 8/1A, Gurudas Datta Garden Lane, Ultadanga, Calcutta.

Award.

The Government of West Bengal, in the Department of Labour by order No. 2768Lab., dated the 10th August 1948, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between the Eastern Paper Mills Ltd., 10, British Indian Street, Calcutta, and their workmen, represented by the Eastern Paper Mills Workers' Union, of 8/1A, Gurudas Datta Garden Lane, Ultadanga, Calcutta, to me for adjudication. Notices were issued on both parties and they filed written statements.

The Union stated that the closing of the Workshop on 31st May 1948 as made by the Company was an unjustifiable lock-out and the workmen were entitled to resume their duties and to receive the pay for the period of lock-out. The Union further claimed for the reinstatement of six discharged workmen along with their emoluments for the period of non-employment. The Union further claimed that the workmen who were occupying quarters in the precincts of the Workshop should be permitted to stay there, that the Union should be recognised by the Company and that rules of service on some questions should be framed.

The Company opposed the claim of the Union and maintained that there was no question of lock-out as set up by the Union, that the Company was unable to carry on its business any further on account of its deplorable financial condition and it had, therefore, every right to close down to avoid further losses. The Company further states that the six workmen who were discharged were justly and lawfully discharged in the usual course of business and there was no question of victimisation or adoption of unfair labour practice and the Union's claim for their reinstatement could not be entertained. The Company also opposed the other claims of the Union.

The issues were framed on 9th September 1948.

The appearances for the parties were as follows:—

For the Union:—Sri D. L. Sen Gupta, Advocate.

For the Company:—Sri P. K. Sanyal, Advocate.

The issues framed were as follows:—

Issues.

1. Was there any lock-out of the Mills with effect from 31st May 1948: are the employees entitled to any wages from that date?
2. Are the workmen referred to in paragraph 1 (27) of the written statement of the Union entitled to stay in the factory premises?
3. Are the following workmen entitled to reinstatement?
 - (1) Sri Mahabir,
 - (2) Sri Rohai,
 - (3) Sri Krishnalal Bhowmick,
 - (4) Sri Bijoy Mistri,
 - (5) Sri Gopeaswar, and
 - (6) Sri Raghunath.

- Are they entitled to any arrears wages on reinstatement?
 4. Rules of service on (a) permanency. (b) dismissal, (c) transfer,
 (d) fine and (e) retrenchment.
 5. Revision of wages.

Decisions.

The case was fixed for 8th November 1948 for hearing and the parties were directed to come ready for hearing on that date. On 8th November 1948 Sri Birendra Chandra Roy, Secretary of the Company, filed an application supported by an affidavit stating that the Hon'ble High Court on the petition of one Mr. S. R. Das, a creditor of the Company, had appointed the Official Receiver of the High Court as the Provisional Liquidator pending the hearing of the said creditor for compulsory winding up of the Company. A summons was issued on the Official Receiver of the High Court at No. 6, Council House Street, Calcutta, asking him to appear and file written statements over the dispute in this case. On 13th December 1948 the Official Receiver of the Company appeared through an Advocate and stated by an application that by an order made by the Hon'ble Mr. Justice Clough, dated 27th September 1948, the Eastern Paper Mills Ltd. had been ordered to be wound up and the Official Receiver being the petitioner, was appointed the Provisional Liquidator of the abovenamed Company. The petitioner also pressed that when a winding up order had been made and a Provisional Liquidator appointed, no suit or legal proceeding could be proceeded with except with the leave of the Hon'ble High Court. This application was heard in the presence of both the parties on 15th December 1948 and by order No. 12 of that date, the Tribunal allowed the application of the Official Liquidator and stayed further proceedings in this case until the leave of the Hon'ble High Court was obtained by the Union for prosecution of this case. On 24th April 1950 the Official Receiver of the Hon'ble High Court being the Official Liquidator appointed in the case informed the Tribunal that a scheme of revival of the Company had been approved by the Court and had been fixed for final hearing on 5th proximo. On 11th July 1950 the Official Liquidator informed the Tribunal that the Company had been directed to be revived and accordingly he had made over possession of the properties of the Company to the Directors of the Company. The order of stay of the proceedings before the Tribunal was then vacated on 13th July 1950 and notices were issued upon the parties for appearance and hearing of the case on 24th August 1950. On 24th August 1950 neither party appeared or took any steps, registered letters with acknowledgments due were directed to be issued on the parties and they were also informed that in default of appearance on the next date, which was fixed on 6th September 1950, an award would be made on the basis that there was no dispute outstanding between the parties. The order was also showed to the learned Advocates for both the parties. On 6th September 1950 the President of the Union Sri Nabajyoti Burman and the Advocate for the Union Sri D. L. Sen Gupta, appeared and prayed for adjournment of two weeks. Notices were issued again to the parties and the case was fixed for hearing on 20th September 1950. On 20th September 1950 the notices returned unserved as the parties were not found in their addresses given to the Tribunal. In the circumstances, as the parties did not appear even on repeated service of notices on as many as three times in succession, it is concluded that there was no dispute outstanding between the parties and it is, therefore, awarded accordingly. The issues framed in the case need not, therefore, be answered.

represented by the Secretary, I. G. Mazdoor Union, 6, Peary Mohan Mukherjee Street, Belur, Howrah.

Award.

The Government of West Bengal, in the Department of Labour, by order No. 2066Lab., dated the 28th April 1950, referred, under sections 7 and 10 of the Industrial Disputes Act, 1947 (XIV of 1947), the industrial dispute between Messrs. Indian Galvanizing Co. (1926), Ltd., 11, Guho Road, Ghusury, Howrah (Managing Agents, Messrs. Balmer Lawrie & Co., Ltd., 21, Netaji Subhas Road, Calcutta-1), and their workers represented by the Secretary, I. G. Mazdoor Union, 6, Peary Mohan Mukherjee Street, Belur, Howrah, regarding the matters specified in the following schedule, to me for adjudication:—

Schedule.

1. Proper calculation of dearness allowance in terms of the Engineering Tribunal Award enforced under Government order No. 2161Lab., dated 30th June 1949.
2. Retrospective effect of the grade system for all categories of workers.
3. Maximum of the unskilled grade (i.e., coolies grade).
4. Bonus (profit sharing).
5. Compensation for the wrongful discharge of Mr. McGurie, Store-keeper.
6. Increment not given as per notice of 26th August 1947.
7. Pay for the period of strike, from 2nd June 1949 to 27th September 1949.
8. Proper calculation of the last Puja bonus.
9. Proper calculation of the difference of dearness allowance paid by the Company as per notice, dated 25th March 1949.

Notices were issued on both parties and they filed written statements. The nature of the items of the dispute would appear from the issues which were framed on 7th July 1950.

The appearances for the parties were as follows:—

For the Union: Sri D. L. Sen Gupta, Advocate, and Sri K. Banerji, Secretary of the Union.

For the Company: Sri S. K. Mullick, Solicitor of Messrs. Sandersons & Morgans, Solicitors, and Mr. N. Jones, Chief Personnel and Welfare Officer of the Company.

The issues framed were as follows:—

Issues.

1. Proper calculation of dearness allowance in terms of the Engineering Tribunal Award enforced under Government order No. 2161Lab., dated the 30th June 1949.
2. Retrospective effect of the grade system for all categories of workers.
3. Maximum of the unskilled grade (i.e., coolies grade).
4. Bonus (profit sharing).
5. Compensation for the wrongful discharge of Mr. McGurie, Store-keeper.
6. Increment not given as per notice of 26th August 1947.
7. Pay for the period of strike, from 2nd June 1949 to 27th September 1949.
8. Proper calculation of the last Puja bonus.
9. Proper calculation of the difference of dearness allowance paid by the Company as per notice, dated 25th March 1949.

Decisions.

Issues Nos. 1 to 9.—The case was fixed for hearing on 11th September 1950. As I was absent on that date, the case was taken up on 13th September 1950. The parties informed me that the disputes had been amicably settled and a compromise petition will be filed on the next date, which was fixed on 19th September 1950. The compromise petition was filed on 21st September 1950, by Mr. N. Jones, Chief Personnel and Welfare Officer, on behalf of the Company and Sri K. Banerji, Secretary, on behalf of the Union. By this compromise petition, all the items of dispute, as were raised in issues Nos. 1 to 9, have been amicably settled by the parties and Sri K. Banerji, Secretary of the Union, signed on behalf of the Union and a Director of the Company signed on behalf of the Company on it. On a perusal of this compromise petition it appears to me that there has been a fair and reasonable settlement of the disputes raised in this proceeding. The compromise petition is, therefore, accepted and I award accordingly. The compromise petition, which is made in Appendix A to the award, shall form a part of this award.

All the issues are accordingly answered.

Industrial Disputes.*

The 22nd September 1950.

APPENDIX A.

Before Sri M. C. Banerji, Tribunal appointed under Industrial Disputes Act.

In the matter of Industrial Dispute
between

Messrs. Indian Galvanizing Co. (1926), Ltd.
and

Their employees as represented by the Indian Galvanizing Mazdoor Union.

The humble petition of the employers and employees in the above matter most respectfully sheweth:—

The parties have agreed to the following terms:—

1. **Proper calculation of dearness allowance in terms of the Engineering Tribunal Award enforced under Government order No. 2161Lab., dated the 30th June 1949.**—The parties will abide by the award of the Industrial Tribunal yet to be published so far as the fixation of dearness allowance is concerned.

2. **Retrospective effect of the grade system for all categories of workers.**—The Company agrees that the grading scheme and increments granted with effect from 1st April 1948 will be made effective from 1st July 1947.

3. **Maximum of the unskilled grade (i.e., coolies grade).**—The grade for unskilled workers will be from annas 2·3 per hour (representing Rs. 30 per mensem) to annas 3·3 per hour (representing Rs. 43·2 per mensem) with an annual increment of 2 anna per hour.

4. **Bonus (Profit Sharing).**—The workers drop the claim of Profit Sharing Bonus for the present adjudication.

5. **Compensation for the wrongful discharge of Mr. McGuire, Store-keeper.**—The service of Mr. McGuire will be deemed to be continuous and without any break for all purposes, and his period of unemployment from 14th June 1949 to 18th October 1949 will be recognised as leave with half pay and he will be paid half of the total emoluments he would have received in that period.

6. **Increment not given as per notice of 26th August 1947.**—The workers' grade having been put into effect from the 1st July 1947 the workers will be given full benefit of the grade and its annual increment for the past years' services. In the future no worker will be entitled to the benefit of annual increment who has had a period of unpaid absence from work of 90 days or more in the preceding twelve months.

7. **Pay for the period of strike, from 2nd June 1949 to 27th September 1949.**—The workers drop their claims for strike pay.

8. **Proper calculation of the last Puja bonus.**—The workers who were paid Puja bonus in 1949 will be paid an additional Puja bonus equivalent to $\frac{1}{4}$ th of the basic pay which would have been drawn had they been working in August 1949.

9. **Proper calculation of the difference of dearness allowance paid by the Company as per notice, dated the 25th March 1949.**—The Company will refund the amount recovered in excess in the shape of cost of food-stuff in the period April to December 1948 and the price deducted in the period from the clerical staff will form the basis of calculation for the purpose of refund of the amount.

10. **Application of settlement.**—The settlement is made between the Company and those workers in the employment of the Company on the 25th July 1950 and benefits arising from the settlement will be paid to those workers only.

11. **Output.**—The Company and Union trust that as a result of this mutual settlement, the production in the factory will increase considerably to the common benefit of both the parties.

Dated the 25th August 1950.

Office of the Accountant-General, West Bengal

NOTIFICATIONS

SUBJECT.—Recovery of rent from the pay bills of
Government servants.

No. TM 196—30th September 1950.—Under
rule 48 of the Bengal Financial Rules read with
S.R.164 of the Treasury Rules, Bengal, Volume
I, the Treasury Officers are required to deduct
from the pay bills of Government servants the
rent as shown in the demand statement issued by
the Executive Engineers and other authorities.
Cases have been brought to the notice of this
office by the Superintending Engineer, Central
Circle, where certain Treasury Officers did not
recover the amount in full as shown in the
demand statement. This is opposed to note (1)
under rule 48 of the Bengal Financial Rules. In
some cases the correct and actual emoluments
drawn in the Bill were not shown in the dupli-
cate copy of the demand statements returned to
the issuing authorities after the deduction was
made. As this practice is irregular and as it leads
to much unnecessary and avoidable work at both
ends all Treasury Officers and Sub-Treasury
Officers in West Bengal are hereby requested to
deduct the full amount of rent as shown in the
demand statement as also to note the change in
emoluments on the copies of demand statements
returned.

In this connection attention is also drawn to this
office notifications No. TM 583, dated 23rd August
1949, and No. TM/962, dated 26th November
1949, published at pages 1511 and 2149 of Part I
of the *Calcutta Gazette*, dated 1st September 1949
and 8th December 1949, respectively.

SUBJECT.—Grant of advances in Pakistan currency
to the officers of the Government of West
Bengal by the Indian Deputy High Commis-
sioner in Pakistan at Dacca, for meeting their
local out-of-pocket expenses including hotel
charges when they go to East Bengal on
official duty.

No. TM/197—5th October 1950.—It has been
decided by the Government of India, Ministry of
External Affairs, that the officers of the Govern-
ment of West Bengal who are required to go to
East Bengal in connection with official work may
be granted by the Deputy High Commissioner for
India at Dacca, advances in Pakistan currency
for meeting their local out-of-pocket expenses
including hotel charges. Such advances should be
repaid *at par* in an Indian Treasury by the officers
concerned and a copy of the chalan forwarded to
the Deputy High Commissioner for India in
Pakistan, Dacca, for necessary adjustment. All
Treasury Officers in West Bengal and the Manager,
Reserve Bank of India, Calcutta, are hereby
directed to accept repayment of advances when
tendered by such officers for credit to Central
Government account. It should be noted that
such credit is adjustable by the Accountant-
General, Central Revenues, New Delhi.

SUBJECT: Amendments to S. Rs. 49, 53, 327 and
328 of the Treasury Rules, Bengal, Volume I.

No. TM/198.—6th October 1950.—All Treasury
Officers and Sub-Treasury Officers in West Bengal
and the Manager, Reserve Bank of India, Calcutta,

are hereby informed that the following amendments to the Treasury Rules, Bengal, Volume 1, have been made:—

Page 26, S. R. 49.—Below Note 3 under S. R. 49 insert the following as Note 4:—

“Note 4.—For each and every direct payment of loans made to the treasury by the loanee under the Loans Act, chalang should always be presented in quadruplicate, one copy thereof being supplied to the respective collecting staff, as and when it is credited.”

Page 27, S. R. 58.—For S. R. 58 substitute the following, viz.:—

“S. R. 58.—Fees payable by candidates for examinations conducted by the Public Service Commission, West Bengal, may be received at the treasury or may be remitted to the Secretary, Public Service Commission, West Bengal, by means of crossed Indian postal orders. If the fees are deposited in the treasury a single receipt only is to be given and a duplicate may on no account be issued.”

Page 100, S. R. 327.—Number the existing rule as 327(1) and insert the following as a new clause (2) under this rule:—

“327(2).—The procedure to be followed in refunding fees received by the Public Service Commission, West Bengal, is prescribed in S. R. 328 below.”

Page 101, S. R. 328.—Number the existing rule as 328(1) with the following amendments:—

“The words ‘Originally deposited in the Treasury’ should be inserted after the word ‘fee’ occurring in the first line”, and insert the following as a new clause (2) under S. R. 328:—

“S. R. 328(2).—If the amount of an examination fee originally received from a candidate through or by means of a crossed postal order, or any part of it, is to be refunded, the Secretary, Public Service Commission, West Bengal, will present to the Accountant-General, West Bengal, a bill for the amount to be refunded duly supported by the original chalan crediting the money to the Government account. The chalan should also indicate under the Secretary's dated signatures the total amount to be refunded. If the amounts were deposited in lump sum into the Bank a statement showing the names of the candidates demanding refunds, the amount to be refunded to each, the number and date of the chalan in which the money was originally deposited, and the amount, if any, already refunded, duly attested by the Secretary, Public Service Commission, West Bengal, should accompany the bill instead of the chalan. The bill will then be pre-audited by the Accountant-General, West Bengal, and endorsed for payment to the Post Master concerned. The Secretary, Public Service Commission, West Bengal, will thereafter present the bill together with money order forms duly filled in to the Post Master who will arrange for the remittances by transfer credit to the Post Office in accordance with the procedure prescribed in rule 151 *ibid.* The postal money order receipt will be watched by Secretary, Public Service Commission, West Bengal, and recorded after necessary check. The Secretary, Public Service Commission, West Bengal, will also note in the original copy of the chalan under his dated signature the amounts refunded.”

**—Grant of certain concessions for
medical attendance and treatment at hospitals
for families of Central Government servants.**

TM 199.—9th October 1950.—A copy of
Memorandum No. F.51(102)-EV/50, dated
September 1950, from the Government of
Ministry of Finance (Department of
Revenue and Expenditure), is circulated for
information and guidance of all concerned.

As were issued in the Finance Department
Memorandum No. F.12(6)-W.II/45, dated the
22nd January 1945, extending to families of Central
Government servants the same facilities in the
form of medical attendance and treatment at a
hospital for the Government servants them-
selves. Treatment in certain other women's
hospitals was also recognised as treatment for this
purpose in office memorandum No. F.12(6)-W.-
dated the 22nd January 1946; and in
cases, it was decided in office memorandum
44(53)-EV/46, dated the 30th September
1946, that countersignature of hospital bills by
authorised medical attendant need not be
obtained in the case of women patients.

As a result of these orders, reimbursement
of medical expenses has been admissible when the
patient was admitted to a hospital even without
prior consultation with the authorised medical
attendant; but at the other 'Government hospitals'
when the patient was admitted after such
consultation. It has been represented that this
policy of prior consultation has meant a good
deal of inconvenience and that it has not always
served its practical purposes. The Government
have decided that in future, when
a Government servant's family are
admitted to a Government
hospital without prior consultation with the
authorised attendant to a Government
hospital into which he would himself be admitted,
the medical expenses incurred may still be reimbursed to
the patient otherwise admissible. It will be
in such cases before reimbursement is
obtained a certificate in the enclosed form
from the Medical Superintendent of the hospital
stating the facilities provided were the minimum

which were essential for the patient's treatment.
This certificate will of course be in addition to
all the other documents necessary.

3. Any cases which occurred before the issue
of these orders and which have not yet been
decided may be decided accordingly.

No. TM/201.—10th October 1950.—The Govern-
ment have reintroduced the system of selling
National Savings Certificates through Authorised
Agents in the State of West Bengal with effect
from the 10th August 1950 experimentally for a
period of 15 months. The booklet "Executive
Instructions relating to the Small Savings
Scheme" containing the detailed instructions
regarding the scheme was forwarded to all District
Officers by the Government of West Bengal under
the Finance Department, Budget letter No. 8415-
(14)-F.B., dated 7th August 1950. All Treasury
Officers and Sub-Treasury Officers in West Bengal
are requested to study the instructions carefully
special attention being paid to the Appendices II
and III thereof. The registers referred to in the
Appendices should be properly maintained and
the requisite returns in proper forms punctually
submitted to the authorities concerned. The rules
should be scrupulously observed.

NOTIFICATION.

No. Medl. 4818/2D-24/50.—14th October 1950.—In exercise of the powers conferred by sub-section (1) and, in particular, by clause (b) of sub-section (2) of section 55 of the Dentists Act, 1948 (XVI of 1948), the Governor is pleased to make the following rules for the election of the members, including the President and the Vice-President, of the West Bengal Dental Council and of the members of the Executive Committee of the said Council, namely:—

Rules for the election of members including the President and Vice-President of West Bengal Dental Council and of the members of the Executive Committee of the said Council.

Part I.—Interpretation.

1. In these rules, unless there is anything repugnant in the subject or context—

- (a) "the Act" means the *Dentists Act, 1948*.
- (b) "Section" means a section of the Act.
- (c) "Registrar" means the *Registrar of the West Bengal Dental Council and, in the case of the first election under clause (a), clause (b) or clause (d) of section 21 or section 25 or section 29, the Registrar of the Registration Tribunal appointed under sub-section (1) of section 32*.
- (d) "Returning Officer" means, for the purpose of an election under clause (a) or clause (b) of section 21, the Registrar, and includes any officer deputed for the time being by the said Registrar to perform, or assist him in, his duties under the Act.

Part II.—Election under clause (a) or clause (b) of section 21.

2. (1) The Returning Officer shall publish in the *Calcutta Gazette* and in such other manner as he may think fit, a notification calling upon the dentists registered in Part A or Part B of the State Register, according as the election is under clause (a) or clause (b) of section 21, to elect the requisite number of members to the State Council, and shall, by such notification, fix a programme of time for the various stages according to which the election shall be held.

(2) Such notification shall be published 14 days before the date fixed in the programme of time to be the last date for receiving nomination papers and except in the case of the first general election under clause (a) or clause (b) of section 21 on a date not less than 42 days and not more than 75 days before the date on which the term of office of the out-going members expires.

3. (1) The Electoral Roll shall consist, where the election is under clause (a) of section 21, of Part A, or where the election is under clause (b) of that section, of Part B of the register as printed and published under section 45, corrected up to the date immediately preceding the first day of the period fixed for receiving nomination papers:

Provided that in the case of the first election under clause (a) or clause (b) of section 21 the Electoral Roll shall consist of Part A or Part B, as the case may be, of the first register as prepared and published under section 32, as amended under clause (5) of that section.

(2) Copies of the Electoral Roll shall in each case be available to any person who desires to obtain such copies on payment of a fee of one rupee per copy.

(3) A person whose name is not borne on the Electoral Roll shall not be entitled to participate in the election.

4. (1) Nominations of candidates shall be made in Form A annexed to these rules and there shall be a proposer and a seconder. Every nomination paper shall be filled in fully in all particulars as stated in the form.

(2) The proposer, the seconder and their nominee shall be persons whose names are borne in the Electoral Roll.

(3) A proposer or a seconder may propose or second more than one candidate, provided that the number of candidates proposed does not exceed the number of seats for which the election is held and that a separate nomination paper is used for each candidate proposed.

5. (1) On the date and at the time as fixed for the scrutiny of nominations by the notification under rule 2, or on such other subsequent date and time as may be fixed in that behalf by the Returning Officer, the Returning Officer shall examine all the nomination papers and decide which of them are in order and which are not. Nomination papers which do not comply with the requirements of rule 4, shall be rejected. If there be any objection

by any candidate to the decision of the Returning Officer, it must be made forthwith, and the Returning Officer shall hear and decide such objection. The decision of the Returning Officer accepting or rejecting a nomination paper shall be final.

(2) Every nominee for whom nomination paper has been received and one representative duly authorised by him in writing, or his proposer or seconder, shall be entitled to be present at the time of the scrutiny of nominations.

6. A person who has been duly nominated may at any time before the scrutiny referred to in rule 5 or within three days thereafter, withdraw his candidature by notice in writing subscribed by him and delivered to the Returning Officer and thereupon he shall cease to be a nominee or a candidate for the election, as the case may be.

7. On the expiry of three days after the completion of the scrutiny of nominations—

(a) if the number of duly nominated candidates be equal to or less than the number of seats for which the election is held, the Returning Officer shall declare such candidates as duly elected, and

(b) if the number of duly nominated candidates be greater than the number of seats for which the election is held, the Returning Officer shall proceed to obtain the votes of the constituency in the manner laid down in rule 8.

8. In the case of an election where votes are to be taken

(1) the names of the duly nominated candidates shall be published by the Returning Officer in the *Calcutta Gazette* and in such other manner as he think fit;

(2) a voting paper in Form B annexed to these rules shall be issued to each person whose name is borne on the Electoral Roll referred to in rule 3, by registered post, according to the address reported up to the date preceding the first day of the period fixed in the notification under rule 2 for receiving nomination papers. A cover addressed to the Returning Officer and an identification envelope with the particulars specified in Form C annexed to these rules printed on its back shall be sent along with every voting paper;

(3) a person whose name is borne on the Electoral Roll and whose voting paper together with other connected papers has not already been despatched by post or having been despatched has been returned by the post office undelivered or whose voting paper or any other connected paper has been lost or has been inadvertently spoilt in such manner that it cannot be conveniently used as such, may appear personally before the Returning Officer and make a statement to that effect to take his voting paper, cover and identification envelope or a duplicate copy of the voting paper or other connected paper as the case may be and the Returning Officer may, on being satisfied as to the facts of such statement and to his identity and on a receipt given by him, hand over to such person, his voting paper, cover and identification envelope or a duplicate copy of the voting paper or other connected paper as the case may be;

(4) no duplicate copy of voting paper, cover or identification envelope shall be issued in any circumstances otherwise than under clause (3) and no election shall be invalidated by reason of the non-receipt by any elector of a voting paper, cover or identification envelope;

(5) on receipt of the voting paper, cover and identification envelope sent under clause (2), the elector shall, if he desires to vote in the election, record his vote on the voting paper in accordance with the instructions printed thereon and fill up the form printed on the back of the identification envelope and shall place the voting paper in the identification envelope, close the identification envelope and enclose it in the cover and either hand the cover over to Returning Officer, personally, or send it by post. Voting papers sent otherwise shall not be accepted;

(6) voting papers received after the hour and date mentioned in the notification referred to in rule 2, or, as the case may be, after such other subsequent date as may be fixed by the Returning Officer, shall be rejected. Votes recorded in any paper or form other than the voting paper supplied, shall not be accepted;

(7) each elector has as many votes as the number of seats for which the election is held; and he shall record his vote by putting a cross-mark in ink against the name of each of the persons for whom he votes and in the column provided for it in the voting paper (Form B). If he records votes for more persons than the number of seats for which the election is held, his voting paper shall be rejected;—

Explanation.—An elector may record his votes for a lesser number of candidates than there are seats;

(8) a voting paper shall not be signed by the elector; nor shall the elector write or mark anything on a voting paper other than the cross-marks to indicate his votes. A voting paper in which votes have been recorded in contravention of this sub-rule shall be rejected;

(9) a voting paper in which a mark is placed in such a manner as to make it doubtful to which candidate the vote is given, or in which the elector has placed any mark whereby he may be afterwards identified, or in which an alteration or erasure occurs indicating a change of vote, shall be invalid and shall be rejected;

(10) the back of the identification envelope shall be filled up in all particulars mentioned in the form printed thereon. Identification envelopes not so filled up and the voting papers contained therein shall be rejected;

(11) the counting of votes shall take place on the date and at the time and place fixed in the notification under rule 2 or on such other subsequent date as may be fixed in this behalf by the Returning Officer and the Returning Officer shall be present at the time of the counting of votes;

(12) every candidate may be present in person or send one representative duly authorised by him in writing to watch the process of the counting of votes; and may inspect the identification envelopes, whether rejected or accepted, or the voting papers when taken out of the accepted envelopes but shall not see an identification envelope after the voting paper in it has been taken out;

(13) the Returning Officer shall decide any objection that may be raised at the time of the counting of votes, regarding any identification envelope, or voting paper and endorse the word "rejected" and the ground of rejection on every voting paper or identification envelope containing voting paper declared invalid and rejected by him and shall—

- (a) count or cause to be counted the valid votes given to each candidate, and
- (b) seal up in separate packets the counted and rejected voting papers and the rejected identification envelopes containing voting papers, and record on each such packet description of its contents and the date of the election to which it refers;

(14) when the counting of votes has been completed, the Returning Officer shall declare the candidate or candidates having the largest number of valid votes as duly elected;

(15) when an equality of votes is found between two or more candidates and the addition of a vote will entitle any of these candidates to be declared elected, the determination of the person or persons to whom such an additional vote shall be deemed to have been given shall be made by lot to be drawn in the presence of the Returning Officer and in such number as he may determine.

9 (1) After declaration of the result of the election, the Returning Officer shall—

- (a) prepare and certify a return in Form D annexed to these rules setting forth—
 - (i) the names of the candidates for whom valid votes have been given;
 - (ii) the number of valid votes given for each candidate;
 - (iii) the number of votes declared invalid and rejected; and
 - (iv) the name or names of the person or persons declared duly elected.
- (b) report the result of the election to the State Government for publication in the *Calcutta Gazette* of the name or names of the person or persons who are duly elected, and
- (c) forward all papers relating to the election to the Secretary to the Government of West Bengal in the Medical and Public Health Department for custody.

(2) Papers referred to in clause (c) of sub-section (1) shall be retained for a period of two years, and shall subject to the provisions of sub-rule (3) be available for inspection. Attested copies of such papers shall be available on payment in the case of the return of a fee of Re. 1 and in any other case of the fees laid down in the Bengal Records Manual, 1943.

(3) While in the custody of the Secretary to the Government of West Bengal in the Medical and Public Health Department packets of voting papers or identification envelopes referred to in clause (13) of rule 8 shall not be opened and their contents shall not be inspected or produced except under orders of the State Government under section 26 of the Dentists Act, 1948.

Part III.—Election in case of casual vacancies.

10. In the case of an election under sub-section (4) of section 27, to fill a casual vacancy in the seat of a member elected under clause (a) or clause (b) of section 21 the same rules as laid down for a general election in Part II of these Rules, shall as far as may be, apply except that the notification referred to in sub-rule (1) of rule 2, shall be published within two months of the occurrence of the vacancy, and that the election shall be only for the seat or seats that may become vacant.

Part IV.—Election of member under clause (d) of section 21.

11. For the election of a member under clause (d) of section 21, the Registrar shall, at least two months before the date on which the member is to take office, address the President of the West Bengal Council of Medical Registration requesting him to arrange for the election of a member under the abovementioned clause, and the said President shall thereupon hold the election in the same manner as laid down in the rules, which shall apply *mutatis mutandis*, for the election of a member of the West Bengal Nursing Council by the West Bengal Council of Medical Registration under clause (k) of section 4 of the Bengal Nurses Act, 1934.

12. The name of the member elected under clause (d) of section 21, shall be forthwith intimated by the President of the West Bengal Council of Medical Registration to the State Government for publication in the *Calcutta Gazette*.

13. In the event of a vacancy occurring in the seat of the member elected in the manner provided in rule 11 on the happening of any of the contingencies, referred to in clause (2) or clause (3) of section 27, the Registrar shall, within thirty days of the occurrence of the vacancy, inform the President of the West Bengal Council of Medical Registration of such vacancy, and the President shall thereupon cause an election to be held in the manner as laid down in the rule 11 and shall report the result of the election to the State Government.

Part V.—Election of President and Vice-President (section 25).

14. As soon as may be possible after the completion of election of the members of the West Bengal Dental Council and after the names of the members nominated under clauses (c) and (e) of section 21 are notified in the *Calcutta Gazette* the Registrar shall convene a meeting of the members of the Council so elected and nominated for the purpose of electing a President and a Vice-President of the Council.

15. The members present at the meeting so convened shall elect one amongst them who is not a candidate for the office of the President or Vice-President, to be the Chairman for conducting the election of President.

16. The election of the Chairman of the meeting for election of the President shall be conducted by the Registrar, who shall have no vote, by ballots taken in such manner as the Registrar may determine. In the case of equality of votes secured by two or more persons proposed as Chairman the selection of one of them shall be decided by lot in such manner as the Registrar may determine.

17. (1) The election of the President shall be held by ballots taken in such manner as the Chairman of the meeting for the election of the President may determine.

(2) The Chairman of the meeting for the election of the President shall not ordinarily exercise any vote in the election of the President but shall, in the case of an equality of votes, have and exercise a casting vote.

18. When the President has been elected, he shall if present at the meeting conduct the election of the Vice-President. If he is not present at the meeting the Chairman elected for conducting the election of the President shall conduct also the election of the Vice-President. The procedure for the election of Vice-President shall be the same *mutatis mutandis* as laid down in rule 17.

19. The proceedings of the meeting shall be signed by the President elected, if he has been present at the meeting; otherwise it shall be signed by the Chairman elected for conducting the election of the President. A copy of the proceeding together with the names of the elected President and Vice-President shall forthwith be forwarded to the State Government for publication of the names in the *Calcutta Gazette*.

20. In the case of a casual vacancy occurring in the office of President or Vice-President a fresh election shall be held in accordance with the provisions of rules 14 to 19:

Provided that in the case of an election to fill a casual vacancy in the office of the President the Vice-President shall, unless the office of the Vice-President is also vacant, conduct the election and it shall not be necessary to elect a Chairman referred to in rule 16.

Part.—VI.—Election of members for the Executive Committee (section 29).

21. Three members of the Council (other than the President and the Vice-President) shall be elected as members of the Executive Committee under section 29, by the members of the Council at a meeting of the Council to be presided over by the President of the Council. It may be the same meeting at which the President is elected and is present or a subsequent meeting as may be convenient.

22. The election of the members of the Executive Committee shall be held by ballots taken in such manner as the President may determine, and in the case of an equality of votes obtained by two or more persons proposed, the selection shall be made by lot drawn in such manner as the President may decide.

LOCAL SELF-GOVERNMENT DEPARTMENT

Local Self-Government

NOTIFICATION.

No. M.1C-29/50.—18th September 1950.—In exercise of the powers conferred by section 30 of the Calcutta Municipal Act, 1923 (Bengal Act of 1923), and in supersession of the rules published with notification 340M., dated the 9th February 1942, as subsequently amended, the Governor is pleased to make the following rules for the conduct of the first general election of councillors under the said Act, after the commencement of the Calcutta Municipal (Amendment) Act, 1950 (West Bengal Act VIII of 1950):—

Definitions.

1. In these rules, unless there is anything repugnant in the subject or text,—

- (a) “the Act” means the Calcutta Municipal Act, 1923 (Bengal Act III of 1923); and
- (b) “the Administrative Officer” means the Administrative Officer appointed by the State Government under clause (b) of sub-section (1) of section 4 of the Corporation of Calcutta (Temporary Supersession) Act, 1948 (Bengal Act VIII of 1948).

2. (1) The Administrative Officer shall appoint a returning officer for each constituency.

(2) The same person may be appointed as the returning officer for more than one constituency.

(3) No person who is an officer or servant of the Corporation shall be appointed as the returning officer of any constituency and no person who is an elector of any constituency shall be appointed as the returning officer of that constituency.

(4) The Administrative Officer may at any time for reasons to be recorded in writing remove any returning officer and appoint another in his place and may also appoint a substitute to act as returning officer during any temporary disability of the returning officer.

Nominations.

3. (1) The State Government shall appoint by notification in the *Official Gazette* for each constituency—

- (a) a date not less than one month before the date fixed for the general election under sub-section (3) of section 45 of the Act by which the nominations of candidates shall be made;
- (b) a further date not later than the seventh day after the first mentioned date for the scrutiny of the nominations; and
- (c) in the event of the election being contested, the hour at which the poll shall commence and the hour at which it shall close on the date fixed for the general election under sub-section (3) of section 45 of the Act and the interval of rest.

(2) On the issue of a notification under sub-rule (1) the Administrative Officer shall give public notice in Form I annexed to these rules in any language or languages as he thinks fit. The said notice shall be published in such manner and in such places within the constituency and also advertisement in such local newspapers, as the Administrative Officer considers necessary.

4. On or before the date by which nominations of candidates are required to be made for a constituency under clause (a) of sub-rule (1) of rule 3, each candidate shall either in person or by his proposer or by his seconder or by his election agent between the hours of 12 o'clock noon and 5 o'clock in the afternoon, deliver to the returning officer a nomination paper completed in Form II annexed to these rules and subscribed by the candidate himself as assenting to the nomination and by two persons, the proposer and seconder whose names are registered on the electoral roll of the constituency for which the candidate is nominated.

5. No person shall subscribe whether as proposer or seconder to more than one nomination paper.

6. (1) Every nomination paper delivered under rule 4 shall be accompanied by a declaration in writing subscribed by the candidate in the manner laid down in sub-section (2) of section 27 of the Act.

(2) The nomination paper shall be accompanied by another declaration in writing subscribed by the candidate that the candidate has selected a symbol from the list specified in Schedule A to these rules.

(3) No candidate shall be deemed to be duly nominated unless the declarations referred to in sub-rule (1) and sub-rule (2) are delivered along with the nomination paper.

7. Any nomination paper which is not received before 5 o'clock in the afternoon on the date appointed by the State Government under clause (a) of sub-rule (1) of rule 3 shall be rejected.

8. On the presentation of a nomination paper, the returning officer shall satisfy himself that the names and numbers on the electoral roll of the candidate and his proposer and seconder as entered in the nomination paper are the same as those entered in the electoral roll. Where necessary he shall direct that the former be amended so as to be in accordance with the latter.

It shall be also competent for the returning officer to alter or amend any entry in the nomination paper presented to him with a view to ensuring accurate and adequate publication under rule 9 of the names of candidate and of persons who have subscribed the nomination paper as proposer and seconder.

9. The returning officer shall, on receiving a nomination paper under rule 4, inform the person or persons delivering the same of the date, hour and place appointed for the scrutiny of nominations, and shall enter in the nomination paper its serial number and shall sign thereon a certificate stating the date on which and the hour at which the nomination paper has been delivered to him; and shall, as soon as may be thereafter, cause to be affixed in some conspicuous place in his office a notice of the nomination containing descriptions, similar to those contained in the nomination paper, both of the candidate and of the persons who have subscribed the nomination paper as proposer and seconder.

10. A proposer or a seconder once having signed a nomination paper shall not be allowed to withdraw.

11. A candidate may withdraw his candidature under sub-section (2) of section 27 of the Act by notice in writing subscribed by him and delivered to the Administrative Officer either by such candidate in person or by his election agent. The Administrative Officer shall, on receiving such notice of withdrawal, as soon as may be, cause such notice to be affixed in a conspicuous place in his office and in the office of the returning officer of the constituency in regard to which the withdrawal has taken place.

Scrutiny of nominations.

12. On the date appointed by the State Government under clause (b) of sub-rule (1) of rule 3 for the scrutiny of nominations, the candidates, their election agents, every proposer and every seconder of each candidate, and one other person duly authorised in writing by each candidate, but no other person, may attend at such time and place as the Administrative Officer may appoint, and the returning officer shall give them all reasonable facilities for examining the nomination papers of all candidates which have been delivered within the time.

13. (1) The returning officer shall then examine the nomination papers and shall decide all objections which may be made to any nomination, and may, either on such objection or of his own motion, after such summary inquiry, if any, as he thinks necessary, refuse any nomination on any one or more of the following grounds, namely:—

- (i) that the candidate is ineligible for election in accordance with the provisions of the Act, or
- (ii) that the name of the proposer or the seconder is not registered on the electoral roll of the constituency, for which the candidate is nominated, or
- (iii) that the proposer or the seconder has subscribed another nomination paper which has already been received by the returning officer, or
- (iv) that there has been a failure to comply with any of the provisions of the Act or of the rules relating to the nomination of candidates, or the provisions of the Act relating to the deposit to be made by a candidate under sub-section (3) of section 27 of the Act, or
- (v) that the candidate or the proposer or the seconder is not identical with the person whose electoral number is given in the nomination paper as the number of such candidate, proposer or seconder, as the case may be, or
- (vi) that the signature of the candidate or the proposer or the seconder is not genuine.

(2) For the purposes of this rule—

- (a) an entry in the electoral roll of a constituency shall be conclusive evidence of the right of any elector named in that entry to subscribe a nomination paper and it shall also be a conclusive evidence, subject to the disqualifications mentioned in section 22 of the Act, of the right of an elector to stand as a candidate,
- (b) where a person has subscribed whether as proposer or seconder more than one nomination paper, the nomination paper so subscribed which has been first received shall be deemed to be valid.

(3) Nothing contained in clause (ii), clause (iii), clause (iv), clause (v) or clause (vi) of sub-rule (1) shall be deemed to authorise the refusal of the nomination of any candidate on the ground of any irregularity in respect of a nomination paper, if the candidate has been duly nominated by means of another nomination paper in respect of which no irregularity has been committed.

(4) The returning officer shall not refuse any nomination paper on the ground of a slight technical defect such as the wrong spelling of a name or description of constituency so long as the intention is clear, or any disparity between signature of any person and his name as appearing in the electoral roll when the identity of such person is satisfactorily established.

14. (1) The returning officer shall endorse on each nomination paper his decision accepting or rejecting the same, and if the nomination paper is rejected, shall record in writing a brief statement of his reasons for such rejection.

(2) The scrutiny shall be completed on the day appointed under clause (b) of sub-rule (1) of rule 3 and no adjournment of the proceedings shall be allowed.

15. On completion of the scrutiny of nominations, the returning officer shall forthwith examine symbols selected by the candidates and if such symbols are found to conflict with each other, he shall allocate the symbols in conformity as far as possible with the wishes of the candidates and if necessary by lot, and his decision in this respect shall be final. Each candidate or his election agent shall at the same time be informed of the symbol assigned to such candidate and shall be given a specimen thereof. He shall then prepare a list of valid nominations indicating therein the symbol assigned to each candidate and shall cause the said list to be affixed in some conspicuous place in his office.

16. (1) If the number of duly nominated candidates is more than one, the returning officer shall forthwith publish in such local newspapers or in such other manner as the Administrative Officer may decide, and in such places in the constituency as he may consider necessary, the names of the candidates as given in the nomination papers in alphabetical order in Bengali and also the symbol assigned to each candidate.

(2) If on the date fixed for election under sub-section (3) of section 4 of the Act, there is only one duly nominated candidate who has not withdrawn his candidature, the returning officer shall, on such date, declare such candidate to be duly elected and shall report his name to the Executive Officer and the Administrative Officer and thereupon the Executive Officer shall cause the name of the candidate elected to be published in the *Official Gazette*.

17. (1) If a candidate by whom the deposit referred to in sub-section (3) of section 27 of the Act has been made, withdraws his candidature more than seven days before the date fixed for the election under sub-section (3) of section 4 of the Act or if the nomination of any such candidate is refused, the deposit shall be returned to the candidate, and if any candidate dies before the commencement of the poll, any such deposit, shall be returned to his legal representative.

(2) The deposit made in respect of a candidate, shall, if it is not forfeited, be returned to the candidate as soon as may be after the publication of the result of the election.

18. If a candidate who has been duly nominated dies after the date appointed for the scrutiny of nominations and before the commencement of the poll, the returning officer shall upon being satisfied of the fact of the death of the candidate report the fact to the Administrative Officer, and thereupon the Administrative Officer shall, as soon as may be, cause a notice of the death of the candidate to be affixed in some conspicuous place in his office and in the office of the returning officer of the constituency concerned. All proceedings in respect of the election shall be continued as if the candidate who has died has withdrawn his candidature on the date of his death.

Polling.

19. The Administrative Officer shall select for each constituency as many polling stations as he thinks necessary and shall publish at least three days before the date of polling in such manner as he may consider necessary

list showing the polling stations so selected and the polling areas for which they have respectively been selected.

20. (1) The Administrative Officer shall appoint a Presiding Officer for each polling station and such other persons (hereinafter referred to as polling officers) to assist the Presiding Officer as he thinks necessary. The Administrative Officer may appoint additional polling officers during an election, if necessary.

(2) If the Presiding Officer, owing to illness or other unavoidable cause, is obliged to absent himself from the polling station, his functions shall be performed by such polling officer as may be authorised by the Administrative Officer to perform such functions, during any such absence; and the expression "Presiding Officer" in these rules shall be deemed to include a polling officer so authorised.

(3) The Administrative Officer shall make separate arrangement for the recording of votes by women electors.

21. (1) The Presiding Officer shall keep order at the polling station, shall see that the election is fairly conducted, shall regulate the number of electors to be admitted at one time, and shall exclude all other persons except—

- (a) the polling officers, the candidates, their election agents and for each polling officer in the case of polling booths for men one agent and in the case of polling booths for females two female agents of each candidate (each such agent being hereinafter referred to as the polling agent) to be appointed in writing by the candidate and authorised in this behalf by the Administrative Officer;
- (b) the police or other public servants on duty; and
- (c) such other person as the Presiding Officer may from time to time admit for the purpose of identifying electors:

Provided that unless for special reasons the Presiding Officer otherwise directs, no male shall be admitted inside the polling booth set apart under sub-rule (3) of rule 20 for the recording of votes by women electors.

(2) The Presiding Officer shall allow the polling agent of a candidate at a polling station to be relieved by another polling agent also duly appointed in writing by the candidate and authorised in this behalf by the Administrative Officer.

(3) The Presiding Officer shall close the polling station at the hour pointed in that behalf under these rules so as to prevent the admission into of any elector, after that hour, provided that all electors present at a polling station before it is so closed shall be entitled to have their votes recorded.

22. If any person misconducts himself at the polling station or fails to obey the lawful orders of the Presiding Officer he may immediately, by order of the Presiding Officer, be removed from the polling station by any police officer or by any other person authorised in writing by the Presiding Officer to remove him; and the person so removed shall not, unless with the permission of the Presiding Officer, be allowed again to enter in the polling station during the day:

Provided that this power shall not be exercised so as to prevent any elector who is entitled to vote at any polling station from having an opportunity of voting at such station.

23. Each polling station shall be provided with such number of compartments as the Administrative Officer thinks necessary so that electors can record their votes screened from observation.

24. (1) The Administrative Officer shall provide at each polling station one ballot box for each of the candidates in each polling compartment thereof and the ballot boxes shall be so placed in the compartment that an elector can insert his ballot paper in any one of the boxes without being observed by any other person.

(2) The symbol assigned to a candidate shall be printed and pasted on the ballot boxes of the candidate. The ballot boxes of each candidate shall also be clearly marked with his name in Bengali and any other language or languages as may be decided by the Administrative Officer.

(3) The Administrative Officer shall provide at each polling station instruments for stamping the official mark on ballot papers, as many ballot papers as may be necessary, and copies of the electoral roll or of such part thereof as contains the names of the electors entitled to vote at such station.

(4) The official mark shall be kept secret.

25. Outside and inside each polling station there shall be displayed on boards, to be provided for the purpose by the Administrative Officer, in bold and clear print, the name of each candidate in Bengali and in any other language or languages as may be decided by the Administrative Officer, the name of the symbol with which his ballot box is marked and the symbol itself.

26. Every ballot box shall be so constructed that ballot papers cannot be introduced therein but cannot be withdrawn therefrom without the box being unlocked. The Presiding Officer shall immediately before the commencement of the poll at the polling station, show each ballot box to be used at the poll, to such persons as may be present so that they may see that it is empty, and he shall then insert in it a copy of the symbol assigned to the candidate to whom the box has been allotted after putting on such symbol his signature and the date of the poll and also obtaining on such symbol the signature of such candidate or his polling agent if either be present and desirous of putting such signature so that the box may be identified easily at the time of the counting of the votes and shall then lock up the box and place his seal upon it in such manner as to prevent its being opened without breaking such seal and keep it so locked and sealed.

27. (1) Before a ballot paper is delivered to an elector, the number, name and address of the elector as appear on the electoral roll shall be called out. The distinctive letter or number of the polling station and the elector number on the electoral roll shall be entered on the counterfoil of the ballot paper by the Presiding Officer or a polling officer. A mark shall be placed against the number of the elector in a copy of the electoral roll to denote that he has received a ballot paper but without showing the particular ballot paper which he has received. The ballot paper shall then be detached from the counterfoil and after being stamped with the official mark shall be delivered to the elector.

(2) In deciding the right of a person to obtain a ballot paper for the purpose of voting at an election, the Presiding Officer may interpret an entry in the electoral roll so as to overlook merely clerical or printing errors but shall record his reasons for doing so, and the interpretation he has adopted, on the counterfoil of the ballot paper issued to such person.

28. (1) The elector on receiving the ballot paper shall show the official mark thereon to the Presiding Officer or to the Polling Officer performing the functions of the Presiding Officer, and forthwith proceed into the polling compartment where he shall put his ballot paper into the ballot box of the

candidate for whom he desires to vote. Every elector shall vote without undue delay and shall quit the polling station as soon as he has put his ballot paper into the ballot box.

(2) The Presiding Officer may, at any time while a poll is proceeding, enter any polling compartment and may take such steps as may be necessary to ensure that the boxes remain ready for the reception of ballot papers, and that no elector delays unduly in any such compartment at a time. The Presiding Officer may also see that no elector resorts to any malpractices within the polling compartment.

29. If the elector, owing to illiteracy or infirmity, is unable to read the symbols on a ballot box, the Presiding Officer shall put the ballot paper into the ballot box according to the direction of the elector.

30. At any time before a ballot paper is delivered to an elector, the Presiding Officer or polling officer may of his own accord if he has reason to doubt the identity of the elector or his right to vote at such station, and shall, if so required by a candidate or his election agent or polling agent, put to the elector the following questions:—

- (1) Are you the person enrolled as follows (reading the whole entry from the roll)? and,
- (2) Have you already voted at the present election in this constituency as such voter?

and the elector shall not be supplied with a ballot paper if he refuses to answer any one of the questions and unless he answers the first question in the affirmative and the second question in the negative.

31. (1) The ballot paper shall be in Form III annexed to these rules and shall be printed in such language or languages as the Administrative Officer considers fit.

(2) Every polling station shall have a distinctive letter or number assigned to it. The serial number of the ballot paper and the name of the constituency shall be printed on every ballot paper and its counterfoil.

32. If a person representing himself to be a particular elector named in the electoral roll applies for a ballot paper after another person has voted as such elector, the applicant shall, after duly answering such questions as the Presiding Officer may ask, be entitled to receive a ballot paper. Such ballot paper (hereinafter referred to as a tendered ballot paper) shall be in Form IV annexed to these rules and, instead of being put into the ballot box shall be given to the Presiding Officer who shall endorse it with the name of the candidate for whom such person desires to vote and also with the name of the elector and his number on the electoral roll. It shall be set aside in a separate packet and it shall not be counted by the returning officer. The name of the constituency, the name of the elector and his serial number on the electoral roll and the name of the distinctive letter and the number of the polling station to which the roll relates shall be entered in a list in Form V annexed to these rules which shall bear the heading "Tendered Votes List". The person tendering such ballot paper shall sign his name and address thereon or affix his thumb impression against the entry in that list.

33. (1) If any polling agent declares in writing and undertakes to prove, or if the Presiding Officer for any reason is clearly of opinion, that any person by applying for a ballot paper has committed the offence of personation, the Presiding Officer shall require such person to enter in the list of challenged votes (which shall be in Form VI annexed to these rules) his name and address, or if he is unable to write, to affix his thumb impression thereto. If such person refuses to comply with such requisition he

shall not be permitted to vote, but if he does so comply, he shall be allowed to vote, after he has been warned of the penalty for personation, provided that he answers the questions mentioned in rule 30 in the manner laid down therein.

(2) The Presiding Officer shall in every case, whether or not the person is allowed to vote, make a note of the circumstances in the list of challenge votes.

34. A voter who has inadvertently dealt with his ballot paper in such manner that it cannot conveniently be used as a ballot paper may, on delivering it to the Presiding Officer and satisfying him of the inadvertence, obtain another ballot paper in place of the spoiled paper, and the latter shall together with its counterfoil be marked as cancelled by the Presiding Officer.

35. A Presiding Officer, polling officer, election agent or polling agent who being an elector of any constituency is duly authorised or appointed for duty at a polling station at which he is not entitled to vote, may apply to the returning officer of the constituency for a certificate entitling him to vote at that polling station but at no other. On the production of such certificate he shall be allowed to vote at that polling station. The certificate shall be in Form VII annexed to these rules and a copy thereof shall be sent by the returning officer to the Presiding Officer of the polling station at which the elector would otherwise have been entitled to vote. If the polling station at which the applicant is authorised or appointed for duty is not in the same constituency as the one in which he is entitled to vote, then the returning officer shall issue along with such certificate as many envelopes as there are candidates for the constituency in which he is entitled to vote, each envelope having on its outside the name of the symbol assigned to the respective candidate.

36. (1) A ballot paper shall be issued in the same manner as to any other elector to the person to whom a certificate has been granted under rule 35 on production of such certificate:

Provided that the Presiding Officer or the polling officer shall under rule 27 enter on the counterfoil of the ballot paper not only the name and distinctive number of the polling station at which the vote is recorded but also the name of the constituency if different and the name of the polling station at which such person would otherwise have been entitled to vote.

(2) The ballot papers issued under sub-rule (1) shall be dealt with in the following manner:—

(a) If the polling station at which the person is authorised or appointed for duty is in the same constituency as the one in which he is entitled to vote, then the provisions contained in rule 28 shall apply. The certificate produced under sub-rule (1) shall be filed by the Presiding Officer.

(b) If the polling station at which the person is authorised or appointed for duty is not in the same constituency as the one in which he is entitled to vote, then the Presiding Officer shall along with the ballot paper return to the person the certificate delivered under sub-rule (1). The person shall then go inside the polling compartment and place the ballot paper in one of the envelopes according to his choice, close the envelopes and enclose them and the certificate aforesaid in a cover to be supplied to him by the Presiding Officer and then hand the cover over to the Presiding Officer. As soon as practicable after the close of the poll the Presiding Officer shall despatch the cover to the returning officer concerned.

37. The Presiding Officer shall, as soon as practicable after the close of the poll at a polling station, in the presence of any candidates or their election agents or polling agents who may be present, make up into separate parcels and seal with his own seal and the seal of such candidates or election agents or polling agents as may desire to affix their seal—

- (1) each ballot box in use at each station unopened but with the key attached and the slit in the lid sealed up;
- (2) the unused ballot papers;
- (3) the tendered ballot papers;
- (4) the spoilt ballot papers;
- (5) the marked copy of the electoral roll and any certificates filed by the Presiding Officer under rule 36;
- (6) the counterfoils of the ballot papers;
- (7) the tendered votes list; and
- (8) the list of challenged votes;

and shall deliver such packets or cause them to be delivered to the returning officer.

38. The packets shall be accompanied by a statement in Form VIII annexed to these rules made by the Presiding Officer, showing the number of ballot papers entrusted to him, and accounting for them under the heads of ballot papers issued, unused, spoilt and tendered ballot papers and ballot papers dealt with under rule 36.

Scrutiny of votes.

39. The Administrative Officer shall appoint a date which shall be not later than a week after the polling day for the counting of votes. The returning officer shall fix the place and time at which the votes shall be counted on the date so appointed and shall give notice of such date, time and place in writing to all candidates and election agents.

40. (1) No person shall be allowed to be present at the counting of the votes except the returning officer and such persons as he may appoint to assist him in counting the votes, and such other persons as have a right to be present under sub-section (5) of section 29 of the Act.

(2) No person shall be appointed to assist in counting the votes, who has been employed by or on behalf of any candidate for any purpose whatsoever connected with the election.

41. On the day and at the time and place appointed under rule 39, the returning officer shall proceed as follows:—

(a) All the ballot boxes allotted to a particular candidate shall be separated from those allotted to any other candidate and numbered and placed together. All the covers received under clause (b) of sub-rule (2) of rule 36 shall then be opened and all the envelopes having on the outside the name of the symbol assigned to a particular candidate shall be separated from those having the name of the symbol assigned to any other candidate. The counting of all ballot papers contained in the boxes allotted to the same candidate and in the envelopes, if any, containing the name of the symbol assigned to such candidate shall be completed before the counting of the ballot papers contained in the boxes allotted to any other candidate and in the envelopes, if any, containing the name of the symbol assigned to such other candidate is commenced. The order as between the candidates at which the counting of votes shall proceed shall be in the alphabetical

order in Bengali of the names of the candidates. In case of dispute the decision of the returning officer shall be final. The returning officer shall open or cause to be opened each box or each envelope and take out or cause to be taken out the ballot papers therefrom. If any ballot box opened does not contain a copy of the symbol which the Presiding Officer is required to insert in it under rule 26, the ballot papers contained in such box shall not be rejected if the returning officer is otherwise satisfied as to the identity of the ballot box. The returning officer shall make full record of the circumstances and the grounds for the acceptance or rejection of the ballot papers contained in any such ballot box. When the ballot papers contained in any such ballot box are rejected, the returning officer shall keep such ballot box and such ballot papers separate. The returning officer shall then cause each ballot paper which is not rejected to be stamped with the name of the candidate to whom the box in which such ballot paper was contained was allotted, or the name of whose symbol appeared on the envelope in which such ballot paper was contained. The ballot papers so stamped shall then be arranged in convenient bundles and counted with the aid of persons appointed to assist in the counting of votes.

(b) When the ballot papers have been so arranged in bundles, but not before, the returning officer shall allow the candidates or their representatives duly authorised under sub-section (5) of section 29 of the Act, reasonable opportunity to inspect, without handling the ballot papers, and shall on every ballot paper which is wholly or partially rejected endorse the word "Rejected". If any candidate or his representative present questions the correctness of the rejection, he shall also record on the ballot paper the grounds for the rejection.

(c) The returning officer shall as far as practicable proceed continuously with the counting of the votes; and shall, during any necessary intervals during which the counting has to be suspended, place the ballot papers, packets and other documents relating to the election under his own seal and seals of such candidates or representatives as may desire to affix them and shall cause adequate precautions to be taken for their safe custody.

(d) After the counting of ballot papers as contained in all the ballot boxes and envelopes received under clause (b) of sub-rule (2) of rule 36 has been completed the returning officer shall record the number of ballot papers contained in the ballot boxes allotted to each candidate and the envelopes, if any, for such candidate separately in a statement and shall seal in a separate packet all the ballot papers in support of each candidate.

(e) When the counting of votes has been completed the returning officer shall forthwith declare the candidate to whom the largest number of votes have been given, to be elected in accordance with the provisions under sub-sections (6) and (7) of section 29 of the Act:

Provided that upon the application of any candidate or his duly authorised representative, a recount shall be made before the returning officer makes the declaration, but the returning officer may reject any such application as may appear to him to be frivolous recording at the same time the ground for such rejection.

42. (1) A ballot paper shall be rejected if—

(a) it does not contain the official mark referred to in sub-rule (1) of rule 27,

(b) it bears any mark by which the elector can be identified, and

(c) in the case where it is despatched in a cover under clause (b) of sub-rule (2) of rule 36 to the returning officer the cover does not contain the certificate issued under rule 35 to the voter, whose vote is recorded on such ballot paper.

(2) The decision of the returning officer as to the validity of a ballot paper shall be final, subject only to reversal by the orders of a Court of competent jurisdiction.

43. The returning officer shall not open the sealed packets of the tendered votes, the marked copy of the electoral roll or the counterfoils of the ballot papers. He shall verify the statement submitted by the Presiding officer under rule 38 by comparing it with the statement prepared under clause (d) of rule 41 and with the number of counted votes and the rejected ballot papers, the unused ballot papers in his possession and tendered votes. He shall then reclose and reseal each packet which has been opened by him and shall record on each packet a description of its contents and the date of the election to which it refers.

44. The returning officer shall then prepare and certify a return in Form IX annexed to these rules setting forth—

- (1) the names of the candidates for whom valid votes have been given,
- (2) the number of valid votes given for each candidate,
- (3) the number of votes declared invalid,
- (4) number of tendered votes given,
- (5) the result of the verification referred to in rule 43, and
- (6) the name of the candidate elected,

and shall permit any candidate or any representative duly authorised under sub-section (5) of section 29 of the Act to take a copy of an extract from such return.

45. The returning officer shall without delay report the result of the election to the Executive Officer and the Administrative Officer and send the return and all packets relating to the election in his possession to the Administrative Officer. The Administrative Officer as soon as he receives the return and the packet shall forward them to the Executive Officer for safe custody.

46. While in the custody of the Executive Officer the ballot boxes rejected under clause (a) of rule 41, the packets of ballot papers, whether counted, rejected or tendered, and of the counterfoils thereof, shall not be opened and their contents shall not be inspected or produced except under the order of a Court of competent jurisdiction but all other documents relating to the election shall be open to public inspection subject to such conditions as the Executive Officer may impose.

47. The ballot boxes and the packets referred to in rule 46 shall be retained for a period of one year and the said boxes shall thereafter be disposed of and the said packets shall thereafter be destroyed subject to any direction to the contrary made by the Executive Officer or by a court of competent jurisdiction.

Custody and preservation of election papers.

48. (1) The following rules shall be observed for the custody and preservation of the election papers enumerated below:—

- (i) Claims and objections with reference to the preliminary electoral rolls.
- (ii) Final electoral rolls.
- (iii) Nomination papers of candidates.
- (iv) Withdrawal from candidature.
- (v) Orders by the Administrative Officer regarding the division of constituencies into polling areas and appointment of polling station for such areas.
- (vi) Appointment letters of agents of candidates.
- (vii) Lists of candidates nominated.
- (viii) Returns of election expenses.

(2) With the exception of papers mentioned in items (vi) and (vii) of sub-rule (1), the aforesaid election papers shall be kept in the general record room of the Central Municipal Office of the Corporation for six months unless their retention for a longer period is ordered by the Executive Officer or by a Court of competent jurisdiction.

(3) Three copies of the final electoral rolls of each constituency shall be preserved permanently in the Central Municipal Office of the Corporation.

(4) The nomination papers of candidates shall remain in the custody of the Executive Officer and shall be retained for a period of one year and shall thereafter be destroyed, subject to any direction to the contrary made by the Executive Officer or by a Court of competent jurisdiction.

(5) The returns of election expenses lodged with the Executive Officer under section 34 of the Act shall be kept by him for six months and shall then be destroyed, unless their retention for a longer period is ordered by a Court of competent jurisdiction.

(6) The public shall have the right to inspect the election papers enumerated in sub-rule (1) and to get attested copies thereof on application to the Executive Officer.

49. No person in the employment or pay of the Corporation shall directly or indirectly engage in canvassing for votes or otherwise assist in the election of any candidate otherwise than by giving his own vote. Any breach of this rule will render him liable to dismissal.

50. If any question arises as to the interpretation of these rules otherwise than in connection with an election inquiry held under the Act or any rule made thereunder, the question shall be referred for the decision of the State Government and its decision shall be final.

- (1) Provident Fund.
- (2) Gratuity.

There was a previous adjudication of the disputes between the Company and the employees in 1948 by my esteemed colleague Sri P. R. Mukherji. That award he made provisions for payment of gratuity. There was an agreement for starting a Provident Fund, and there was an award directing starting that Fund on the Model Rules framed by the Government of India for industrial workmen. The Company realised contributions and contributed its quota but did not frame rules nor executed the necessary Trust Deed. For this reason the Union raised the present disputes and demanded further that a separate fund be created for the gratuity money.

Now as to Provident Fund. During the pendency of the present adjudication the Company drafted the rules and got them approved by the income-tax authorities. The Company also brought to me a draft Trust Deed. Some of the rules framed do not conform substantially to the Model Rules.

I have made some alterations which do not affect the interest of the Income tax Department and I hope there will be no valid objection from that quarter. If, however, there be any, further alterations may be made in consonance with the spirit of the Draft. A draft of the Trust Deed embodying the rules is made in Annexure A. The document must be executed and registered within two months of the date when the award comes into operation.

The Provident Fund money so far realised has not been vested in an Trustee. An account embodying the amount is given in Annexure B. This Fund should also be made over to the Trustee.

Now about the gratuity money. The employees demand a separate fund to be created for this. The technical legal difficulty in creating a fund is this that it is not an ascertained amount. The amounts are not payable now. The amount will be determined on the pay to be drawn by the employee on the date of retirement and on the length of service rendered. In view of this uncertainty no separate fund can be created. Furthermore the pattern of our awards is not for creating special funds. This has not been awarded for any firm.

The Union pleads that in case of liquidation of the Company, they will not get the money. This is universal for all the employees of other firms.

In my opinion, the demand cannot be allowed. The demand is refused.

S. C. CHAKRAVARTI,
Chairman of the Tribunal.

The 4th October 1950.

ANNEXURE A.

Ivan Jones, Limited, Provident Fund, Trust Deed and Rules and Regulations

The Schedule above referred to.

RULES.

1. These rules and regulations shall take effect as from the 1st August 1950.

2. The name of the Fund shall be "Ivan Jones, Limited, Provident Fund Institution".

3. The object of the Fund is—

(a) to accumulate for the benefit of the participants to the Fund certain sums of money as a future provision for themselves or their dependants.

(b) to take over the existing balances to the credit of the participants in the Provident Fund of Ivan Jones, Limited.

4. **Definitions.**—"Company" means Messrs. Ivan Jones, Limited.
"Employer" means Messrs. Ivan Jones, Limited.

"Employee" means the employees who are under the rules entitled to participate in the Provident Fund.

"Salary" shall not include bonuses, allowances or payments other than a fixed ascertained sum payable periodically but includes payments regularly made on a fixed basis.

The "Trustees" shall be and include the Trustees of the funds of the institution for the time being appointed as hereafter provided.

"Accumulated balance due" means the balance to the credit of an employee including his own as well as the employer's contributions and interest thereon up to the last accounting period (as received from the employer and on securities held).

All the permanent workmen and salaried members of the staff of the employers may be allowed to participate in the Provident Fund.

(a) Each employee shall contribute to the Provident Fund 1/10th of his monthly salary which shall be deducted by the employer from his salary on each payment of such salary and credited to the employee's individual account in the Provident Fund and such account to be styled "Own Contribution Account" and all sums contributed by the employers under the rule hereinafter set out shall form a distinct account and shall be styled "Employer's Contribution Account". Calculations will be made to the nearest anna.

In case of a member not getting his full pay on account of leave or other reasons, he shall contribute only on the actual salary received by him.

(b) Each employee shall sign an application (in the form annexed to the rules) to become a member of the institution.

All acts to be done, opinions to be expressed and decisions to be given by the Company may be done, expressed and given by the Managing Director of the Company or by any one authorised by the Managing Director of the Company for the purpose.

The employer shall contribute to the account of each employee simultaneously with his contribution a sum equal to that contributed by the employee.

The funds of the institution are and shall be vested in the three trustees, namely, Silas Joseph Nawe, Joseph Harold Barker and Rai Bahadur Vishnu Swaika, for the benefit of the institution, under its rules and the signatures and endorsements of any two of the three Trustees will be treated as sufficient in all matters such as banking accounts, cheques, notes, other negotiable instruments, purchase, sale, deposit and withdrawal of securities, debentures, shares and other matters relating to the Fund. The Trust hereby created shall not be revocable save with the consent of all the beneficiaries and the necessary expenses of the management shall be borne by and will be a charge on the funds of the institution.

The institution shall be managed by six persons resident in or close to Calcutta (hereinafter called the Committee). Two of these persons (one of whom shall be the President and the other the Secretary) along with one other member shall be appointed by Messrs. Ivan Jones, Limited (hereinafter referred to as the Company), and the remaining three shall be elected by the subscribers to the institution from amongst themselves. Three members of the Committee shall form a quorum. In case of an equality of votes the President shall have a casting vote. The Committee shall be constituted for two years and if any casual vacancy arises before the expiry of the term of office of the Committee, the vacancy shall be filled by nomination by the employer or by election by the subscribers in accordance with the procedure hereinafter mentioned, according as the member who vacated office was a representative of the employer or of the employees.

The procedure hereinbefore mentioned is as follows:—

The subscribers shall elect their representatives to the Committee every year from among themselves at a general meeting held specially for that purpose and an employer shall nominate his representative as soon as possible thereafter.

And whenever any Trustee shall die, resign or is discharged or become incompetent or incapable to act or shall permanently leave India, Messrs. Ivan Jones, Limited, may appoint any other competent person to be a new Trustee or new Trustees as the case may be.

11. The Fund shall consist of contributions as above specified, of accumulations thereof and of interest (simple and compound) credited in respect of such contributions and accumulations and of securities purchased therewith, and of no other sums.

12. The Trustees, with the suggestion of the Committee shall who invest all moneys contributed to the Fund (whether by the employees or the employers) or accruing by way of interest or otherwise to such Fund in accordance with the provisions of sub-section (2) of section 282B of the Indian Companies Act, 1913, so however that the securities in which contributions made by employees after the date of recognition of the Provident Fund and the interest on the accumulated balance of such contributions are invested are payable both in respect of capital and of interest to the Indian Union.

13. An account shall be maintained for such subscriber to the Fund provided in rule 6 (a) hereof.

14. The financial year of the Fund shall close on the 30th September every year.

15. On the close of the year an account shall be taken of the income and expenditure of the Fund and the net receipts or accruals after allowing the expenditure on management shall be credited rateably among the members who shall be participating in the Fund on the last date of the closing year.

16. The accounts of the Fund shall be audited annually after the close of the financial year by an auditor appointed by Messrs. Ivan Jones, Limited. The accounts signed by the Trustees should be treated as correct and binding on the members.

17. After the accounts have been audited each member shall be furnished with a statement showing the amount to his credit on the closing day of the financial year.

18. Circumstances in which accumulations are payable:—

(1) If a subscriber dies or for any other reason ceases to be a subscriber the amount standing to his credit in the Fund including interest up to that date shall become payable to him or his nominee, subject to any deduction authorised under rule 19.

(2) No claim shall be entertainable against the Fund if made more than three years after the date on which the amount due becomes payable.

(3) Any amount due from the Fund shall cease to bear interest after three months from the date on which the amount becomes payable.

(4) Payments under sub-rule (1) to the employees or his nominees in the event of his death, shall be made within three months of the date on which they fall due. In the case of the death of an employee who has no substitute nominations, it shall be competent for the Committee to pay the amount due to the natural heir or heirs of the deceased employee, provided the Committee is satisfied as to the heirship of the claimant or claimants.

19. **Deductions.**—(1) Except as provided in sub-rule (2) no deduction shall be made from the amount standing to the credit of a subscriber until his final payment is made to him or his nominees under rule 18.

(2) (a) If any subscriber resigns or leaves his employment at his own request, otherwise than by reason of superannuation on medical grounds,

the Committee may, by a majority of two-third members, direct that deductions according to scales specified below shall be made from the amount paid into the subscriber's account by the employer under rule 6 (a) (including interest accrued to the employer's contribution):—

- (i) Subscribers of less than three years' standing—100 per cent.
- (ii) Subscribers of three but less than six years' standing—50 per cent.
- (iii) Subscribers of six but less than nine years' standing—25 per cent.
- (iv) Subscribers of nine or more years' standing—Nil.

(b) If any subscriber is dismissed for serious misconduct the Committee shall, at the request of the employer, direct that a deduction equal to the contribution made by the employer into the subscriber's account under rule 6 (a) (including interest accrued thereon) shall be made.

Explanation.—The term "serious misconduct" shall be interpreted with reference to standing orders, if any, existing in the undertaking.

(3) Deductions made under sub-rule (2) shall be credited to the Fund's Reserve Account.

20. The accumulated balance when it becomes payable shall be exempted from payment of income-tax and super-tax and shall be excluded from the computation of his total income, provided that (a) the employee has rendered continuous service for a period of not less than five years, or (b) in the opinion of the Commissioners of Income-tax the service has been terminated on account of the employee's ill-health or by the contraction or discontinuance of the employer's business or other cause beyond the control of the employee.

21. In case a member dies before the accumulated balance is paid to him, the amount will be paid to the person or persons registered as his nominee with the Committee.

22. If the deceased member has not registered any nominee or the nomination becomes obsolete, the Committee with the advice of the Managing Director of Messrs. Ivan Jones, Ltd., shall pay the amount to his widow, or to his sons, heirs, dependants or next of kin, whoever in the opinion of the Committee is best entitled to receive. The decision of the Committee shall be final and shall not be questioned in any court of law.

23. The amount lying in the Fund shall not be liable to attachment under any decree or order by any court, civil or criminal, in respect of any debt or liability incurred by the member and neither the Official Assignee or the Official Liquidator under the Provincial Insolvency Act shall be entitled to have any claim on any such money.

24. Every employee who is a member of the institution shall abide by the rules and regulations of the institution.

25. (i) Withdrawals by employees shall not be allowed by the Trustees except on special grounds in the following circumstances or circumstances of a similar nature:—

- (a) to pay expenses incurred in connection with illness of a subscriber or a member of his family;
- (b) to pay any expenses in connection with marriages, funerals or ceremonies which by the religion of the subscriber it is incumbent upon him to perform and in connection with which it is obligatory that expenditure should be incurred;

- (c) to meet the expenditure on building or purchasing a house or site for a house, provided that such house or site is assigned to the Trustees of the Fund;
- (d) to pay premia on policies of insurance on the life of the subscriber or of his wife, provided that the policy is assigned to the Trustee of the Fund and that the receipts granted by the Insurance Company for the premia are from time to time handed over to the Trustees for inspection by the Income-tax Officer.
- (ii) For the purpose of sub-rule (a)—
- (1) "Family" means any of the following persons who reside with an employee and are wholly dependant on the employee, namely, the employee's wife, legitimate children, step-children, parents, sisters and minor brothers.
- (2) No such withdrawal shall exceed (1) the pay of the employee for three months, or in the case of a withdrawal for the purpose specified in clause (d) of sub-rule (1) six months at the time when the advance is granted, or (2) the total of the accumulation of exempted contributions and exempted interest contained in the balance to the credit of the employee whichever is less.
- (3) A second withdrawal shall not be permitted until the sum first withdrawn has been fully repaid.
- (4) (a) Where a withdrawal is allowed for a purpose specified in clause (c) or clause (d) of sub-rule (1) of rule 25, the amount withdrawn need not be repaid. (b) Where a withdrawal is allowed for any other purpose the amount withdrawn shall be repaid in not more than twenty-four equal monthly instalments and shall bear interest in accordance with rule 6 and no further withdrawal shall be permitted until repayment has been effected in full.
- (5) In respect of withdrawal which are repaid in not more than twelve monthly instalments, an additional instalment of 4 per cent of the amount withdrawn shall be paid on account of interest, and in respect of withdrawals which are repaid in more than twelve monthly instalments two such instalments of 4 per cent of the amount withdrawn shall be paid on account of interest.
- Provided, however, that at the discretion of the Trustees of the Fund interest may be recovered on the amount withdrawn or the balance thereof outstanding from time to time at 1 per cent. above the rate which is payable for the time being on the balance to the credit of the member.
- Loans may be repaid even in less than twelve instalments
- (6) The employer shall deduct such instalments from the employee's salary, and pay them to the Trustees. The deductions shall commence from the second monthly payment made after the withdrawal or in case of any employee on leave without pay from the second monthly payment made after his return to duty.
- (7) Notwithstanding anything contained in rules 4 to 7 it shall be open to the Trustees of this Fund to permit the withdrawal of 4 per cent. of the amount standing at the credit of any employee if the employee takes leave preparatory to retirement, provided that if he rejoins duty on the expiry of his leave he shall return the amount drawn together with interest at the rate allowed by the Fund.

6. In all cases of dispute or of points regarding interpretation of rules, arising for decision or regarding any point on which these rules may be final, the Committee shall submit the same with its opinion to the Commissioner of Income-tax having jurisdiction over the Fund shall be final.

7. With the prior approval of the Commissioner of Income-tax having jurisdiction over the Fund, these articles may from time to time be altered, amended and other rules and regulations may be added or substituted for the management and working of the Fund by the Company or the Committee, subject to the approval of the Company, provided always that no alteration, amendment or modification shall have retrospective effect.

The parties in this proceeding are—

- (1) J. K. Eastern Industries Ltd.,
- (2) Reform Flour Mills Ltd.,
- (3) Snow White Products Co., Ltd.,
- (4) Vita Supplies Corporation Ltd.,
- (5) Howrah Soap Co., Ltd., and
- (6) Eastern India Corporation Ltd.,

all of 18, Netaji Subhas Road, Calcutta, on the one hand, as the employers and the employees of these six concerns, as represented by J.K.E.I. and V.S.C. Workers' Union of 78, Harrison Road, c/o Hotel Zenith, Calcutta on the other, as the employees. The Reform Flour Mills and the Snow White Products Co., Ltd., are the primary concerns in the group of companies named above. The Reform Flour Mills manufacture flour from whe

and the Snow White Products Co., Ltd., Produce Vanaspati from vegetable oils. J. K. Eastern Industries Ltd. are the Managing Agents of the Reform Flour Mills Ltd., and Vita Supplies Corporation are the Managing Agents of the Snow White Food Products Co., Ltd. Howrah Soap Works is associated with Snow White Products Co., Ltd., and the Eastern India Corporation Ltd., is associated with J. K. Eastern Industries and Vita Supplies Corporation Ltd. The employees concerned in this dispute are those attached to the Head Offices of these Companies at No. 18, Netaji Subhas Road, Calcutta, and are clerks and subordinates of the rank of bearers and durwans. There are in all 100 clerks and 10 bearers and durwans in the offices of the companies at Netaji Subhas Road.

It is the Union's case that about 60 of such employees, being clerks and subordinates were discharged on 31st August 1949 without any justifiable cause. All of them were paid one month's emoluments in lieu of notice, and it was notified to them that they were being discharged as having been in excess of requirements. On 20th September 1949 the Secretary, J. K. Eastern Industries and V.S.C. Workers' Union, submitted an application to the Labour Commissioner, Government of West Bengal, complaining about the discharge of the employees and a copy of this letter was sent to the Company by the Assistant Labour Commissioner by his memorandum, dated 19th October 1949. This letter is Annexure A of the Company's written statement. The Labour Directorate started conciliation proceedings. It appears that 15 of the discharged men were reappointed during the pendency of the conciliation proceedings. The Company maintained that these employees were found surplus on account of reorganisation of work and certain inevitable changes in the staff and that it was unable to entertain the question of reinstatement of these employees. Conciliation was unsuccessful although the Company had taken back 15 of the discharged men according to their necessity and the Labour Directorate submitted a report under section 12(4) of the Act in regard to 36 employees (30 clerks and six subordinates) recommending a reference of the dispute to the Tribunal. The dispute was then referred to the Tribunal as mentioned above.

Notices were served on both parties and they filed written statements.

The Union in its written statement assailed the discharge of the employees as instances of victimisation for trade union activities and unfair labour practice. It is further claimed that so far as the employees of the Reform Flour Mills Ltd. were concerned, the Company was guilty of an illegal lock-out, inasmuch as these employees were discharged at a date when the proceedings before the Tribunal between the Reform Flour Mills Ltd. and their employees were pending. The Union, therefore, claimed for reinstatement of all the discharged persons and for payment of emoluments to them for the period of non-employment, as also bonus.

The Company's reply is as follows. In the middle of 1949, due to various causes, the work of the factories at Howrah, namely, Snow White Food Products Company and the Howrah Soap Works Factory had to be reduced and even to be suspended for some time. Accordingly, various staff were either laid off or retrenched. In consequence thereof the work of the head office also suffered. The work in the office was thereupon rationalised and a large number of clerks and subordinates were found surplus and therefore retrenched with effect from 1st September 1949. This was done for genuine trade reasons and there had been no unfair labour practice on the part of the Company. In selecting the personnel for such retrenchment the Company generally followed the principle of "last come first go" in respect of the department concerned.

The Company opposed the plea of lock-out in regard to the employees connected with the Reform Flour Mills Ltd., on the ground that the dispute which was decided by the Flour Mills Tribunal was one in regard to the factory workers at the Reform Flour Mills and that the clerical staff of the Company were not involved in the said adjudication. The Company also set up the plea that the cases of Mr. P. C. Mehrotra and Mr. L. R. Sharma cannot be adjudicated by this Tribunal, as they were officers of the Company and not workmen under the Act.

The issues were framed on 22nd May 1950.

The appearances for the parties were as follows:—

For the Union: Sri J. N. Banerji, Joint Secretary, Association of Employees' Unions, Jiben Mukherji, Secretary, J. K. Eastern Industrial and V.S.C. Workers' Union.

For the Company: Sri S. C. Sen, Advocate, Sri Nalini Kanta Das Gupta, Pleader, and Sri D. Venkata Subbayya, an officer of the Company.

The issues framed were as follows:—

DECISIONS.

Issues Nos. 1 and 2.

Out of the 36 employees mentioned in Issue No. 1, the Union by its declaration, dated 10th August 1950, gave up its claim with regard to No. 4 Maitra, No. 7 P. C. Mehrotra, No. 24 S. K. Raha, No. 25 H. T. Ghosh, No. 26 Hrishikesh Chatterji, No. 27 Naren Sen and No. 35 L. R. Sharma, the omission of these seven names as mentioned in the petition, dated 4 August 1950, the number of employees left was 29, being 23 clerks and subordinates. On 30th August 1950 Sri J. N. Banerji, the Joint Secretary of the Association of the Employees' Unions, informed me that Golak Bhanja, bearer, had been re-employed by the Company, No. 10 Adamba Singh, Jamadar, had been employed elsewhere at the instance of the Company, No. 12 Alok Deo Singh, Jamadar, had also been employed elsewhere at the instance of the Company, No. 16 Anilbaran Chakravarti had been employed by the Company, No. 19 Raj Narayan Tewari, Jamadar, had been employed elsewhere at the instance of the Company and No. 29 N. Pathak was dead since. He did not press the case of these employees in this case. Omitting these six names, there are now 23 clerks and subordinates as are mentioned in the issue. The Companies that appear as employers in this proceeding are associated concerns controlled by the same owners. These companies are some of the concerns of the well-known industrialists of the J. K. Group. The offices of these concerns are situated at the same premises. Exts. H and H(1), the list of the employees in the establishment at the head office in the several departments of these concerns, that the office work of all the concerns are done by the entire staff at the head office in common divisions of departments for all the concerns taken together. It appears that a member of the staff does the work connected with either of the companies or more than one of the companies as found necessary by the Directors. O.P.W. 1, D.V. Subbayya, stated that though he was attached to the Reform Flour Mills he had to do the work of all the business of the Companies. The result is that if there is diminution of work in connection with any of the concerns and the retrenchment of the staff occurs, such retrenchment affects the staff of all concerns in their totality and is not limited to any particular group connected with that concern alone where sufficient work is wanting.

The primary concerns are the Reform Flour Mills Ltd. and the Snow White Products Ltd. The Howrah Soap Works are attached to the Snow White Products Ltd. The Reform Flour Mills Ltd. have been carrying losses. The balance sheet of this Company in Exts. I, I (1) and I (2) shows no profits. Ext. J is the balance sheet of Messrs. J. K. Eastern Industries, the Managing Agents of the Reform Flour Mills, Ltd. It shows, however, from the balance sheet Ext. K that till the year ending 1948, the Snow White Food Products Co., Ltd., gave profits. The balance sheets of the subsequent years for this concern have not been filed. There is evidence to show that this Company have been experiencing great difficulties in carrying on its manufacture of Vanaspati, owing to the fact that the price of the finished product of Vanaspati is controlled by Government while that of the raw material, namely, ground-nut oil, used for manufacture of Vanaspati was not controlled and was gradually rising. It

is explained by the Company that for this reason alone the Snow White Food Products Co, Ltd., had no other alternative than to close down more than one occasion in 1949 and also in 1950. Ext. G is a statement of the periods of closure of Snow White Mills in 1949 and 1950 (except Sundays) which shows that excepting the month of January 1949, the mills were closed on several days in the month or for the whole month in the year. It was closed for the whole of September, October and November 1949. In 1950 the mills worked for all days except Sunday in the month of February. It was closed for a number of days in January, April, May and June. It closed on 13th of July and did not reopen until the 29th of August 1950 when the statement was filed before me. It appears from the statement of the parties before me that the mills had not then resumed work.

Ext. E is an application, dated 28th June 1949, to the Hon'ble A. K. Mukherjee, Premier and Minister of Commerce and Industries and Finance, Government of West Bengal, by the manufacturers of Vanaspati (hydrogenated cooking oil) in Bengal, praying for relief against the uneconomic fix of the controlled price of the finished product, while the price of necessary raw material, namely, ground-nut oil, was not controlled and was rising in the market. The application clearly stated the position of the industry in detail and drew attention of the Government to the fact that in view of the heavy loss which the deputationists would suffer, they have no other alternative than to close down the factory, if adequate relief by Government interference was not forthcoming. Sri K. L. Jethia, Managing Director of Snow White Food Products Co., Ltd., and Vita Sup. Corporation Ltd., was one of the signatories to the petition. Ext. F, a copy of the daily *Amrita Bazar Patrika*, dated 26th August 1949, in which a Director of Messrs. N. R. Sarkar & Co. Managing Agents, Hindusthan Development Corporation Ltd., manufacturers of Rasoi brand of Vanaspati, made a statement to the press emphasising the same facts as mentioned in Ext. E. O.P.W. I Sri D. V. Saha stated before me that, as a matter of fact, the Company had to lose Rs. 100 per ton if they were to continue to manufacture Vanaspati in the Snow White Products Mills. The Company claimed that for these difficulties the factory of the Snow White Food Products was closed on July 13th and had not resumed work yet.

The Company's case is that owing to the closure of the factory on 13th August 1949 the work connected with Snow White Food Products Co., Ltd. at the head office dwindled to a great extent, and a number of clerical subordinates were found to be in excess of requirements and were, therefore, retrenched with effect from 1st September 1949. It is claimed that this was done for genuine trade reasons and that in selecting the persons for such retrenchment the Company generally followed the principle of "come first go" in respect of the department concerned. As has been stated above the Union's claim is that the companies discharged these employees by way of victimisation and unfair labour practice.

The Union pressed that in connection with the discharge of the employees at the head office attached to the Reforms Flour Mills, the Company was guilty of an illegal lock-out under section 23 of the Act, inasmuch as the date of their discharge, namely, on 31st August 1949 the process was pending before the Tribunal in the matter of the industrial dispute between the flour mills of Howrah and Calcutta including the Reforms Flour Mills, St. John's Howrah, and their workmen represented by the General Secretary, Bengal Flour Mills Mazdoor Congress, 115/E, Dhurmatala Street, Calcutta, and the Secretary, All Bengal Flour Mills Workers' Union, 3, ...

nerji Lane, Howrah, were pending. This case before Sri P. K. Sarkar, District Judge, Tribunal, was pending from 25th April 1949 to 11th October 1949, on which date the award was published in the *Calcutta Gazette, Extraordinary*. It appears from evidence that P. W. 4endra Nath Mukherji was in the Accounts Department of the Reforms Flour Mills and P. W. 5 Arun Kumar Banerji was a clerk in the Reforms Flour Mills attached to the ration shop of the mills. The Union's claim is that these two members of the staff were attached to the Reforms Flour Mills and in view of the fact that the proceedings before the Tribunal in the industrial dispute between the Reforms Flour Mills and its workmen were pending at the date of discharge (31st August 1949), the discharge of these two employees amounted to instances of illegal lock-out under section 23 of the Act. The award of the Tribunal which was filed before me, clearly shows that the subject matter of the award was an industrial dispute between the Company and its manual workmen working in the mills. There was no dispute between the clerical staff attached to the head office of the Reforms Flour Mills and the Company as the subject matter of the proceedings before the Tribunal. The present Union was not a party to the dispute before Tribunal. The plea of the Company that the dispute which was decided by the Flour Mills Tribunal was one with the mill workers of the Reforms Flour Mills and that the clerical staff of the Company were not included in the same adjudication is, therefore, justified. The plea of the Union that the discharge of these two employees were instances of illegal lock-out cannot, therefore, be entertained.

It is necessary to ascertain what is really meant by "victimisation" and "unfair labour practice". In the case reported in 1947 2 A.E.R.693 *vs. National Arbitration Tribunal, ex-parte Horatio Crowther & Co., Ltd.* Croom Johnson, J. states at one part of his Lordship's judgment the real claim was that the alleged reason for their dismissal was not a genuine one and that they have been 'victimised', i.e., been got rid of because they were the members of the Chemical Workers' Union." This statement of the learned Judge clearly shows that victimisation means getting rid of an employee because he was a member of the Union and is a measure taken in retaliation of the employees' Union activities. Sri A. T. Das Gupta, District Judge, Tribunal, in his award in the industrial dispute between Messrs Morrison and Co., Ltd., and their workmen defines "unfair labour practice" by observing as follows: "In my opinion, any order made in bad faith with an ulterior motive arbitrarily or with harshness is an instance of unfair labour practice". (*Labour Law Journal*, Volume II, February 1950, page 123.) The opinion of Sri S. C. Chakravarti, District Judge, Tribunal, in his award in the dispute between Rampuria Cotton Mills, Ltd., and their workmen is also of importance. The learned Judge observes here "The Tribunals will have the propriety to interfere in cases involving trade unionism and also in cases where there has been an encroachment of any natural, contractual, statutory or legal rights of the employees." (*Labour Law Journal*, Volume II, No. 9, September 1950, page 969.) I also mention the legal position on the right of reinstatement of an employee as observed by the learned Industrial Tribunal Mr. D. G. Sarkar in his award in the dispute between Ravalgao Sugar Firm, Ltd., and the workmen employed under it (1949 I.C.R., Bombay, p. 355) where the learned Judge observes as follows:—

It is now well-established from the decisions in several adjudication proceedings before Industrial Tribunals in this Province, that ordinarily an Industrial Tribunal will not direct reinstatement unless it is proved to its satisfaction that the employee concerned was victimised for trade union activities or the employer was

otherwise guilty of unfair labour practices in terminating employment. A presumption as to such unfair labour practice may fairly be drawn where an employee is found to have been dispensed with for no reason whatever or for a reason which is patently false or is proved to have been false, the true reason being an indirect or ulterior motive; and on the presumption remaining un rebutted on the part of the employer, the Tribunal may well consider whether in fairness and with a view to maintaining better industrial relations, in the interest not merely of the employee concerned, but also of the community as a whole, the employee can be reinstated."

These principles are generally followed in the Industrial Tribunal. It is clear from the decisions of the learned Judges as mentioned above that the Tribunal may direct reinstatement only when it is proved to its satisfaction that the employee concerned was victimised for trade union activity or the employer was otherwise guilty of an unfair labour practice or in other words when the employer terminated the employment in bad faith with an ulterior motive or committed an encroachment of any contractual, statutory or legal rights of the employee.

I shall also consider in this connection the principles governing management's right to discharge employees for a sufficient cause which has been discussed in various awards, as well as in my award in the industrial dispute between Messrs. Allen Berry & Co., Ltd., and their employees published in the *Calcutta Gazette, Extraordinary*, dated 28th February 1949. I shall mention here briefly the broad principles enunciated in these awards. There have been numerous decisions in the American courts recognizing the fixing of the size of the working force as a management function in the category of "methods of plant operation". Business cannot be run by disinterested third parties. It must be run by persons vitally interested in the conduct of the business, responsible for mistakes. The right of management functions should carry with it the right to have the management functions exempted by arbitrators and upheld in the absence of showing a breach of agreement or bad faith. By good faith is meant the desire to carry on business in line with the needs of business. Bad faith, according to the American courts, would be shown by evidence of an intention of the employer to deprive the Union or its employees of the fruits of the agreement, whether directly or indirectly and whether through discrimination or by other means. Management has a right to discharge employees for a "cause" and it has the right to have this initiated function respected by arbitrators and upheld in the absence of showing a bad faith and bad faith would be shown by evidence of an intention by the employer to deprive the Union or its employees of the fruits of an agreement or award or to victimise them for trade union activity. Good faith would mean the desire to carry on business according to its needs.

The above principles have been followed in India for the determination of management labour relations in many awards.

In refuting the plea of the Union that the employees in question were discharged by way of victimisation or unfair labour practice, the Commission stated that they were not at all aware of the formation of the Union by the employees at the head office. The Union filed in Appendix A an application, dated 12th January 1949, submitted by the employees at the head office to the six Companies where they prayed for an increase in the basic salary provision for suitable tiffin, the introduction of the Provident Fund for the entire staff, and a revision of the leave rules. It is noticeable that the application was not filed by the Union but by the employees themselves.

The Union stated that the Companies took no notice of this petition, but on the other hand, started victimisation or resorted to unfair labour practice by discharging them. The Companies stated that immediately on receipt of the application of the employees, dated 12th January 1949, the Companies, after consulting the heads of departments, increased their wages and also improved their conditions of service. This claim was repeated at the time of the hearing by the learned Advocate for the Companies and was not seriously opposed by the learned Joint Secretary of the Association of employees' Unions. The Companies drew my attention to the fact that when the factory of the Snow White Products Mills was closed, they had stalled negotiations with the office bearers of Snow White Product employees' Union to minimise the hardships attendant on a laying off of the workmen. Exts. B, C, C(1) and D are documents in support of this plea. Ext. A is the notice, dated 31st August 1949, intimating the workmen of the closure of the mills and of the laying off of the workmen. The Company produced the documents, Exts. B, C, C(1) and D, in support of their suggestion that if they were aware of the existence of the Employees' Association at the head office, they would certainly have negotiated with them on the question of the discharge of the employees at the head office on 31st August 1949. No evidence was forthcoming to show that the authorities of the company were informed of the formation of the Union in the middle of 1948 or thereafter. The application, dated 12th January 1949, does not suggest the existence of the Union. It is, therefore, difficult to suggest that the Companies victimised the office bearers of the Union or any other employee for trade union activities. The plea of the Union that the employees in question were victimised for trade union activities is, therefore, rejected.

From what has been discussed above, it is clear that the Snow White Food Products Co., Ltd., could not continue its manufacturing activities with effect from September 1949. The closure of the mills resulted in laying off a large number of the manual workmen in the factory. The cessation of the manufacture of the product would necessarily affect the work at the head office. In these circumstances, it appears to me that the Company discharged the employees on 31st August 1949 by way of retrenchment of staff, which were surplus to its requirements and with a view to restore its financial equilibrium. It appears from Ext. G that the condition of Snow White Products Mills has not materially improved in 1950. The question is whether the exercise of the right of its functions by way of retrenchment of staff, is made by the Companies in good faith and without any discriminatory ulterior purposes; or in other words if there was any unfair labour practice in selecting the personnel for retrenchment.

I shall now consider the case of discharged employees individually in departmental groups as mentioned by the Company in its statement, at H(1), with a view to ascertaining if the discharge of any employee was motivated by any discriminatory or ulterior purpose on the part of the Companies.

Stores and Insurance: *Harisadhan Mukherji, M. D. Gupta, T. R. V. Manu*—It appears from Ext. H(1) that these three employees were the foremost in the department and their discharge by way of retrenchment cannot be objected to by the Union. S. Nagaswami was junior to Harisadhan Mukherji and M. D. Gupta, but he was the Assistant-in-charge of the department drawing a much higher salary than any one of these employees. He was in charge of the work of Snow White Food Products Ltd. He also resigned. It appears that in place of Nagaswami one fulla Chatterji was appointed on 1st December 1949 and placed in charge

of the duties in this department connected with the Snow White Food Products Co., Ltd. The Union should not object to his appointment. The discharge of these three employees is not open to objection.

Outdoor work: *Sankar Nath Mitra.*—He was the juniormost assistant in the department. It is no instance of unfair labour practice.

Bills: *Santosh Kumar Bose.*—He was the juniormost employee of the department and he was discharged by way of retrenchment. The Company followed the principle of "last come first go". There should be no objection to this retrenchment.

Filing: *Shyam Kinkar Bhattacharji and N. Bhattacharji.*—These two were the only assistants of the department excluding the other two H. I. Majumdar and G. K. Majumdar who were in charge of the works of Snow White Food Products Co., Ltd., and Reforms Flour Mills, respectively. I do not find that the Company resorted to an unfair labour practice in discharging these two clerks.

Receiving and Despatching Record: *Panchanon Roy.*—Sri Panchanon Roy was the juniormost assistant in the department. This discharge therefore, could not be avoided.

Accounts: *Jiben Mukherji.*—It appears that three clerks were discharged from this department and they were Jiben Mukherji, Tarapada Sarkar of the General Accounts Section and Hari Sankar Sarkar of the Provident Fund Section. Jiben and Tarapada were the two juniormost men in the General Section and Hari Sankar was the junior man in the Provident Fund Section. The retrenchment of these three employees were not therefore, unjustified on 31st August 1949. It appears, however, that Tarapada Sarkar was reappointed on 10 December 1949 and Hari Sankar reappointed on 5th December 1949, but Jiben did not get any chance of reappointment although the other two discharged men of the department were reinstated in the beginning of December. It is in evidence that Mr. K. L. Jethia the Managing Director gave an assurance of re-employment to the employees when the Company reopened after closure. It appears to me that Jiben should have been reappointed in the month of December 1949 when Tarapada and Hari Sankar were taken back. This was a case of error of judgment on the part of the Company, at the time of reappointment and in all fairness he should be reappointed.

I would, therefore, direct that Jiben Mukherji should be reinstated.

Anadi Kumar Chaudhury.—He was senior of the two Comptometer men having been appointed in 1944, while the other employee Sri B. M. Kundu who was not discharged, was appointed in 1948. It appears that Manoranjan Majhi was appointed on 4th December 1949 but it was explained that he was appointed for using an electric Comptometer on the recommendation of the firm from where the instrument was purchased. I am of opinion that the Company should have taken this employee into its employment when an outsider was appointed. This assistant should be reappointed.

Typing: *Moktaram Moitra and Radha Charan Saha.*—The two employees retrenched in this department are Moktaram Moitra and Radha Charan Saha. Moktaram Moitra is P. W. 1. He was not anxious for reinstatement as he had already secured a job under Messrs. Balmer Law & Co. on 3rd September 1949. Radha Charan Saha was the juniormost employee in the department.

Miscellaneous: *Abodhi Mukherji and Chintaharan Banerji.*—They were the only two employees in this department. The Company remarks Ext. H(1) that both of them were asked to join but they did not do so. Sri Chintaharan Banerji is now 55 years of age.

Director's Secretary: K. D. Bhattacharji.—A Stenographer-cum-secretary was appointed in his place. As he was unable to work as a stenographer he was discharged. He is now 58 years of age.

Ration Shop: Arun Kumar Banerji.—It appears from Ext. 1 filed by the Company that there were four employees in the ration shop of the White and Reforms Flour Mills and of these four men, two were discharged and they were Arun Kumar Banerji and Ajit Kumar Bose. These were the juniormost employees of the department, both of them having been appointed in 1944. It appears that Ajit Kumar Bose has been re-appointed since. No outsider has been appointed to the department. I do not find anything unfair in this case.

Bhuban Samanta and Dahi Rawt.—They were bearers at the head office.

N. Banerji, G. N. Mondal and S. K. Das.—They were the Chemists at the mills, and were discharged when the mills closed. Their discharge should not be helped.

Manoranjan Dutta and K. C. De.—There is no evidence on record with reference to these two men.

The Union drew my attention to the fact that the following fresh recruits were taken into the staff after the date of discharge of the assistants in question. Their names and departments along with the dates of appointment are given below:—

Name.	Date of appointment.	Department.
Prafulla Chandra Chatterji.	1-12-49	Stores.
Arun Kumar Das ..	7-6-50	Insurance.
Sitangshu Sekhar Majumdar.	8-12-49	.. File, Despatch, Record, Stationery and Enquiry.
Sanjay Narayan Mullick ..	6-12-46	.. Typist.
Manapada Bose ..	5-12-49	.. East Indian Howrah Soap.
Manoranjan Majhu ..	4-12-49	.. Comptometer.

The Union's case is that the appointment of the fresh recruits to the head office when so many of the assistants were out of employment owing to the closure of the mills, was an instance of unfair attitude on the part of the Company. The Company's explanations for the appointment of these persons are as follows:—

Prafulla Chandra Chatterji.—He was placed in charge of the Snow White Food Products Company in connection with this department and in place of S. Nagaswami. It is true that Nagaswami could not be replaced by any of the assistants who were discharged from this department.

Aswini Kumar Das.—He was placed in charge of the insurance department of the Company.

Sitangshu Sekhar Majumdar.—The Company says that when in November 1949, the Snow White Products Mill was opened some discharged assistants were taken while other necessary men were not available. It is further

stated that Shyama Kinkar Bhattacharji and Nayananda Mukherji of Filing Department were not available and so Sri H. K. Majumdar, Officer-in-charge of the department, appointed Sitangshu Majumdar.

(4) *Ram Narayan Mullick*.—He was appointed on 6th December 1949 as an assistant was required and Abodhi Kumar Chaudhury and Chintamani Banerji were not available.

(6) *Monoranjan Maithi*.—He is a Comptometer man. He was appointed on the recommendation of the firm from where an electric comptometer was purchased.

Giving my best consideration into the matter I am of opinion that of 23 assistants and subordinates in question, Jiben Mukherji and Anadi Kumar Chaudhury should have been reappointed and they are entitled reinstatement. I do not find that the rest of the employees are entitled such a relief. Sri Jiben Mukherji and Anadi Kumar Chaudhury shall be reinstated within six weeks of the date when this award comes into operation and they should be paid emoluments for four months as compensation for the period of their non-employment which shall be considered as leave for such emoluments. In view of the fact that the Companies were obliged to discharge them for financial reasons, they are not allowed more by way of compensation. The other employees shall get compensation by way of gratuity for termination of service. The Major Mercantile Tribunal awarding gratuity on retirement or termination of service at the rate of one month's basic salary for each completed year of service for clerks and half this for subordinates when there is no Contributory Provident Fund (*vide award* in the matter of industrial disputes between employers and clerical and subordinate staffs in the office of Messrs. J. D. Jones published in the *Calcutta Gazette* on 4th August 1949, and the award between Phoenix Assurance Co., Ltd., and their clerical and subordinate staff published in the *Calcutta Gazette*, dated 30th June 1949). The employees in question also belonged to a mercantile firm in Calcutta and it does not appear that they enjoy Provident Fund benefits. It is, therefore, awarded that members of the clerical staff including the chemists, except the two who are reinstated, shall get compensation by way of gratuity for termination of service to the extent of one month's basic pay for every completed year of service, and the members of the subordinate staff shall get such gratuity at the rate of 15 days' basic pay for every completed year of service. It is in evidence that the Company paid Puja bonus in 1949. All these employees including the two who would be reinstated shall also get Puja bonus to the extent as were given to the other employees of the Company in 1949. Payments of money as allowed under the award shall be made within six weeks of the date on which this award comes into operation.

In conclusion, I would recommend that the Companies may take the discharged employees who are awarded gratuities into their employment, wherever possible as fresh recruits.

Roy, M.I.E.E., of Wilson and Roy, Consulting Engineer, Shillong Hydro-Electric, Limited, 135, Prinsep Street, Calcutta, are applied under rule 11 of the Indian Electricity Rules, 1937, to the Secretary to the Government of West Bengal, Commerce and Industries Department, Calcutta, for the grant of license under the Indian Electricity Act, 1910, for supply of electricity in the town of Jhargram. A copy of the draft license containing the terms and conditions is appended below:—

Draft License.

JHARGRAM ELECTRIC LICENSE, 1950.

License for the supply of electrical energy granted by the Government of West Bengal under the Indian Electricity Act, 1910.

License is hereby granted to—

- (1) Tarakeshwar Chatterji, M.Sc., Manager, Jhargram Raj Estate, Jhargram,
- (2) Surendra Nath Bose, M.E., M.I.E.E., Consulting Engineer (Electric and Mechanic), 135, Prinsep Street, Calcutta,
- (3) Sadhan C. Roy, M.I.E.E., of Wilson and Roy, Consulting Engineer, Shillong Hydro-Electric, Ltd., 135, Prinsep Street, Calcutta,

to supply electrical energy in the area with the terms and conditions all set out below, subject to the provisions of the Electricity (Supply) Act (LIV of 1948) and any other modifications thereof.

Short title.

This License may be cited as "The Jhargram Electric License, 1950."

Interpretation.

In this license—

(a) The "Act" shall mean the Indian Electricity Act, 1910 (IX of 1910), and any statutory provisions thereof.

The "Government" shall mean the Government of West Bengal.

The expression "the licensee" shall mean Sri Tarakeshwar Chatterji, Surendra Nath Bose and Sadhan C. Roy and their permitted successors.

The expression "deposited map" shall mean the map of the area of supply hereinafter specified which has been deposited with the Government in pursuance of the Rules under the Act,

which plan is signed for the purpose of identification, by the Secretary to the Government in the Department of Commerce and Industries and by the applicants.

(c) The term "Unit" shall mean the quantity of electrical energy equivalent to a current of one thousand amperes flowing under an electromotive force of one volt during one hour.

(d) The expressions "First Annexure", "Second Annexure", "Third Annexure" and "Fourth Annexure" shall mean the first, second, third and fourth annexures to this license, respectively.

(e) Other words and expressions have the same meaning as are assigned to them in the Act or the Rules made thereunder.

Security.

3. (1) The period within which, under clause I(b) of the Schedule to the Act, the licensee shall show that he is in a position fully and efficiently to discharge the duties and obligations imposed upon him shall, unless otherwise ordered by the Government under sub-clause (b) of sub-section (3) of section 4 of the Act, be six months from the commencement of this license.

(2) Unless otherwise ordered by the Government under clause (b) of sub-section (3) of section 4 of the Act, the sum which the licensee shall deposit or secure to the satisfaction of the Government under sub-clause (b) of clause I of the Schedule to the Act, shall be Rs. 1,000 and such sum shall be so deposited or secured within thirty days from commencement of this license:

Provided that the said sum deposited or secured by the licensee under the provisions of this clause shall be repaid or released to him on the completion of the works, or at such earlier date or dates as may be approved by the Government.

Area of supply.

4. The area within which the supply of energy is authorised by this license (the area of supply under the Act) is the whole of the area lying within a radius of 5 (five) miles from the Court House at Jhargram which said area is more particularly delineated in the deposited map and thereon shown bounded by a red circle. This is described in the First Annexure herein.

Situation of the Generating Station.

5. The licensee shall erect the generating or the main receiving station within the area covered by the license.

Compulsory works and supply.

6. (i) The licensee shall within a period of two years from the commencement of this license, or within any other extended period which may be allowed by Government, provide and instal suitable and sufficient feeders and distributing mains and also execute works to the satisfaction of the Government for the purpose of supply of electrical energy throughout the streets or parts of streets named in the Second Annexure and shown in red colour on the deposited map, shall erect the generating station or the main receiving station mentioned in clause 5 with all machinery and apparatus necessary for the purpose of giving a continuous and efficient supply and shall do all other works necessary for the commencement of the supply of energy to the consumers.

The works aforesaid shall be in accordance with the scheme mentioned in the Third Annexure and with such modifications as may be approved hereafter in writing by the Government.

(iv) At the expiration of each successive period of six months from the date of the grant of this license and until the completion of the compulsory works, the licensee shall submit to the Secretary to the Government of West Bengal in the Department of Commerce and Industries reports, stating all steps taken and the progress made in carrying into effect this license.

Supply of energy.

7. (i) Subject to the provisions of this license, the Act, and the Rules, also the Electricity (Supply) Act, 1948, and any statutory modifications thereof, the licensee shall be entitled during the continuance of his license to supply energy within the area of supply for all purposes.

(ii) The supply of energy shall not be commenced until an Electric Inspector to the Government shall have inspected the licensee's works and certified in writing that the supply of energy may commence.

(iii) As soon as may be after the grant of this license the licensee shall submit to Government for approval under sub-section (2) of section 21 of the Act, draft "Conditions of Supply" to regulate his relations with persons who are or intend to become consumers. Such "Conditions of Supply" shall contain—(a) Rates at which supply will be charged, (b) scale of miscellaneous charges, (c) form of requisition of supply, and (d) the form of Agreement.

(iv) After such Conditions have been approved by the Government with or without modification the licensee shall not supply energy unless—

(a) The person to whom such supply is to be given shall have tendered to the licensee a Requisition duly signed in the form approved by the Government in the said Conditions of supply.

(b) Such person and the licensee shall have executed an Agreement in a form approved by the Government, in the said Conditions of supply.

(c) The rates for all miscellaneous charges (including Meter rent), incidental to and in connection with the supply of energy which the licensee proposes to make against consumers, shall be in accordance with the scale sanctioned by the Government, in the Conditions of supply.

(d) Provided that where all the works have not been completed by the licensee and the licensee nevertheless desires to commence to give supply of energy in a portion or portions of the area of supply, the licensee shall do so only with the express permission of the Government.

Extensions to generating plant, transmission and distributing mains.

8. After the supply has commenced in accordance with clause 7(ii) of this license, and after receipt of notice of any election to purchase as referred to in clause 15(iv) hereof, no major additions to capital expenditure shall be made by the licensee except with the concurrence of the Government and in accordance with the provisions of clause XV of Schedule VI of the Electricity (Supply) Act, 1948.

Accounts.

9. (i) Separate and distinct accounts shall be kept, prepared and rendered by the licensee complying in full detail, the requirements required by the Act, the Rules thereunder and the Electricity (Supply) Act, 1948, the working of the undertaking for which this license is granted.

All books of accounts relating to the undertaking shall at all times be open to the inspection of the Government or of any person authorised by the Government in that behalf.

(ii) The licensee shall prepare and render annual statement of accounts as is required by the Rules of the Act.

Statistics.

10. The licensee shall when called upon to so submit to the Government such statement data as may be considered necessary for the purpose of compiling comprehensive statistics electric supply undertakings in the Province.

Hours of supply.

11. From the date of the commencement supply the licensee shall maintain a continuous supply of energy for 24 hours throughout the year, provided that within a period of 2 years from the commencement of supply, the supply shall be discontinued daily for ten and half hours, namely, between 6-30 a.m. and 5 p.m. local time and specially during the months of November, December, January and February.

Methods of construction.

12. The feeders, distributing mains and service connection may be overhead or underground in whole or in part and (subject to provisions of section 18 of the Act) shall be erected, constructed and maintained in strict conformity with the Act and the Rules thereunder.

Nature of supply.

13. The system and pressure of supply shall be as follows:—

(i) Three phase alternating current, three four-wire supply at pressure of 400 volts between phases and 230 volts between each phase and neutral at a frequency of fifty complete cycles per second.

(ii) Single phase alternating current, two-wire supply at a pressure of 230 volts between phase and the neutral conductor at a frequency of fifty complete cycles per second.

(iii) A high pressure alternating current, three phase supply at a pressure of 3,300 or 6,600 volts between phase at a frequency of fifty cycles per second for feeders and for supply to any large consumers or power purposes.

The pressure stated above shall be as measured at consumer's terminals and shall not vary from beyond the limits prescribed by the Rules under the Act.

Provided that the licensee may from time to time with the previous consent in writing of the Government and subject to such limitations and conditions as shall be made in writing by the Government, adopt any other pressures or systems of supply or both for the purpose of this license.

Maximum rates in respect of supply of energy.

14. (i) The maximum rates allowed to be charged by the licensee for energy supplied to him shall be those stated in the First Schedule, Annexure, or in the case of a method of supply approved by the Government in accordance with clause (c) of sub-section (3) of section 23 of the Act, such maxima as the Government may determine on approving the method.

(ii) The actual rates to be charged shall be approved by the Government in the "Conditions of Supply".

(iii) The actual rates for sale of electrical energy shall be adjusted by the licensee periodically under the provisions of section 57 and the Schedule, clause I, to the Electricity (Supply) Act, 1948.

Breaking up of streets, etc.

The licensee is specifically authorised to break up the soil and pavement of the streets or parts of streets which are not repairable by the Government or by a local authority.

Purchase of undertaking.

(A) Purchase by local authority or Provincial Government (where the Provincial Electricity Board is not formed)—

The option of purchase given by section 7 of the Act shall be first exercisable on the expiration of twenty years from the commencement of this Act and thereafter on the expiration of every subsequent period of ten years.

Subject to the provisions of section 7 of the Act, the purchase price payable on the exercise of the option shall be—

(i) The net expenditure on the capital account of the licensee in respect of lands, buildings, works, machinery, mains, apparatus, appliances, fixtures, furniture, vehicles and other like property (including serviceable stand-by plant) owned and used by the licensee for the purpose of the undertaking less the total depreciation thereon calculated [according to the scale of depreciation provided in the table appended to the Eleventh Schedule of the Electricity (Supply) Act of 1948].

(ii) The percentage of the value of the lands, buildings, works, materials and plant of the licensee referred to in sub-section (i) of section 7 of the Act which shall be added to such value in the second proviso to that section on account of compulsory purchase shall be ten per centum.

(iii) The value of the stores, spare parts and loose tools in use or available and suitable for use (for the purpose of the undertaking) at the date of the purchases at such price as may be agreed, or failing agreement, as may be determined by arbitration.

(iv) In accordance with clause (b) (ii) of sub-section (2) of section 3 of the Act, it is hereby declared that the power station used or to be used in connection with the undertaking shall form part of the undertaking for the purpose of purchase under section 5 or section 7, provided that the power station shall not have been abandoned for any reason of the operation of clause 16 of this Act.

(v) Not less than two years' notice in writing under section 5 of the Act to purchase the undertaking shall be served upon the licensee by the local authority or the Government as the case may be, and receipt of such notice, clause XV of Schedule of Electricity (Supply) Act, 1948, shall apply in addition to the capital expenditure.

(B) Purchase by the Electricity Board. In the event of the purchase of the undertaking being made by the Provincial Electricity Board constituted under the provisions of section 5 of the Electricity (Supply) Act, 1948, the same shall be governed by the provisions of the said Act.

Bulk supply.

(i) Should a supply of electrical energy in bulk become available at any future date from any source at a rate not more than the rate at which the licensee is generating at the time and if the Government think it in the interests of development of electricity in that area, so to direct, the licensee shall obtain his supply from such source. The owner of such supply shall also be bound by the decision of the Government.

The decision of the Government operation of the licensee shall be final.

(ii) The licensee will similarly take a supply from the Provincial Electricity Board, if set up by the Government, under the Electricity (Supply) Act, 1948, or from any Government generating stations, provided such Board or the Government is prepared to supply at a rate not more than the rate at which the licensee is generating at the time.

Variations from the Schedule to the Act.

18. In pursuance of clause (f) of sub-section 3 of the Act, it is hereby expressly declared that—

(i) Sub-clause (1) of clause VI and sub-clause (viii) of the Schedule to the Act shall for the purpose of incorporation in this license be varied by the addition of "except for the months of November, December, January and February when the supply may be discontinued daily for ten and half hours, namely, between 6-30 a.m. and 5 p.m. for a period of three years from the commencement of this license" after the expression "continue to supply energy" occurring in sub-clause (1) of clause VI and in sub-clause (1) of clause VIII of the Schedule to the Act.

(ii) Clause IV of the Schedule to the Act shall, for the purpose of incorporation in this license, be varied by the substitution of "two" for "three".

(iii) The following sentence shall be added between the words "licensee" and "and" at the end of clause (a) of the first proviso to sub-clause (1) of clause VI of the Schedule to the Act:—

"and to comply with the Conditions of Supply made from time to time with the previous sanction of the Government under section 21(2)".

(iv) Sub-clause (a) of the first proviso to sub-clause (1) of clause VI of the Schedule to the Act shall for the purpose of incorporation in this license be further varied to the following extent, namely, that the licensee shall not be bound to supply energy to any person for any period unless the person requisitioning such supply shall enter into an agreement as required by clause 7 (iv) of this license.

(v) The following sub-clause shall be substituted for clause VI, sub-clause (5), namely,

"Every requisition under this clause shall be in a form approved by the Government in the Conditions of Supply, and copies of such form shall be supplied by the licensee free of charge to any consumer or intending consumer".

(vi) The first proviso to clause XI of the Schedule to the Act shall, for the purpose of incorporation in this license, be varied by the substitution of five years for the period of seven years specified in that proviso.

(vii) The following sub-clause shall be substituted for sub-clause (2) of clause X, namely,

"(2) Before commencing to supply energy through any distributing main the licensee shall give notice, by public advertisement of the method by which he proposes to charge for energy so supplied and, where the licensee has given such notice, he shall not be entitled to change the method of charging without giving notice thereof by public advertisement and giving in writing one month's notice or such shorter notice as the Government may deem proper of such change to the Government, to the local authority (if any) concerned, and to every consumer of energy who is supplied by him from such distributing main".

Securing continuity of supply.

19. It shall be the duty of the licensee (which expression shall for the purpose of this clause and following be taken to mean and include the licensee, his employees, servants and agents and

his permitted assigns) to give the nearest Magistrate immediate and full information of any circumstances in which interruption of the supply may be apprehended as a result of civil commotion or disturbance of the public peace, or any strike or lockout of the nature specified in section 22 of the Industrial Disputes Act, 1947.

LABOUR DEPARTMENT

ORDER.

No. 6170Lab.—28th October 1950.—Whereas under the Government of West Bengal, Labour Department, order No. 4632Lab., dated the 21st August 1950, the industrial dispute between Swaika Oil Mills, Pollock House, 28-A, Pollock Street, Calcutta, and their workmen represented by the Swaika Mazdoor Union, 1, Bazar Lane, Bally Congress Office, Bally was referred for adjudication to Sri G. Palit, District Judge;

And whereas during the pendency of proceedings of the said Tribunal the Swaika Mazdoor Union, 1, Bazar Lane, Bally Congress Office, Bally, made a complaint in writing before the said Tribunal alleging that the said Swaika Oil Mills had altered, to the prejudice of the workmen, the conditions of service applicable to them immediately before the said proceedings;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Disputes Act as amended by the Industrial Disputes (Appellate Tribunal) Act of 1950, made by the workmen of the Swaika Oil Mills represented by the Swaika Mazdoor Union of 1, Bazar Lane, Bally Congress Office, Bally, against Swaika Oil Mills, Pollock House, 28A, Pollock Street, Calcutta.

Present for the Company: Sri S. C. Sen, Advocate.

AWARD.

By an order No. 4632Lab., dated the 21st August 1950, the Government of West Bengal referred the aforesaid dispute to me for adjudication. While the adjudication proceeding is in progress, the above workers approached the Tribunal with an application under section 33A of the Industrial Disputes Act complaining that the Company has not observed the *Janmastami* festival as a holiday on the 4th September 1950. As such the Company is accused of having contravened the provision of section 33 of the Industrial Disputes Act by altering the service conditions of the workers prejudicially during the pendency of adjudication proceeding. The Company, on the other hand, contends that *Janmastami* was never observed as a festival holiday in Swaika Oil Mills. Besides, even if it was so observed, it rests with the Management to grant a holiday or not provided they grant 10 festival holidays during the year. If the total number of festival holidays is maintained, the Company does not alter the conditions of service by not observing a particular festival as a holiday.

Before me, the learned Advocate of the Company contended that in 1949 *Janmastami* holiday was not observed as such. It fell within 2 holidays observed on account of the Independence Day. On the occasion of *Dewali*, the Company granted 2 days' holidays. The Company has placed before me a list of holidays observed during 1949. That, of course, supports the above contention of the Company. But I have consulted the Attendance Register of 1949 filed by the Company before me. I find that on the occasion of *Dewali* the Company granted holidays on 21st October 1949 and on 22nd October 1949. The latter date was a Saturday. But on 23rd October 1949, which was a Sunday, the Company had full work. So it comes to this that the Company granted only 1 day's holiday on the occasion of *Dewali*. Saturday was granted a holiday for convenience in lieu of Sunday. Similarly, in the Attendance Register of 1949 I find that there was one day's holiday on the occasion of Independence Day and another day was observed as *Janmastami* holiday. So I do not accept the Company's contention that no *Janmastami* holiday was granted in 1949. But that is one thing. I conceive that it rests entirely with the Management to select particular festivals of the year and to award holidays on the festivals so selected. But as the number of holidays in a year is limited to 10 days, the Company ought to consult the majority decision of the workers in the matter of selection of particular festivals as holidays. The Company should also announce in the beginning of the year as to which festivals it is going to observe in the ensuing year. But all this is of the nature of a recommendation to the Company. The Company cannot be said to be violating the terms of agreement with the workers, if the holidays it grants, do not fall short of 10 days. So in the present case, though *Janmastami* holiday was not given in 1950, it does not amount to alteration of the service conditions of the workers, such that a petition under section 33A aforesaid can lie. In the year 1950 the Company is said to have observed the Founder's day as a holiday. Whether this holiday should be debited against the 10 days' festival holidays is a matter to be considered. As the year is not out, I am not in a position to say whether the Company is granting 10 days' holidays during the year. But I must point out that if the Company includes the Founder's Day as a holiday and refuses to observe *Janmastami* as a festival holiday, its decision may be open to objection. Ten days' holidays should be restricted to occasions of festivals where the workers are only commonly interested or to the occasion of National celebration which is universal. So I leave it to the Company to consider whether during 1950 the holiday on Founder's Day should be taken into the reckoning of 10 festival holidays in the year. Be that as it may, I am definitely of opinion

that the service conditions of the workers has not been altered by the non-observance of *Janmastami* as a festival holiday. So the application under section 33A is out of place. I reject it accordingly. The award is to the above effect.

ORDER.

No. 6233Lab.—1st November 1950.—Whereas under the Government of West Bengal, Labour Department, order No. 4091Lab., dated the 26th July 1950, the industrial dispute between Messrs. India Cycle Manufacturing Co., Ltd., Head Office at 4, Clive Ghat Street, Calcutta, Factory at 9, Tiljala Road, Calcutta, and their workers as represented by India Cycle Mazdoor Union, 100, Dilkhusa Street, Calcutta, was referred for adjudication to an Industrial Tribunal constituted by Sri G. Palit, District Judge;

And whereas during the pendency of proceedings before the said Tribunal, Sri Benode Behari De, mistri, blacksmith and Sri Gopal Chandra Das, welder, two of the workers, represented by Janab Safaatullah Khan, General Secretary of the Bengal National Chamber of Labour, 51, Chittaranjan Avenue, Calcutta, made a complaint in writing before the said Tribunal alleging that the said Company had altered, to the prejudice of the said two workers, the conditions of service applicable to them immediately before the said proceedings;

And whereas in exercise of the powers conferred by section 33A of the Industrial Disputes Act, 1947 (XIV of 1947), the said Tribunal has adjudicated upon the said complaint and submitted its award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Disputes Act as amended by the Industrial Disputes (Appellate Tribunal) Act, 1950, made by Sri Binode Behari De, mistri, blacksmith and Sri Gopal Chandra Das, welder, represented by Janab Safaatullah Khan, General Secretary, Bengal National Chamber of Labour, 51, Chittaranjan Avenue, Calcutta, against Messrs. India Cycle Manufacturing Co., Ltd., Head Office at 4, Clive Chat Street, Calcutta, Factory at 9, Tiljala Road, Calcutta.

BEFORE THE INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SRI G. PALIT, *District Judge, Industrial Tribunal.*

Present for the Employees: Janab Safaatullah Khan, General Secretary, Bengal National Chamber of Labour.

Present for the Company: Sri D. N. Basu, Advocate.

AWARD.

By Government of West Bengal, Department of Labour, order No. 4091Lab., dated the 26th July 1950, certain industrial disputes between Messrs. India Cycle Manufacturing Co., Ltd., and their workmen were referred for adjudication to me. While the adjudication is in progress, a complaint under section 33A has been preferred. In the application it is contended that one Sri Bhupal Das Gupta, clerk-in-charge of the canteen, wanted to have the signatures of these two workmen on a petition by which they wanted to settle the dispute amicably with the Company. These two workmen declined to sign till they consulted their Union. Thereafter one Naresh Chandra Gupta assaulted them and drove them out of the factory. They now pray to be taken back by the Company with suitable compensation. The Company, on the other hand, contends that these two workers wanted to leave the factory, and for that they approached the Supervisor for permission. As they refused to disclose the reasons, the permission was withheld. Thereafter they left the factory at 10-30 a.m. and they were marked absent for the day. The Company, however, maintains that they have not been discharged and no question of re-instatement does arise in their case.

The only point which calls for determination in this case is whether the service conditions of these two workers have been prejudicially altered or whether they have been discharged or punished. I may, however, accept the admission of the Company that these two persons have not been discharged. Regarding the story or version of these two workmen leaving the factory, I find the version of the workmen more plausible and in the fitness of things. I can never persuade myself to accept the Company's version that these two workmen sought the permission of the Supervisor to leave the factory and yet refused to disclose the reasons therefor. But though I find that the story of the workmen is acceptable, yet I do not think that it does amount to prejudicial alteration of the service conditions of these two workmen. It was only a disciplinary action taken by the Company called for by the exigencies of the occasion. It is rather unfortunate that such occurrence should take place when the adjudication proceeding is pending. It could have been avoided, had the Company's men displayed a little more restraint on the occasion. The Company must caution its staff accordingly. I, however, accept the assurance of the Company that these two workmen have been marked absent only and they are taken back, the moment they offered themselves for duty. So no direction under section 33A is called for in the present case. The award is passed accordingly.

ANNEXURE.

In the matter of a complaint under section 33A of the Industrial Disputes Act as amended by the Industrial Disputes (Appellate Tribunal) Act of 1950, made by Sri Purnananda and Sri Pulin Manna, employees of the India Cycle Manufacturing Co., Ltd., represented by Janab M. Safaatullah Khan, General Secretary, Bengal National Chamber of Labour, against Messrs. India Cycle Manufacturing Co., Ltd., Head Office at 4, Clive Ghat Street, Calcutta, and Factory at 9, Tiljala Road, Calcutta.

BEFORE THE INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT:

SRI G. PALIT, District Judge, Industrial Tribunal.

Present for the employees: Janab M. Safaatullah Khan, General Secretary, Bengal National Chamber of Labour.

Present for the Company: Sri D. N. Basu, Advocate.

AWARD.

By Government order No. 4091Lab., dated the 26th July 1950, certain industrial disputes between Messrs. India Cycle Manufacturing Co., Ltd., and their workers were referred to me for adjudication. As the said adjudication was pending, this complaint has been preferred by these two workers who contend that their service conditions have been altered prejudicially. There was a lock-out of the factory and the Company admitted some old workmen into the service. Now, these two workmen have been asked to get their ration cards transferred to other ration shops within 15 days by a notice, dated 28th August 1950. The ground urged is that their names having been cancelled from the Attendance Register, the Rationing Department refused to supply any more rations to them. The Union takes exception to such action on the part of the Company. The Company, on the other hand, pleads that it is helpless in the matter. These workmen had been discharged long ago as far back as 12th June 1950, i.e., even prior to the reference to this Tribunal. Whether the discharge was justified or not is the matter pending before the Tribunal. The Rationing Department, under their rules, regrets inability to supply rations from the grain-shop of the Company to the discharged employees. Unless the Rationing Department does supply the rations, the Company, for obvious reasons, cannot grant the same. Besides, the Company points out that as these employees had been discharged from service, it was more to their interest to have their rations from other shops to which the cards might be transferred, than from the grain-shop of the Company, because outsiders' entry into the Company's premises is restricted. Now the point before me in this complaint proceeding is whether the service conditions of these workers have been prejudicially altered during the pendency of the case or whether they are discharged or punished. No question of discharge or punishment has been alleged in this complaint, as they have been discharged long ago. To take their names off from the Attendance Register does not amount to any prejudicial alteration in the service conditions by itself. The Company could have struck off these names, the moment they were discharged. So what the Company did later on, was no more than a mere formality. It is not up to the workmen to take any exception to it. Besides, I accept that the Company could not have done anything else than what it has done in the face of the action taken by the Rationing Department. So I reject the petition under section 33A aforesaid. The award is passed accordingly.

24-Parganas.—No. 12032L.A.—1st November
1950.—The following agreement is published
under section 42 of the Land Acquisition Act, I
of 1894, for general information

Agreement.

Memorandum of agreement made this 31st day of
October 1950, between the Metal Press Works
Limited, a Limited liability Company incorporated
and (registered under the Indian Companies Act,
1892), and having its registered office at 103, Park
Street, Calcutta (hereinafter called the Company)
of the one part and the Governor of the State of
West Bengal (hereinafter called the Governor) of
the other part.

Whereas for the purpose of the extension to the
existing factory of the Company at No. 166,
Victoria Road, Baranagore, 24-Parganas, the Com-
pany has applied to the Government of the West
Bengal for the acquisition under the provisions of
the Land Acquisition Act, 1894, of the piece or
parcel of land containing an area of 1.24 acres or
thereabout situate in the village of Baranagore in
the district of 24-Parganas and more particularly
described in the schedule hereto and delineated in
the plan* hereunto annexed.

And whereas the said Government of West
Bengal, being satisfied by an enquiry held under
section 40 of the said Act that the proposed
acquisition is needed for the aforesaid purpose and
that the said work is likely to prove useful to the
public, has consented to acquire on behalf of the
Company the piece or parcel of land hereinbefore
described.

And whereas the said Government of West
Bengal has required the Company under the pro-
vision of section 41 of the abovementioned Act to
enter into the agreement with the Governor here-
inafter contained. Now this indenture witnesseth
that it is hereby agreed and declared as follows:—

1. On demand the Company shall and will pay
to the said Government of West Bengal all and
every compensation in respect of the said land
tendered, paid or awarded or to be tendered, paid
or awarded by the Collector under the Land
Acquisition Act, 1894, or by Court to which a
reference under Part III of the said Act may be
made, or by the Court or Courts to which an
appeal from the award of the said Court may be
preferred and all costs, charges and expenses of
the proceedings in the aforesaid Courts, or other-
wise incidental to the proposed acquisition or
payable in respect thereof under the provisions of
the said Act.

2. On demand made by the said Collector the
obligations of the Company under the last preced-
ing clause not being thereby limited, the Company
shall and will deposit with the said Collector such
sum or sums of money as in his discretion the said
Collector may in anticipation estimate to be
necessary for the purposes mentioned in the last
preceding clause

3. On payment by the Company of all demands
under the foregoing first clause, or, in the discre-
tion of the said Government of West Bengal (on
deposit by the Company of all estimated amounts
as provided in the second clause), but not before
possession shall have been taken under the pro-
visions of the abovementioned Act, the Governor
of West Bengal shall make over possession of the
said land to the Company and shall execute and
do all such acts and deeds as may be necessary and
proper for effectually vesting the same in the
Company.

*Not printed but may be inspected in the
Special Land Acquisition Office, Alipore, 24-
Parganas.

4. The said land shall be held by the Company for the purposes of such extension to the existing factory of the Company as is hereinbefore mentioned and without the sanction in writing of the said Government of West Bengal first had and obtained for no other purpose whatsoever.

5. The said extension to the existing factory of the said Company situate at No. 156, Victoria Road, shall be completed (and fully equipped in all respects ready for use) within three years from the date on which possession of the said land shall have been given to the Company.

6. Should the said extension not be completed (and fully equipped in all respects ready for use) within the period stated in the last preceding clause or within such further period as in its discretion may be prescribed or allowed by the said Government of West Bengal or should the said land at any time thereafter cease for a period of twelve consecutive months, to be held and used or cease to be required for the purpose or purposes provided for in the foregoing fourth clause then and in any such case, the said Government may summarily re-enter upon and take possession of the said land together with all buildings thereon, whether such buildings were erected before or after transfer of the land to the Company, and thereupon the interest of the Company in the said land and buildings shall absolutely cease and determine.

7. On taking such possession the said Government may sell or otherwise deal with the said land and buildings as it may think proper.

(i) Should the said Government sell the land with the buildings the said Government after deducting the expenses incurred in connection with the said taking of possession and with such sale shall pay the proceeds to the Company.

(ii) Should the said Government decide not to sell the land and buildings, the said Government shall retain the said land and buildings thereon in which case the Governor shall repay to the Company the market value as on the day of re-entry of all the buildings erected by the Company and all sums received from the Company in respect of all and every compensation as provided in the foregoing first clause (less the statutory allowance of 15 per cent. and less any amount received on account of trees and building which are not in existence at the time of resumption), but will not repay any sums paid and received on account of costs, charges and expenses.

(iii) Should the said Government decide to sell the buildings only upon such sale, the Governor shall after deducting the expenses of taking possession and selling, pay the balance of the proceeds of sale to the Company, together with the sum received from the Company in respect of the compensation for the land (less the statutory allowance of 15 per cent. and less any amount received from the Company on account of trees and buildings which are not in existence at the time of resumption), but will not repay any sum paid and received on account of costs, charges and expenses.

8. The public shall be entitled to use the said factory on the following terms:—

(a) The Company shall take five apprentices every year for training in their factory. These apprentices shall be nominated by the Director of Industries, West Bengal or such other officer as may be selected by the Government West Bengal.

(b) The period of training shall be 2 years. During the 1st year of training, the apprentices shall be paid by the Company an allowance of Rs. 35 per month each and in the second year Rs. 40 per month each. On successful completion of their training the apprentices will be absorbed by the Company in their factory.

9. Besides the amenities intended to be or enjoyed by the public as herebefore mentioned the following amenities will be provided for employees of the Company:—

(i) Labour quarter built on modern line be provided for residence of the employees of the Company.

(ii) The Company shall establish and maintain a dispensary for their employees, from the employees of the Company get free service of Doctors and supply of medicines at a cheaper rate.

(iii) The Company shall establish and maintain a canteen for supply of meals and for their employees at cheaper rates.

10. Should any dispute or difference touching or concerning the subject matter, agreement or any covenant clause or thing contained the same shall be referred to the Government of West Bengal and the opinion decision of the said Government upon such dispute or difference shall be final and conclusive binding on the parties hereto.

Schedule of land above referred to.

All those pieces or parcels of land situate in the village of Baranagore within police-station I, Gore sub-registry Dum Dum in the district Parganas comprising cadastral plot Nos. 4028, 4029, 4030, 4031, 4032, 4033, 4034, 4045, 4046, 4047 and portions of cadastral Nos. 4004, 4006, 4034, 4037, the land in the area, and measuring in all 3 bighas and 15 more or less and delineated on the plan annexed and thereon bounded red.

NOTIFICATION.

No. 4120F./F/1S/6(16)/50.—10th October 1950.—In exercise of the powers conferred by the proviso to Article 309 of the Constitution of India and in supersession of all previous rules and orders issued on the subject, the Governor is pleased to make the following rules regulating the recruitment of Stenographers in the Secretariat, Directorates and other subordinate offices:—

1. These rules may be called the West Bengal Subordinate Services (Recruitment of Stenographers) Rules, 1950.

2. These rules shall apply to the posts of stenographers, specified in Schedules "A" and "B" to these rules and shall come into force on 1st April 1950.

3. Subject to the provisions of West Bengal Services (Revision of Pay) Rules, 1950, stenographers appointed to posts included in Schedule "A" shall be liable to draw pay in the scale of—

Rs. 125—5—215—10—275.

Selection Grade—Rs. 250—10—350.

Appointment to the Selection Grade posts will be subject to the conditions laid down in these rules. The number of Selection Grade posts shall not exceed nine so long as the number of Secretariat stenographers drawing pay in the special scale of Rs. 130—5—150—10—350 does not fall below six and thereafter shall not exceed 20 per cent. of the number of permanent posts of stenographers in the "Secretariat pool" or 15 per cent. of the total number of posts on the scale of Rs. 125—5—215—10—275—Selection Grade Rs. 250—10—350, whichever is greater.

Stenographers appointed to posts included in Schedule "B" shall be liable to draw pay in the scale of Rs. 100—4—180—5—200.

4. (1) Appointments to posts of stenographers included in Schedule "B" will be made on the results of an open competitive examination to be held annually and conducted by the Public Service Commission in the manner hereinafter provided. In this examination any Government servant who has been holding a permanent post in Schedule "C" on the time-scale of Rs. 55—3—118—4—130 *plus* shorthand allowance of Rs. 20, may compete along with candidates outside Government service, provided his age on the 1st January of the year in which the examination is held, does not exceed 30 years and he is certified by the head of the office as a person who is suitable to hold a post he is competing for and is likely to be successful in the test. Permanent typist in the Secretariat or temporary stenographers who have been appointed to posts in Schedule "B" through an examination held by the Public Service Commission under rule 12 may also compete provided that they have put in at least five years' service in these posts and are certified by the head of the office as persons who are suitable to hold the posts they are competing for and are likely to be successful in the test.

(2) Appointments to posts included in Schedule "A" carrying salary in the scale of Rs. 125—5—215—10—275 will be made on the results of an annual examination to be conducted by the Public Service Commission in the manner hereinafter provided. In this examination, any Government servant holding a permanent post of stenographer in the scale of Rs. 100—4—180—0—215 or any temporary stenographer, who has been appointed to a post in Schedule "A" through an examination held by the Public Service Commission under rule 12, may compete: provided that he has put in at least 5 years' service in these posts and is certified by the head of the office as a person who is suitable to hold a post for which he is competing for and is likely to be successful in the test.

Candidates outside Government service may also appear at the examination and may be recruited if suitable candidates in sufficient numbers are not available from the ranks of the candidates mentioned above.

(3) Persons holding posts in the scale of Rs. 125—5—215—10—275 may be selected for pay in the Selection Grade according to the following principles:—

- (a) No stenographer who has to his credit less than 12 years' continuous service in posts specified in Schedule "A" shall be eligible for the Selection Grade:

Provided that (i) a stenographer who has held a post in the Secretariat "pool" continuously since 28th November 1940 and (ii) a stenographer attached to an office specified in items (b), (c) and (d) of Schedule "A" who is entitled to draw pay in the scale of Rs. 125—5—215—10—275 and has completed 12 years' service in such offices, shall also be eligible.

- (b) No stenographer who has not passed in 140-words efficiency bonus test mentioned below on at least three consecutive occasions or on at least four out of six occasions immediately preceding the date of promotion shall be eligible for the Selection Grade, provided that at the first selection, a special 140-words Efficiency Test will be held by the Public Service Commission and one who has not passed in the test shall be eligible for the Selection Grade, the list so prepared on the basis of this special examination holding the field till the results of three consecutive Efficiency Bonus Tests become available after the promulgation of these rules are available.

- (c) Selection will be made from stenographers who satisfy the two conditions mentioned above with reference to seniority as reckoned from the dates from which posts specified in Schedule "A" have been continuously held, and to their general record of service.

Qualifications.

5. (1) Subject to the provisions of sub-rules (1) and (2) of rule 4, the qualifications for admission to the examinations mentioned above, shall, in the case of persons not in permanent service under Government, be as follows:—

- (i) The applicant must have passed at least the Matriculation Examination of an Indian University or the High School Examination of the Board of Intermediate and Secondary Education, Dacca, or the Government Commercial Course Final Examination or have obtained the Indian Army Special Certificate of Education in the case of Europeans and Anglo-Indians not

qualified, applicants who have passed the Higher Grade School Final Examination under the Code of Regulations for European Schools in Bengal may be accepted.

- (ii) The applicant's age must be less than 25 years on the 1st July of the year in which the examination is held, provided that if he is on the said date temporarily holding a post of stenographer to which these rules apply, his age on that date may not exceed 25 years by more than the length of his continuous temporary service in such a post.

(2) Evidence that the candidate possesses the above qualifications must accompany the application. Where the candidate has passed the Matriculation Examination of an Indian University, he must produce the Matriculation Certificate as evidence of age. All certificates must be sent in original.

Examina-
tion fee

6. A candidate appearing in recruitment examinations shall pay into the treasury a sum of Rs. 10 by way of examination fees and must forward the treasury receipt with his application. Any one desirous of competing for posts both in Schedules "A" and "B" will indicate in the application their willingness to appear at both the shorthand tests mentioned in rule 8. No separate fee will be charged. Under no circumstances will this sum be refunded.

7. On the first of November each year the heads of offices to which these rules apply will send to the Public Service Commission a memorandum showing the number of permanent vacancies which are expected in the posts of stenographers in their offices during the period between the 1st of January to the 31st of December of the following year.

When a permanent vacancy, not foreseen at the time of the submission of the memorandum referred to above, occurs after the submission of the memorandum but before the 31st December of the following year, the head of the office will report such vacancy to the Public Service Commission forthwith.

Subject of
examina-

8. (1) The examinations referred to in rule 4 above will be held in Calcutta in January each year on such dates as the Public Service Commission may notify.

(2) Each examination will comprise three papers, viz.—

(i) Essay writing—100 marks.

(ii) Typing—100 marks.

(iii) Dictation and transcription—400 marks.

(3) The first and second papers will be common for both the examinations. In regard to the second paper, the candidates for both the examinations will be expected to transcribe accurately on the typewriter at the rate of not less than 30 words per minute and the Public Service Commission may, at its discretion, hold a joint test for candidates for both the examinations.

(4) For candidates for posts included in Schedule "A" the third paper will consist of a dictation lasting for five minutes followed by transcription of notes for an hour. The dictation will be given throughout at a uniform speed of 120 words per minute. For candidates for posts included in Schedule "B" the third paper will consist of a dictation lasting for seven minutes.

followed by transcription of notes for an hour. The dictation will be divided into three periods, the first for three minutes at a speed of 80 words a minute, the second for two minutes at a speed of 100 words a minute and the third for two minutes at a speed of 120 words a minutes.

(5) In respect of both examinations credit will be given for neatness, accuracy and speed.

9. (1) To qualify for posts included in Schedule "A" candidates must secure in the examination prescribed in this regard an aggregate mark of 50 per cent. of the possible total in the three papers with a minimum of 40 per cent. in the first two papers and 60 per cent. in the third paper.

(2) To qualify for posts included in Schedule "B" candidates must secure in the examination prescribed in this regard an aggregate mark of 50 per cent. of the possible total in the three papers with a minimum of 40 per cent. in each paper.

**Allotment
of recruits.**

10. As soon as the results of the examinations are available the Public Service Commission will allot candidates to offices for appointment to the various vacancies on the basis of their requirements as reported in the memorandum referred to in rule 7.

**Medical
certificates.**

11. (1) No appointment will be offered to a candidate who has no substantive appointment under Government, unless he produces an unconditional medical certificate of fitness for service under Government from the Presidency Surgeon who is entrusted with the duty of examining candidates. The Public Service Commission may, at their discretion, allow a candidate time which in no case will exceed three months, to have a temporary defect removed. Appointments to vacancies may not be delayed on this account and a candidate to whom this concession is extended can only be appointed to a vacancy which exists after he produces an unconditional medical certificate.

(2) Stenographers who before appointment had no lien or suspended lien on any post under Government, shall be on probation for two years. Those who have lien or suspended lien on permanent posts under Government shall be on probation for one year. No probationer shall be confirmed unless he qualifies at the annual Proficiency Test or the Efficiency Bonus Test referred to below and any one failing to qualify within the prescribed period of probation shall be liable to be discharged or reverted, as the case may be.

**Temporary
vacancies.**

12. Temporary vacancies and vacancies in temporary posts included in Schedules "A" and "B" shall be filled by appointment of candidates who have qualified in the respective recruitment examinations but have not been placed sufficiently high for appointment to permanent posts. Such temporary employment will not give rise to any claim for permanent employment.

**Proficiency
Test.**

13. In order to determine whether the standard of efficiency has been maintained all stenographers including temporary stenographers shall be required to appear annually at the third paper of the Stenographers' Recruitment Examination appertaining to the posts which they respectively held, and must secure the minimum pass marks prescribed in regard to this paper in the respective recruitment examinations in order to pass the Proficiency Test:

Provided that in the case of a stenographer who has passed the efficiency bonus test mentioned in rule 15 or who has held a lien on a permanent post for not less than 10 years and recruitment to which has been made under these rules, the Secretary of the department to which he is attached or the head of office, as the case may be, may, if he is satisfied that the stenographer has maintained the required standard of efficiency, intimate in writing to the Finance Secretary that he considers it unnecessary for the said stenographer to sit for the annual test and on receipt of such intimation the stenographer will be exempted from appearing at the Proficiency Test held in that year.

14. A stenographer who sits for and fails in the annual Proficiency Test will have his increment stopped until he requalifies. No examination fees will be payable by a stenographer appearing in the Proficiency test.

15. With a view to encouraging stenographers to improve their speed and efficiency, an Efficiency Bonus Test will be held every six months by the Public Service Commission, West Bengal, and all stenographers appointed to posts to which recruitment is made under these rules including stenographers in the Selection Grade, shall be entitled to appear at this test. The Efficiency Bonus Test will consist of one paper comprising dictation and transcription. The dictation will consist of a passage lasting for five minutes and will be delivered at the rate of 140 words per minute and a period of one hour and ten minutes will be allowed for the transcription of notes. In order to pass the examination a candidate will have to secure a minimum of 60 per cent. of the total marks.

16. Stenographers who pass in the Efficiency Bonus Test will draw with effect from the date of the examination a monthly bonus at Rs. 25 per month for a period of six months or for a period ending on the date of the next examination, whichever is greater.

If a stenographer is prevented from appearing at an Efficiency Bonus Test by illness or by urgent Government duties and produces a certificate from the head of his office to this effect, he may at the discretion of Government be allowed the benefit of the Efficiency Bonus as if he had succeeded at the test, provided he had passed in at least two such consecutive tests immediately preceding the particular test in respect of which exemption is sought, subject to the condition that if he does not appear at the next test or fails therein, the bonus so drawn will be liable to be refunded.

17. A candidate appearing at the Efficiency Bonus Examination and the annual Proficiency Tests will be entitled to travelling allowance under rule 120 of the West Bengal Service Rules, Part II, provided that the travelling and daily allowance shall not be drawn under this rule if the candidate is unsuccessful in the immediate preceding examination and has drawn travelling and daily allowance for the purpose of appearing at that examination.

Amendments.

1. In rule 2 of the said rules—

(1) before clause (1), insert the following clause, namely:—

"(a1) 'assessable quantity' means the difference between the licensee's opening stock of liquor together with the receipts and his closing stock of liquor in saleable condition";

- (2) after clause (3), insert the following clause, namely:—

“(4) ‘receipts’ include—

- (a) in the case of liquor imported from across Customs frontiers, the quantity which is shown in the Customs Records as having been supplied to a licensee;
- (b) in the case of supplies obtained from a licensed dealer, or from any other person in any State other than the State of West Bengal, the quantity shown in the export pass issued by a competent authority in the exporting State or in the invoice or bill of the supplier;
- (c) in the case of supplies obtained from a licensed dealer or from any other person in the State of West Bengal, the quantity shown in the Excise pass issued by a competent authority or in the invoice or bill of the supplier:

Provided that in any of the cases mentioned in sub-clauses (a), (b) and (c) such quantity shall be excluded from, or included in, receipts as may appear to be necessary to the Collector of the district in which assessment of license fee is to be made, due to any error in the entries recorded in the pass or invoice or the bill”.

2. In rule (3) of the said rules—

(a) for the following:—

- “(3) A holder of a license for the sale of foreign liquor to the trade shall pay in advance an annual fee on the basis of sales during previous twelve months at the following rates, namely:—”

substitute the following:—

- “(3. A holder of a licence for the sale of foreign liquor to the trade shall pay—

(a) in advance an annual fee upon the assessable quantity of the previous twelve months at the following rates, namely:—”;

(1) All expenses incurred in carrying out any work in pursuance of an order issued under these regulations shall be paid by the Board except in any case where the order directs a person to carry out any work in relation to property in his possession, in which case the expenses shall be paid by that person;

Provided that where the conditions, which led the District Health Officer to pass such an order, are not attributable to any act or default of the persons in possession of the property, the Board may pay to such person the whole or a part of the expenses incurred by him in carrying out the order.

(2) The Board may recover all expenses incurred by the District Health Officer in carrying out the measure under regulation 4 from the person or persons to whom the notice was originally issued.

6. The Board shall pay adequate compensation to any person who has sustained substantial loss or damage by reason of anything done under these regulations:

Provided that no person shall receive any compensation for anything done, or suffered under these regulations, if he has failed to carry out an order issued under these regulations within the time specified in the order and to the satisfaction of the District Health Officer.

Location of disease.

.. When a case of cholera or suspected cholera occurs in a house, the nearest male relative in attendance upon the patient, or in the absence of any such relative the occupier of the house, or if the occupier be the patient, some male inmate of

the house shall, within twenty-four hours of the onset of the disease, give information regarding the occurrence of such case either personally or in writing or by means of the chaukidar or other village watchman to the nearest Sanitary Inspector.

8. (I) If information has not already been given under regulation 7, the medical practitioner called in to attend upon any case of cholera shall forthwith give notice of the case by special messenger to the nearest Sanitary Inspector or rural medical officer and by post to the District Health Officer and the cost of such messenger in each case shall be defrayed by the Board.

(2) The Doctor-in-charge of a hospital or a dispensary within the district shall forthwith give notice of any case of cholera brought to such hospital or dispensary for treatment to the nearest Sanitary Inspector by a special messenger and to the District Health Officer by post and the cost of such messenger in each case shall be defrayed by the Board.

9. Presidents of Union Boards in Union Board areas and thana officers in non-Union Board areas shall supply to the District Health Officer such periodical returns of cases of cholera as he may from time to time call upon them to furnish.

10. The District Health Officer or a Sanitary Inspector may examine any person who is, or suspected to be, suffering from cholera or who, in his opinion, may be infected with or likely to spread cholera.

Isolation of patients and evacuation of houses, etc.

11 When the District Health Officer or a Sanitary Inspector considers that the isolation of any patient is a precaution necessary for the protection of the neighbouring population, he shall order the patient to observe isolation and may order the nearest relative in attendance on the patient, or the occupier of the house in which the patient is staying to arrange for the isolation of the patient in such a manner and for such a time as may be approved by the District Health Officer or the Sanitary Inspector.

We shall not direct the patient to be removed from the house unless it is in his opinion impossible to make proper arrangements for his isolation therein.

12 The District Health Officer or a Sanitary Inspector may order that any person, who has in his opinion been exposed to infection from cholera, shall take such drugs in such quantities as may be specified by the District Health Officer, or Sanitary Inspector or shall submit himself to anti-cholera inoculation within a time to be specified in the order.

13 No person shall enter any place therein a patient is isolated under regulation 11 without the permission of the District Health Officer or a Sanitary Inspector.

14. The Board shall provide free of charge suitable places, with necessary attendants, medicine, diet and other necessities for person isolated under regulation 11: Provided that private individual may provide places certified by the District Health Officer as being fit for the purpose of such isolation.

15. No person, who is or has been suffering from cholera, shall leave the place where he has been staying until he has received from the District Health Officer or a Sanitary Inspector written permission to do so.

16. The District Health Officer or a Sanitary Inspector may require any person to allow such person's premises to be entered and to be carried out by such agency, and within such time as may be specified in the order, such measures as may be necessary for the disinfection or evacuation of such premises, or for the removal of any person from the occupation of such premises or for the prevention or destruction of any of his personal property, and the District Health Officer or Sanitary Inspector may consider such measures to be necessary.

16A. The District Health Officer or a Sanitary Inspector authorised by the District Health Officer in writing in that behalf may during the prevalence of any outbreak of cholera order that any bazaar, shop or other public place shall be closed for such time as may appear to him to be necessary and may forbid the holding of any fair, mela or other gathering to which people from several villages commonly or periodically resort.

17. The District Health Officer or a Sanitary Inspector may direct the owner or occupier of any premises to cause to be inoculated with anti-cholera vaccine within a time to be specified in the order, any person residing on such premises and in the control of such owner or occupier if the District Health Officer or Sanitary Inspector is of the opinion that such person has been exposed to infection from cholera.

18. The District Health Officer or a Sanitary Inspector may forbid any person who has been a patient or who has, to his knowledge, been in contact with a patient, to act as vendor of any article for such period as may be specified in the order.

18A. No person shall carry or permit carried in a public conveyance a patient except the case where a patient is carried with precautions to a hospital

19. No person shall sell any article which has been in contact with a patient until it has been disinfected to the satisfaction of the Health Officer or a Sanitary Inspector.

19A. No person shall expose in any shop, bazar, or any public place any clothing or other article which has been in contact with a patient or shall cause or suffer articles to be carried in any public conveyance, but nothing in this regulation shall apply to a person who transmits with proper precautions against spreading the disease any such article for the purpose of having the same disinfected.

19B. No person shall carry or permit carried in a public conveyance the dead body of any person who has died of cholera without the previous written permission of the District Officer or Sanitary Inspector and without proper precautions against spreading the disease.

Water-supply.

20. (1) When the District Health Officer or Sanitary Inspector is of opinion that the water-supply in any well, tank, pool or other possible source of water-supply is contaminated or is likely to be contaminated, he may at once take such steps as he deems necessary to close such well, tank, pool or other source of water-supply, or may require the owner or occupier of land upon which such well, tank, pool or source of water-supply is situated to take steps to close the same to the satisfaction of the District Health Officer or the Sanitary Inspector as the case may be, within such time as may be specified in the order.

(2) The District Health Officer or a Sanitary Inspector may require such owner, occupier to be closed during such a period as shall be specified in the order any well, tank, pool or other sources of water-supply closed under paragraph (1) of this regulation.

Explanation.—In this regulation, “to close” includes the placing of chaukidars to prevent access to the well, tank, pool or other source of water-supply.

21 When the District Health Officer or a Sanitary Inspector is of opinion that the water in well, tank, pool or source of water-supply is contaminated he may disinfect it or order its owner or occupier to disinfect it with such disinfectants as he may specify in such quantities and at such times as he may think fit.

22 The District Health Officer or a Sanitary Inspector may prohibit persons from entering into any place used for drinking, bathing, or any other purpose, during such period as may be specified in the order, the water in any well, tank, pool or other possible source of water-supply, which, in the opinion, is contaminated or likely to be contaminated.

23 The District Health Officer or a Sanitary Inspector may, by an order published at such place as he may think fit, set apart any well, part of a river, stream or channel not being public property, or being private property with the consent of the owner, for the supply of water for drinking or culinary purposes and may prohibit persons from entering therein or within a distance therefrom to be specified in the order all bathing, washing of clothes, urinals, or other acts calculated to pollute the water; and may similarly set apart any well, tank, part of a river, stream or channel for the purpose of drinking or for the purpose of washing animals or for any other purpose connected with the health and cleanliness of the people using water-supply.

The District Health Officer or a Sanitary Inspector may prohibit persons from easing themselves, or throwing, depositing or discharging any sewage, or offensive matter, into any well, tank, pool or other source of water-supply, or any place used by the public, or within such a distance from such well, tank, pool or source of water-supply as he may fix.

Conservancy and sewage disposal.

The District Health Officer or a Sanitary Inspector may (1) prohibit the committal or concealment of any nuisance, or (2) require the person causing any nuisance or the person occupying the premises on which any nuisance exists to remove the nuisance.

Explanation.—In this regulation “nuisance” means anything which in the opinion of the District Health Officer or Sanitary Inspector is likely to spread or to cause the outbreak of cholera.

Whenever the District Health Officer or a Sanitary Inspector is satisfied that the condition of any privy, urinal, drain, sewer or cesspool is such as to cause risk of spreading cholera to the inhabitants of the neighbourhood he may order the owner of the land in which such privy, urinal, sewer or cesspool is situated to disinfect, or may order an officer of the Board to disinfect the same with such disinfectants in such quantities and at such times as the said officer or inspector may think fit.

The District Health Officer or a Sanitary Inspector may for the prevention of the outbreak of cholera order the owner or occupier of any land to repair or make efficient to the satisfaction of that officer or inspector any drain,

sewer, privy, urinal or cesspool which is situated upon such land or to remove any such drain, sewer, privy, or urinal or close any such cesspool within such time as may be fixed by the said officer or inspector.

Miscellaneous.

28. The District Health Officer or a Sanitary Inspector may during the prevalence of any outbreak of cholera order that any market, shop or other public place shall remain closed for such time as may appear to him to be necessary and may forbid the holding of any fair, mela, or other gathering to which people from several villages commonly or periodically resort.

29. The District Health Officer or a Sanitary Inspector may require the owner or occupier of any land to clear and remove within the period specified in the order, any vegetation upon such land the existence of which in the opinion of the said officer or inspector conduces to the committing of nuisances upon such land.

30. The District Health Officer or a Sanitary Inspector may issue general orders that by a specified date certain sanitary precautions of a simple nature, such as lime-washing of houses, clearing of latrines or the removal of filth or rubbish shall be carried out to his satisfaction.

31. The District Health Officer or a Sanitary Inspector may prohibit persons from retaining or selling clothes taken from the bodies of persons who have died of cholera and may cause any such clothes to be destroyed.

32. No person shall, without the written permission of the District Health Officer or a Sanitary Inspector dispose of any corpse except by burning or burial.

33. The District Health Officer may approve burning or burial grounds, and may by order direct either generally or especially in respect to any specified area, that corpses shall not be burned or buried at places other than those so approved by him.

34. Any person burning or causing to be burnt any corpse shall cause the same to be completely reduced to ashes, and shall likewise cause the clothes or other articles brought with such corpse to be reduced to ashes.

35. The District Health Officer may direct that no person shall bury or cause to be buried any corpse which, in the opinion of the District Health Officer, is likely to spread cholera in a grave not constructed of masonry and less than six feet deep.

36. The District Health Officer may order that no dome or other servant of the Board employed for the disposal of corpse shall withdraw from his duties without the permission of the District Health Officer unless such dome or other servant of the Board has given notice in writing not less than one month previously of his intention so to withdraw.

37. The District Health Officer or a Sanitary Inspector may through any person authorised by such officer or inspector in that behalf seize and dispose of any corpse, which, in the opinion of the said officer or inspector, is infected with or is likely to spread cholera, unless the relatives or friends of the deceased person satisfy him that they are prepared and able to dispose of the corpse in a manner which will prevent the spread of cholera.

38. (1) The District Health Officer or Sanitary Inspector may require any person who appears to be acquainted with facts in connection with any case of cholera or suspected cholera to attend before

him at a time to be stated in the order and at any place not more than one mile from the place where such person resides or is staying when the order is issued, and such person shall appear as so required.

(2) When the person summoned to appear under paragraph (1) is a female who, by the custom of the country, does not appear in public suitable precaution shall be taken to respect the said custom.

39. (1) The District Health Officer or a Sanitary Inspector may examine orally any person who appears to be acquainted with the facts and circumstances of a case of cholera or suspected cholera.

(2) When the person to be examined under paragraph (1) is a female who, by the custom of the country, does not appear in public the officer shall take her statement under such conditions as shall admit of due respect to the said custom.

(3) Such person shall be bound to answer all questions relating to such case put to him or her by such officer, other than question the answers to which would have a tendency to expose him or her to any criminal charge.

40. The District Health Officer or a Sanitary Inspector may, with such assistants (if any), as he thinks fit, enter upon any land, or after two hours' notice in writing, into any premises or buildings used for human habitation at any time between sunrise and sunset for the purpose of carrying out any measure or making any enquiries authorised by these regulations.

41. All inoculations under these regulations shall be performed gratuitously.

42. (i) Orders issued by the District Health Officer or a Sanitary Inspector under these regulations shall be in writing.

(ii) The officer issuing such orders shall cause copies of them to be served upon any persons named in them.

(iii) The nearest relative of a patient or the occupier of the house in which the patient is staying shall, if a copy of the order under regulation 11 has been served upon him, give to the nearest Sanitary Inspector or to his office, immediate notice of any disobedience of the order by the patient.

COMMERCE AND INDUSTRIES DEPARTMENT

Industries

NOTIFICATION.

No. 2644Ind.—3rd November 1950.—Having regard to the vital importance of the small and medium-scale industries of the State in the economy of West Bengal and with a view to enable the Government to determine to what extent a State Industrial Finance Corporation, if any when established, could give financial aid to such industries, the Governor is pleased to appoint a Committee, consisting of the following gentlemen, to enquire into the whole question of financial facilities, long and short term, for small and medium-sized industries of West Bengal:—

- (1) Dr. N. N. Law, M.A., Ph.D., *Chairman*.
- (2) Sri B. T. Thakur, General Manager, United Commercial Bank, Ltd.
- (3) Sri K. J. Cleetus of Tata Iron & Steel Co., Ltd.
- (4) Sri Mohan S. Nadkarni, Deputy Chief Officer, Reserve Bank of India.
- (5) Dr. S. B. Dutt, Ph.D., Bar-at-Law.
- (6) Dr. Saroj Kumar Basu, Department of Economics, Calcutta University.
- (7) Sri S. K. Chatterjee, I.C.S., Secretary, Commerce and Industries Department.
- (8) Sri P. P. I. Vaidyanathan, I.C.S., Registrar, Co-operative Societies, Government of West Bengal.
- (9) Sri D. N. Ghosh, Director of Industries, West Bengal, *Member-Secretary*.

The terms of reference to the Committee are as follows:—

- (1) To investigate the extent, nature and forms of financial assistance provided by the commercial banks and other bodies to the small and medium-sized industries of West Bengal.
- (2) To examine in particular the part played by the smaller banks in Bengal in this respect, the adequacy and suitability of the facilities provided by them and the extent to which recent failures among these banks have affected the position of such industries.

- (3) How far are the recent failures of Bengali Banks attributable to their connection with small-scale business started with insufficient capital resources and without adequate planning or to other causes?
- (4) To what extent it will be legitimate or sound for commercial banks to supply short-term capital to small or medium-scale business and whether there should be an independent agency to exercise continuous supervision over such short-term financing furnished by commercial banks?
- (5) To examine how far the credit requirements of the small and medium-sized industries have been met by the State Aid to Industries Act in Bengal and the operations of the Bengal Industrial Credit Syndicate.
- (6) To consider the nature and extent of non-credit facilities now available to small and medium-sized industries, e.g., Technical and Commercial Intelligence, and suggest ways and means whereby the same can be improved or extended so as to facilitate the provisions for credit facilities to such industries.
- (7) To consider the role that rural and urban co-operative banks have played in the past and could play in the future in providing credit facilities to small-scale and medium-sized industries in the State.
- (8) To consider the desirability of establishing a State-sponsored Industrial Finance Corporation in West Bengal for providing long-term and medium-term financial facilities to the small and medium-scale industries in the State.
- (9) to formulate a concrete scheme for such a Corporation if its establishment is considered to be desirable.

3. *Order*.—Ordered that the resolution be published in the *Calcutta Gazette* and copies thereof forwarded to the Chairman and the members of the Committee.

Ordered also that a copy of the resolution be forwarded to all Departments of the Secretariat and the Director of Industries, West Bengal, for information.

By order of the Governor,
S. K. CHATTERJEE, Secy.

**Office of the Accountant-General
West Bengal**

NOTIFICATIONS.

Subject:—Submission of accounts for Nov 1950 and January 1951.

No. TM/202.—28th October 1950.—The final preliminary actuals for the months of Nov 1950 and January 1951 are to be furnished to the office to the Government of India by the 7th Dec 1950 and the 7th February 1951 respectively for the purposes of preparation of budget estimates. All Treasury Officers in West Bengal are directed to see that cash accounts and statements for the months of November 1950 and January 1951 together with the supporting documents are despatched to this office punctually on or before the 1st of the next month as required under the rules.

Subject:—Business hours to be observed by Reserve Bank of India.

No. TM/203.—28th October 1950.—All the offices in Calcutta under the audit control of this office are hereby informed that as a result of the award of the All-India Ind. Tribunal (Bank Disputes) it has been decided that the treasury business will be conducted by Reserve Bank of India, Calcutta, during the following hours:—

On week days from 10 a.m. to 1.30 p.m.

On Saturdays from 10 a.m. to 11 a.m.

[Government of West Bengal, Finance Department, Audit Branch, letter No. 4110-F 1 11 50, dated 9th October 1950, to the Reserve Bank of India, Calcutta—Dy. TM-1671.]

Subject:—Utilisation of departmental receipts meeting departmental expenditure.

No. TM/204.—1st November 1950.—All the heads of offices under the audit control of this office is invited to rule 7 of Central Treasury Rules, Volume I and TR. 7 of Treasury Rules, Volume I, prescribing that except in cases permitted under rule 7(2) and TR. 7(2) *ibid.*, appropriation of departmental receipts for meeting departmental expenditure is strictly prohibited. As the Comptroller and Auditor-General of India takes no notice of such irregularities, it is emphasised that except in cases where appropriation of departmental receipts for meeting departmental expenditure is specifically permitted, all money received and tendered to Government offices on account of revenues of the State should be paid in full without delay in the Public Account of the State.

[Comptroller and Auditor-General of India, No. 1001-States/38-50, dated 22nd September 1950.—Dy. India 5777/TM.1551 Bld. TM 97 of 50—Vol. 111.]

Subject:—Opening of Exchange Account.

No. TM/205.—6th November 1950.—Treasury Officers in West Bengal and the Manager, Reserve Bank of India, Calcutta, are informed that with effect from the 1st September 1950, a new Exchange Account styled "Exchange Account between the Accountant-General, West Bengal, and the Accountant-General, Posts and Telegraphs, Kapurthala" has been opened. This head has been opened in manuscript in the Cash Account and on the occasion of the same arise.

[Controller and Auditor-General's No. 651-AC/71-50, dated 26th September 1950.—Dy. TM-1679.]

Subject:—Recovery of charges incurred by the branches of the Imperial Bank of India on account of remittance of treasure, etc.

o. TM 206.—6th November 1950.—An instance come to the notice of this office in which the very of charges incurred by a branch of the Imperial Bank of India on account of remittance of treasure, etc., passed through the treasury accounts. As the transactions on account of the Imperial Bank of India originating at the branches of the Imperial Bank of India are directly connected between the Imperial Bank of India and Reserve Bank of India, all Treasury Officers in Bengal are hereby directed that in future the very of the nature referred to above, should not go through the treasury accounts.

Reserve Bank of India, Central Accounts Secy, Calcutta, endorsement No. C.A.S.(Cy) 716(C)/B-50 dated 15th September 1950—Dy. 291 TM-1678.]

Subject:—Drawal of amounts representing final payment of Provident Fund money in separate bills.

TM(Fund)/207.—6th November 1950.—It is observed that in some cases different kinds of amounts to Provident Fund money are drawn in one and the same bill instead of in separate bills. This leads to difficulty at this end. As the orders for final payment of Provident Fund money are required to be kept in separate files reserved for different periods prescribed for different kinds of payments, such as, payment to subscriber himself or to the members of his family or to a minor nominee or to a minor member of his family or to a major or minor member not being a member of his family, all Accounting Officers (both of the Union and of the Governments) under audit of this office are requested to see that each amount for final payment of Provident Fund money is drawn in a separate bill. In no case should it be mixed up with any other withdrawals of fund.

Treasury Officers in West Bengal should note this order for guidance. Payment should be made if the amount representing final payment of Provident Fund money is not drawn in a distinct separate bill.

LABOUR DEPARTMENT

NOTIFICATION.

No. 6251Lab.—3rd November 1950.—The following draft of rules which exercise of the power conferred by section 16 of the West Bengal Maternity Benefit (Tea Estates) Act, 1948 (XXXIII of 1948), the Governor proposes to make, is published herewith as required under sub-section (4) of the said section 16.

The draft will be taken into consideration on or after the 31st December 1950. Any objection or suggestion received before that date will be considered.

Draft rules.

1. **Short title.**—These rules may be called the West Bengal Maternity Benefit (Tea Estates) Rules, 1950.

2. **Definitions.**—In these rules—

- (a) “the Act” means the West Bengal Maternity Benefit (Tea Estates) Act, 1948;
- (b) “form” means a form appended to these rules; and
- (c) “section” means a section of the Act;
- (d) “Inspector of Factories” and “Chief Inspector of Factories” have the same meanings respectively as in the Factories Act, 1948 (LXIII of 1948).

3. **Muster roll.**—The employer of every factory or plantation in which women are employed shall prepare and maintain in English and according to the English calendar a muster roll in Form No. A and shall enter the particulars prescribed therein in respect of all women employed in the factory or plantation from whom notice of confinement is received under sub-section (1) of section 8. All entries in the muster roll shall be made ink and maintained up-to-date and it shall always be available in the factory for examination by an Inspector of Factories. The employer shall enter in the muster roll such other particulars as may be required for the purposes of the Act. The muster roll shall be preserved for a period of three years from the date of the last entry therein.

4. **Notice of confinement.**—The notice required under sub-section (1) of section 8 if given in writing shall be in Form No. B.

5. A certificate referred to in sub-section (1) of section 6 shall be given in Form C.

6. **Inspections.**—The Chief Inspector of Factories shall be responsible for the administration of the Act and every Inspector of Factories subordinate to him shall be responsible to him for the due discharge of such functions under the Act or these rules as may be assigned by him to the Inspector. The Inspector shall discharge the said functions within such areas or in respect of such factories or plantations as may be specified by the Chief Inspector.

7. **Powers of Inspector.**—An Inspector may examine the muster roll maintained under rule 3 and may make such enquiries and require the production of such papers or documents as he may consider necessary for the purposes of ascertaining whether the provisions of the Act and of these rules are properly carried out in the factory or plantation, or not:

Provided that he shall not require an employer to answer any question to give any evidence tending to incriminate himself.

8. **Method of payment.**—(1) When, under section 5, Maternity Benefit is paid partly in cash and partly in kind, the amount to be paid in cash shall not be less than two-thirds of the total amount payable.

(2) Receipts for payment in cash and kind shall be taken.

9. In each district the Civil Surgeon of the district shall be the medical authority for the whole of the district for the purposes of sub-section (1) of section 6.

10. **Appeals.**—(1) An appeal to the Labour Commissioner against decision of the Inspector of Factories under sub-section (3) of section 13 clause (b) of sub-section (2) of section 10, sub-section (2) of section 13 or section 14 shall be presented in the form of a memorandum setting forth the relevant facts of the case along with a certified copy of the order appealed against duly signed by the appellant or, on his behalf by a duly authorised agent or legal practitioner. The Labour Commissioner may call for a further information or require the production of any document which he may deem necessary for the disposal of an appeal before him.

(2) Every memorandum of appeal referred to in sub-rule (1) shall be accompanied by a court-fee stamp of twelve annas only.

11. **Return.**—The manager of every factory or plantation in which women are employed shall furnish to the Chief Inspector of Factories or to the latter so directs, to the Inspector of Factories within whose jurisdiction the factory is situated, by the 15th January in each year, a return in Form D for the previous year ending on the 31st December.

12. **Records.**—All notices, orders, receipts, certificates and documents issued in pursuance of the Act and these rules shall be preserved for a period of two years.

13. **Abstract.**—The abstract of the provisions of the Act and the rules referred to in section 17 shall be in Form E. It shall be exhibited in the local vernaculars under section 17 and a copy of the abstract in English shall be also posted in a glazed frame in some conspicuous place in the factory or plantation by the employer.

14. **Obstruction.**—(1) No person shall wilfully obstruct an Inspector of Factories or the Chief Inspector of Factories in the exercise of any power under the Act or these rules, or fail to produce on demand by an Inspector of Factories or the Chief Inspector of Factories the muster roll or all notices, orders, receipts, certificates or other documents in his custody maintained or kept in pursuance of the Act or of any of these rules in respect of any factory or plantation.

(2) No person shall wilfully delay or refuse to produce any document or evidence called for by the Labour Commissioner, or disregard a summons to appear before him, in connection with any appeal preferred to him under the Act.

15. **Penalties.**—Any person who contravenes any of the provisions of these rules 3, 11, 13 or 14 shall, on conviction, be punishable with fine which may extend to Rs. 50.

FORM E.**Abstract of the West Bengal Maternity Benefit (Tea Estates) Act, 1948, rules framed thereunder.***(See rule 13.)*

1. Under the West Bengal Maternity Benefit (Tea Estates) Act, 1948 every woman employed in a factory or plantation, if she has worked for one hundred and fifty days in the twelve months immediately preceding the expected date of her delivery, is entitled to maternity benefit at the rate of rupees five and annas four per week for six weeks immediately preceding and six weeks immediately following the date of child birth.

2. Every pregnant woman should give notice to the employer of her expectation of confinement within one month and a half. The notice should be given either orally in person, or in writing in Form B appended to the West Bengal Maternity Benefit (Tea Estates) Rules, 1950.

3. Maternity benefit is payable to the woman entitled to receive it. If she dies, but her child survives, the benefit due is payable to the person who takes care of the child. If both the woman and the child die, the benefit due is payable to the woman's nominee or her next-of-kin to be determined by the employer.

4. A woman must not work in a factory during the period for which she receives maternity benefit. Failure to adhere to this will render both the woman and the employer employing her liable to prosecution.

Provided that on the certificate of a medical practitioner a woman may undertake light work during ante-natal period in the factory or plantation of the employer for a certain period to be fixed by the medical practitioner for which she shall be paid at the prevailing rate for such work in addition to the maternity benefits to which she is entitled.

5. An employer may not dismiss a woman during the period for which she is entitled to be absent from work, and if dismissed without sufficient cause within six months, before delivery, she shall still be entitled to maternity benefit.

6. Payments against claims for maternity benefit may be made in cash or, to the extent of one-third of the total amount payable, in kind and the balance therefor shall be taken.

7. Every employer of a factory or plantation in which women are employed must prepare and maintain in English and according to the British calendar a muster roll in Form A appended to the West Bengal Maternity Benefit (Tea Estates) Rules, 1950. All entries in the muster roll shall be made in ink and maintained up-to-date and it shall always be available in the factory or plantation for examination by an Inspector of Factories.

8. The manager of every factory or plantation in which women are employed must submit to the Chief Inspector of Factories or, if the latter so directs, to the Inspector of Factories within whose jurisdiction the factory or plantation is situate, by the 15th January in each year, a return in Form D appended to the West Bengal Maternity Benefit (Tea Estates) Rules, 1950, for the previous year ending on the 31st December.

ORDER.

No. 6332Lab.—6th November 1950.—Whereas under the Government of West Bengal, Labour Department, order No. 3137Lab., dated the 10th June 1950, the industrial dispute between Bengal Waterproof Works, Ltd. (Head Office: 32, Theatre Road, Calcutta), and its workmen, represented by Bengal Waterproof Workers' Union, Agarpara, 24-Parganas, was referred for adjudication to Sri G. Palit, District Judge;

And whereas during the pendency of proceedings before the said Sri G. Palit, District Judge, the Bengal Waterproof Workers' Union, Agarpara, 24-Parganas, on behalf of the workmen of Bengal Waterproof Works, Ltd., made a complaint in writing before the said Sri G. Palit, District Judge, alleging that the said Company had altered, to the prejudice of the said workmen, the conditions of service applicable to them immediately before the said proceedings;

And whereas in exercise of the powers conferred by section 33(a) of the Industrial Disputes Act, 1947 (XIV of 1947), the said Sri G. Palit, District Judge, has adjudicated upon the said complaint and submitted his award to the State Government;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto

ANNEXURE.

In the matter of a complaint under section 33(a) of the Industrial Disputes Act as amended by the Industrial Disputes (Appellate Tribunal) Act of 1950, preferred by the workmen represented by the Bengal Waterproof Workers' Union, Agarpara, 24-Parganas, against Bengal Waterproof Works, Ltd., Head Office at 32, Theatre Road, Calcutta, relating to non-payment of Puja Bonus.

BEFORE THE INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT: SRI G. PALIT, *District Judge, Industrial Tribunal.*

Present for the Union: Sri Panchanan Sarkar, Assistant Secretary, Bengal Waterproof Workers' Union.

Present for the Company: Sri P. K. Sen Gupta, Advocate.

AWARD.

By Government order No. 3137Lab., dated the 10th June 1950, an industrial dispute between Messrs. Bengal Waterproof Works, Ltd., Head Office: 32, Theatre Road, Calcutta, and its workmen represented by the Bengal Waterproof Workers' Union, Agarpara, 24-Parganas, was referred to me for adjudication. When the said adjudication is in progress the Union has filed this petition of complaint under section 33(a) of the Industrial Disputes (Appellate Tribunal) Act of 1950 contending that the Company has by its letter, dated 26th September 1950, taken the plea of refusing the Puja Bonus because the award is still pending. According to the Union this is a clear transgression of section 33 of the Industrial Disputes Act as amended in 1950. The Tribunal is accordingly moved under section 33(a) to direct the Company to grant Puja Bonus as in other years. The Company, on the other hand, contends that bonus is never a condition of service as it does not find place in the Standing Orders of the Company as certified under the Industrial Employment (Standing Orders) Act of 1946. That it is not a condition of service will further appear from the award of Sri N. C. Chakravorty, dated 20th April 1948. In that award the payment of bonus has been left at the discretion of the Company. The Company has further contended that as the amount of bonus and also the time of payment is never fixed, it cannot form a condition of service.

So the only point which calls for determination in the present case is whether section 33(a) of the Industrial Disputes Act as amended in 1950, can be invoked in the present case.

The answer to the above depends on whether section 33 of the said Act has been contravened or not. Section 33(b) which deals with the matter of discharge or punishment, does not arise here. So the only point for determination is whether section 33(a) has been violated. In other words, the Tribunal is required to find whether the service condition in vogue immediately prior to the commencement of the adjudication proceeding has been altered to the prejudice of the workmen concerned. If there has been any prejudicial alteration of such service condition, the employees aggrieved by such contravention are entitled to seek relief under section 33(a) instead of raising a fresh dispute.

I cannot accept the stand taken by the Company that because bonus happens to be omitted in the Industrial Employment (Standing Orders) Act of 1946, it is not a service condition. That contention would have prevailed if this Act was complete in itself. That the Act is not exhaustive will clearly appear from clause (ii) of the Schedule appended to the Act where other matters have been expressly left open. The uncertain nature of bonus, both in respect of its amount and of the time of payment, may not make it come within the definition of wages, but I do not think it creates any bar in the matter of bonus being treated as a condition of service. The learned Advocate appearing on behalf of the Company seems to have made a confusion between the term of service and the condition of service. For instance, wage is a term of service. The Company is bound to pay it even if it has sustained loss. But bonus is a condition of service which the Company is not bound to pay if it has made no profit. Bonus is not always a condition of service in a Company which is either newly started or where bonus has not been paid in the past years. But bonus becomes a condition of service where there is a record of granting of bonus for a pretty long time in the past. Coming to the facts of the present case, even if it be assumed that bonus does not form a condition of service, still I must hold that it has become a condition of service at the award of Sri N. C. Chakravorty in 1948. That award was based on an agreement between the parties where bonus, though left to the discretion of the Company, was a qualified discretion. The Company was put under an obligation to grant bonus on comparable or equivalent profits in future against profits made in the past five years. So the contention of the Union succeeds in the present case so far as the nature of bonus is concerned. But I must find that the present petition under section 33(a) is rather premature. The Company may be taken to have contravened the service condition when it has refused to grant any bonus after the year was over. There is nothing like the Puja Bonus as a condition of service. It is more than a mere practice or convention. It is up to the Company to withhold payment of bonus till the end of the year. In the present case the Company has some justification in withholding bonus pending the award. The Company can never know what additional pecuniary obligation is in store for it under the ensuing award. Without that, the Company is not in a position to assess its financial condition. Till that is assessed the Company may very well plead its inability to determine the amount of bonus and as to how it will see its way to grant it. So I am clearly of opinion that section 33(a) of the Industrial Disputes Act, as amended does not lie. It stands rejected and the award is passed accordingly.

G. PALIT,

District Judge, Industrial Tribunal

The 13th October 1950.

By order of the Governor,

D. S. P. MUKHERJEE, Jt. Secy

ORDER.

No. 6368Lab.—8th November 1950.—Whereas under the Government of West Bengal, Labour Department, Order No. 4630Lab., dated the 12th September 1949, the industrial disputes between the employers of the Belting Industrial Concerns specified in column I of the schedule appended thereto and their workmen as represented by the Trade Unions mentioned in column II of the said schedule were referred for adjudication to Sri S. N. Modak, I.C.S. (retd.);

And whereas the said Sri S. N. Modak, I.C.S. (Retd.), has submitted the State Government his award on the said industrial disputes;

Now, therefore, in pursuance of the provisions of section 17 of the Industrial Disputes Act, 1947 (XIV of 1947), the Governor is pleased hereby to publish the said award as shown in the annexure hereto.

ANNEXURE.

the matter of industrial disputes between the employers of Birkmyre Bros., Ltd., Bengal Belting Works, Ltd., India Belting and Cotton Mills, Ltd., and Hindusthan Belting and Spinning Mills, Ltd., and their workmen as represented by certain Trade Unions.

BEFORE THE INDUSTRIAL TRIBUNAL, WEST BENGAL.

PRESENT: SRI S. N. MODAK, I.C.S. (RETD.), *Chairman.*

For Birkmyre Bros., Ltd.: Sri K. Sen.

For Bengal Belting Works, Ltd.: Sri J. P. Das Gupta and others.

For India Belting and Cotton Mills, Ltd.: Sri A. Chowdhury.

For Hindusthan Belting and Spinning Mills, Ltd.: Mr P. R. Damzen.

Birkmyre Bros. Employees' Union, for India Belting Labour Union, for Hindusthan Belting Mazdoor Union: Sri P. K. Sanyal, Advocate.

For Bengal Belting Works Union: None.

AWARD.

By Government of West Bengal, Department of Labour, Order No. 5509Lab., dated the 4th November 1949, these industrial disputes between the employers of Birkmyre Bros., Ltd., 67, Stephen House, 4, Dalhousie Square, East, Calcutta, Bengal Belting Works, Ltd., 2, Dalhousie Square, East, Calcutta, India Belting and Cotton Mills, Ltd., 1, Chandi Lane, Ballavpur, Serampore, Hooghly, and Hindusthan Belting and Spinning Mills, Ltd., 15, Netaji Subhas Road, Calcutta, and their workmen as represented, respectively, by Birkmyre Bros. Employees' Union, Serampore Congress Office, Serampore, Hooghly, Bengal Belting Workers' Union, Mahesh, P.O. Rishra, Hooghly, India Belting Labour Union, Patuapara Lane, Serampore, Hooghly, and Hindusthan Belting Mazdoor Union, 1, Khatir Bazar Lane, Rishra, Serampore, Hooghly, have been referred to me as an industrial tribunal for adjudication. By Government of West Bengal, Department of Labour, Order No. 5509Lab., dated the 4th November 1949, certain other industrial disputes between employers of Serampore Belting Works, Ltd., 53, Gowkhana Road, Serampore, and Eastern Belting Works, Ltd., Chatuganj, Sheoraphuli, and their workmen, c/o Sri Bishnu Charan Banerjee, Serampore Congress

Office, Serampore, Hooghly, have also been referred to me as an industry tribunal for adjudication. The six concerns involved in these two references are belting concerns and the two cases have been heard simultaneously for the sake of convenience. So far as the present award is concerned, I shall deal with the four concerns mentioned in the first reference, and the two concerns mentioned in the second reference will be dealt with separately in another award. But the preliminary observations relating to both the references will naturally be the same and I shall, therefore, deal with the preliminary aspects of the belting industry as a whole in the present award, and the other award should therefore be treated to be of a supplementary nature with special reference to the two concerns mentioned in the second reference. All the six belting mills are situated near the locality of Serampore in the district of Hooghly in West Bengal. The firm of Birkmyre Bros., Ltd., was the first in the field having come into existence in 1882. Bengal Belting Works, Ltd., came into existence about 23 years ago. India Belting and Cotton Mills, Ltd., came into existence in 1938 but the actual manufacturing was started in 1940. Hindusthan Belting and Spinning Mills came into existence in 1940. Serampore Belting Works, Ltd., was incorporated in 1947 and started work from 1948. Eastern Belting Works, Ltd., was incorporated in 1948 and started work from 1949. It will be seen therefore that while Birkmyre Brothers, Ltd., and Bengal Belting Works, Ltd., have functioned for a substantial period, India Belting and Cotton Mills, Ltd., and Hindusthan Belting and Spinning Mills, Ltd., are of less than 10 years' standing. Serampore Belting Works, Ltd., and Eastern Belting Works, Ltd., are quite new in the field. The usual products manufactured by these concerns are hair belting for which hair or woollen yarn is used and cotton belting for which cotton yarn is used. For the sake of convenience I shall describe the six concerns by the names Birkmyre, Bengal, Hindusthan, Serampore, and Eastern, respectively. Apart from the usual products manufactured by all these concerns Birkmyre manufactures certain special products such as rubber-impregnated hair belting, train belting and paulins, and Bengal manufactures special products such as train lighting belting and has a quite substantial Spinning Department for the manufacture of cotton yarn. Roughly speaking, at the present moment Bengal employs over 500 employees, Birkmyre about 125, India about 100, Hindusthan about 102, Serampore a little over 50 and Eastern about 50. It may be said therefore that the total number of employees involved in the belting industry in Serampore area in West Bengal would be about 1,000 or so. There has been no previous adjudication in respect of any of these five concerns other than the Bengal Belting Works, Ltd., which was treated, presumably because of its Spinning Department, as one of the cotton textile units dealt with by the Cotton Textile Industry Tribunal whose award was published in the *Calcutta Gazette* by Government of West Bengal, Commerce, Labour and Industries Department, Order No. 4 of 1948, dated the 21st August 1948. The Bengal Belting Works, Ltd., and their workmen are still being governed by the Cotton Textile Industry Tribunal although the period of operation of that award expired in 1949. The Unions connected with Birkmyre, India and Hindusthan submitted a consolidated written statement. Bengal Belting Workers' Union did not appear before this Tribunal and it appeared that it did not exist. Certain individual workers of Bengal Belting Works, Ltd., submitted a statement which was not very helpful and no one appeared to advocate their case. A consolidated written statement on the same lines as submitted by the three Unions just mentioned was submitted in connection with the second reference on behalf of the workers of Serampore and Eastern who have presumably formed no unions yet. The demands put forward on behalf of the employees of the six concerns may therefore be taken to be of

same character, covering a variety of subjects. The cases of the employers of the six concerns were put forward in separate written statements in reply to the demands made on behalf of the employees. In the light of the written statements submitted by the parties in the two references, the same set of issues was framed in both the cases as set forth below:—

- (1) Pay, scales and grades of the different categories of workmen.
- (2) Fitting in of the workmen in the new grades and scales.
- (3) Dearness allowance.
- (4) Bonus.
- (5) Service conditions—
 - (a) Security of service.
 - (b) Length of service.
 - (c) Rules as to promotion.
 - (d) Rules as to retrenchment.
- (6) Provident Fund.
- (7) Gratuity.
- (8) Leave and holidays.
- (9) Housing accommodation and house rent.
- (10) Canteen.
- (11) Sunday and holiday working.

2. It has been generally contended on behalf of the employers that the entire belting industry in West Bengal is passing through critical times and it is a mistake to imagine that it has any particular advantages because it is located more or less exclusively in the Serampore area in West Bengal. For the purpose of obtaining first-hand acquaintance with the nature and general condition of the six industrial units constituting the belting industry of West Bengal I inspected all the six factories and also a neighbouring cotton textile mill for the purposes of comparison. From the figures stated in the preceding paragraph and from what I saw there is no difficulty in coming to the conclusion that the belting industry as it exists in West Bengal is a comparatively small industry and but for the substantial spinning department of Bengal Belting Works, Ltd., it would be much smaller. An argument was advanced on behalf of the employees to the effect that the processes in the belting industry are more complicated and arduous than those of cotton textile mills. This would naturally be a matter fit for being dealt with by some technical expert but from the superficial observation which I was capable of making it did not appear to me that the processes in a belting mill were necessarily more complicated or arduous than those of a cotton mill. At this stage I may usefully discuss the condition of the belting industry in general at the present moment. It was evidently a thriving industry during the years of war but since after the termination of the war the indigenous industry appears to be faced with a crisis by reason of foreign competition. The Indian Tariff Board in its report on the cotton and hair belting industry in 1947 (paragraph 17, page 9) recommended some sort of protection to this industry up to the 31st March 1950, the concluding observations being as follows: "We consider that the existing duty should give adequate protection to the industry. We also think that the industry is likely to be placed on a stable footing within a period of three years. We therefore recommend that the industry should be protected for the period ending 31st March 1950 and that the present revenue duty of 7½ per cent. ad valorem should be converted into a protective duty at the same rate

which should remain in force up to 31st March 1950." It does not appear to me that the industry has been placed on a stable footing even today and I am afraid that definite steps are not yet being taken by the Government of India for bringing about a proper standard of stabilisation of the industry which is highly desirable. Owing to the partition of the country the industry has lost its valuable market in Pakistan. A bias against indigenous products and a corresponding preference for foreign manufactured belting still seem to prevail. Barring Bengal Belting Works, Ltd. which has its own Spinning Department for the manufacture of cotton yarn all the other units have to depend on the Textile Commissioner for getting their quotas of yarn. The allotments and deliveries of quotas seem to be uncomfortably irregular, the consequence frequently being that the machinery has to be kept idle for sometime. In many cases the production is undesirably low because labour cannot be properly employed on the machines, parts of which have to be kept idle under the force of circumstances, and substantial portions of the labour force are maintained on the rolls and paid their wages although no work is done. In some cases individual workers are thrown out of employment. Such a state of things may in due course result in throwing a larger labour force out of employment. The four units concerned in the first reference, viz., Birkmyre Bengal, India and Hindusthan are still making profits, but the quantity of profits is obviously dwindling in recent times. Prices of raw materials have recently increased to an enormous extent and with the recent increases in the cost of labour as well as in the cost of raw materials the products of some of the concerns have to be sold at comparatively low prices in order to meet the impact of competition from imported belting goods, and it is no wonder that the margin of profits is getting more and more slender. It seems to me that what is most needed at the present moment is a carefully planned policy of protection for this important indigenous industry and a corresponding stringent policy of control of imports. As matters stand today none of the units of the belting industry can be said to have been placed on a stable economic footing. This observation is applicable even to the oldest units, viz., Birkmyre and Bengal. India and Hindusthan are struggling for their existence. It is a surprise that at this juncture Serampore and Eastern dared to be born. It is no wonder that they have made no profits and have to pass through a period of losses. It is in this background that this Tribunal has been called upon to adjudicate upon the standards of wages and other amenities in respect of the six belting units in West Bengal. I have no doubt in my mind that the time chosen for this adjudication is extremely inopportune. I have given my prolonged and deep thoughts to the question of ameliorating the condition of the employees, and I have come to the conclusion that very little can be done at the present critical stage except perhaps for the lowest paid employees.

3. The question of standardisation of wages and amenities has been raised in these proceedings. Birkmyre and Bengal have pressed for a uniform award in respect of all the six units. India and Hindusthan have contended that the six units should be divided into three groups, Birkmyre and Bengal being in the first group, India and Hindusthan being in the second group and Serampore and Eastern being in the third group. Serampore and Eastern desire that whatever is done in this adjudication should not be made applicable to them for the next five years, as they have no capacity to bear any extra burden at all. I have examined the question of full-fledged standardisation of wages and amenities in respect of the six units, and I have come to the conclusion in the light of the realities of the situation that such a course is more or less impracticable. Apart from the two new-born units, viz., Serampore and Eastern, which have no history

behind them, the other four units appear to have grown in their own way, and have reached standards of wages and amenities of a divergent character, and it is very difficult to reconcile these and bring them up to a common level at the present stage. Birkmyre and Bengal which happen to be the most stabilised units in this industry have good reasons for urging that the award should be uniform, because they know that their standards cannot be reduced and if the others are raised up to their standards, those others are likely to die. Serampore and Eastern have good reasons for urging that they should not be placed on the same level as the others. In my opinion it will not be a correct policy to prescribe standards which may be equal to or higher than those of Birkmyre and Bengal for the entire industry at the present juncture and I am unable to accept the theory, in view of the particular circumstances of employment and unemployment with which we are faced today, that those units which cannot maintain a higher standard of wages and amenities had better go out of existence. Apart from this aspect of the matter a policy of standardisation of wages would necessarily involve a process of standardisation of the nomenclature of the different occupations. I have inspected all the factories and noted the different occupations and have observed that the nomenclature is not uniform, apart from the position that in Birkmyre and Bengal there are departments and occupations which do not exist in the other units. Neither the employers nor the employees in these proceedings have assisted me in any way to evolve a standardised nomenclature. Even if a standardised nomenclature was evolved, standardisation of wages, etc., in respect of the different occupations involving varieties of differentials would naturally be the task of a technical expert or experts if a scientific basis was desired to be established. None of the parties suggested that any technical assessor should be appointed, nor was there any concerted plan pursued on behalf of either the employers or the employees. In the earlier stages of these proceedings representations were made to this Tribunal by the Indigenous Belting Industries Association which pressed for a uniform award. This Association claimed Birkmyre, Bengal, India and Hindusthan as its members and expected Serampore and Eastern to be its members. At later stages the members themselves, except Birkmyre and Bengal, revolted against the idea of uniformity of the award and the Association itself represented to this Tribunal that the individual units would represent their own cases. The Association in due course withdrew from the scene and no uniform scheme as regards standardisation of nomenclature, wages, etc., was available from the Association or from anybody else. It seems to me that the belting industry consisting of only six units is still in the formative stages of its growth and the Indigenous Belting Industries Association has not been able to induce its members to adopt any concept of a uniform award. Apart from this aspect I have to take note of the circumstances that Bengal has already passed through an adjudication in the hands of the Cotton Textile Industry Tribunal, and there is already a previous award governing the conditions of service in Bengal, although the period of operation of that award has expired. Bengal has a Spinning Department just like other cotton textile mills, and it still obeys the standards set forth in the Cotton Textile Award. In my opinion the provisions of that award should not be given a go-by merely for the sake of uniformity. Complete uniformity of standards could not be achieved in the units of a highly stabilised industry like the jute textile industry, in so far as the Jute Textile Industry Tribunal directed that wherever standards were higher than those laid down by the Tribunal, those higher standards should be continued. In dealing with the belting industry, I have to consider only six units, and if I lay down certain standards of wages and amenities and then say that wherever the existing standards happen to be higher than those higher standards should be continued, the result will be that in actual

practice there will be no uniformity. Having considered the matter from all points of view I come to the conclusion that it is not necessary or desirable at the present stage to aim at any uniformity of the award, but efforts should be made to lay down common standards in respect of some of the units with regard to some of the subjects as far as practicable. With these observations I now pass on to consider the issues one by one and give my directions which will be applicable to Birkmyre, Bengal, India and Hindusthan which are the units concerned in the first reference.

Issues Nos. 1 and 3.

4. I take up issue No. 1 relating to pay, scales and grades of the different categories of workmen and issue No. 3 relating to dearness allowance. These two issues are taken up together as it is obvious that what really matters is the question of total emoluments consisting of both wages and dearness allowance. In the light of what I have said in the preceding paragraphs it is impossible to peep successfully into the future near or distant. I am, therefore, not disposed to consider the question of time scales of increments in wages or grades. It is true that Birkmyre agreed upon certain grades, but I am satisfied from the materials available to me that the scheme of grades was intended to be given effect to up to the year 1950. As to whether the scheme relating to grades will be pursued further beyond 1950, I leave it to the parties to negotiate and settle the matter for themselves. As I have decided not to make any provision for time scales of increase and grades in respect of the other units I do not give any direction as regards Birkmyre so far as that subject is concerned. But I have no doubt that the employers will do their best to make satisfactory provisions for the employees in the interest of industrial peace. For the reasons already discussed I am unable to evolve any standard nomenclature or any standardised system of wages and dearness allowance. The units appear to have evolved their own systems, and it is not possible at this stage to interfere drastically with the shape of the individual systems, without throwing the wage structure more or less out of gear. I have, therefore, decided to handle the different systems of the individual units with reference to the historical background of each, and try to achieve uniformity where possible without disturbing the structure unnecessarily. Then the question is how much I can do with regard to the fixation of wages for the different occupations in each individual unit. As I have already indicated the determination of differentials in respect of the various occupations is a task which can be properly performed by only a technical expert, if the structure has to be constructed on a scientific basis. Not having got the assistance of any technical expert, I am unable to construct a scientific wage structure in respect of the different occupations. This being the position what I intend to do is to fix the scale of the lowest paid manual worker and the lowest paid clerical employee in each individual unit. Having done that I shall only direct that the wage scale in respect of other categories, which are higher than the lowest paid, shall be adjusted by the employer, within 6 weeks from the date of publication of this award, in a fair way maintaining existing differentials in total emoluments inclusive of dearness allowance and allowance, grain allowance, etc., as far as practicable consistently with fairness and propriety.

As regards Birkmyre, I find that certain grades were decided upon after negotiation between the parties and these were meant to be effective up to 1950. It is open to the parties to negotiate further with regard to the question of grades about which I am not disposed to give any direction. As regards fixation of wages in Birkmyre, I find that the lowest paid manual worker gets Rs. 30 basic wages plus Rs. 30 dearness allowance plus

5 food allowance, that is to say, a total emolument of Rs. 65, and for manual workers, durwans, etc., a flat rate of dearness allowance Rs. 30 food allowance Rs. 5 is provided for. As regards clerical employees grades of basic wages applied in actual practice are Rs. 50—4—70, 70—5—95, Rs. 95—6—125, and the scales of dearness allowance are per cent. of the first Rs. 100, and 25 per cent. of the second Rs. 100, a maximum of Rs. 70 and a minimum of Rs. 35 plus Rs. 5 food allowance in each case. This means that the lowest paid clerk gets a total emolument of Rs. 90. I decide that the existing scales of wages and dearness allowance in Birkmyre do not call for any compulsory change.

As regards Bengal, the structure of basic wages and dearness allowance governed by the Cotton Textile Award of 1948. Bengal has taken the lowest basic wages to be Rs. 20 under that award, and the lowest paid manual worker gets Rs. 20 basic wages plus Rs. 30 dearness allowance at that rate, that is to say, a total emolument of Rs. 50. I consider this standard to be somewhat inadequate. At the same time I do not wish to change the wage structure as laid by the previous award. The most convenient way of maintaining the wage structure and at the same time bringing about some improvement in the total emoluments of the manual workers is to increase the standard of dearness allowance. I direct that in Bengal the flat rate of dearness allowance in respect of manual workers shall be increased from Rs. 30 to Rs. 32-8. As regards clerical employees, under the Cotton Textile Award, the grades laid down are Rs. 60—2—80, B—3—110 (E.B.)—4—130 for non-Matriculates and Rs. 70—4—110, B—6—170 (E.B.)—8—210 with a flat rate of dearness allowance 35. I decide that these grades for clerical employees as under the previous award are satisfactory and call for no compulsory change.
